THE RIGHTS OFFER

The Bank

Bank Asia Limited is a public listed scheduled Bank categorized in private sector and established under the ambit of Bank Companies Act, 1991 and incorporated as a Public Limited Company under the Companies Act, 1994 on September 28, 1999. The Bank started commercial banking operations effective from November 27, 1999. During the span of time the Bank has been widely acclaimed by the business community, from small entrepreneurs to large traders and industrial conglomerates, including the top rated corporate borrowers for forward-looking business outlook and innovative financing solutions. Building a strong platform of excellence in banking activities within this period of time, it has been able to create an image of responsibility for itself and has earned significant reputation in the country's banking sector.

The Rights Issue

Bank Asia Limited plans to increase paid-up capital through issuance of Rights Shares. The Board of Directors in the meeting held on **February 23, 2011**, recommended for issuance of Rights Share at 1(One) [R]:4(Four) ratio i.e. 1 (one) Rights Share for 4(Four) existing shares held on the record date for entitlement. The proposed offer is for issuance of Rights Shares of 10,509,581 Ordinary Shares of Tk.100.00 each at 1(One) [R]:4(Four) ratio i.e. 1 (One) Rights Share for 4(Four) existing shares held on the record date totaling **Tk. 1,050,958,100/-**

Issue Price

The Issue Price per share has been fixed in the Extra Ordinary General Meeting (EGM) of the Company held on March 30, 2011 at Tk.100.00 each totaling Tk. 1,050,958,100/-

RISK FACTORS AND MANAGEMENT'S PERCEPTION FOR REDUCTION OF SUCH RISKS

Investment always associates with some internal/external risk factors and among the factors some can be averted, others are beyond control. The management of Bank Asia Limited considers some risk factors involving their business. The risk of Bank Asia is defined as the possibility of losses, financial or otherwise. The risk management of the Bank covers core risk areas of banking, viz, investment risk, liquidity risk, operational risk and reputation risk arising from money laundering incidences. The prime objective of the risk management is that the bank evaluates and takes well calculated business risks and thereby safeguarding the Bank's capitals, its financial resources and profitability from various business risks through its own measures and through implementing Bangladesh Bank's guidelines and following some of the best practices as under:

Credit Risk

Credit risk is one of the major risks faced by the Bank. This can be described as potential loss arising from the failure of a counter party to perform with agreed terms with the Bank. To assess and to mitigate the credit risk, the management has implemented Credit Risk Manual, which is considered an important tool for retaining the quality performance of the assets. Accordingly, Bank's credit risk management functions have been designed to address all these issues including risk that arises from global changes in banking, finance and related issues.

The Bank has segregated duties of the officers/executives engaged in the credit related activities. A separate department has been formed at Corporate Office which is entrusted with the tasks of maintaining effective relationship with the customers, marketing of credit products, exploring new business opportunities, etc. Moreover, credit approval, administration, monitoring and recovery functions have been segregated. For this purpose, three separate units have been formed within the Credit Department. These are (i) Credit Risk Management Unit, (ii) Credit Administration Unit, and (iii) Credit Monitoring and Recovery Unit.

Liquidity Risk

Liquidity is a very significant factor in banking industry. Liquidity is the risk that the bank may not be able to meet cash flow obligation within a stipulated time. The bank may lose liquidity if its investment rating falls, it experiences sudden unexpected cash outflows or some other event causes counterparties to avoid trading with or lending to the institution.

The Bank is maintaining a diversified and stable funding base comprising of core retail and corporate deposits and institutional balances. Management of liquidity and funding is carried out by Treasury Division under approved policy guidelines. Treasury Front Office is supported by a very structured Mid Office and Back Office. Asset Liability Committee (ALCO) monitors the liquidity management on a regular basis. A written contingency plan is in place to manage extreme situation.

Asset Liability/Balance Sheet Risk

In banking, Asset Liability Management is the practice of managing the risk that arises due to mismatch between the asset and the liquidity

of the Bank. The Bank faces several risks such as liquidity risk, interest risk, credit and operational risk. Asset Liability Management is a strategic management tool to manage interest rate and liquidity risk faced by the Bank. ALCO reviews liquidity requirements of the Bank, maturity of assets and liabilities, deposit and lending pricing strategy and the liquidity contingency plan. The Asset Liability Committee also monitors balance sheet risk. The balance sheet risk is defined as potential changes in earnings due to changes in rate of interest and exchange rates which are not of trading nature.

Interest Rate Risk

The Bank's financing in different sectors are generally structured at fixed and variable rates for specified terms. Increase in interest rates of borrowings could narrow or eliminate the spread, or result in a negative spread, and hence, may have a material adverse effect on the Bank's business, financial condition and/or results of operations.

Although the consequences of unusual and abrupt increase in borrowing rate cannot be avoided, the bank takes all the appropriate measures to minimize the negative consequences. For instance, Bank Asia Limited currently pursues a policy under which interest rate can be revised for any unusual and abrupt change at its own discretion as and when required.

Industry Risk

Entry of new competitors may increase the market competition and may adversely affect the profitability of Bank Asia Limited.

Financial Institution (FI) is a fast growing industry with annual growth rate of 50%. There is a good potential for a well established and growing financial institution like Bank Asia Limited to expand and increase its market share in the near future in this fast growing industry.

Market Risk

The exposure of market risk of the Bank is restricted to Foreign Exchange Risk, Profit Rate Risk and Equity Risk as under:

a) Foreign Exchange Risk

Foreign Exchange is generally termed as the risk that could create a probability of losses due to adverse movement of the Exchange Rates. Foreign Exchange transactions include, for instance, Foreign Currency Exchange, investments, borrowings and contractual commitments, etc. They may incur gains or losses on exchanges as a result of movements in exchange rates and thus profitability of the bank may be affected.

Foreign Exchange Risks involve the potential changes in earnings due to change in market prices. The Foreign Exchange Risk of the Bank is minimal as all the transactions are carried out on behalf of the customers against underlying L/C commitments and other remittance requirements. Treasury Division independently conducts the transactions and the Back Office of Treasury is responsible for verification of the deals and passing of their entries in the books of account. All foreign exchange transactions are revalued at Mark-to-Market rate as determined by Bangladesh Bank at the month-end. All Nostro Accounts are reconciled on a monthly basis and the management for its settlement reviews outstanding entry beyond 30 days. The position maintained by the bank at the end of day was within the stipulated limit approved by the Bangladesh Bank.

b) Profit Rate Risk

The extent of profitability of the Bank depends largely on net profit income. Profit rate risk may arise either from trading portfolio and non-trading portfolio.

The trading portfolio of the Bank consists of Bonds & Shares. Profit rate risk of non-trading business arises from mismatches between the future yield of an asset and its funding cost. Asset liability Committee (ALCO) monitors the Profit rate movement on a regular basis.

c) Equity Risk

Equity risk arises from movement in market value of equities held.

Reputation risk arising from money laundering incidences

Money laundering risk is defined as the loss of reputation and expenses incurred as penalty for being negligent in prevention of money laundering. For mitigating the risks, the Bank has nominated a Chief Compliance Officer at Corporate Office and Branch Compliance Officers at branches, who independently review the accounting transactions to locate and verify suspicious transactions. Know Your Customer (KYC) policy and Transaction Profile (TP) format have been introduced. The regulatory requirements are being complied with and the guidelines in respect of KYC are being followed for opening of new accounts. Training is being provided continuously to all the categories of executives and officers for developing awareness and skill for identifying suspicious activities.

Operational Risk

Operational risk is the risk of potential losses from a breakdown in internal processes and systems, deficiencies in people and management or operational failure arising from external events.

The Management through internal control and compliance division controls operational procedure of the Bank. Internal Control and compliance division undertakes periodical and special audit of the branches and departments at the Head Office to review the operation and compliance of statutory requirements. The Audit Committee of the Board subsequently reviews the reports of the internal control and compliance division.

History of Non-Operation, if any

The Bank is in commercial operation since November 27, 1999 and it has no history of non operation till now. The Company has an independent body that is operated by its Memorandum & Articles of Association and other applicable laws implemented by the Government. Besides, the Bank's financial strength is satisfactory. It has very experienced Directors and Management team to make the Bank more efficient and stronger for commercial operations. So, the chance of becoming non-operative for the Bank is minimum.

Capital adequacy risk

Capital adequacy risk is a risk where the Bank does not have sufficient capital reserves to do the business or to absorb unexpected losses arising from credit, market and operational risks.

Capital management policy of the Bank is crafted to ensure that the Bank maintains an adequate level of capital to support growth strategies and meets regulatory requirements and market expectations. Commercial banks in Bangladesh started to comply with the Bank for International Settlements Basel II Accord by 2010, which will result in changes to capital adequacy requirements. The Basel II Accord will affect the risk weightings of different types of assets including provisioning for market and operational risks. This in turn will have a direct effect on the Bank's capital adequacy ratio. Bangladesh Bank is in the process of establishing detailed methodologies and procedures to suit the domestic market.

DATE OF OPENING AND CLOSING OF SUBSCRIPTION LISTS

Subscription opens for the rights shares offer on October 12, 2011 and subscription closes for the rights shares offer on November 10, 2011.

UTILIZATION OF PREVIOUS IPO FUND

Bank Asia Ltd. issued IPO in the year 2003 to raise the additional paid up capital to strengthen the capital base of the Bank and augment business expansion.

PURPOSE OF THE RIGHTS ISSUE

Bank Asia Limited envisage to issue the Rights Shares to further strengthen the capital base of the Bank and to comply with the capital adequacy requirements as per BASEL-II, which will enable the Bank to reach sustainable growth in business.

NET ASSETS VALUE PER SHARE

As on December 31, 2010 the Net Assets Value (NAV) per Share of the Bank stands at Tk. 235.12. Thus the offer price of Tk. 100.00 each at par turns out to be less than the existing Net Assets Value per share. The calculation of net assets value per share is given below:

Property & Assets		Amount In Taka	
		December 2010	December 2009
A	Cash		
	In Hand (including foreign currencies)	766,251,685	473,828,721

Net Assets Value Per Share	235.12	230.98	

Equity based value per share is also equivalent to Net Assets Value per Share which is depicted below:

	31 December, 2010 (Tk.)	31 December, 2009 (Tk.)
Capital/shareholders' equity		
Paid up capital	3,002,737,500	2,144,812,500

Number of Shares of Tk. 100.00 each outstanding	30,027,375	21,448,125
Equity Based Value Per Share	235.12	230.98

From the above analysis, it appears that the issue price of ordinary share of Tk. 100.00 each whereas Net Asset Value per share is Tk. 235.12. So, the rights share is quite justified and reasonable and also familiar and attractive to the shareholders.

Bank Asia Limited

Auditors' Report and Financial Statements
as at and for the year ended 31 December 2010

Auditors' Report to the shareholders' of Bank Asia Limited

We have audited the accompanying financial statements of Bank Asia Limited ("the Bank") which comprise the balance sheet as at 31 December 2010 and the profit and loss account, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, subject to the departure from some requirements of Bangladesh Financial Reporting Standards as disclosed in note 3.14.1 in order to comply with the rules and regulations of Bangladesh Bank, the financial statements give a true and fair view of the financial position of the Bank as at 31 December 2010 and its financial performance and its cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards and comply with the Bank Companies Act 1991, the rules and regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

We also report that:

- i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- ii) in our opinion, proper books of account as required by law have been kept by the Bank so far as it appeared from our examination of those books and proper returns adequate for the purposes of our audit have been received from branches not visited by us;
- iii) the Bank's balance sheet and profit and loss account dealt with by the report are in agreement with the books of account and returns;
- iv) the expenditure incurred was for the purposes of the Bank's business;
- v) the financial position of the Bank as at 31 December 2010 and the profit for the year then ended have been properly reflected in the financial statements, and the financial statements have been prepared in accordance with the generally accepted accounting principles;
- vi) the financial statements have been drawn up in conformity with the Bank Companies Act 1991 and in accordance with the accounting rules and regulations issued by Bangladesh Bank;
- vii) adequate provisions have been made for advances which are, in our opinion, doubtful of recovery;
- viii) the financial statements conform to the prescribed standards set in the accounting regulations issued by the Bangladesh Bank after consultation with the professional accounting bodies of Bangladesh;
- ix) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- x) the information and explanations required by us have been received and found satisfactory;
- xi) we have reviewed over 80% of the risk weighted assets of the Bank and we have spent around 2,250 person hours for the audit of the books and accounts of the Bank; and
- xii) regarding capital adequacy ratio (CAR) as required by law, we draw the readers' attention to Note 14.4 to the financial statements.

The Bank went for public issue of its shares on 23 September 2003 and its shares are listed with Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited. At present the Bank has 50 branches, 11 SME centers, 48 own ATM booths and 603 shared ATM booths.

Bank Asia Limited acquired the business of Bank of Nova Scotia (incorporated in Canada), Dhaka, in the year 2001 and at the beginning of the year 2002, the Bank also acquired the Bangladesh operations of Muslim Commercial Bank Limited (MCBL), a bank incorporated in Pakistan, having two branches at Dhaka and Chittagong. In taking over Bangladesh operations, all assets and certain specific liabilities of MCBL were taken over by Bank Asia Limited at book values.

The registered office of the Bank is located at Tea Board Building (1st floor), 111-113, Motijheel C/A, Dhaka-1000.

1.2 Principal activities

The principal activities of the Bank are to provide all kinds of commercial banking services to its customers through its branches in Bangladesh.

1.3 Islamic banking unit

The Bank obtained the Islamic Banking unit permission vide letter no. BRPD(P-3)745(53)/2008-4804 dated 17 December 2008. The Bank commenced operation of this unit from 24 December 2008. The Islamic banking unit is governed under the rules and regulations of Bangladesh Bank. Distribution of profit on deposit is shown in Annexure-I and separate balance sheet and profit and loss account of Islamic banking unit are shown in Annexure-I.1 and Annexure-I.2.

1.4 Off-shore banking unit

The Bank obtained off-shore banking unit permission vide letter no. BRPD(P-3)744(94)/2007-1853 dated 21 June 2007. Operation of this unit commenced from 28 January 2008 and its office is located at Zone Service Complex, Chittagong Export Processing Zone, Chittagong. Off-shore banking unit is governed under the rules and regulations of Bangladesh Bank. Separate financial statements of off-shore banking unit are shown in Annexure-J to J. 3.

1.5 Capital market division

The Bank obtained membership of Dhaka Stock Exchange Limited on 19 June 2008 and commenced its operation from 5 August 2009. The Bank also extends margin loan to its customers against their margin for investment in the listed companies. The required margin level is monitored daily and pursuant to established guidelines, customers are required to deposit additional margin to reduce the position, where necessary.

2. Basis of preparation**2.1 Statement of compliance**

The financial statements of the Bank have been prepared in accordance with the “First Schedule (sec-38) of the Bank Companies Act 1991 as amended by BRPD Circular no. 14, dated 25 June 2003, other Bangladesh Bank Circulars, Bangladesh Financial Reporting Standards (BFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other prevailing laws and rules applicable in Bangladesh.

2.2 Basis of measurement

The financial statements of the Bank have been prepared on the historical cost basis except for the following:

- Government Treasury Bills and Bonds designated as ‘Held for Trading (HFT)’ at present value using marking to market concept with gain crediting revaluation reserve.
- Government Treasury Bills and Bonds designated as ‘Held to Maturity (HTM)’ at present value using amortisation concept.
- Zero Coupon Bond at present value using amortisation concept.

2.3 Functional and presentation currency

These financial statements are presented in Bangladesh Taka (Taka/Tk/BDT), which is the Bank's functional currency. Functional currency for Off-shore unit is US dollar. Except as indicated, financial information have been rounded off to the nearest Taka.

2.4 Use of estimates and judgements

The preparation of the financial statements in conformity with BFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described in notes 3.1.4 and 3.9.

2.5 Foreign currency conversion

Transactions in foreign currencies are translated into the respective functional currency of the operation at the spot exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated into the functional currency at the spot exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the spot exchange rate at the end of the period. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated into the functional currency at the spot exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

2.6 Basis of consolidation

A separate set of records for consolidation of the statement of affairs and profit and loss account of the branches including Islamic banking unit and off-shore banking unit are maintained at Head Office of the Bank based on which these financial statements have been prepared.

2.7 Cash flow statement

Cash flow statement has been prepared in accordance with the BRPD Circular No. 14, dated 25 June 2003 issued by the Banking Regulation and Policy Department of Bangladesh Bank (The central bank of Bangladesh).

2.8 Liquidity statement

The liquidity statement of assets and liabilities as at the reporting date has been prepared on residual maturity term as per the following basis:

- a) Balance with other banks and financial institutions, money at call and on short notice are on the basis of their maturity terms
- b) Investments are on the basis of their maturity terms
- c) Loans and advances/investments are on the basis of their repayment schedules
- d) Fixed assets are on the basis of their useful lives
- e) Other assets are on the basis of their realisation/adjustments
- f) Borrowings from other banks, financial institutions and agents as per their maturity/repayment terms
- g) Deposits and other accounts are on the basis of their maturity terms and behavioural past trend
- h) Other liabilities are on the basis of their payment/adjustments schedule

Details are shown in Annexure - B.

2.9 Reporting period

These financial statements cover one calendar year from 1 January to 31 December 2010.

2.10 Adoption of new accounting standards

With effective from 1 January 2010 the Bank has adopted the following Bangladesh Financial Reporting Standards:

- i) BFRS 4 : Insurance Contracts
- ii) BFRS 7 : Financial Instruments: Disclosures
- v) BFRS 8 : Operating Segments
- iii) BAS 32 : Financial Instruments: Presentation
- iv) BAS 39 : Financial Instruments: Recognition and Measurements

Departure from some requirements of financial instruments in order to comply with rules and regulations of Bangladesh Bank have been disclosed in note 3.14.1

3. Significant accounting policies

The accounting policy set out below have applied consistently to all periods presented in these financial statements and have been applied consistently by the Bank except as explained in note 3.14.1

3.1 Assets and basis of their valuation

3.1.1 Cash and cash equivalents

Cash and cash equivalents includes cash in hand and balances with Bangladesh Bank and its agent bank, balances with other banks and financial institutions, money at call and on short notice and prize bond.

3.1.2 Investments

All investment securities are initially recognised at cost, including acquisition charges associated with the investment. Premiums are amortised and discounts are accredited.

Held to Maturity

Investments which have, 'fixed or determinable payments' and are intended to be held to maturity are classified as 'Held to Maturity'.

Held for Trading

Investments classified in this category are acquired principally for the purpose of selling or repurchasing in short trading or if designated as such by the management.

Revaluation

As per the DOS Circular letter no. 5 dated 26 May 2008, HFT securities are revaluated each week using 'Marking to Market' concept and HTM securities are amortised once a year according to Bangladesh Bank guidelines. The HTM securities are also revalued if they are reclassified to HFT category with the Board's approval.

Value of investments has been shown as under:

Government Treasury Bills and Bonds (HFT)	At present value (using marking to market concept)
Government Treasury Bills and Bonds (HTM)	At present value (using amortisation concept)

Details are shown in Note 7.

3.1.3 Loans and advances/investments

- a) Loans and advances/investments are stated in the balance sheet on gross basis.
- b) Interest/profit is calculated on daily product basis, but charged and accounted for quarterly on accrual basis. Interest/profit on special mentioned account (SMA) and classified loans and advances/investments is kept in interest suspense account as per BRPD circulars no. 16 of 1998, 9 of 2001 and 10 of 2005 and recognised as income on realisation. Interest/profit is not charged on bad and loss loans and advances/investments as per guidelines of Bangladesh Bank. Records of such interest amounts are kept in separate memorandum accounts.
- c) Provision for loans and advances/investments is made based on the arrear in equivalent month and reviewed by the management following instructions contained in Bangladesh Bank BRPD circulars no. 16 of 6 December 1998, 9 of 14 May 2001, 9 and 10 of 20 August 2005, 5 of 5 June 2006, 8 of 7 August 2007, 10 of 18 September 2007, 5 of 29 April 2008 and 32 of 27 October 2010.

Rates of provision on loans and advances/investments are given below:

Particulars	Rates
General provision on:	
Unclassified loans and advances/investments	1%
Small and medium enterprise financing	1%
Consumer finance for house building loan and loan for professional setup	2%
Loan to BHs/MBs/SDs against shares	2%
Consumer finance other than house building loan and loan for professional setup including credit cards	5%
Special Mention Account	5%
Off-balance sheet exposure	1%
Specific provision on:	
Substandard loans and advances/investments	20%
Doubtful loans and advances/investments	50%
Bad/loss loans and advances/investments	100%

- d) Loans and advances/investments are written off as per guidelines of Bangladesh Bank. These write off however will not undermine/affect the claim amount against the borrower. Detailed memorandum records for all such write off accounts are meticulously maintained and followed up.

3.1.4 Fixed assets and depreciation

Recognition and measurement

Items of fixed assets excluding land are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Land is measured at cost.

Cost includes expenditure that are directly attributable to the acquisition of asset and bringing to the location and condition necessary for it to be capable of operating in the intended manner.

Subsequent costs

The cost of replacing part of an item of fixed assets is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of fixed assets are recognised in profit or loss as incurred.

Depreciation

No depreciation is charged on land. Depreciation is charged on straight-line method. In case of acquisition of fixed assets, depreciation is charged in the year of acquisition, whereas depreciation on disposed off fixed assets is charged up to the year prior to the year of disposal. Asset category-wise depreciation rates are as follows:

Category of assets	Rate of depreciation
Building	5%
Furniture and fixture	20%
Equipments	20%
Computer and accessories	20%
Motor vehicles	20%

Gain or loss on sale of fixed assets are recognised in profit and loss account as per provision of BAS 16 "Property, Plant and Equipments".

3.1.5 Other assets

Other assets include all other financial assets and include fees and other unrealised income receivable, advance for operating and capital expenditure and stocks of stationery and stamps. Details are shown in Note 10.

3.2 Liabilities and provisions

3.2.1 Borrowings from other banks, financial institutions and agents

Borrowings from other banks, financial institutions and agents include interest-bearing borrowings redeemable at call and Bangladesh Bank refinance. These items are brought to financial statements at the gross value of the outstanding balance. Details are shown in Note 11.

3.2.2 Deposits and other accounts

Deposits and other accounts include non interest-bearing current deposit redeemable at call, bills payable, interest bearing on demand and special notice deposits, savings deposit and fixed deposit. These items are brought to financial statements at the gross value of the outstanding balance. Details are shown in Note 12.

3.2.3 Other liabilities

As per BAS 37 "Provisions, Contingent Liabilities and Contingent Assets" the Bank recognises provisions only when it has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Other liabilities comprise items such as provision for loans and advances/investments, provision for taxes, interest payable, interest suspense, accrued expenses, obligation under finance lease etc. Other liabilities are recognised in the balance sheet according to the guidelines of Bangladesh Bank, Income Tax Ordinance 1984 and internal policy of the Bank. Details are shown in Note 13.

3.3 Capital/shareholders' equity

Authorised capital

Authorised capital is the maximum amount of share capital that the bank is authorised by its Memorandum and Articles of Association.

Paid up capital

Paid up capital represents total amount of shareholder capital that has been paid in full by the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding-up of the company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation. Details are shown in Note 14.2.

Statutory reserve

Statutory reserve has been maintained @ 20% of profit before tax in accordance with provisions of section 24 of the Bank Companies Act 1991 until such reserve equal to its paid up capital together with the share premium.

Revaluation reserve

Revaluation reserve arises from the revaluation of Treasury bills and bonds (HFT & HTM) in accordance with the DOS circular no. 5 dated 26 May 2008. The tax effects on revaluation gain are measured and recognised in the financial statements as per BAS 12: Income Taxes.

3.4 Contingent liabilities

Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank; or any present obligation that arises from past events but is not recognised because:

- * it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- * the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognised but disclosed in the financial statements unless the possibility of an outflow of resources embodying economic benefits is reliably estimated.

Contingent assets are not recognised in the financial statements as this may result in the recognition of income which may never be realised.

3.5 Revenue recognition

Interest income

Interest on loans and advances is calculated on daily product basis, but charged and accounted for on quarterly basis. Interest on loans and advances ceases to be taken into income when such advances fall into SMA and under classification. It is then kept in interest suspense account. Interest on SMA and classified loans and advances is accounted for on a cash receipt basis.

Profit on investment (Islamic Banking)

Mark-up on investment is taken into income account proportionately from profit receivable account. Overdue charge/compensation on classified investments is transferred to profit suspense account instead of income account.

Investment income

Income on investments is recognised on accrual basis. Investment income includes discount on treasury bills and zero coupon bonds, interest on treasury bonds, debentures and fixed deposits with other banks. Capital gain on investments in shares and dividend on investment in shares are also included in investment income.

Interest and fees receivable on credit cards

Interest and fees receivable on credit cards are recognised on accrual basis. Interest and fees ceases to be taken into income when the recovery of interest and fees is in arrear for over three months. Thereafter, interest and fees are accounted for on cash basis.

Fees and commission income

The Bank earns fees and commissions from diverse range of services provided to its customers. This includes fees and commission income arising on financial and other services provided by the Bank including trade finance, credit cards, debit cards, passport endorsement, loan processing, loan syndication and locker facilities etc. Fees and commission income is recognised on a realisation basis.

Interest paid on borrowing and other deposits (Conventional banking)

Interest paid and other expenses are recognised on accrual basis.

Profit paid on deposits (Islamic Banking)

Profit paid to mudaraba deposits is recognised on accrual basis as per provisional rate. However, the final profit is determined and are paid to the depositors as per Annexure-I.

3.6 Employee benefits

3.6.1 Provident Fund

Provident fund benefits are given to the staff of the bank in accordance with the approved Provident fund rules. The fund is operated by a Board of Trustees . All confirmed employees of the bank are contributing 10% of their basic salary as subscription of the fund. The bank also contributes equal amount of the employees' contribution to the fund.

3.6.2 Gratuity Fund

Gratuity fund benefits are given to the eligible staff of the Bank in accordance with the approved Gratuity fund rules. Gratuity payable is determined on the basis of existing rules and regulations of the Bank. Actuarial valuation is not considered essential since amount payable at the date of balance sheet is recognised and accounted for as at that date based on actual rate.

3.6.3 Superannuation Fund

The Bank operates a Superannuation Fund for which provision is made annually covering all its eligible employees. The fund is operated by a separate Board of Trustees.

3.6.4 Hospitalisation insurance

The Bank operates a health insurance scheme to its confirmed employees and their respective spouses at rates provided in health insurance coverage policy.

3.7 Provision for Off-Balance Sheet Exposures

In compliance with Bangladesh Bank guidelines, Off-Balance Sheet items have been disclose under contingent liabilities. As per BRPD Circular No.10 dated 18 September 2007, the Bank is required to maintain provision @ 1% against Off-Balance Sheet Exposures. Details are shown in note 13.3

3.8 Provision for Nostro Accounts

According to guideline of Foreign Exchange Policy Department of Bangladesh Bank, Circular No. FEOD (FEMO)/01/2005-677 dated 13 September 2005, Bank is required to make provision regarding the un-reconciled debit balance as at Balance Sheet date.

Details are shown in Note 13.7 and Annexure K.

3.9 Taxation

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries to the extent that it is probable that they will not reverse in the foreseeable future. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities against current tax assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax relating to unrealised surplus on revaluation of held to maturity (HTM) securities is recognised directly in revaluation reserve as a part of equity and is subsequently recognised in profit and loss account on maturity of the security.

3.10 Leases

Upon initial recognition, the leased asset is measured at the amount equal to the lower of its fair value and the present value of the minimum lease payment. Subsequent to initial recognition the asset is accounted for in accordance with the accounting policy applicable to that asset.

3.11 Earnings Per Share

Earnings per Share (EPS) has been computed by dividing the basic earnings by the weighted average number of ordinary shares outstanding as at 31 December 2010 as per Bangladesh Accounting Standard (BAS) - 33 "Earnings Per Share". Details are shown in Note 37.

Basic earnings

This represents earnings for the year attributable to ordinary shareholders. Net profit after tax has been considered as fully attributable to the ordinary shareholders.

Weighted average number of ordinary shares

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued during the year multiplied by a time weighted factor. The time weighted factor is the number of days the specific shares are outstanding as a proportion of the total number of days in the year.

The basis of computation of number of shares is in line with the provisions of BAS 33 "Earnings per share". The logic behind this basis is, that the bonus shares are issued to the existing shareholders without any consideration, and therefore, the number of shares outstanding is increased without an increase in resources generating new earnings.

Diluted earnings per share

No diluted earnings per share is required to be calculated for the year as there was no scope for dilution during the year under review.

3.12 Reconciliation of inter-bank/inter-branch account

Books of accounts with regard to inter-bank (in Bangladesh and outside Bangladesh) are reconciled on monthly basis and there are no material differences which may affect the financial statements significantly. Details of provision on Nostro accounts are shown in Annexure-K.

Un-reconciled entries in case of inter-branch transactions as at the reporting date are not material.

3.13 Risk management

Bangladesh Bank has identified 6 (six) core risks for management of the Banks and has provided the necessary guidelines for implementation. The six core risks are:

a. Credit risk, b. Foreign exchange risk, c. Asset liability risks, d. Money laundering risk, e. Internal control and compliance risk, f. Information and Communication Technology risk

The prime objective of the risk management is that the Bank takes calculated business risk to safeguard its capital, financial resources and growth of sustainable profitability. In this context, the Bank has formed a committee (MANCOM) to overview proper implementation and regular monitoring of these critical areas.

3.13.1 Credit risk

Credit risk is one of the major risks faced by the Bank. This can be described as potential loss arising from the failure of a counter party to perform with agreed terms with the Bank. To assess and to mitigate the credit risk, the management has implemented Credit Risk Manual, which is considered an important tool for retaining the quality performance of the assets. Accordingly, Bank's credit risk management functions have been designed to address all these issues including risk that arises from global changes in banking, finance and related issues.

The Bank has segregated duties of the officers/executives engaged in the credit related activities. A separate department has been formed at Corporate Office which is entrusted with the tasks of maintaining effective relationship with the customers, marketing of credit products, exploring new business opportunities, etc. Moreover, credit approval, administration, monitoring and recovery functions have been segregated. For this purpose, three separate units have been formed within the Credit Department. These are (i) Credit Risk Management Unit, (ii) Credit Administration Unit, and (iii) Credit Monitoring and Recovery Unit.

3.13.2 Foreign exchange risk

Foreign exchange risk is defined as the potential change in earnings arising due to unfavourable change in exchange rates. The foreign exchange risk of the Bank is minimal as all the transactions are carried out on behalf of the customers against L/C commitments and other remittance requirements. No speculative dealing on Bank's account was conducted during the year. Treasury front office conducts deal for commercial purpose and back office of treasury keeps record and passes entries in books of account. The main risks in treasury and foreign exchange business are exchange rates risk, fund management and liquidity risk. As per Bangladesh Bank's guidelines, the Treasury Department was operationally and physically divided into front office and back office to mitigate the risk.

3.13.3 Asset liability/balance sheet risks

In banking, Asset Liability Management is the practice of managing the risk that arises due to mismatch between the asset and the liquidity of the Bank. The Bank faces several risk such as liquidity risk, interest risk, credit and operational risk. Asset Liability Management is a strategic management tool to manage interest rate and liquidity risk faced by the Bank. ALCO reviews liquidity requirements of the Bank, maturity of assets and liabilities, deposit and lending pricing strategy and the liquidity contingency plan. The Asset Liability Committee also monitors balance sheet risk. The balance sheet risk is defined as potential changes in earnings due to changes in rate of interest and exchange rates which are not of trading nature.

3.13.4 Money laundering risk

Money laundering risk is defined as the loss of reputation and expenses incurred as penalty for being negligent in prevention of money laundering. For mitigating the risks, the Bank has nominated a Chief Compliance Officer at Corporate Office and Branch Compliance Officers at branches, who independently review the accounting transactions to locate and verify suspicious transactions. Know Your Customer (KYC) policy and Transaction Profile (TP) format have been introduced. The regulatory requirements are being complied with and the guidelines in respect of KYC are being followed for opening of new accounts. Training is being provided continuously to all the categories of executives and officers for developing awareness and skill for identifying suspicious activities.

In addition, the President & Managing Director has provided a message on Anti Money Laundering (AML) policy. The management has circulated a Customer Acceptance Policy to the members of the staff for guidance.

3.13.5 Internal control and compliance risk

Operational loss may arise from errors, omissions, frauds and forgeries due to lack of proper internal control and compliance culture. Management, through the Internal Control and Compliance Department, ensures controls over all operational areas of the Bank. Internal Control and Compliance Department undertakes periodical and special audit and inspection of the branches and departments at Corporate Office for identifying and reviewing the operational lapses and compliance of statutory requirements as well as Bank's own guidelines. The Audit Committee of the Board also reviews the Audit and Inspection reports of the Internal Control and Compliance Department. The Bank has introduced Risk Based Internal Audit (RBIA) and audit rating over its branches from 2006 and prepared a comprehensive audit manual which has been approved for implementation by the Board of Directors.

3.13.6 Information and Communication Technology risk

Bank Asia Limited follows the guideline stated in DFIM circular no. 6 dated 21 June 2010 regarding "Guideline on ICT Security for Banks and Financial Institutions, April 2010". IT management deals with IT policy documentation, internal IT audit, training etc. The objective of IT management is to achieve the highest levels of technology service quality by minimum operational risk. Physical security involves providing environmental safeguards as well as controlling physical access to equipment and data. IT department has controls over Password, User ID maintenance, input control, network security, virus protection, internet and e-mail. Data centre has been set up and disaster recovery plan has been formulated as part of Business Continuity Planning (BCP).

3.14.1 Disclosure of departure from few requirements of BFRSs due to mandatory compliance of Bangladesh Bank's requirements

Bangladesh Bank is the prime regulatory body for banks in Bangladesh. Some requirements of Bangladesh Bank's rules and regulations contradict with those of financial instruments and general provision standards of BFRSs. As such the company has departed from those contradictory requirements of BFRSs in order to comply with the rules and regulations of Bangladesh Bank which are disclosed below along with financial impact where applicable:

1. As per BRPD circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investment. As such the company measures and recognizes investment in quoted and unquoted shares at cost if the year end market value (for quoted shares) and book value (for unquoted shares) are higher than the cost. At the year-end the company's market value and book value of quoted and unquoted shares was higher than cost price by Tk. 71.67 million. However as per requirements of BAS 39 investment in shares falls either under "at fair value through profit and loss" or under "available for sale" where any change in the fair value at the year-end is taken to profit and loss account or revaluation reserve respectively.
2. According to DOS circular no. 05 dated 26 May 2008 and subsequent clarification in DOS circular no. 05 dated 28 January 2009 loss on revaluation of Government securities (T-bill/T-bond) should be charged in profit and loss account, and gain on such revaluation should be recorded under Revaluation Reserve Account. At the year end the company has accumulated revaluation gain of Tk 482.62 million for T-bonds at HFT category. However as per requirement of BAS 39, such T-bonds will fall under the category of "held for trading" where any change in the fair value of held for trading is recognized in profit and loss account.
3. As per BRPD circular no. 5 dated 5 June 2006 a general provision at 1% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained. However such general provision cannot satisfy the conditions of provision as per BAS 37. At the year end the company has recognized an accumulated general provision of Tk. 959.72 million in the balance sheet under liabilities as per Bangladesh Bank's requirement.
4. As per BRPD circular no. 10 dated 18 September 2007, a general provision at 1% is required to be provided for all off-balance sheet risk exposures. However such general provision cannot satisfy the conditions of provision as per BAS 37. At the year end the Bank has recognized an accumulated general provision of Tk. 414.12 million in the balance sheet under other liabilities as per Bangladesh Bank's requirement.
5. Bangladesh Bank has issued templates for financial statements that must be followed by all banks. These templates neither include Other Comprehensive Income nor allow to include the elements of Other Comprehensive Income. As such the Bank does not prepare the Other Comprehensive Income statement (OCI). However elements of OCI are shown in the statements of changes in equity.
6. As per Bangladesh Bank guidelines financial instruments are categorized, recognized and measured differently from those prescribed in BAS 39. As such some disclosure and presentation requirements of BFRS 7 and BAS 32 have not been made in the accounts.

3.15 Approval of financial statements

The financial statements were approved by the board of directors on 23 February 2011.

18.4 Workers' profit participation fund (WPPF)

As per Bangladesh Labour Act 2006 and SRO no. 336/Law/2010, all companies falling within the scope of WPPF are required to provide 5% of its profit before charging such expense to their eligible employees within the stipulated time. Bank obtained opinion from Association of Bankers of Bangladesh regarding this issue which stated that the Bank is not required to make provision for WPPF as it is not within the scope of WPPF. As such the Bank did not make any provision during the year for WPPF.

Bank Asia Limited

Distribution of Profit on Deposit Under Islamic Banking Operation

To meet the growing demand of our religious Muslim people Bank Asia Limited started its Islamic Banking operation through opening of Islamic Windows at its Uttara Branch on 24 December 2008. Later another window at Shantinagar branch was opened on 21 January 2009. In 2010 the Bank opened three more windows and currently five windows are working in Dhaka, Chittagong and Sylhet with separate software, fund management and monitoring system. Many more windows will be opened in different branches to reach the Islamic Banking services at the door step of mass people.

According to our Income Sharing Module, there will be pre-defined Investment Income Sharing Ratio (ISR) for each type of depositor and the Bank. ISR would determine the portion of distributable investment income to each type of depositor and the Bank. For example, the ISR of 70: 30 would mean that 70% of distributable income is to be shared by the concerned depositors and the rest 30% to be shared by the Bank as Management Fee and/or otherwise. Investment Income Sharing Ratios between each type of Mudaraba depositors and the Bank (Mudarib) to be duly disclosed at the time of Mudaraba contract (Account opening) or at the beginning of the concerned period. Profit rate would be emerged at actual, as derived from the income fetched from deployment of the concerned fund. In other words, rate of profit on deposit under Islamic Banking is nothing but a post facto expression of the amount of profit distributed to the depositors according to their respective agreed ratios.

Bank Asia Limited declared following ISR for their depositors in the year 2010:

Distributable Investment Income Sharing Ratio (ISR)

Types of Mudaraba Deposit	Client	Bank
Mudaraba Term Deposit Account (MTDA) 12 month	80%	20%
Mudaraba Term Deposit Account (MTDA) 24 month	83%	17%
Mudaraba Term Deposit Account (MTDA) 36 month and above	85%	15%
Mudaraba Special Notice Deposit Account (MSND)	35%	65%
Mudaraba Savings Account (MSA)	50%	50%
Mudaraba Savings Account (MSA Staff)	50%	50%
Mudaraba Hajj Savings Scheme (MHSA)	90%	10%
Mudaraba Deposit Pension Scheme (MDPS)	85%	15%

Bank Asia Limited
Off-shore Banking Unit (OBU)

Notes to the Financial Statements
as at and for the year ended 31 December 2010

1 Status of the unit

Off-shore banking Unit (“the Unit”) is a separate business unit of Bank Asia Limited, governed under the Rules and Guidelines of Bangladesh Bank. The Bank obtained the Off-shore banking unit permission vide letter no.BRPD(P-3)744(94)/2007-1853 dated 21 June 2007. The Bank commenced the operation of its Off-shore Banking Unit from 28 January 2008 and its office is located at Zone Service Complex, Chittagong Export Processing Zone, Chittagong.

2 Significant accounting policies and basis of preparations

2.1 Basis of preparation

The financial statements are prepared on the basis of a going concern and represent the financial performance and financial position of the OBU. The financial statements of the OBU are prepared in accordance with the Bank Companies Act 1991, in particular, Banking Regulation and Policy Department (BRPD) Circular No. 14 dated 25 June 2003, other Bangladesh Bank Circulars, Bangladesh Financial Reporting Standards (BFRSs) and other rules and regulations where necessary.

2.2 Foreign currency

Items included in the financial statements of the Unit are measured using the currency of the primary economic environment in which the entity operates (“the functional currency”). The financial statements of the Unit are presented in US Dollar (USD) and Taka where USD is the functional currency and USD and Taka are the Unit's presentation currency.
