

Social responsibility is our center of gravity and all kinds of financial activity are cycling around the gravitational platform

Bank Asia

Social responsibility
is our center of gravity
and all kinds of financial
activity are cycling around
the gravitational platform

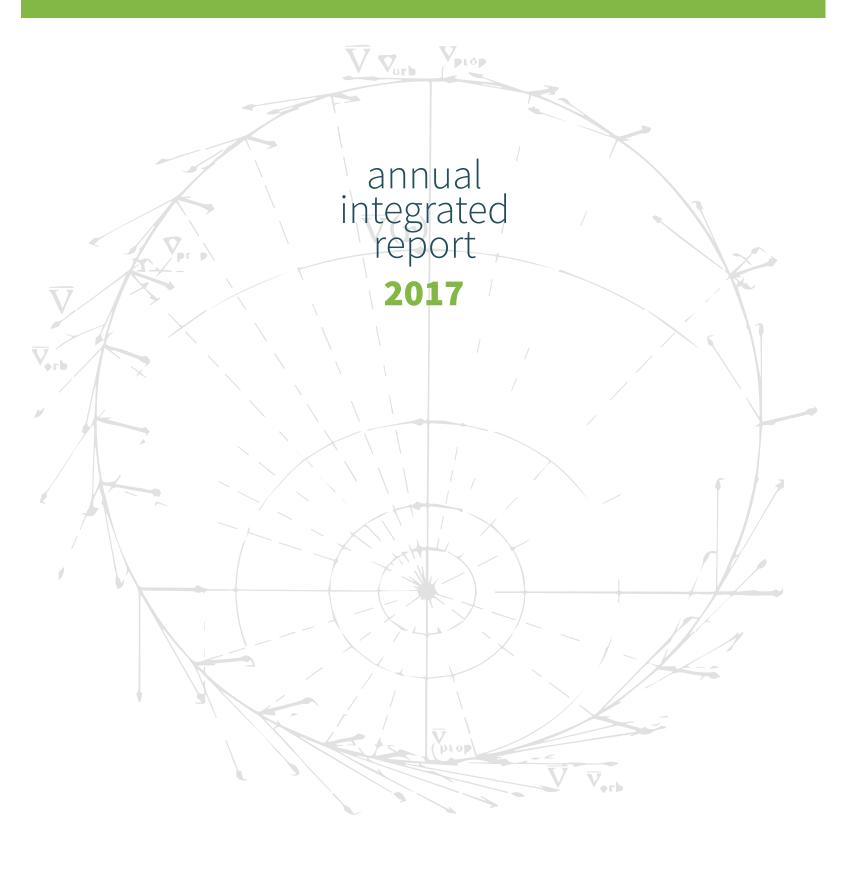

Bank Asia established with the noble vision of making a poverty free Bangladesh where society will grow equitably. Like gravitational waves, Bank Asia is spreading its network encompassing the 360° horizon of business from corporate to grass-roots level under the framework of financial inclusion. Bank Asia seeks to escalate the wave effects to reach the black boxes that are still untapped.

Prelude

Bank Asia is growing rapidly in course of time and has already built up an asset base of around Tk. 29 billion in 18 years of journey. Since inception, Bank Asia is working to be a growth partner of the economy that is embedded in the vision statement of the Bank "Poverty free Bangladesh". Keeping this in mind, Bank Asia has developed its business platform that offers level playing field for all segments of business from corporate to grass- roots level. The Bank has adopted unique business models of financial inclusion like EBEK and agent banking to reach every corner of the country, every individual of the society. Our experience with this segment has given us a strong belief of exploring a very potential sector which needs to nourish to come up as 'future growth engine'. Every year we select a theme that symbolizes our philosophy in business strategy. This year we denote it through gravitational waves. We opted this theme as we are moving towards inclusive banking where social responsibility is the center of gravity around which financial services is being channeled through gravitational waves.

Bank Asia always gives more emphasis in information dissemination to the stakeholders. Our persistent endeavor is to present accurate, true and fair description of the activities of the Bank in all operational areas including futuristic approach. Disclosure on related party transactions, financial statements along with major policies and explanatory notes were elaborated to cater the information needs of stakeholders, researchers, regulatory bodies and international financiers etc. As part of integrated report a summary sustainability report has been included that exhibited Bank's impacts on economic, environmental, governance and social aspects.

The Report aims to give you the proper tool for doing necessary research and analysis for your investment and other needs.

Md. Arfan Ali

President and Managing Director

Annual Integrated Report 2017

Bank Asia at a Glance

A Dream Comes True

Bank Asia started its journey on November 27, 1999 with a view to providing the best quality technology driven services in banking sector. Since inception it has been able to cover major parts of the country by extending and expanding its network by opening of branches, agent banking outlets etc. The Bank started its Islamic banking operation in 2008. It established the 1st subsidiary company 'Bank Asia Securities Limited' on March 16, 2011, then 'BA Exchange Company (UK) Limited' in London, United Kingdom on May, 2011 and 'BA Express USA Inc.' in Jamaica, New York, USA on June 01, 2014. At present Bank Asia has 116 Branches, 5 Islamic Windows, 4 SME Service Centers, 1 Off-shore Banking Unit and 3 Subsidiaries. With an aim to serve the unbanked people, Bank Asia is now operating EBEK (Ektee Bari Ektee Khamar) banking services in 35 districts having 252 upazillas and 1,629,286 beneficiaries. The Bank has implemented 1,497 agent banking outlets in 62 districts to provide banking services to geographically dispersed rural poor segment of the society.

Faithful and Efficient Workforce

Bank Asia has the right blending of talented youth and experienced senior workforce which is truly efficient and dynamic. Mr. Md. Arfan Ali who has more than 26 (twenty six) years'of multifarious experience in banking profession leads the team from the forefront as President and Managing Director. At the end of 2017, the bank has 2,087 employees including 370 executives and 1,717 officers to serve its clients across the country. Bank Asia provides a work friendly elegant environment to its employees. Its unique

reward and performance appraisal system encourage employees to give their best to serve the Bank and its stakeholders.

Giving Back to the under Privileged & Concern to Ecology

Bank Asia always tries to make a better society by working and donating in different sectors such as education, health, disaster management, sports and some other sectors including the free eye camp and ophthalmological operation facility. The Bank is also providing services to senior citizen, widow, and disable beneficiaries through the government's project of Social Safety Net Program. Bank Asia has been recognized as one of the top 10 commercial banks for its contribution to green banking by Bangladesh Bank. In addition, it streamlines green banking initiatives in its in-house management and investing in environment friendly projects and participating in environment protecting activities. As a Bank, we play an intermediary role between economic development and conservation of the environment.

Eagerness for High-Tech Solution

Bank Asia always welcomes the innovation for the operation of the banking activities as well as reporting systems. Bank Asia has associated Islamic banking, Off-shore banking, CMSE financing, Agent Banking, EBEK, Remittance channeling & many more specialized services with its core banking activities. To excel in this new era of technological triumph, Bank Asia has successfully introduced Utility bill payment and Fees collection through Online, cutting edge ICT, state of the art network solution, 24/7 ATM service & many other e-products.

Credit Rating

Credit Rating Agency of Bangladesh Limited (CRAB) awarded Bank Asia Limited 'AA2' in the Long Term and 'ST-2' rating in the Short Term based on the financials of 2016 will remain valid upto June 30, 2018.

Accolades & Recognition

Bank Asia was awarded several times by the national and international reputed organizations. Bank Asia has been awarded 1st Runner up position in the SAFA Best Presented Awards 2016 under SAARC Anniversary Award for Corporate Governance category. The Bank also achieved Third prize for Best Presented Annual Reports by ICAB for its Annual Integrated Report 2016 under Corporate Governance Disclosures and 'Certificate of Merit'(4th position) under Integrated Reporting Category from the Institute of Chartered Accountants of Bangladesh (ICAB). Besides, the Bank was also awarded the prestigious Bangladesh Bank Remittance Award' for the highest volume of foreign currency drawing through this Bank in 2016. For Sustainability Report 2016, the Bank garnered Best Sustainability Report category Overseas in the 13th Sustainability Reporting Awards (SRA) by NCSR (National Centre for Sustainability Reporting) Jakarta, Indonesia.

Business Ethics

Business Principle

Bank Asia goes beyond minimum legal requirements and reflects the Bank's long term commitment to building a business that is successful, honest and responsible.

Human Worth

Bank Asia supports the international human rights as outlined by the UN declaration and convention. No one in the Bank shall in any way cause or contribute to the violation or circumvention of human rights.

Human Capital

Bank Asia is devoted to human capital initiative connecting with milestone training, performance coaching & development, key talent management, balancing of work/life choice and human capital reviews.

Health, Safety and Working Environment

Bank Asia is committed to establish effective arrangement to identify and eliminate or control all work related hazards and risks and promote health at work and continuous improvement of health, safety and working environment.

Confidentiality

Clear, honest and open communication is maintained in Bank Asia to ensure full accountability but subject to business confidentiality. The use of company confidential information before it is made public for personal gain is strictly prohibited and may constitute a criminal offense.

Protection of Personal Data

Bank Asia's processing of personal data shall be subject to care and awareness, which is required according to laws and regulation and relevant for information that might be sensitive, regardless of the data refer to customers, employees or others.

Intellectual Property

Intellectual property such as know-how, methodology, concepts and ideas are important to Bank Asia's successes in the market. Unless otherwise specified by law or orders from other public authorities, no employee shall make corporate secret or other information available to unauthorized persons.

Nature and the Environment

Bank Asia is very much aware regarding environmental protection, by minimizing environmental damages and by developing, promoting and utilizing environment friendly technology.

Information that may affect the Share Price

As a publicly listed company, Bank Asia is subject to strict rules concerning the handling the non-public information that may affect the market price of Bank Asia's shares or other financial instruments issued by the Bank.

Accounting

Bank Asia has the highest regard for truth, completeness and accuracy in the recording of business transactions in full compliance with applicable Bangladesh laws & regulation, financial reporting standards, good accounting practices as well as maintaining valid authorization and ensuring complete documentation. The annual accounts and interim accounts shall be in accordance with the law, BFRS and good accounting practices.

Competition

Bank Asia is committed to staying over and above the prevailing market competition through constant innovation of technology based products and efficiency enhancement; being responsive to the requirements of our customers and partners.

Corruption and Bribery

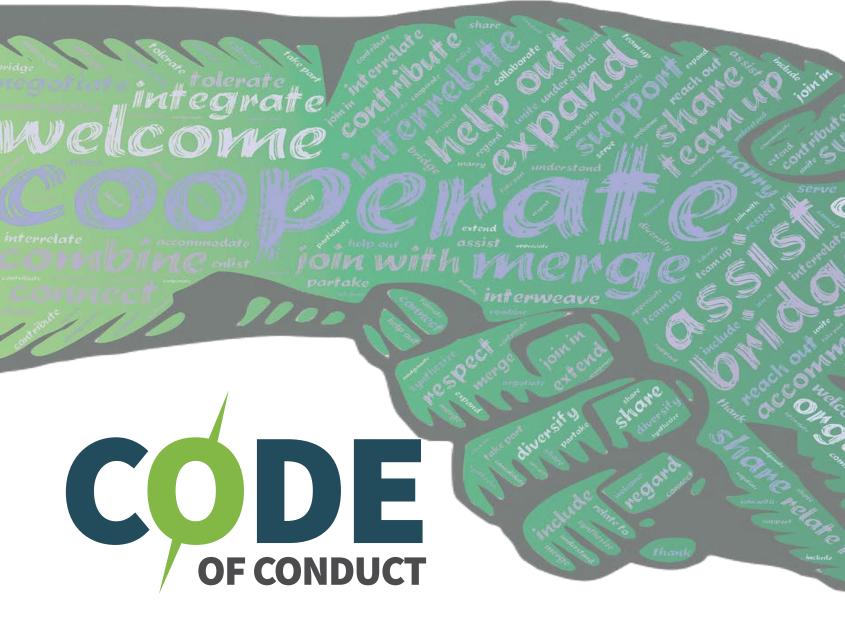

Bank Asia is firmly opposed to all forms of corruption. Bribery is fundamentally inconsistent with the Bank's values; any direct and indirect promise of payment to gain any perceived personal advantage is totally unacceptable.

Money Laundering

Bank Asia is firmly opposed to all forms of money laundering and shall take steps to prevent its financial transactions from being used by others to launder money.

Political Activity

Bank Asia does not give support to political parties, either in the form of direct financial support or paid working time. Employees may exercise their right to take part in politics as long as there is no conflict of interest situation with Bank Asia.

- Employees must be open and loyal to the Bank and Bank's interest.
- Employees must keep confidential all Bank's and other matters that could provide other third parties unauthorized access to confidential information.
- Employees must observe the Bank's security requirements concerning access to electronic resources and documents.
- All information and communication with the media, the public and financial markets shall be reliable and correct, maintain high professional and ethical standards and in accordance with established guidelines and regulations.
- Customers shall be met with insight, respect, and understanding. Employees must always try to fulfill the needs of the customer in the best possible manner, within the guidelines for corporate ethics that apply to business.
- Under no circumstances, employees shall or be a part of any activity that prohibits open and fair competition of Bank Asia in breach of relevant business laws.
- Employees shall never offer or accept illegal or inappropriate gifts or other remuneration in order to achieve business or personal advantages.
- Employee's engagement in external duties must not affect his/her working relationship with Bank Asia or come into conflict with Bank Asia's business interest.
- Should an employee become aware of an infringement of Bank Asia's rules and guidelines, he/she should blow whistle raising the issue to the line management or to People Management Division (PMD).

Sustainable Growth

Synergies between new knowledge and human capital for sustainable economic growth

Capital Stewardship

Preservation and enlargement of multiple forms of capital; "like intellectual, natural, financial, organizational, social; all of which contribute to long term value creation.

Accelerating Financial Inclusion

Accelerate progress towards financial inclusion with technology like ATM, mobile phone, smart card based banking services and renewable energy generation projects especially in rural areas.

Differentiating Value Added Services

Strong focus on extremely cost-efficient and green services through internet banking, electronic fund transfer, automated cheques clearing, e-bank statement, SMS alert etc.

Going Green

Quantification of in-house facilities and energy consumption to promote paperless office and enhance energy efficiency. Greater emphasis on green banking projects.

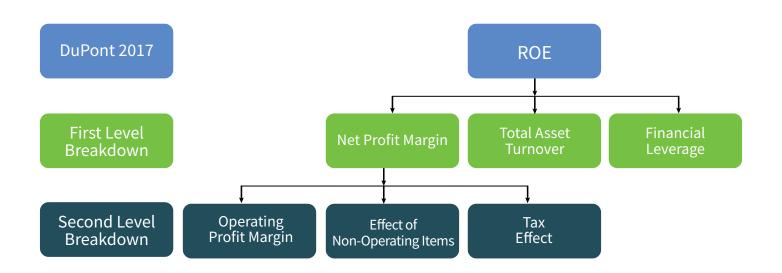

Leader in Business

Create new dimension in the syndication and structured financing. Grow with export. Well diversified portfolio.

Annual Integrated Report 2017

Dupont Analysis-5 Factors Model

DuPont analysis is an approach to decomposing return on equity for better understanding about which factor contributed to the ROE most and which factor caused the ROE to move. For broader analysis, we used 5 factors model that covers net profit margin, total asset turnover and financial leverage. Net profit margin is further broken down to operating profit margin, effect of non-operating items and tax effects.

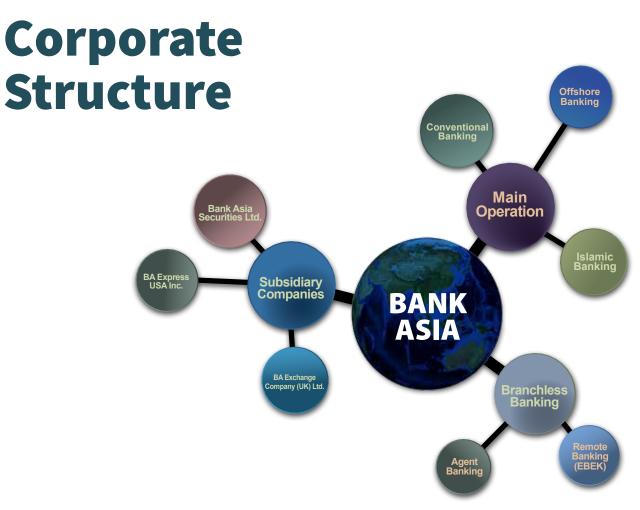

Particulars	2017	2016	2015
ROE	10.21%	8.13%	14.36%
Net Profit Margin	8.98%	7.28%	11.97%
Total Asset Turnover	0.0841	0.0890	0.1056
Financial Leverage	13.5234	12.5610	11.3570
Operating Profit Margin	29.32%	27.87%	27.94%
Effect of Non-operating Items	0.6067	0.5552	0.6867
Tax Effect	0.5046	0.4703	0.6241

The higher the value of all components of DuPont analysis, the higher the positive impact on return on equity. Net profit margin consists of three important components namely operating profit margin, effects on non-operating items and tax effects as mentioned in second level break down. Operating Profit Margin of 2017 ascended to 29.32% compared to that of 27.87% in 2016 for higher growth of net interest income and non-funded income.

Effects on non-operating items include loan loss and other provision which increased to 0.6067 from 0.5552 for the decrease of Provision by 0.14% which resulted from lower classified loan. Tax effect increased to 0.5046 from 0.4703. The combined effects of these three components resulted in uplift of net profit margin to 8.98% in 2017 compared to 7.28% of last year.

Efficiency of utilization of assets as implied by average total assets turnover was a little bit lower than previous year. Bank Asia's financial leverage increased to 13.5234 from last year's 12.5610 mainly for the higher growth in deposit which helped to keep return on equity higher although it increases default risk as well.

DIRECTORS'PROFILE

Mr. Abdur Rouf Chowdhury is a graduate in Business Management from the Massachusetts Institute of Technology, USA. He has a wide range of experience in several industries including Automobile, Telecom, Pharmaceuticals and Petroleum. He was the Resident Manager of two American Pharmaceutical companies in Bangladesh. Being in the senior management position in Jamuna Oil Company he contributed for 15 years in the market development of Petroleum products in Bangladesh. Both Rangs and Sea Resources Groups comprised of 32 companies were formed under his dynamic leadership. The huge success of 35 companies of the two groups during a short span of time is an ample proof of his dynamic leadership and progressive mind. Currently he is the Chairman of Bank Asia Ltd. He also has his dynamic foothold in the print media; he is the Director of renowned English daily The Daily Star.

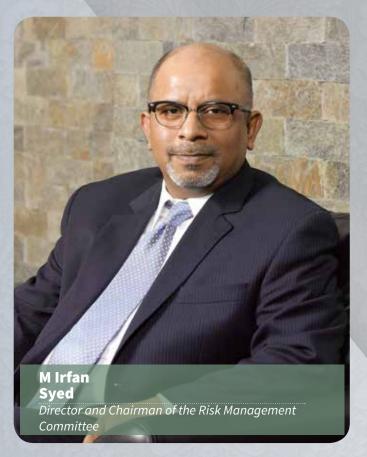

Mr. Mohd. Safwan Choudhury is one of the Sponsor Shareholders of Bank Asia Ltd. Mr. Choudhury has done his Masters from the University of Dhaka. He has an impressive professional experience and has business interest in tea manufacturing, textile and cold storage. His flagship company M. Ahmed Tea & Lands Co. Ltd. is a 4th generation tea producing company doing business since the British India. He served as the Chairman of Bangladesh Tea Association which represents 126 tea plantations belonging to both Bangladeshi and foreign companies. Mr. Choudhury is also involved in social development. He is the President of FIVDB, an NGO providing primary education to the underprivileged children. He is also the former President of Sylhet Chamber of Commerce & Industry.

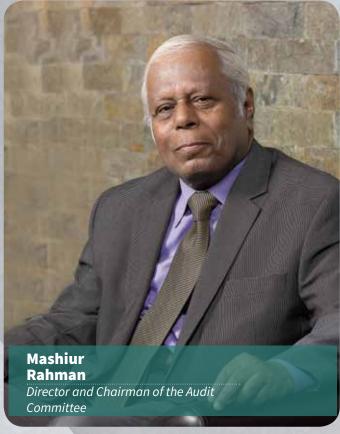

Ms. Hosneara Sinha is one of the Sponsor Shareholders of Bank Asia. She is involved with different business houses and organizations under Sinha group. She is the Director of Sinha Apparels Ltd. ZMS Fashions Ltd. Pritha Apparels Ltd. Sinha Auto Spinning Mills Ltd. and Sattar Jute Mills Ltd.

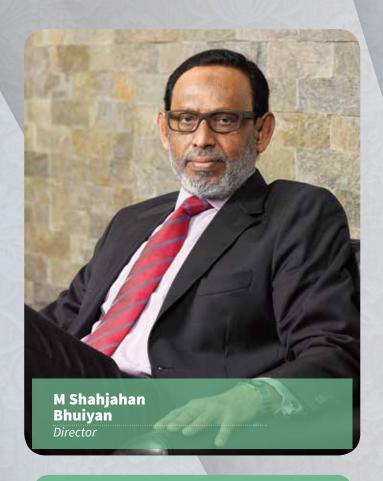

Ms. Naheed Akhter Sinha is one of the Sponsor shareholders of Bank Asia Ltd. She obtained MBA in Finance from North South University. She has been involved with different business houses and organizations from her early career. She is one of the promoters and shareholder directors of Enterprise Cluster Pte Ltd., a Singapore-based company. She is the Director of Sinha Apparels Ltd., ZMS Fashions Ltd. and BP Wears (Pvt.) Ltd.

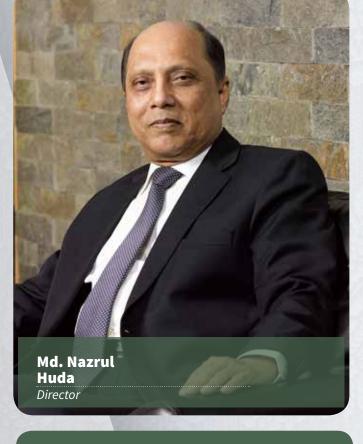

Mr. M Irfan Syed received his Bachelor's in Commerce from Dhaka University and his Master's in Business Administration from California University in USA. He also earned a Diploma in Advanced Accounting from the University of Maryland, USA. Mr. Syed started his career with Banque Indosuez, Dhaka in 1986 and then moved to Hong Kong in 1988 to take up a position in international trade finance with the Bank of Credit and Commerce HK Limited. After 5 years he returned to Banque Indosuez to join their trade finance team in Dhaka. He left international banking to start his own textile trading company in 1993 and subsequently joined Beximco Textiles Divison (BTD) in 1995 to help organize their marketing and commercial departments. He was instrumental in the implementation and integration of BTD's ERP system and was appointed the Head of their Garments Division. Then he moved to USA in 2000. After spending almost a decade as an accountant and business head for several non-profit organizations in the USA, Mr. Syed returned to Dhaka in August 2010 to look after his own business.

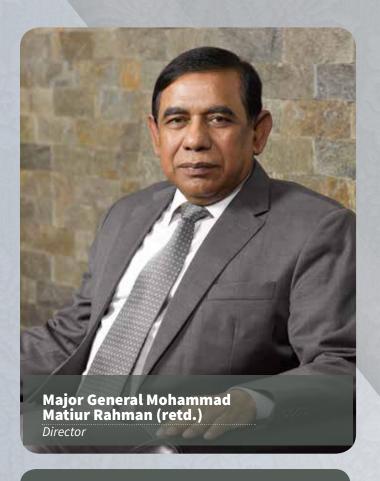

Mr. Mashiur Rahman is one of the Independent Directors of Bank Asia Ltd. He has over four decades of working experience in nearly all areas of banking. He started his career in 1966 as a Trainee in the National Bank of Pakistan. After liberation he worked for Sonali Bank and then joined IFIC Bank in 1983 and retired from the Bank in 2008 as Managing Director.

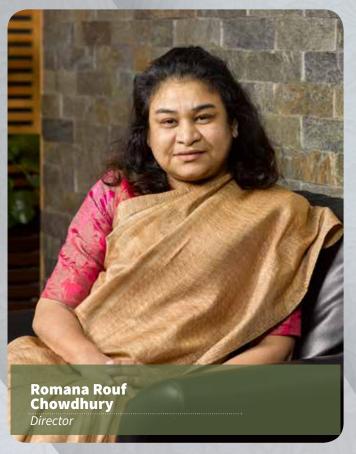

Mr. M. Shahjahan Bhuiyan is one of the Independent Directors of Bank Asia Ltd. He is the former Managing Director of Prime Bank and United Commercial Bank Ltd (UCBL). He is an M.Com in Accounting from the University of Rajshahi. Starting his career from 1970 under Bank Officials Training Scheme of the then State Bank of Pakistan, Mr. Bhuiyan has to his credit more than four decades of eventful and illustrious banking career. He was honored as Kriti Banker by the Bangladesh Bank for his outstanding contribution to the banking sector of the country.

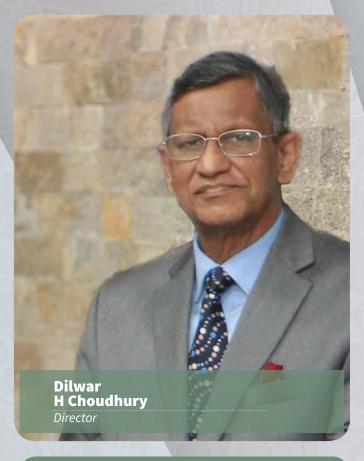

Mr. Md Nazrul Huda is one of the Independent Directors of Bank Asia Ltd. He is a former Deputy Governor of Bangladesh Bank. He served the Bangladesh Bank successfully for 35 years in different capacities. Mr. Huda obtained Masters in Economics from the University of Dhaka, Bangladesh and University of New England, Australia. He has a number of publications on important issues relating to economy and banking.

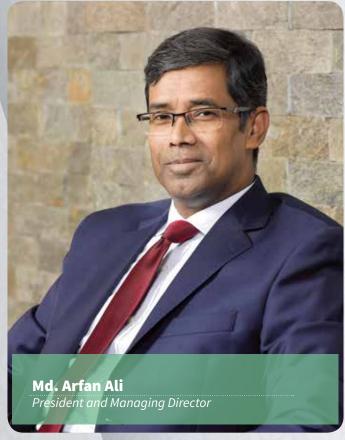

Mr. Major General Mohammad Matiur Rahman (retd.) is one of the directors of Bank Asia Limited. He represents Sinha Fashions Ltd. He has more than 36 years of experience as a military personnel. After retirement from his services, he joined the Sinha-Medlar group as an adviser in 2013. He obtained his Masters in defence studies. He also participated in various trainings and seminiars at home and abroad.

Ms. Romana Rouf Chowdhury is one of the directors of Bank Asia Limited. Ms. Romana Rouf Chowdhury is a Bachelor of Arts major in English from Brac University. She has more than 27 years of experience as an industrialist. She is one of the successful young entrepreneurs of the country. She holds directorship of various sister concerns of Rangs Group and Sea Fishers Group such as Rangs Motors Ltd., Rangs Pharmaceuticals Limited, Sea Fishers Limited, Sea Resources Cold Storage Ltd. etc. Currently, she holds the position of Managing Director of Sea Fishers Limited.

Mr. Dilwar H Choudhury is one of the Independent Directors of Bank Asia Ltd. He was a veteran banker with 35 (thirty five) years of banking experience including working in eight different countries in Asia, Africa and Europe in a multicultural situation. He was the former Managing Director (in-charge) of City Bank Ltd. He was also a Banking consultant for KPMG Dhaka during 2004-2005.

Mr. Md. Arfan Ali is the President & Managing Director of Bank Asia. Prior to this, he was the Additional Managing Director of Bank Asia Ltd. A career banker, Mr. Md. Arfan Ali, is an MBA from the IBA, Dhaka University, having more than 26 (twenty Six) years of diverse experience in banking profession to his credit. He started his career with Arab played key roles in setting up of its Dhaka Office. He joined Bank Asia in 1999 as Assistant Vice President before it started its operation and played vital role at the preoperational stage of launching formal Arfan Ali pioneered and championed Agent Banking operations in Bangladesh. He had worked as part (IBA), Jahangirnagar University for 10 years. He is also member of "Academic Advisory Board, School of Business", Independent University (IUB), Bangladesh and current Advisor of Bangladesh Money Market Dealers Association (BAMDA). He is also Chairperson Recently, he has been elected as the Secretary General of Association of Bankers, Bangladesh (ABB).

UFS-Bank Asia Mutual Fund of Tk. 1,000 Million

BSEC (Bangladesh Securities and Exchange Commission) has approved Bank Asia's 1st Mutual Fund jointly with UFS (Universal Financial Solutions Limited) on December 28, 2017. This is an Open-End Mutual Fund and size of the fund will be Tk.1,000 million. Bank Asia, first ever in its kind, has already invested Tk.100 million in this Mutual Fund as sponsor of the fund where UFS shall act as Asset Management Company and ICB (Investment Corporation of Bangladesh) perform as Trustee & Custodian of the Fund.

We are confident that introduction of this fund will definitely enhance the bank's brand image to different segments of stakeholders as well as pave the way to a different dimension in income stream.

Horizontal Analysis (Profit and Loss Statement)

Horizontal Analysis on Income Statement refers to the analysis of growth of each component of income statement items from the base period. Here base period is considered the year 2013 giving value 100% and after that period value above 100% means positive growth and below 100% means negative growth compared to base year. The above table shows that total operating income, expenses and operating profit of Bank Asia are growing consistently over the periods. Net interest income (NII) exhibited higher growth in 2017 for the growth of advance and decrease of deposit cost. Total provision is showing increasing trends over the periods mainly for rising of NPL.

Vertical Analysis (Profit and Loss Statement)

Vertical Analysis on Income Statement refers to the components of income statement items as a % of total income over the periods which would be termed as common sizing of income statement. In income side, interest income (71.95%), income from commission, exchange and brokerage (13.68%) and investment income (11.12%) hold major portion. Interest income was in a decreasing trend but increased in 2017 for the growth of advance by 21% and income from commission, exchange and brokerage also increased for the growth of non-funded business by 16.17% in 2017. Investment income was in increasing trend but decreased in last year due to a reduction of yield on treasury bill/bond. Operating expense as a % of total income is increasing over the periods due to network expansion and establishment of new departments in line with business model/ strategies and net profit increases significantly for lower provision requirement.

Vertical Analysis (Balance Sheet)

Vertical Analysis on Balance Sheet refers to the components of balance sheet items as a % of total Assets over the periods which would be termed as common sizing of balance sheet. In asset side, Loans and advances (68.34%) and investment (9.53%) holds major portion. Investment decreased significantly because of reducing yield on government securities where Loan and advances had a consistency except the year 2015 but increased in 2017 in line with the growth of overall industry by 18.50%. In liability side, deposit holds major portion (71.64%) and shows a decreasing trend over the last five years. But in 2017 deposit decreases as overall industry deposit growth was only 10.20%.

Annual Integrated Report 2017 45

Chairman's Statement

ASSALAMUALAIKUM

It is my great pleasure to welcome you all to the 19th Annual General Meeting of Bank Asia Limited. On behalf of the Board of Directors, it is my privilege to present the Annual Integrated Report of Bank Asia for the year 2017.

HONORABLE MEMBERS

The economy of the country has shown satisfactory performance in the fiscal 2016-17 exhibiting notable GDP growth of 7.28% which was 7.11% in 2015-2016. In the period the per-capita income increased to USD1,610 from USD1,465. Foreign currency reserve crossed a record USD 33.22 billion in 2017 with which around nine months import bill of Bangladesh could be met up. Annual average inflation rate was at tolerable level of 5.7% in 2017, though little higher than 5.51% in 2016.

Banking sector has witnessed a sound operating profit in 2017 despite the downward pressure of interest rate on loans and advances. The Industry has seen a rise in the deposit interest rate during the second half of 2017. From the perspective of investment, credit growth registered 18.50% which is the highest in last five years and also surpassed BB's target in monetary policy. This surge is attributed to the overall growth in economy and it created some liquidity pressure in the industry at the end of the year. Throughout the year, the sector also faced challenges from accumulated non performing loans. In this backdrop, your bank has moved cautiously to maintain sustainability in business and profit. Deposit of the bank increased to Tk.207 billion, advance to Tk.198 billion, import financing was Tk.181 billion, export financing was Tk.118 billion and inward remittance was Tk.52 billion. The bank has surpassed the industry growths almost in every aspect of business. In the year Bank's deposit, advance, import, export and remittance growth were 8.24%, 20.72%, 18.21%, 13.36%, 23% against industry growth of 10.20%, 18.50%, 15.80%, 3.00%, -0.6% respectively. Country as a whole witnessed negative growth in remittance whereas your Bank exhibited double digit growth.

RESPECTED SHAREHOLDERS

You will be happy to know that Bank Asia has achieved a sizable growth in operating profit amounting to Tk.767 million, highest growth in last 5 years. Operating profit stood at Tk.6.69 billion in 2017. After setting aside provision for loans and advances, tax, reserve and others, the bank attained net profit of Tk. 2.05 billion. Higher growth in operating profit, less requirement of provision and efficient tax management attributed to the growth of net profit by 32%. Profitability measures like return on equity (ROE) and return on assets (ROA) stood 10.21% and 0.76% respectively in 2017 which was 8.13% and 0.65% in 2016. These figures indicated a successful year closing in 2017 in terms of operation.

However, non-performing loan was a burning issue for us and for the industry throughout the year. In 2017, total non-performing loan in banking industry increased by 19.50% and stood Tk.743 billion which was Tk.622 billion in 2016. In this challenging circumstances, Bank Asia was able to restrain its classified loans (CL) to 4.38% against industry CL of around 9%. The improvement in CL position was accomplished mostly through recovery from non-performing loan rather than adopting traditional approach of rescheduling of classified loan. Still, the current CL and some stay order loans are posing significant challenges for the Bank.

Considering the above operational performances and other financial positions, the Board of Directors recommended 12.50% stock dividend for the year 2017.

DEAR SHAREHOLDERS

We assure you that the fundamentals of your Bank are strong. Bank Asia's total capital reached to Tk. 32.91 billion in 2017 from Tk. 24.77 billion in 2016, having a growth of 32.85%. The strong capital base will ease the expansion of business in future. This year we have issued Tk. 5.00 billion worth subordinate bond. Additionally, credit rating of the clients has reduced the risk weighted assets of the Bank to a great extent. The combination of all these factors helped the Bank to close the year with strong capital base. The capital adequacy ratio of the Bank was 14.89% against regulatory requirement of 10% in 2017. This is the highest ever capital position for Bank Asia and one of the highest position in banking industry. We have a plan to raise further capital amounting to Tk. 5.00 billion through issuing another subordinated bond in 2018.

Human Capital

Development of human resources is not an expenditure; it is an investment. You get the highest return from HR investment. Let's make maximum investment in quality human resources. They are the leaders; they will take the Bank forward.

-A Rouf Chowdhury

Chairman's Statement

HONORABLE SHAREHOLDERS

Diversification of business is essential for a sustainable balanced financial position. To diversify the advance portfolio and to increase the return, the bank followed the strategy of increasing the share of SME and retail business in the portfolio. For the last two years the share of SME & Retail credit increased by 5% and this helped the bank offset the impact of declining interest rate. Moreover, from the cost perspective, deposit mix has been maintained with balanced weight on high cost and low cost deposit that helped the bank to reduce cost of deposit significantly, from 5.66% to 5.08% in 2017, a reduction by 58 basis points.

RESPECTED SHAREHOLDERS

A huge number of people of Bangladesh is still living beyond the network of formal banking channel. Hence, financial inclusion of this segment is a must for the development of economy. It is our pride to mention that Bank Asia is the pioneer in introducing agent banking and EBEK operation, two renowned financial inclusion models in Bangladesh to spread banking services at grass root level. Bank Asia is now providing EBEK Banking services to 1,629,286 beneficiaries in 252 Upazillas under 35 districts. Agent Banking is growing very rapidly and its activities is not less than a Bank. Agent outlets increased by 347 and stood 1,497 in 2017 which was 1,150 in 2016. Currently 62 districts have been covered to provide this facility. Till 2017, the bank collected Tk.2.65 billion through 311,947 accounts as well as disbursed Tk.927 million as loan through Agent Banking.

The functional dimension of EBEK and Agent Banking is not only limited to the typical banking business rather involved with implementing many other government projects like Social Safety net Programs, senior citizen allowances, insolvent autism allowances, payments for widow or divorced women allowance, Payments of freedom fighters allowance, payment of foreign remittance etc.

You will also be glad to know that Bank Asia has superseded the target of Agri-credit set by Bangladesh Bank consecutively for the last three years and received appreciation letter from Bangladesh Bank. In 2017, total disbursement in this sector was Tk.3.59 billion and outstanding was Tk.4.08 billion having a growth of 36% over previous year.

DEAR SHAREHOLDERS

Corporate social responsibility is an integral part of our mainstream operation. We want to grow with our surroundings particularly with the people who are underprivileged and lack of proper support. Bank Asia Foundation has started its noble operation in the mean time to strengthen CSR operation. Initially, the foundation has a plan to construct a 250 bed hospital cum medical college at Malkhanagar, Munshigonj and my family members including me have donated 700 decimal land and a 3 storied building for the proposed Hospital. You will be glad to know that your Bank spent Tk.184 million in 2017 for CSR activities having growth of 69% over previous year. Scholarship is one of our most focused CSR initiatives under which poor and meritorious students are receiving Tk. 51,000 every year for their higher studies. So far, 1,547 students have been awarded the scholarship. This year we have spent Tk. 50.00 million for supporting Rohingya refugees and Tk.32.60 million for supporting to cold and flood hit people.

HONORABLE SHAREHOLDERS

The year 2018 will be a challenging one considering the liquidity issue, rising classified loan, increase of cost of deposit, lower yield of Treasury bill and so on. This scenario would even be more challenging due to the upcoming national election expected to be held on early 2019. Still we are not overlooking the opportunities waiting for us. Mega projects like Padma Bridge that will directly attach 21 southern districts of Bangladesh to the capital city Dhaka, metro rail and other giant infrastructural investment by

government will also open up the door for augmentation of economic activities. It is our pride that Bangladesh has come out from the status of poor country and emerged as a developing country. We hope that Bangladesh will move to middle income country soon. Financial institutions will play a major role as a strategic partner of these developments.

Finally, I would like to thank Bangladesh Bank and other regulatory authorities for their guidance and continuous support. I am grateful to the shareholders for their continuous trust, confidence and cooperation.

I also give my gratitude to the Management and to the Board of Directors for their continuous effort and sincerity towards achieving desired goals in line with our mission and vision.

My best wishes to all of you.

A Rouf Chowdhury

চেয়ারম্যান মহোদয়ের বক্তব্য

সম্মানিত শেয়ারহোল্ডারগন.

পরিচালনা পর্যদের সদস্যবৃন্দ, ব্যাংক ব্যবস্থাপনার সদস্যবৃন্দ আস্সালামু আলাইকুম। ব্যাংক এশিয়ার ১৯তম বার্ষিক সাধারণ সভায় আপনাদের স্বাইকে স্বাগত জানাচ্ছি।

আমাদের উপর আপনাদের অব্যাহত বিশ্বাস ও আছা ছাপন করার জন্য আপনাদের প্রতি জানাই আমার আন্তরিক কৃতজ্ঞতা। পরিচালনা পর্যদের পক্ষ হতে আপনাদের সামনে ব্যাংক এশিয়ার ২০১৭ সালের বার্ষিক প্রতিবেদন উপদ্থাপন করতে পেরে আমি অত্যন্ত আনন্দিত।

সম্মানিত শেয়ারহোল্ডারগন

দেশের অর্থনীতি ২০১৬-১৭ অর্থবছরে সন্তোষজনক প্রবৃদ্ধি অর্জন করেছে। এ সময়ে জিডিপির প্রবৃদ্ধি ছিল ৭.২৮ শতাংশ যা ২০১৫-১৬ অর্থবছরে ছিল ৭.১১ শতাংশ। ২০১৭ সালে দেশের মাথাপিছু আয় ১,৪৬৫ মার্কিন ডলার থেকে বেড়ে হয়েছে ১,৬১০ মার্কিন ডলার। এ সময়ে দেশের বৈদেশিক মুদ্রার রিজার্ভ ৩৩.২২ বিলিয়ন মার্কিন ডলার অতিক্রম করেছে যা দিয়ে আমরা দেশের প্রায় নয় মাসের মোট আমদানি বিল পরিশোধ করতে পারবো।

২০১৭ সালে দেশের বার্ষিক মূল্যক্ষীতির হার সহনীয় পর্যায়েই ছিল, যদিও তা ২০১৬ সালের ৫.৫১ শতাংশ থেকে কিছুটা বেড়ে হয়েছিল ৫.৭০ শতাংশ। ঋণ সুদের নিমুমুখী চাপ থাকা সত্ত্বেও ২০১৭ সালে ব্যাংকিং খাতের পরিচালন মুনাফায় ভাল প্রবৃদ্ধি ছিল। ২০১৭ সালে ঋণ ও অগ্রিমের প্রবৃদ্ধি বাংলাদেশ ব্যাংক এর লক্ষ্যমাত্রাকে ছাড়িয়ে হয়েছে ১৮.৫০ শতাংশ, যা গত পাঁচ বছরের মধ্যে সর্বোচ্চ। ২০১৭ সাল শেষে ব্যাংকের আমানত বেডে দাঁডিয়েছে ২০.৭০৪ কোটি টাকা. ঋণ ও অগ্রিম হয়েছে ১৯.৭৫০ কোটি টাকা। এ সময়ে ব্যাংক আমদানি অর্থায়ন করেছে ১৮,১৪৭ কোটি টাকা, রপ্তানী বাণিজ্য করেছে ১১,৮১৭ কোটি টাকা আর অভ্যন্তরীণ রেমিটেন্স বিতরণ করেছে ৫.১৭৮ কোটি টাকা। আপনারা জেনে খুশি হবেন যে. প্রায় সকল ক্ষেত্রে ব্যাংক এশিয়া সামগ্রীক ব্যাংকিং খাতের চেয়ে বেশী প্রবৃদ্ধি অর্জন করেছে। আমাদের ব্যাংক এর আমানত , ঋণ, আমদানি , রপ্তানি এবং রেমিটেন্স এর প্রবৃদ্ধি ছিল যথাক্রমে ৮.২৪%, ২০.৭২%, ১৮.২১%, ১৩.৩৬% ও ২৩.০০%।

সম্মানিত শেয়ারহোল্ডারগন

আপনারা জেনে খুশী হবেন যে, এ বছর ব্যাংক এশিয়ার পরিচালন মুনাফা ৭৬.৬৯ কোটি টাকা বৃদ্ধি পেয়েছে যা গত পাঁচ বছরে সর্বোচ্চ। মোট পরিচালন মুনাফা ছিল ৬৬৯ কোটি টাকা। ঋণের জন্য প্রয়োজনীয় সংস্থান, কর এবং অন্যান্য প্রভিশন করার পর ব্যাংকের নীট মুনাফা হয়েছে ২০৫ কোটি টাকা। যা গত বছর থেকে ৩২ শতাংশ বেশী। অন্যদিকে, ২০১৭ সালের পুরোটা সময় জুড়ে শ্রেণীকৃত ঋণের চাপ ছিল অত্যন্ত প্রবল। দেশের সমগ্র ব্যাংকিং খাতে এ সময় শ্রেণীকৃত ঋণ বেড়ে হয়েছে ৭৪,৩০০ কোটি টাকা। মন্দঋণের এই উর্দ্ধমুখীতার মধ্যেও ব্যাংক এশিয়া তার শ্রেণীকৃত ঋণ ৪.৩৮ শতাংশের মধ্যে নামিয়ে এনেছে। মন্দঋণ গুলো থেকে প্রকৃত অর্থ আদায়ের মাধ্যমেই মুলতঃ শ্রেণীকৃত ঋণের এই হার কমানো হয়েছে। শ্রেণীকৃত ঋণের ফ্রাসের পরও আদালতের স্থিগিতাদেশের আড়ালে থাকা কিছু ঋণ আমাদেরকে যথেষ্ট চাপের মধ্যে রেখেছে।

ব্যাংকের নীট মুনাফা ও অন্যান্য অর্থিক নিদেশনাগুলো বিবেচনা করে পরিচালকবৃন্দ ২০১৭ সালে শেয়ারহোল্ডারদের জন্য ১২.৫০ শতাংশ হারে বোনাস শেয়ার ঘোষণার সুপারিশ করেছেন।

সম্মানিত শেয়ারহোল্ডারবৃন্দ,

ব্যাংক এশিয়া আজ একটি শাক্তশালী ভিত্তির উপর প্রতিষ্ঠিত। ব্যাংকের মোট মুলধনের পরিমান ২০১৭ সাল শেষে হয়েছে প্রায় ৩,২৯১ কোটি টাকা, যা ব্যাংকের ঝুঁকিভারিত সম্পদের ১৪.৮৯ শতাংশ। বাংলাদেশ ব্যাংকের নির্দেশনায় যা নুন্যতম ১০.০০ শতাংশ রাখার বাধ্যবাধকতা রয়েছে। ব্যাংক এশিয়ার এই মূলধন কাঠামো দেশের গুটিকতক শক্তিশালী ব্যাংকগুলোর মধ্যে অন্যতম। এই মূলধন কাঠামো আমাদের ভবিষ্যুৎ ব্যবসা সম্প্রসারনে সহযোগিতা করবে। ২০১৭ সালে আমরা ৫০০ কোটি টাকার সাবোর্ডিনেটেড বন্ড বাজারে ছেড়েছিলাম। এছাড়া ঋণগুলোর ভাল ক্রেডিট রেটিং এবং মুনাফার সঞ্চিতিগুলো এই মূলধন শক্তিশালীকরনে সাহায্য করেছে।

সম্মানিত শেয়ারহোল্ডারবৃন্দ,

দেশের সামগ্রিক অর্থনৈতিক উন্নয়নের জন্য দেশের সমগ্র জনগোষ্ঠীকে মূলধারার অর্থনীতির সাথে সম্পক্ত করা অত্যন্ত জরুরী। আমরা গর্বের সাথে বলতে পারি যে. ব্যাংক এশিয়া বাংলাদেশে এজেন্ট ব্যংকিং এর পথিকৃৎ এবং এর মাধ্যমে আজ ব্যাংক এশিয়া ব্যাংকিং সেবাকে দেশের সমস্ত জনগোষ্ঠীর জন্য সহজলভ্য করেছে। ব্যাংক এশিয়া সরকারের একটি বাডি একটি খামার প্রকল্পকে সাফল্যের সাথে এগিয়ে নিয়ে গেছে। বর্তমানে ২৫২টি উপজেলার প্রায় ১৬ লক্ষ মানুষ সরাসরি এই প্রকল্পের আওতায় ব্যাংক এশিয়ার সেবা নিচ্ছে। ২০১৭ সাল শেষে ব্যাংক এশিয়ার মোট এজেন্ট আউটলেট দাঁড়িয়েছে ১,৪৯৭টি যা অতি দ্রুত বৃদ্ধি পাচ্ছে। আজ একটি বাড়ি একটি খামার প্রকল্প ও এজেন্ট ব্যাংকিং শুধু মাত্র টাকা আদান প্রদান নয় বরং এর সাথে মানুষের সঞ্চয়, ঋণের প্রয়োজনীয়তা, বৈদেশিক রেমিটেন্স, সরকারের সামাজিক নিরাপত্তা বেষ্টনীর ভাতাসহ সব ধরনের আর্থিক সুবিধা ও নিরাপত্তা প্রদান করছে যা দেশকে আগামীতে আরও বেশী প্রবৃদ্ধি উন্নয়নে বিশেষ ভূমিকা রাখবে।

প্রিয় শেয়ারহোল্ডারবৃন্দ,

কর্পোরেট সামাজিক দায়বদ্ধতা ব্যাংক এশিয়ার মূল কার্যক্রমেরই একটি অংশ। আমরা আমাদের সমাজের সুবিধাবঞ্চিত মানুষগুলোকে সাথে নিয়েই এগিয়ে যেতে চাই। এই উদ্দেশ্যকে সামনে রেখেই আমরা প্রতিষ্ঠা করেছি ব্যাংক এশিয়া ফাউন্ডেশন। ব্যাংক এশিয়া ফাউন্ডেশন তার প্রথম কাজ হিসেবে হাতে নিয়েছে ২৫০ শয্যা বিশিষ্ট একটি মেডিকেল কলেজ হাসপাতাল প্রতিষ্ঠার মহতী উদ্যোগ। আমি, আমার পরিবারের সদস্যদের কাছে কৃতজ্ঞ যে, তারা এই মহতী কাজে প্রায় ৭০০ শতাংশ জমি দান করেছেন। অতিসত্ত্বর হাসপাতালের কার্যক্রম শুক্ল হবে বলে আমি আশা প্রকাশ করছি। আপনারা জেনে খুশি হবেন যে, ২০১৭ সালে ব্যাংক সিএসআর খাতে প্রায় ১৮ কোটি টাকা ব্যায় করেছে। ব্যাংকের শিক্ষাবৃত্তির আওতায় প্রায় ১,৫৪৭ জন শিক্ষার্থী বছরে ৫১ হাজার টাকা পাচ্ছে তাদের উচ্চতর শিক্ষাকে এগিয়ে নিয়ে যাবার জন্য। এছাড়াও ব্যাংক এশিয়া রোহিঙ্গা পূর্ণর্বাসনে, দেশের দুর্যোগে সব সময়ই সকলের সামনে থেকে সাহায্য ও সহযোগিতা করে যাচেছ।

সম্মানিত শেয়ারহোল্ডার বৃন্দ,

আগামীর দিনগুলো সবসময়ই নতুন নতুন চ্যালেঞ্জ নিয়ে হাজির হয়। ব্যাংকিং খাতের জন্যও ২০১৮ একটি কঠিন সময় হবে বলে আমি মনে করি। আগামী জাতীয় নির্বাচন এই চ্যালেঞ্জগুলোকে আরও বেশী কঠিন করে তুলতে পারে। তারপরও আমি আশাবাদী, পদ্মা সেতুর বান্তবায়ন, মেট্রো রেল ও অন্যান্য বড় বড় প্রকল্পগুলো দেশের অর্থনীতিকে আরও বেগবান করবে - এটা আমার দৃঢ় বিশ্বাস। আমরা এখন উন্নয়নশীল দেশে পরিনত হয়েছি, আর আমি মনে করি আমরা খুব দ্রুত একটি উন্নত দেশের মর্যদায় নিজেদেরকে প্রতিষ্ঠিত করতে পারব। দেশের ব্যাংকিং খাতকে এই উত্তোরনে মূল ভূমিকা পালন করতে হবে।

সর্বশেষে, আমি বাংলাদেশ ব্যাংক এবং অন্যান্য নিয়ন্ত্রক সংস্থাকে তাদের দিক নির্দেশনা এবং অব্যাহত সহযোগিতার জন্য ধন্যবাদ জানাই। ব্যাংকের উপর বিশ্বাস, অবিচল আস্থা এবং সহযোগিতার জন্য আমি শেষারহোন্ডারদের কাছে আমার আন্তরিক কৃতজ্ঞতা পেশ করে এখানেই শেষ করছি।

সবার প্রতি রইল আমার আন্তরিক শুভ কামনা।

এ রউফ চৌধুরী

চেয়ারম্যান, ব্যাংক এশিয়া

Md. Mehmood Husain (2011-2016)

Banking sector of Bangladesh faced many hurdles such as deteriorating asset quality, tighter liquidity position, moderate remittance inflow, balance of payment pressure, technology disruption etc. Against this adversaries, Bank Asia showed resilience and made good progress in terms of implementing strategy, delivering strong operating performance and cost efficiencies, as well as solid returns.

The economy of Bangladesh made an impressive progress in 2017 registering GDP growth of 7.28% where major boost of growth came from the industrial sector followed by the services sector. The stable political situation helped to build investors' confidence which was reflected in the private sector credit growth by 18.13% in 2017. The banking industry performed well in 2017 and witnessed a sound operating profit. However, banking sector of Bangladesh also faced many hurdles such as deteriorating asset quality, tighter liquidity position, moderate remittance inflow, balance of payment pressure, technology disruption etc. Against this adversaries, Bank Asia showed resilience and made good progress in terms of implementing strategy, delivering strong operating performance and cost efficiencies, as well as solid returns. Apart from the above, the following events that occurred throughout the year also influenced our business strategies:

- In April and May 2017 flash floods in the north eastern Haor regions devastated paddy fields. This was followed by an average monsoon flooding in August which washed away around 600,000 hectares of Aman Paddy fields. As a result, average general inflation edged up marginally to 5.70% in December 2017 from 5.51% in December 2016.
- Remittance maintained a sluggish growth in 2017 as remittance dropped to a six year low to USD 13.53 billion in 2017 which was USD 13.61 billion in 2016. Though making up for the despairing overseas job condition, Bangladesh has witnessed an expatriation of 1 million workers in 2017 providing a better outlook for the economy as the remittance is the mainstay for the foreign exchange and reserve for Bangladesh
- The share of nonperforming loans stood at 10.7% in September 2017 compared with the ratio of 9.23% in December 2016 mainly because of lack of good governance and increasing number of habitual default borrowers. As on 30th September 2017 the cumulative NPL's of the bank reached Tk. 803.10 billion or 10.70 % of NPL to total loan. This ratio has slightly decreased to 9.30% at the end of the 2017.
- Public sector credit registered a negative growth of 12.02% compared to Bangladesh

Bank projection of positive growth of 16.10%. The government collected money through different saving instrument which increased its annual non-bank borrowing. In contrast, private sector credit growth increased significantly in 2017 due to higher trade financing for settle of import payment obligation. The growth in private sector rose to record high of 19.06% in November 2017 on a year on year basis from 18.63% in October 2017.

- The capital market of Bangladesh experienced a strong bullish trend in 2017 as prime index of the Dhaka Stock Exchange started the year with 5,036.05 points on January and ended the year with 6,244.52 points.
- Majority of the banks of Bangladesh started facing shortage of available liquid funds at the last quarter of 2017. One of the major reasons behind this liquidity crunch were rapid large import payments compared to lower export and remittance flow, thus increased private sector credit growth.
- As mentioned above export sector of Bangladesh experienced a meagre growth of 1.7% in 2017, the lowest in the last 15 years. A fall of the euro against US dollar along with uncertainty surrounding BREXIT and decline in consumption in the west were some of the major factors that contributed to a slowdown in export growth.
- In 2017 import payment stood at USD
 43,491 million registering 9% growth
 compared to USD 39,901 million in 2016.
 Fresh LC openings of consumer goods,
 especially food items were main reason
 behind this growth. In addition, settlement
 of LC registered the highest growth in
 capital machinery for textile and garments
 sector, iron and steel scraps, machinery for
 motor vehicles and iron & steel product.

MAJOR PRIORITIES WE FOLLOWED IN 2017

 We set loan recovery and regularization of classified and non-performing loan (NPL) as the top most priority and engaged Corporate Office employees to assist Special Asset Management Department (SAMD) and Branches to expedite recovery process. We started the recovery initiative right at the beginning of the year and continued and intensified the drive throughout the year. Our strategy, effort

and hard work paid off and we were able to reduce loan classification both in percentage and in absolute term. We closed the year 2017 with CL rate of 4.38% which was 5.41% in 2016.

- While our goal was to achieve the profit target, at the same time we were concerned with risk management, compliance and internal control to ensure sustainability of the profit. We took necessary actions and steps for process improvement to strengthen our risk management and compliance standard. The overall outcome was positive and we made improvement in almost all core risk areas as rated by Bangladesh Bank.
- We took steps to take our corporate banking business beyond the boundaries of conventional financing. We provided Export Credit Agency (ECA) covered finance, arranged foreign currency fund for our customers under the Long Term Financial Facility (LTFF) of Financial Sector Support Project of Bangladesh Bank. We entered into agreement with Bangladesh Bank for Green Transformation Fund (GTF), Green Finance under refinance scheme, Urban Building Safety Project (JICA funded) finance to provide low cost fund to our manufacturer customers to ensure safety and compliance.
- To provide special attention and support to newly opened small and rural Branches, we formed a specialized Department named "Central Business Processing Department (CBPD)" at Corporate Office. This Department helped these new branches in marketing of both loans and deposit. In addition, the Department also helped the branches in credit proposal preparation and approval process and provided support in other areas too.
- For financing CMSE (Cottage, Micro, Small) segment, we started utilizing our Agent Banking Channel. All unsecured loan proposals channeled through Agent Banking were processed and approved on tab-based digitized platform.
- Steps were taken to improve Credit Risk Management system. The separation of Business and CRM team were ensured for all segments including the retail and CMSE credit. The Credit Committee were reconstituted and role of the CRO was redefined. Mid-level executives at CRM were allowed Business delegation for

- faster approval of credit facility. While granting loan, we adhered to bank's policy and standard without showing any compromise or laxity to ensure good health of our asset portfolio.
- Along with the process improvement, we also went for process automation and adoption of technology for improvement of efficiency and strengthening of risk management. Comprehensive dashboard for MIS and monitoring, Business Metrics for online tracking of credit proposal, E-sanction for online sending and preservation of credit proposal, online CIB inquiry and download, My Family App for communication, Foreign Exchange Transaction Monitoring and Reporting System, central archiving system, Biometric attendance for corporate office and branches etc. were introduced.
- Our Agent Banking services and network, EBEK (Ektee Bari Ektee Khamar) Project and Social Safety Net Payment expanded their reach and coverage. With acquisition of 343 numbers of individual agents in 2017, total number of Agent outlets reached 1494 throughout the country covering 61 districts and 298 Upazillas. We have formed partnership with different national and international organizations, government agencies, NGOs for providing more value added services to the marginal unbanked people of the country.
- School Banking, Internet Banking, Bank Asia Smart App(Android based Mobile App) and other Alternative Delivery Channels achieved significant growth and expansion last year. Mobile App for Agent Banking customers in Bangla, RMG digital Branch with off-site ATM network, internet banking facilities with NPSB, first ever effort in its kind with 5 other Banks to facilitate real time inter-bank Internet Banking Fund Transfer(IBTF) etc were introduced to serve the customers online with the objective to reduce time and cost.
- At Bank Asia, we have always given priority for development and nurturing of Human Resource. To groom our employees as potential leader, we continued Future Leadership Development Program and completed 01(one) year of the program in November 2017. Some 340 employees under 21 mentors have been immensely benefitted from this program. Apart from this, our Training Institute remained very

active throughout the year and arranged good number of training and workshops for our employees.

OPERATING PERFORMANCE

During the year 2017, the bank generated operating profit of Tk. 6,688 million with a growth of 13% but net profit was Tk. 2,048 million with a growth of 32%. That substantial growth in net profit was possible mainly due to success in curbing non-performing loan at 4.38%. Net Interest Income was also increased by Tk. 1,602 million and registered 40.36% growth which was mainly driven by strong growth in loans and advances and thus compensated in the net interest margin.

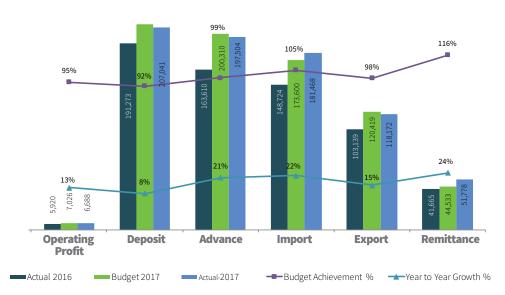

One of the major success of the management was to reduce cost of deposit by improving its deposit mix. In 2017, the ratio of high cost to low/no cost deposit stood at 50%:50%, which was 53%:47% in the previous year. Because of such cost reduction, the bank could offer loans to customers at highly competitive rates which also helped to make a solid business growth. The Bank could also improve its ROA to 0.76% and ROE to 10.21%.

Improvement in asset quality was one of the key parameter in accelerating profitability. At the end of the year 2017 the bank was able to restrict CL at 4.38% compared to 5.41% in 2016 mainly due to the concerted management effort. Moreover, the Bank was also able to make a cash recovery of Tk. 2,540 million from classified and written off loan accounts.

In 2017, 09 new branches were added to the total branch network and 117 employees were added to human capital. The above addition impacted total operating expenditure to increase by 11.88% in 2017, out of which salary expenditure increased by 8%. At the end of 2017, the Bank's Net Asset Value per Share (NAV) stood at Tk. 21.33 and Earning per Share (EPS) at Tk. 2.07.

BUSINESS

Deposits of banking operation stood at Tk. 207,041 million showing a growth of 8.24% and loans and advances stood at Tk. 197,504 million with a growth of 20.72%. Import business of the bank was Tk. 181,468 million, registering 22.02% growth, whereas export was Tk. 118,172 million with 14.58% growth. During 2017 total inward remittance was Tk. 51,778 million, showing a positive growth of 24.27%. In terms of budgetary achievement the bank performed well; deposit by 92%, loans and advances by 99%, operating profit by 95%,

import by 105%, export by 98% and inward remittance by 116%.

SUBSIDIARIES OF BANK ASIA LIMITED

Bank Asia Securities Limited, a 99.99% owned subsidiary company of the Bank made an operating profit of Tk. 255 million in 2017. Bank Asia Securities also continued to retain the position of DSE's Top-20 in terms of daily turnover throughout the year. Despite the various challenges that prevailed in the market, BASL added 916 new clients in 2017 representing a growth of 17%.

The other foreign subsidiary exchange house company, named as BA Exchange Company (UK) Limited, sent total GBP 10.60 million as remittance in 2017. The company has been running for 5.6 years and incurred a cumulative operating loss of GBP 0.21 million (BDT 21 million). In the year 2017, BA Exchange UK generated an operating profit of GBP 4,228 compared to GBP 939 in 2016. The management is pursuing cost optimization strategies to improve health of those companies and turning them to breakeven. However, it is worth mentioning here that the network is certainly profitable if we add the value of those two foreign subsidiaries to the parent company e.g. Foreign Exchange float for import bill settlement and opening of deposit customers' Accounts etc.

In 2017, our expatriate from abroad sent USD 36.26 million remittance to Bangladesh through BA EXPRESS USA. To enhance further flow of remittance BA EXPRESS USA also established arrangement with 34 agents across New York City. With this pace of remittance

the management expects that the company will come to break-even within 1 year. The company has been running for almost 4.5 years and incurred a cumulative operating loss of USD 0.85 million (BDT. 69.70 million). In the year 2017, BA EXPRESS USA incurred an operating loss of USD 0.124 million (BDT 9.84 million).

BUSINESS UNITS

Bank Asia's overall operation is concentrated in six major areas.

Conventional: Bank Asia delivers conventional banking services through 120 branches and SME service centers across the country.

Islamic: Banking Operation has been operated through 5 Islamic windows. All conventional branches also provide Islamic Banking services through SALAMAH desk.

Off Shore: One off shore banking unit in Chittagong.

Credit Card: In 2017, 11,309 number of new credit cards were issued compared with 7,165 number of new cards in 2016 registering 58% growth.

Agent Banking: Provide Agent Banking services in 62 districts through 1,497 agent outlets.

Ektee Bari Ektee Khamar: 1,629,286 beneficiaries of 21,816 villages in 35 districts came under EBEK program.

CMSME Banking & Agri/Rural Credit

The Bank continued its drive towards increasing its market share in CMSME (Cottage, Micro, Small and Medium Enterprise) and agricultural financing besides corporate and retail segments. In 2017 Bank Asia's CMSME and agricultural loan outstanding stood at Tk.

32,860 million and Tk.4,083 million respectively.

CSR

Bank Asia has always been aware of its Corporate Social Responsibility (CSR) with an aim to ensure the bank as a socially responsible corporate entity contributing towards better quality of life of the society at large without compromising our ecological conditions. During the year 2017, Bank Asia spent an amount of Tk. 183.83 million on CSR which covers a vast area of education, health and other under privileged sectors for the overall betterment of the nation.

STRENGTHENING CAPITAL BASE

For managing the overall risk exposure of the Bank, our primary focus has always been to strengthen our risk management policy with a strong internal control system. We maintained capital to total risk weighted asset (CRAR) consistently above the threshold (10% of RWA) of minimum capital requirement. Bank Asia's CRAR was 14.89% as on 31 December 2017 against the required MCR of 10%. To support healthy business growth and ensure compliance with the Basel III capital accord in line with Bangladesh Bank roadmap Bank Asia has already completed further issuance of Subordinated Bond of Tk. 5,000 million as Tier 2 capital in April 2017.

NON-PERFORMING LOAN (NPL) MANAGEMENT

One of the core business priorities of Bank Asia is to curb non-performing loans by maintaining quality assets. In this regard, Bank Asia's credit approval process has been framed to unveil and assess the unforeseen inherent risk so that assets quality will not deteriorate in the long run. Additionally, early warning system has been established so that precautionary action can be taken against vulnerable assets. Above all, proper monitoring and strong recovery drive from branches and corporate office help to maintain the quality of the assets of Bank Asia

In 2017, both Corporate Office and Branches worked hard hand in hand for loan recovery as well as for arresting new inclusion of new NPLs. Bank's strategy, effort and hard work has paid off and Bank have been able to reduce loan classification both in percentage and in absolute term. Bank ended the year 2017 with 4.38 % classified loan which amounted to Tk. 8.642 million.

CREDIT RATING

The long and short term credit rating of the bank remain stable in 2017. The rating of the bank in 2017 for long term was AA2 and for short term was ST-2.

AWARDS & ACCOLADES

Bank Asia received several awards by the national and international reputed organizations. Bank Asia has been awarded 1st Runner up position in the SAFA Best Presented Awards 2016 under SAARC Anniversary Award for Corporate Governance category. The Bank also achieved Third prize for Best Presented Annual Reports by ICAB for its Annual Integrated Report 2016 under Corporate Governance Disclosures and 'Certificate of Merit'(4th position) under Integrated Reporting Category from the Institute of Chartered Accountants of Bangladesh(ICAB). Besides these, the Bank also awarded the prestigious 'Bangladesh Bank Remittance Award' for highest volume foreign currency drawing through this Bank in 2016. For Sustainability Report 2016, the Bank garnered Best Sustainability Report category overseas in the 13th Sustainability Reporting Awards (SRA) by NCSR (National Centre for Sustainability Reporting) Jakarta, Indonesia.

STRATEGIC PRIORITIES FOR 2018

- Considering the market scenario, especially against shrinking liquidity and regulatory requirement, we will take holistic approach to maintain our Balance Sheet indicators like Advance Deposit Ratio (ADR), LCR (Liquidity Coverage Ratio), NSFR (Net Stable Funding Ratio), Commitment etc. within limit through combined effort of Business, CRM and Treasury.
- We will focus on mobilizing adequate deposit, especially low cost deposit through our Corporate Office, Branch and Agent Banking Channels in a collective effort from all level of employees.
- Like previous year, loan recovery and regularization of classified and nonperforming loan (NPL) will remain our top most priority. We will continue to engage our Corporate Office employees to assist Special Asset Management Department (SAMD) and Branches to expedite recovery process. Strong supervision, follow-up and monitoring of classified and NPL accounts will be ensured for recovery of loans. We will give special emphasize on recovery of our written-off loans this year. Both legal

- and non-legal measures will be pursued to this endeavor.
- We will focus more on improving health of our asset portfolio this year. We will emphasize on regular monitoring of existing loan to restrain deterioration to overdue and SMA. We will emphasize on strengthening relationship with existing good customers and remain vigilant and cautions while sanctioning new loan to ensure quality. For monitoring and regular visit of customers of Export and Construction sector, we will form dedicated Monitoring Team at Corporate Office.
- Along with RMG and textile, we will prioritize to finance construction & Infrastructure Project, fuel & power, steel & Iron, Cement, Healthcare sector etc.
- For CMSE segment, priority will be given to manufacturing, service enterprise, women entrepreneurs and cluster based financing. We will target to flourish in this segment through our Agent Banking Channel.
- We have already started providing Investment facilities to Islamic Banking customers through our conventional branches under "online service unit" of Islamic Banking. Along with the five Islamic Windows, our conventional Banking Branches will book Investment clients under online Islamic Banking services. We hope for significant expansion in Islamic Banking Business this year.
- From Risk Management perspective, the main focus will be on capital optimization through better risk management, digitization of Capital Assessment process, enhanced information coverage for risk analysis and adoption of advanced risk management models for liquidity, market and asset-liability management risks. We have already initiated the development process of Internal Credit Rating System (ICRS). Upon successful implementation, we will be move to Internal Rating Based Approach (IRB) for credit risk assessment.
- We will continue to improve our Alternative Delivery Channel to serve the customers with modern and Innovative banking product and services. We are working on digital account opening process, e-commerce and e-payment solution, QR code based payment system etc.
- We will continue to expand our Agent Banking Channel further across the

country. We will cover more unions through Union Digital Centers (UDC), NGO offices, Post Offices and other organizations. Special focus will be given on the partnership with Mobile Telecommunication Companies.

At the end, I would like to express my sincere thanks to our customers who continue to put their trust in Bank Asia Limited. I also want to thank my colleagues for their commitment and relentless efforts. I also appreciate the guidance and strategic advices from our experienced and prudent Board of Directors. And, finally to our shareholders, I reiterate our commitment to implement our business strategy and ensure delivering sustainable earnings growth in line with our noble vision of being a part to build poverty free Bangladesh.

Md. Arfan Ali President and Managing Director

World Economy

Economic activity of the year 2017 reveals a promising scenario as compared to the preceding year. Broad-based upward revisions of the growth outcomes in the Euro zone, Japan, emerge Asia and Russia in the first half of 2017, were better than expected and downward revisions were observed for the United States and the United Kingdom. But the recovery of the past recession is not complete while the baseline outlook is strengthening, growth remains weak in many countries and inflation is below target in most advanced economies. Commodity exporters, especially of fuel, are particularly hard hit as their adjustment to a sharp step down in foreign earnings continues. Short-term risks are broadly balanced; medium-term risks are still tilted to the downside.

GLOBAL GDP GROWTH

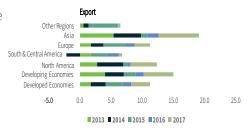

According to IMF, in the year 2017, the growth in the Global Output was 3.7% in 2017 this was 0.5% point higher than in 2016. The growth was mainly due to positive growth in Europe and Asia. Global growth forecasts for 2018 and 2019 have been revised upward by 0.2 % point to 3.9%. The strength in global growth is broad-based across most advanced and emerging economies. The Chinese economy alone contributed to one-third of the global growth during the year. The advanced economies have experienced a relatively higher growth in the GDP as the growth for fiscal year (FY) 2017 stood at 2.2% from 1.7% for the previous FY. Among the advanced economies, the condition of US improved as it experienced a growth of 2.2% in FY 2017 compared to that of 1.5% in the previous FY. The growth rate for the UK slumped to 1.7% in FY 2017 due to the Brexit referendum and turbulent political conditions from 1.8%.

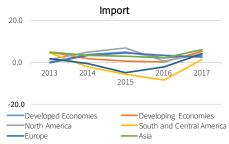

On the other hand, the overall GDP growth rate of South Asia plummeted to 6.6% in FY 2017 in contrast with 6.8% in FY 2016. The emerging and developing Asia witnessed a growth of

6.5% compared to that of 6.4% in FY 2016.

GLOBAL TRADE

According to WTO, volume of world merchandise trade has grown by 3.6% in 2017 and this growth is estimated to be within

Source: World Trade Organization

3.2% in 2018. The major reasons behind the growth in World trade are due to continued growth in investment, particularly among advanced economies, increased manufacturing output in Asia-mainly in technological manufacturing. However, there is uncertainty regarding near-term economic and policy developments.

GLOBAL COMMODITY MARKETS

Industrial commodities price showed an upward trend in 2017 due to increase in demand for the same and rise in oil price, while most agricultural prices remained broadly stable throughout the year. Crude oil price reached at \$53 per barrel (bbl) in 2017 which was \$43/bbl in 2016 and is expected to cross \$56/bbl in 2018. Natural Gas price in Europe and Liquefied Natural Gas (LNG) in Asia, which are partly linked to oil industry,

were steadily upward in 2017. Due to strong demand for metals, particularly in China's property, infrastructure and manufacturing sectors, prices have steadily

increased since January 2016 and broken the record of last two years. World Bank forecasted that, with the exception of iron ore, metals prices are expected to increase moderately in 2018

Agricultural product prices have slightly declined during the year 2017 and showed a downward trend for the last two years.

GLOBAL INFLATION RATE

In line with the preceding year, the inflation rate has sustained its lower level at 3.2% in the FY 2017. The limitation of oil production by OPEC and Russia contributed to a spike in the inflation rate for the advanced economy but showed a declining trend for the emerging and developing countries. However, the overall impact was suitable for the global economy. Amongst the SAARC region, the war torn Afghanistan registered an inflation rate high as 7.2% when Maldives exhibited an inflation rate of only 2.1%. The advanced economy seems to sustain a 1.5% inflation rate but is expected to see a spark in FY 2018 as much as 1.9%. Amongst the developed economies, the US registered only 1.8% inflation rate compared to 2.2% in the preceding year. The situation was reverse for the UK as the inflation rate sprout to 2.8% in FY 2017 compared to 1.2% in FY

Board of Directors at 18th AGM

Directors' Report

2016. The emerging market and developing economies marked a surge in the inflation rate contrasting to the preceding year by 3.5% while the Euro zone has maintained its 1.1% inflation rate.

GLOBAL FDI

In the first half of 2017, global FDI flows decreased by 3% compared to that in the second half of 2016. It stood at USD 788 billion but remained above 2013 and 2014 levels. By region, FDI flows into the OECD area decreased by 8% in the first half of 2017 compared to that in the second half of 2016 (from USD 502 billion to USD 462 billion). FDI flows into EU countries decreased even further by 46% (from USD 324 billion to USD 175 billion). FDI inflow to G20 countries has decreased by 31% (from USD 599 billion to USD 415 billion). In the first half of 2017, the United States was the largest recipient of FDI inflows worldwide (at USD 161 billion), followed by Switzerland (USD 61 billion) and China (USD 55 billion).

GLOBAL UNEMPLOYMENT

The unemployment rate is estimated at 5.8% which is expected to be stable in 2018. The conditions in USA showed promising as the unemployment rate came down to 4.4% compared to 4.9% in the preceding year. The

Unemployment (Million)

condition of the UK is somewhat similar to that of the US. The highest unemployment rate can be found in the Republic of South Africa which was 27.6% compared to 26.7% in the previous FY. Thailand denotes the best rate in terms of unemployment as it accounts for only 0.7% opposing to 0.8% in the previous year. Amongst the SAARC countries, Bhutan has the modest figure as it accounts for only 3.2% of the unemployment rate. China exhibited a 4% unemployment rate in both this and previous FY.

MAJOR CHALLENGES

Global economic experts assume that the global economy may confront serious challenges in the months and years ahead. Although the global economic activity is in upswing trend in FY 2017, there are few events that may hamper the overall economic growth:

- a) The new foreign policy of Saudi Arabia is stimulating for engaging in fight against Yemen and blocking Qatar. This incident also hampers the OPEC relationship and increases the capital cost of Qatar with a tension of war hanging around.
- b) Declaration of Jerusalem as the capital of Israel led to violent upsurge in many countries including the Euro zone which sees an overall negative impact on the world trade despite the high economic growth.
- c) Catalonia's Independence Referendum threatens the peaceful coexistence in the Euro region that sees the removal of financial headquarters out of that area and an ebbing trend in the economic growth of that particular region.
- d) US moving out of Trans-Asia Partnership, withdrawing from the Paris Climate Agreement and refusing to comply to Nuclear Negotiation with Iran may disrupt the world economic progress.

OUTLOOK FOR 2018

Since the recent global financial crisis, the US economy reached a new mark and the global economy exceeded expectations. The global economy has strengthened at the end of 2017 which is also expected to continue in 2018. Economic power and influence may continue to shift from west to east region. World industrial production has accelerated with a recovery in global trade that has been predominantly driven by stronger demand in East Asia. Confidence and economic sentiment indicators have also generally strengthened, especially in developed economies. Investment conditions have improved, amid stable financial markets, strong credit growth, and a more solid macroeconomic outlook. Considering the lower inflation rate and rising GDP growth rate, prospective outlooks for 2018 is predicted.

Annual Business Conference 2017

Annual Integrated Report 2017

Bangladesh Economy

The economic development of Bangladesh has shown a remarkable progress as annual GDP growth has surpassed 6.4% on an average since 2010. During the fiscal year 2016-17 (FY17), Bangladesh achieved record breaking GDP growth rate of 7.28% which is the highest ever in the history of the country due to higher private investments, exports, and remittances. As per the government plan, the country's GDP growth would reach over 8% by 2019, while it would be within 9% to 10% by 2030. Per capita income has estimated to reach USD 1,610 in FY17 from USD 1,465 in FY16. It crossed the World Bank's threshold for lower middle-income country status in FY14 and now it's folding to gain middle-income country status within 2021. The Global Economic Prospects, a flagship report of the World Bank Group, said that Bangladesh stood at 17th position out of 134 countries which have a growth rate of 6.4 percent or more in 2017-18.

GDP Growth & Size of South Asia						
Country	GDP Growth (%)	GDP Size (USD Billion)				
Bangladesh	7.28	221.4				
India	7.21	2,263.5				
Pakistan	5.24	283.7				
Sri Lanka	4.72	81.3				
Source: World Bank						

Larger import and modest export made the deficit balance in the current account. With RMG constituting more than 80% of the total country's export, Bangladesh has become the world's second largest ready-made garments exporter after China. The slight fluctuation of exchange rate was concerning factor for the importers. Annual average inflation rate stood at 5.7% as of December, 2017, which is little bit higher than 5.51% as of December, 2016. Bangladesh's foreign currency reserve crossed a record USD 33.22 billion as of December, 2017 which is enough to meet the country's import bills for nine months. But rise of non-performing loans, lower capital adequacy and the overall governance issues are some challenges for the economy.

AGRICULTURE SECTOR

Bangladesh is primarily an agrarian economy in which contribution of agriculture is about 14.74% of the country's GDP (in FY17) and around 60% of the total labor force. Rice, Jute, Sugarcane, Potato, Pulses, Wheat, Tea and Tobacco are the principal crops. However, agriculture sector has seen challenges to raise its growth in FY17 due to flood in several major crops producing areas. Aus, the first crop of the fiscal year, suffered in production loss in Q1 FY18. However, in FY17, agriculture sector is in increasing growth of 2.97% compared to 2.79% in FY16, mainly due to the slight growth in animal farming, crops and horticulture sub-sectors. Government has planned to produce 361.8 Lac Metric Ton (LMT) of rice in FY 18 against production of 338.0 LMT in FY17. Among the non-rice, total cereal crops (Wheat & Maize) is projected to reach 413.8 LMT in FY18 from 386.9 LMT of previous FY.

INDUSTRY SECTOR

Industry is the second largest sector in the GDP-pie which is fueled mainly by knitwear, ready-made garments, cotton textile, pharmaceuticals, wood products, iron and steel, ceramic, cement, leather & leather products, plastic products etc. That means the economy is transforming its nature from agricultural economy into industrial one. The overall growth in industry sector slightly declined to 10.2% in FY17 from 11.1% in FY16, though the contribution from this sector has increased to 32.42% of total GDP from 31.54% of previous year. The growths of different sub-sectors of industry sector have declined except construction and small scale industry sub-sector in FY17 compared to FY16 which contributed to fall in the overall growth of industry sector.

The large & medium scale manufacturing and small scale manufacturing sub-sector contributed about 81.8% and 18.2% respectively of the total output of the manufacturing sector whereas growth of these large and medium scale industry sub-sectors declined to 11.2%, followed by manufacturing sub- sector growth (11%).

SERVICE SECTOR

The service sector, also called tertiary sector, maintained its growth momentum and contributed 52.9% of the share in overall GDP. The contribution of service sector is more than 50% of the total GDP. Moreover, it provides support for the development of industry sector and agriculture sector. In FY17, the service sector accelerated its performance and grew

by 6.7%. This growth was mainly driven by wholesale and retail trade, transport, storage and communication, financial intermediations, real estate, renting, business activities, community, social and personal services sub-sectors.

Among the sub-sectors containing positive growth, financial intermediation sub-sector recorded highest growth of 9.1% in FY17 from 4.5% in FY16. Despite the positive growth, the service sector's share in GDP declined slightly to 52.9% in FY17 as compared to 53.1% of the preceding fiscal year. It is expected that rising trend of service sector would continue its contribution in the economic growth, trade and employment generation.

FISCAL OUTCOME

Expenditure

Government has estimated record breaking budget of BDT 4,002.7 billion (18% of GDP) for FY18 (budget 2017-18), which is 26.20% higher than the actual expenditure in FY17. In FY18 budget, 52% is allocated to non-development expenditure, while 40% has been allocated to development expenditure and rest for others. In terms of total allocation, growth is highest in Public Service (60.96%), Fuel and Power (45.03%) and Industrial & Economic Services (43.27%) sector

The Annual Development Program (ADP) in the revised budget for FY18 amounted to BDT 1,533.3 billion (6.9% of GDP) which was 50.03% higher than the actual ADP in FY17. In FY18 budget, top allocation was for education & technology (16.4%), public administration (13.6%), transportation (12.5%), interest payments (10.3%), and local government (6.9%).

Revenue Collection

In the budget FY18, revenue collection target is BDT 2879.91 billion, which is 31.80% higher than that of FY17 (Revised). It is expected that ongoing reforms & automation of revenue collection likely to boost NBR revenue. Among the total revenue target, NBR Tax Revenue target is 2,481.90 billion (86.18% of total revenue target) which is 34.16% higher than that in revised budget for FY'17). Value Added Tax (VAT) accounts for 912.54 billion (36.8%) and Taxes on Income and Profit accounts for 851.76 billion (34.3%) of total revenue collection of FY18. In this proposed budget for FY'18, most of the tax rates have been kept unchanged as that of FY'17 budget.

External Sector

External sectors in Bangladesh economy such as export, import and remittance

Directors' Report

have always played crucial role for the development path.

Export

Export earnings increased slightly by 1.72% in FY17 to USD 34,835.1 million from USD 34,257.2 million in FY16, of which, the export from EPZ was USD 5,213.6 million and USD 5,439.3 million in FY17 and FY16 respectively. The export in first half of FY18 accounted for 17,916 million pointing out 7.2% growth over the corresponding period of the preceding year. Export target was set USD 37,500 million for FY18 of which export target for July-December FY18 was USD 17,875.00 million. Apparels (woven garments and knitwear products) continued to occupy a very large share about 81% of total export earnings and registered slight increase in receipts from USD 28,094.2 million in FY16 to USD 28,149.8 million in FY17. Knitwear products showed a growth of 3.0% in FY17 compared to FY16. Consequently, export as percentage of GDP decreased to 14.0% in FY17 from 15.5% in FY16. Among the RMG export destinations of 2017, EU market accounts for 64% and USA for 17.96% of total export.

Import

Import (fob) in FY17 stood at USD 43,491 million achieving a higher growth of 9% compared to USD 39,901 million in FY16, of which import by EPZ based import was USD 3190.7 million and USD 3286.9 in FY17 and FY16 respectively. The import in first half of FY18 stood at USD 2,5013.8 million registering 19.71% growth from corresponding period of the previous year. Import of food grain recorded a significant growth of 21.2% in FY17 mainly due to increase of wheat import. Import of others food items increased by 19.9% to 4,240.4 million in FY17 from USD 3,536 million in FY16. Except negative growth of oil seeds (19%), all other items showed positive growth. Consumer and intermediate goods increased by 4.5% to USD 2,1359.8 million in FY17 from USD 20,432.3 million in FY16. All items of capital goods and others categories recorded a high growth of 11.2% to USD 20,118.6 million in FY17 from USD 18,092.4 million in FY16. Settlement of import LCs during July-December 2017 increased by 9.17% and stood at USD 24.66 billion. On the other hand, fresh opening of import LCs during July-December 2017 increased by 74.76% and stood at USD 40.23 billion.

Remittance

Remittance is the second largest source of foreign currency earnings of Bangladesh

after exports. World Bank ranked Bangladesh 5th in terms of the stock of migrants and 8th in terms of remittance earrings country in the world. The remittance inflow shows a decreasing trend since FY16. Remittance earnings decreased by 14.5% and 2.5% in FY17 and FY16 respectively. Remittances as percentage of GDP declined gradually from 8.2% in FY14 to 5.17% in FY17. Gross remittance earnings decreased to USD 12,769.6 million in FY17 from USD 14,931.1 million in FY16. However, during first six months of FY18, the manpower exports of the country increased by 103,199 persons (26.82%) compared to that of the same period of last year. The shortfall of remittance was mainly due to the decrease of oil revenues, increase of digital hundi (using apps and software) and fiscal tightening in the GCC countries.

Foreign Direct Investment (Fdi)

Foreign Direct Investment (FDI), 2nd largest component of financial account, is recognized as one of the important components of Bangladesh's foreign reserves. FDI inflows during FY17 increased by 22.52% and reached USD 2,454.81 million from USD 2,003.53 million during FY16. Moreover, FDI inflows stood at USD 507.15 million registering 3.24% growth during first quarter of FY18 compared to previous quarter.

Balance of Payments (Bop)

Bangladesh's balance of payments (BoP) recorded a surplus in FY17, despite unfavorable global economic condition. Overall balance recorded a surplus of USD 3,169 million compared to USD 5,036 million in FY16. The BoP surplus was supported mainly by financial account. Current account balance (CAB) showed a significant amount of deficit of USD 1,480 million during FY17, mainly due to deficit in trade balance by USD 9,472 million, CAB was a surplus of USD 4,262 million in FY16. The capital accounts surplus decreased to USD 314 million and the financial accounts surplus increased to USD 4,179 million respectively in FY17. The CAB of first half of FY18 has a deficit balance of USD 4,767 million, which was USD 543 million in same period of FY17. The overall balance showed USD 354 million deficit during Jul-Dec 2017, which registered USD 2,265 million surplus in same period of FY17.

CPI INFLATION

Annual average CPI inflation showed mixed trend in FY17. The headline inflation rate

stood at 5.44% in June 2017, while the Bangladesh Bank Monetary Policy Statement (MPS, January-June 2017) inflation forecast ranged between 5.3-5.6%. The twelve month average general inflation edged up marginally to 5.70% in December 2017 from 5.52% of December, 2016. Rising food inflation due to flash flood related crop losses in the Northeastern haor region from the middle of FY17 mainly accounted for the increase in headline inflation. The point to point general inflation increased to 5.83% in December 2017 from 5.03% of December 2016. At the same period, non-food inflation decreased to 3.85% from 4.49% and food inflation increased to 7.13% from 5.38%.

EXCHANGE RATE

Recent exchange rate movement has been consistent with maintaining export competitiveness as well as encouraging remittance inflows. In FY17, BDT experienced a depreciation of 2.81% against US dollar compared to 0.77% depreciation in FY16 due mainly to BB's interventions in the foreign exchange market to maintain stability as well as to ensure external competitiveness.

Monetary Policy

In FY18, Bangladesh Bank implemented its monetary policy stance to achieve price stability, alongside supporting inclusive output and employment growth. The monetary program for FY18 takes into account the recent economic and financial sector developments and will target a monetary growth path aiming at keeping GDP growth at 7.4% and average inflation below 6.0%. The new monetary policy of second half of FY18 (MPS H2 FY18) has set domestic credit growth unchanged at 15.8%; whereas private sector credit growth target at 16.8% against a previous projection of 16.3%. The public sector credit growth has reduced to 8.3% from 12.0%. The monetary program framework is based on the ceilings for broad money and reserve money growth of 13.3% and 12.0% respectively.

BROAD MONEY

According to MPS H2 FY18, Broad money (M2) grew by 10.9% as of June 2017 and reached 10.7% in December 2017; this rate is targeted to grow at 13.3% in June 2018. The lower growth in broad money is driven by both net foreign asset (NFA) and net domestic asset (NDA).

63

INTEREST RATE

The weighted average interest rates on deposits gradually declined from a pick of 8.54% in FY13 to 4.84% in FY17 and finally increased to 4.91% in December 2017. Similarly, following the downward trend, weighted average interest rates on lending rate also gradually declined to 9.56% in FY17 from a pick of 13.75% in FY12; however, at the end of 2017, this rate is lowered to 9.35%. The intermediation spreads between lending and deposit rates were above 5% up to FY14, which has gradually narrowed to 4.72% in FY17 and 4.44% at the end of 2017.

CALL MONEY

The weighted average call money rate in the inter-bank money market increased to 3.92% in December 2017 from 3.62% in December 2016. This rate is ranged from 3.68% to 3.93% during FY17. During the year 2017, total lending volume of call money was BDT 16,684 billion, recording average volume of BDT 1,390 billion per month.

FOREIGN EXCHANGE RESERVE

The gross foreign exchange reserve of BB stood at USD 33.23 billion as of end of December 2017, registering positive growth of 3.54%, compared to USD 32.09 billion as of end of December 2016. This reserve is equivalent to import liability of around 8 months. At the beginning of FY17, foreign exchange reserves was USD 30.13 billion which grew steadily (10.89%) throughout the year and touched the mark of USD 33 billion on June 21, 2017 and reached USD 33.41 billion at the end of FY17.

SOVEREIGN RATINGS

Bangladesh achieves Ba3 (Moody's) and BB-(Standard and Poor's) with stable outlook for the 8th consecutive years. Stable real GDP growth and strong external balances have helped Bangladesh to achieve BB- rating with stable outlook from Fitch Ratings for the fourth time. In general, a credit rating is used by sovereign wealth funds, pension funds and other investors to gauge the credit worthiness of Bangladesh, thus having a big impact on the country's borrowing costs.

OUTLOOK OF 2018 THE OPPORTUNITY & CHALLENGES

The year 2018 will be a turning point for Bangladesh in many ways. Bangladesh will prepare to graduate from the least developed country status in 2018. Major economic indicators performed at satisfactory level in the outgoing year 2017. The economy is showing prospect of maintaining the steady

growth pace in 2018. Private sector actual credit growth has exceeded than target level to achieve the desired growth. Although inflation is in rising trend due to food prices but this is still under control. The Executive Committee of the National Economic Council (ECNEC) approved 13 mega projects worth BDT 124.16 billion marking a prospect for investment opportunities and growth in business in FY18.

However, there are a number of challenges for the Bangladesh economy for journey in 2018. Overall balance of payments is showing negative balance, which may widen further due to heavy import growth and weaker export performances and remittance inflows. The upcoming National Election expected to be held in the early 2019 may create uncertainty on investment climate of the country. Governance issue around the banking sector is another big challenge for the economy. Moreover, influx of roughly one million Rohingya from Arakan of Myanmar is putting an upward demand for import of food and their alleged involvement in different anti-social activities over the country is also challenge for the economy.

Banking Industry Exploring 2017

Banking industry is considered as the nerve and artery of an economy. It plays a pivotal role for the development of Bangladesh economy. The banking industry has seen a strong pickup in adoption of digital offerings. Technology based services are facilitating the banking industry to reach remote customers. In line with the continued political stability in 2017, the banking industry has sustained a smooth growth through financial inclusion and business expansion. Banking sector has witnessed a sound operating profit in 2017 despite the downward pressure of loan interest rate and growing classified loan. Banking industry of Bangladesh entered into the Basel III from Basel II regime since January 2015. Now, the industry is gradually preparing to adopt the full implementation of Basel III by the year 2019. The banking sector represents moderate to higher stability despite the pressure to rationalize the AD Ratio, unpleasant competition, and growing trend of non-performing loans (NPL).

Regulation of the Banking Industry

Bank Companies Act 1991 and subsequent amendment in 2017 mainly guide the commercial banks in Bangladesh. The latest amendment allows the number of directors from two to four from a single family and the extension of the tenure from six years to nine years. The Bangladesh Bank (BB), being the central bank, exerts the supervisory controls over the banking sector. Besides, prudential guidelines for agent banking operation, loan classification and provisioning, amendment of guidelines on credit card operations of banks, foreign direct investment promotion project (FDIPP), promotion of cashless transaction and issuance of agricultural & rural credit policy & program for the FY 2017-18 were the key steps of central bank to strengthen sustainable development of the banking industry.

Banking Sector in Bangladesh

The Banking Industry has seen a rise in the deposit rate by the second half of 2017 while marking a weighted average deposit rate of 4.91% and lending rate 9.35% with a spread of 4.44% at the end of 2017. Total deposit of the banking sector in September 2017 stood at BDT 9,544.5 billion showing a point to point growth of 10.8%. Similarly total advances stood at BDT 7,458.4 billion marking a point to point growth of 18.7%. Gradual increase of AD ratio has become major concern for banking industry. Regulatory body has also specified the boundary of AD ratio for banking industry as a pre-step to ensure the sound liquidity position of commercial banks. As on 31st December 2017, banking industry has maintained BDT 2,596 billion in total liquid assets by keeping BDT 866.96 billion as excess liquidity. At the end of the year, call money rate slightly increased to 3.92% from the record low of 3.54% as the credit growth surpassed the deposit growth. The key profitability indicators - return on assets (ROA) and return on equity (ROE) stood at 0.34% and 4.66% respectively as on 30th September 2017 as compared to 0.7% and 9.9% respectively recorded in 2016.

The banking industry has maintained a provision of BDT 399.7 billion against required provision of BDT 463.1 billion, marking a shortfall provision of BDT 63.4 billion as of 30th September 2017. At the same period, the average CRAR (Capital to Risk Weighted Asset Ratio) for banking industry was 10.6% when the CRAR for the private commercial banks, state banks and foreign banks was 12.2%, 5.6% and 24.0% respectively. As of 30th September 2017, the cumulative NPLs of the banks reached BDT 803.1 billion or 10.7% of NPL to total loans. This ratio has slightly decreased to 9.3% at the end of the 2017.

Annual Integrated Report 2017 65

Review of operations of Bank Asia in 2017

Stable political as well as business environment leads the economy to grow moderately but still the banking industry had to pass another challenging year in respect of excess liquidity pressure, rising non-performing loan, declining interest rate on loans and advances, lower rate on T-bill/bond and so on. Yield on advance of the bank declined by 0.83% in 2017 and came down to 9.03% from 9.86%. Bank's total assets reached Tk. 288,997 million in 2017 compared to Tk. 253,196 million in 2016 with a growth of 14.14% and total capital reached Tk. 32,914 million from Tk. 24,775 million with a growth of 33%. Deposit reached Tk. 207,041 million compared to Tk. 191,273 million with a growth of 8.24% and Loans and advances was 20.72% higher than the preceding year and stood at Tk. 197,504 million.

Bank's import increased by 18% and stood at USD 2,156 million (Tk. 181,468 million) in 2017 where in 2016 it was USD 1,824 million (Tk. 148,724) million. Export increased by 13% and reached USD 1,457 million (Tk. 118,172) million which was USD 1,286 million (Tk. 103,139 million) in the previous year. Inward remittance in 2017 showed a growth of 23% and reached USD 654 million (Tk. 51,778 million) compared to USD 532 million (Tk. 41,665 million) in 2016. Although bank's core income increased, investment income exhibited negative growth for reduction of yield on treasury bill/bond. Operating profit and net profit after tax of the bank stood at Tk. 6,688 million and Tk. 2,048 million respectively. The Bank did much better in restraining growth of classified loans and the year ended with CL ratio to 4.38% in 2017 compared to 5.41% of

previous year. The Bank is standing on sound footing where strong capital base is playing a key role for smooth business growth. This strong capital base helped the Bank to maintain a very satisfactory Capital to Risk Weighted Assets Ratio (CRAR) of 14.89%.

To maintain the increasing demand of customers for innovative services and a balanced distribution of network, the Bank opened 9 new branches in 2017. The whole network of Bank Asia now consists of 116 branches, 4 SME service centers, 5 Islamic windows, 132 own ATMs and more than 7,500+ shared ATMs, 1 Brokerage Company in Bangladesh and 2 exchange houses located in UK and USA. The Bank is also operating 2 branches of BA Express USA Inc. in New York since 2014. All the operations of the Bank are interconnected and integrated through state of the art networking technology.

Corporate & Large Loan

Considering the increasing economic growth of our country, Corporate & Large Loan Division of Bank Asia Limited is providing the best possible financial products & services with expertise and dedication to attain sustainable growth and development. The Bank has financed in major corporate business sectors, which are large scale manufactures including food, beverage, RMG and textile, construction, power plants, transports, institutions, trade services, housing, utility services etc.

66

Corporate & Large Loan Division is the single largest business unit of the Bank. This division deals with customers having total funded limit of Tk. 200 million and above or total exposure of Tk. 300 million and above. In addition to that entire portfolio of Financial Institutions (FIs) and export oriented industries are being handled by this division.

This division comprises of three major departments/units; Export Finance

Department, General Finance Unit, and Syndication & Structured Finance Unit. A snapshot of these three strategic arms of corporate business are as follows:

- as a stand alone department under Corporate & Large Loan, facilitates export oriented clients in a more resourceful and proficient manner while identifying business needs and devising a wide array of services for capital expenditure and working capital engagement in the special forms of back to back letter of credit, packing credit, bill purchased and discounted etc.
- General Corporate Finance:

Two wings formed for proper and smooth administration under General Corporate Finance deal with all general modes of finance spreading from short-term to long-term in nature in the likes of demand guarantee, letter of credit, demand loan, loan against trust receipt, time loan, term loan, and lease financing etc.

Bank Asia refinanced Provita Chicks Ltd. under Long Term Financial Facility (LTFF) of Financial Sector Support Project of Bangladesh Bank

Directors' Report

Syndication and Structured Finance:
 Another department under Corporate
 & Large Loan which deals with
 arrangement of fund for large projects
 of corporate clients therefore spreading
 the risk amongst the partner FIs/Banks
 and also offers agency services.

Major Activities in 2017:

- As on December 31, 2017, total loan portfolio of C&LL was Tk.122,520 million which is around 62% of the total loan portfolio of the Bank.
- Clients handled by the division executed export worth Tk.106,720 million & import worth Tk.144,593.52million in 2017.

- Arranged refinance of USD 7.41 million under the Long Term Financial Facility (LTFF) of Financial Sector Support Project of Bangladesh Bank on account of Provita Chicks Ltd.
- Financed Euro 5.17 million under the Export Credit Agency (ECA) to Engreen Sharishabari Solar Plant Ltd. for establishing a 3-MWp (megawatt-peak) Grid-Tied SPV (solar photovoltaic) independent power plant on 8.23 acres of land at Sharishabari of Jamalpur. This is first of its kind power project ever established in Bangladesh which has already gone to COD in 2017.
- Signed an agreement with Bangladesh Bank to finance export oriented Textiles & Textiles Products and Leather Manufacturing Industries under Green Transformation Fund (GTF) of Bangladesh Bank.
- Entered into arrangement with Bangladesh Bank on for two step loan for Urban Building Safety Project (under JICA/Bangladesh Bank Refinancing Scheme).
- Signed agreement with Bangladesh Bank for Green Finance under its refinance scheme.

Syndication & Structured Finance

Bank Asia has been operating in the syndication loan market for than one and a half decade. Our expertise in loan syndication facilitated entrepreneurs to successfully accomplish a number of significant projects to assist the real sectors of the economy.

Since 2000, Bank Asia's Syndication & Structured Finance Unit (SSEU) C & LL bases

Since 2000, Bank Asia's Syndication & Structured Finance Unit (SSFU) C & LL has been extensively engaged in syndicate activies, acting as lead arranger and agent in 18 syndications totaling Tk. 12,015 million for various projects, some of which are import substitutes, have created substantial amount of employment opportunities, and are saving as well as

earning scarce foreign currency through exporting. SSFU provides financial solutions to infrastructure, industrial service oriented projects, power projects, refinery plant, textiles, ceramics, pulp & paper, telecom, steel, cement etc. The unit also plays a vital role to accommodate different types of large loans for the Bank's corporate clients- i.e. Project Term Loan (Local & Foreign Currency) including BMRE of projects, Working Capital Financing, Short Term Loan, financing under Long Term Financing Facility (LTFF), Offshore Financing, Bridge Financing, investment in alternative product etc. During the year 2017, we have launched

two Syndication deals worth Tk.67.10 billion in Refinery and Cement Sector. We are in the process of raising of Syndicated Term Loan of Tk. 64 billion as Lead Arranger and Agent for setting up a Petroleum Refinery project by Bashundhara Oil & Gas Company Limited. This would be the largest Syndication deal in the banking industry.

Besides, Bank Asia Ltd, is acting as Lead Arranger and Agent for Bashundhara Industrial Complex Ltd. to enhance the production capacity of the existing cement factory (Ball Mill) at Madongonj, Narayangonj. After the proposed expansion, total production capacity of the project shall be 3,000,000 MT per annum having total project cost of Tk.4,498.98 million, which will be financed by Syndicated Term Loan facility of Tk. Tk. 3,146.13 million.

We are committed that in 2018, our SSFU will continue to work on deepening existing relationships and sourcing new clients for generating new income opportunities and to offer more innovative value added services for the changing macro-economic landscape which will place more emphasis upon loan syndication to support the economy of the country.

Annual Integrated Report 2017

Directors' Report

CMSME Banking & Agri/Rural Credit

MSME Division and Agriculture Division has been restructured and incorporated under Small Enterprise & Special Programs Loan, Medium Enterprises and Agriculture Department form the year 2015.

COTTAGE, MICRO & SMALL ENTERPRISE FINANCING

Small Enterprise & Special Programs Department presently deals with the Cottage, Micro & Small Enterprise business and in connection to that we are driving business by taking different initiatives to boost up financing to this sector all around the year. In 2017, we strongly focused on cottage & micro enterprise financing, cluster financing, new entrepreneurship development financing, promoting rural people as well as rural women entrepreneurship, creating business network for CMSE entrepreneurs and financing in untapped areas to the unbanked new entrepreneurs.

As we are listing down our initiatives in the year 2017, Bank Asia continued close association with different MSME activities like:

- The SE & SPL Department of the Bank has arranged launching of 3 new products titled "Nilima"-for Women Entrepreneur, "Bahon"-for Commercial Vehicle Finance and "Astha"- Special Current Deposit account for SME Entrepreneur.
- Created new partnership with SME Foundation for financing to the Women Entrepreneurs and financing to

- the Electrical Products Manufacturing Cluster.
- Partnered with Hishab Ltd. under the banner of "SME Digital Market Initiative" for-Using Mobile voice based financial data record keeping and utilize the data for potential financing.
- Participated in "Banker-SME Women Entrepreneur Gathering & Product Fair-2017" organized by Bangladesh Bank.
- Participated in the "Entrepreneur-Banker Match Making & Loan
 Disbursement program with Central Bank" held at Tarail Kishorgonj, Maijdee Noakhali, Comilla and Jessore.
- Organized 10 training season and provided training to 430 officers of the Bank on understanding SME business, aware the business need and assessment of finance of the CMSME customers and Digital SME loan application processing.
- As we are the first financial institution in the industry to introduce TAB based digital SME & Agri proposal processing, in 2017 we processed 1700 new proposals through this DIGANTA online credit approval system

Apart from the above, the Bank arranged different business meeting with the existing and potential clients throughout the year.

Cluster Financing

As a commercial bank, Bank Asia also adopted full-fledged digitized clusterbased approach for financing cottage, micro, small and medium enterprises (CMSMEs). We worked on extending banking services to recognized or unrecognized SME clusters by adopting a 4-C approach: Customer focus, Cost control, Cross sell and Containing risk. Throughout the year, we financed 330 entrepreneurs in different CMSME clusters with the disbursement amount of Tk. 175 mln. Currently the bank is actively working on developing and financing in the following clusters-

Electric & electronic cluster- Jurain, Muradpur, Kadomtoli, Syampur, Dhaka. Handloom & Specialized Cloth Cluster -Adhamdighi, Bogra

Hosiery Cluster - Jurain, Kadomtoli, Dhaka. Bamboo & Cane Cluster - Rajanagar, Sirajdikhan, Munshigonj.

Shitol Pati Cluster- Joynshar, Sirajdikhan, Munshigonj.

Jamdhani Cluster - Moikoli, Tarabo, Rupgonj, Narayangonj.

RMG Cluster - Dolagaon, Nimtola, Munshigonj.

Pottery Cluster - Ultapara, Noihati, Kaliakoir. Broom Cluster- Keranigonj, Dhaka Card Cluster- Kaliakoir, Gazipur Sports Ware Cluster- Bondor, Narayangonj

Financial Highlights of 2017

- The Cottage, Micro and Small Portfolio stood at Tk. 7,010 mln compared to previous year's Tk. 5,441.18 mln with a growth of 28.8%
- Medium Enterprise Portfolio stood at Tk. 25,850 mln compared to previous year's Tk. 20,826 mln with a YOY growth of 24,106
- 4,394 no. of new CMSE borrowers were added to the CMSE portfolio in 2017 with a volume of 4,270 million
- 1,413 new customers were on boarded in Mid Segment Enterprise with a volume of Tk. 21,626 mln

Agriculture/Rural Credit

Bank Asia Ltd. has contributed greatly in Agricultural/ Rural credit sector. FY 2016-2017 was a good continuation of target achievement like every year. We have achieved 123.88% against our total disbursement target of Taka 2,100 million and distributed the credit facility to 79,767 rural farmers. Bank Asia has superseded the given target of Agri credit set by Bangladesh Bank consecutively last three years. Till to date, 500,890 number of farmers have received financial assistance from us.

Status of Agricultural/Rural Credit as on 31-12-2017 is given below:

MA:I	lion	Tal	

Particulars	Direct Network	NGO Network	Total
Disbursement (from 01-01-2017 to 31-12-2017)	873.49	2,721.03	3,594.52
Outstanding (as on 31-12-2017)	624.17	3,458.48	4,082.65
No. of beneficiary	21,084	71,047	92,139

Besides target achievement in every sector of Agricultural credit in 2017, Bank Asia emphasized to extend credit facilities in the following contemporary form

A-Card

The Smart form of Agricultural credit was propagated into 1,367 rural farmers. Total Taka 22.00 million was used through A-card in this year.

10 Taka Account

We facilitated 2,140 borrowers by disbursing Taka48.39 million and received refinance of Taka 45.50 million from Bangladesh Bank in the year 2017. Bangladesh Bank has appreciated Bank Asia Ltd. for the contribution in this sector.

Partnership with different international Organization

With the aim of attaining international level of agricultural/rural financing, Bank Asia has cruised partnership with different international organizations like USAID AESA project, USAID AVC Project, Swiss Contact, NAFCO etc.

Poultry farm financed by Bank Asia

Mid-segment Enterprise Financing

Currently, most of the big loans given out by the banks are at high risk of failing. Therefore it is imperative that banks move away from big loans to maintain financial stability and reduce loan defaults. As such it is wiser to focus on small and medium enterprises. Presently our Midsegment Enterprise (ME) is dealing with all branches' credit proposals with credit limit up to maximum Tk. 300 million as a

single borrower exposure. The industry outstanding on medium enterprise loan is Tk. 814,830 million in our country. Our bank's present ME portfolio is Tk. 25,850 million as on 31.12.2017 which is holding 3.17% market share. Presently the market gap is Tk.706,731 million which denotes a significant prospect to grow up in medium segment. A robust but pragmatic budget has been set for the year 2018 and effective

strategies have been formulated to meet the challenges to reach the goal of medium segment business of our bank. Bangladesh Bank encourages banks extending loans to this preferential sector for more financial inclusion. Bank Asia also echoed the same preference.

The business position of Mid-segment Enterprise (ME) as on December 2017:

million taka

Year end position 2016	Yearly Budget 2017	Actual December, 2017	Budget Vs Actual	Net Growth 2016 Vs 2017	Growth % over 2016
20,826	25,792	25,850	100.22%	5,024	24%

Credit Administration

The function of Credit Administration Department (CAD) is to ensure quick, smooth and safe running of the operations against the most critical functions of loans and advances extended to the borrowers. Its main objective is to support and control the extension of all credits centrally by systemizing the credit facilities and security documents as per terms and conditions of sanction letters, working with critical CIB operation, regulatory reporting, monitoring expired loan, deferral documents and checking copies of major security documents. As the bank is growing in terms of number and size of loans, diverse products and clients, complex process and procedures for compliance requirements, particularly in relation to reporting and maintaining prudential standards, the role of credit administration department is challenging and crucial.

Departmental Activities in 2017

- i. Systemized 187,493 jobs including changes of limit, terms & conditions, changes of interest rate, installment size, number of installment modification, allowing of EOL / L/C, time extension of composite limit along with deferral
- ii. Checked of 163,044 major documents against 12,131 borrowers
- iii. Monitored 27,552 accounts (Past due loans) and reviewed 8,108 expired loans accounts for regularization
- iv. Regularized 332 deferral documents out of 579 documents of all branches
- v. Downloaded CIB reports of 41,804 borrower & uploaded 68,257 accounts through online system and against which we have realized Tk. 2.24 million as CIB charges
- vi. Correction of CIB database against 630 borrowers from Bangladesh Bank
- vii. Submitted 279 statements to Bangladesh Bank and other bodies (monthly/quarterly /half yearly/yearly) through conventional and RIT after checking

Planning for 2018

- 1. Implementation of collateral security database against loans & advances and separate module for updating information as per Bangladesh Bank instruction
- 2. Conversion of CIB ftp server to MISDB for smooth service (CIB Report) to the Branch / Agri / SME center
- 3. Up-gradation of core banking system for CIB information
- 4. Introduction of SOD request through MISDB for faster service to branch
- 5. Inclusion of major documents in MISDB as a part of online documentation and Deferral reporting through MISDB

Sectoral Distribution of Credit

The Bank's loans and advances portfolio increased to Tk. 197,504.14 million achieving a growth of 21%. Sector wise distribution of loans and advances is as follows:

Million Taka

SL.		20)17	2016

Annual Integrated Report 2017 71

Credit Risk Management

Policy development is regarded as an indispensable task of Credit Risk Management with a view to ensuring sustainable and performing assets development of Bank Asia Limited. It is widely known that nature of business is changing with the advancement of technology and arrival of different needs from different customers. CRM Department plays a vital role in formulating cutting-edge policy to capture new business and adjustment of existing policy for making ease to existing business.

Major Policy Update in 2017

- Review of Policy Guidelines-Credit Risk Management of Bank Asia Ltd.
- Implementation of Bangladesh Bank's guidelines on Credit Risk Management (CRM) towards restructuring of credit operation system of Bank Asia Limited
- Policy on financing to the proprietorship concern alongwith KYC for proprietorship concern

Risk Assessment:

- Review of the responsibilities of the Chief Risk Officer (CRO) and Chief Credit Officer (CCO)
- Deferral policy for security/support documents
- Guidelines for allowing LDBP facility favoring Trading Concern
- Modification of existing SOD (Earnest Money) Financing Policy
- Modification of existing Commodity Financing Policy

Issuance of sanction

The department has been performing sole responsibility for issuance of sanction advice combining security details, different obligatory covenants, and general guidelines for loan disbursement.

Credit monitoring

Off-sight credit supervision has become very essential to check and understand whether the approved loan is performing up to expectation. CRM Department periodically review bank's loan portfolio which includes but not limited to corporate loan account, mid-segment loan account, and SME loan account. The department also extends support to the branches by helping them develop effective loan monitoring strategy.

Credit Rating & CRG

CRM Department through its rigorous persuasion and enforcement helps branches to ensure credit rating and credit risk grading of the valued customers. Credit rating and credit risk grading give the true outlook of loan applicants. These two are prerequisite for better portfolio development and the department has the glory to ensure significant loan customer having credit rating and CRG.

Shift of Business Delegation

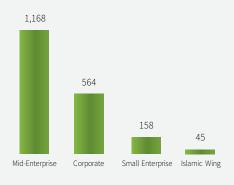

To pick up the pace of the proposal processing while maintaining all due diligence, delegation of business power has been entrusted amongst some of the CRM executives by the Management for the first time in Bank Asia Ltd.

Process Automation

To get the leverage of advancement of Information Technology, CRM Department of Bank Asia Limited has taken sole responsibility of business process automation. With the revelation of effectiveness of the automation process, every department has welcomed the move, appreciated it for faster communication, gradually embraced the change and adopted it for preserving sanction for timeless period. Automated departmental activity report, account conduct analysis of borrower, ID-wise loan details of borrower, and customer performance report have already been included with a view to extending all possible support to the user of the system. However, CRM Department having proper instruction and guideline of top management is still on the move to make the service worthwhile for the bank.

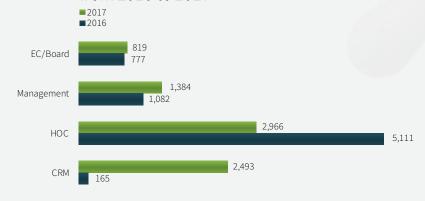

Credit Risk Management Division has been on its strong footing to take calculated risk while doing sustainable business at the same time. Regimented assessment process as well as robust monitoring system has been ensured towards streamlining the portfolio.

Islamic Banking

With the commitment of providing high standard of Shariah complied product & financial services, Bank Asia Islamic Banking was commenced in 2008. At present, Bank Asia is operating 5 Islamic Banking Windows in three divisions of the country. Up to December 2017, our deposit reached to Tk.13,863 million, investment (credit) to Tk.11,906.40 million and profit to Tk.416 million with a growth of 27%, 18% and 38% respectively compared to that in 2016.

All of our Islamic Banking activities and products are strictly monitored by the Board and Management and guided by Shariah Supervisory Committee of the Bank. Our Shariah Supervisory Committee consists of 9 members including qualified Fagih (expert on Islamic law), elite Islamic Scholars and professionals of the country having experience in Islamic Banking.

To calculate profit on Mudaraba deposit, Bank Asia developed a unique profit distribution module based on Income Sharing Ratio (ISR), the first of its kind in Bangladesh. In this module Bank offers an income sharing ratio to the Mudaraba depositors rather than offering a provisional or fixed rate. The actual profit is calculated every month on the basis of income earned for the same period. This module has already been recognized as a better Shariah compliant and justified profit distribution module than that of other Islamic Banking operators in the country.

Under the permission of Bangladesh Bank, we are now offering more diversified deposit and investment products to meet the growing needs to the online customers through all outlets of the bank. To make the venture successful, our Islamic Banking conducted several training programs, both on-the-job & off-the-job, to all the concerned officials of the bank. We hope that through the expanded network, our Islamic Banking would flourish exponentially.

In November 2017, we have started our Islamic Agent Banking activities through 25 piloting outlets. Our Islamic Agent Banking is using separate software for conducting its business activities. Till December 2017, we covered 71 Agent points in 12 districts. We are going to offer our diversified deposit and investment products to the Islamic banking customers through all of our Agent points covering all districts in 2018. We hope that this would create stronger brand image of Islamic Banking throughout the country and would contribute more in the overall profitability of the Bank.

Business Review Meeting of Islamic Banking

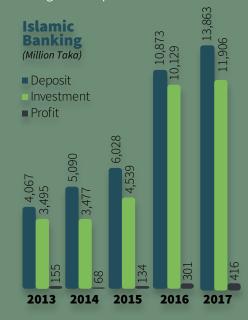

Soft Inauguration of Islamic Agent Banking

Key Activities in 2017

- Islamic Banking arranged 'Islamic Deposit Campaign 2017' from all branches/Islamic Windows of the Bank.
- Conducted extensive marketing campaign in the surrounding areas of the branches, briefed Islamic Banking products, services & policies to the officials of the branches to spread out Islamic Banking all over the country which resulted in covering online customer base over 15,000 (active account only) with deposit amounting to Tk.4,500 million at the year-end of 2017.
- During last year, we have started to book Investment client from some of our conventional branches through Online under linked Islamic Windows.
- Islamic Agent banking operations have also been started during the year that opens our avenues to popularize our Islamic Banking at the root level of our economy.
- Through Hajj services operation, Islamic Banking extended their support to Hajj pilgrims in their pre- registration and final registration processes.

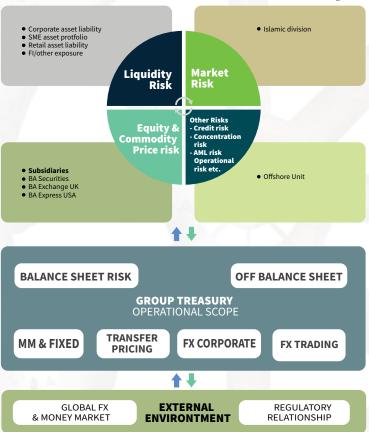

Treasury Operations

In banking business, movement or transformation of the components in the balance sheet is an ongoing process which has a resultant effect on the profitability and overall strength of Bank. Bank Asia Treasury plays an important role by identifying and measuring those risks and minimizing or hedging those risks using various financial tools for stabilizing the balance sheet and maximizing profit for bank. Therefore, in the process, treasury operates through the integrated efforts of Money, FX, and ALM to achieve the desired goal.

MONEY MARKET & FIXED INCOME

Surplus liquidity and flat market scenario of early 2017 moved reverse path since June'17. Due to

credit growth fueled by import finance in capital machinery, industrial raw materials, agricultural food items contributed in mopping up excess liquidity in the market. Our money market and fixed income desk was very active throughout the year and with the view of falling term structure, invested fresh fund in primary & secondary market of bills at laddering methods to maintain SLR and LCR at optimum level. Viewing the investment opportunity in other money market products, treasury extracts advance money from holding with some capital gain realization based on duration rather waiting for maturity. Treasury ensured optimum duration of investment and brought the investment position down and shifting the portfolio to placement with Banks due to demand for money in interbank.

ASSET LIABILITY MANAGEMENT

The year 2017 was a challenge for Treasury as in the second half, the loan growth did not match with inelastic & sticky pricing. Bank successfully maintained all ALM regulatory limits within limits. Throughout the year, changes in market liquidity and interest rates may expose bank to the risk of losing money. Asset Liability Management (ALM) has therefore become a key financial and risk management discipline that manages both on/off balance sheet position to maintain a risk reward profile for creating stakeholders' value.

Falling interest rate spread, popularity of FC loans amongst corporate customers were evident especially in the first half of the year. Afterwards, loans and advance started to grow in the second half but was

well below ADR limit. However, IDR of islami wing increased above limit due to comparatively small portfolio; though due to active involvement in deposit procurement, it came down below the limit. At the end of 2017, Bank successfully achieved healthy deposit mix by reducing high cost deposit to 48% at year end from 51% previously. Volatile big corporate deposit is now only 5.50% of total deposit; top 10 loan account holds only10.82% of total loan. Under the circumstances, Treasury's primary objective was to mitigate the balance sheet gap in cost effective manner, maximizing NII, and managing BASEL liquidity standards of LCR, NSFR, leverage which have also become key concern of management

and regulators around the world. Throughout the year, treasury took proactive approach and remained a strong hand of ALCO for asset liability position, commitment of bank, market liquidity, and transfer pricing rate for profit centres. Bank's Balance sheet is now in sustainably strong position and ready for an excelled take off.

FOREIGN EXCHANGE

We know Bangladesh Bank prepared a list of top 10 import financing bank in the industry during the first half of FY 2017-18. Bank Asia is one of them. Throughout the year, import volume significantly surpassed the export and remittance business. This resulted negative current account balance and depreciation of local currency. The year started with USD/BDT Tk.78.70 and gradually moved up to

USD/BDT Tk. 80.55 at May'17 end. Afterwards, the upward journey was relatively flatter before it shoot up since early Nov'17 and reached to yearend high USD/BDT Tk. 82.70. However, the effective rate was higher as fund was traded through cross currencies. Over the year, treasury maintained bank's net open position and FC liquidity in a prudent manner to manage exchange rate risk involved in commercial transactions of on-shore and off-shore banking units.

Treasury portfolios holds 25% of Bank's Balance sheet

TREASURY PRIORITIES FOR 2018

In the context of current market scenario with cautious movement of regulators and narrowing market liquidity along with wider scope of openness of Bangladesh economy, Treasury is prepared for big leap forward for risk addressed expansion of it's business horizon in holistic approach through combined effort of Treasury and all business units. Accordingly the needful are sorted out to accomplish the board and management vision.

Annual Integrated Report 2017 75

International Division

INTERNATIONAL TRADE

International Trade is one of the challenging areas of banking operations yielding higher income for a bank. Globalization has made it very dynamic and at the same time very risky to operate. With the growing number of customers and changes in the pattern of International Trade, Bank Asia is providing the best quality services among the private commercial banks in Bangladesh. Bank Asia possesses experienced professionals having sound educational background engaged both in AD branches and in Head Office for catering the foreign trade needs of the customers. The Bank has a stretched and expanded global network reaching every corner of the world for extending all sorts of foreign exchange services to the customers. Thus the Bank is growing steadily and sustainably in the International Trade arenas over the time.

FOREIGN TRADE AND GUARANTEE

In 2017, the total Import business of the Bank was USD 2,156 million registering a growth of 18.21 % over the Import Business of 2016 (USD 1,824 million). Total export business of the Bank in 2017 was USD 1,457 million which was 13.36% higher than that of 2016 (USD 1,286 million). Bank Asia has issued guarantees against foreign counter guarantees amounting USD 126 million in 2017 favoring different Government Authorities, Ministries, Autonomous Bodies, Corporations, Private Companies and Multi National Companies etc.

FOREIGN CORRESPONDENTS

Bank Asia has continuously developed strong correspondent relationship with internationally reputed banks to facilitate its foreign trade business. As of December 31, 2017 the number of foreign correspondents stood at 727 in 165 countries of the world.

Our excellent reputation in meeting our commitment along with our strong financials have enabled us in securing credit lines (both funded and non-funded) from International Finance Corporation (IFC-private sector arm of World Bank Group), Asian Development Bank and other world renowned DFIs/Banks.

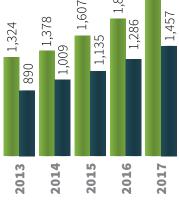

Bank Asia is the first bank in Bangladesh to arrange Supplier's Credit with Europe based AKA Bank. Besides, preliminary relationship building with DEG (Deutsche Investitions-undEntwicklungsgesellschaft) known as "German Investment and Development Corporation" and renowned development bank FMO (Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V.) known as "Netherlands Development Finance Company" has also been initiated.

In year 2017, Bank Asia has signed a

Import and

Export

Membership Agreement with CCR Manager, a worldwide Fintech Company to manage its credit line in efficient and completive way in order to provide more value added services to its trade clients.

NOSTRO ACCOUNTS

At present, Bank Asia is maintaining 31 nostro accounts in major international currencies viz.: US Dollar, Pound Sterling, Swiss Franc, Japanese Yen, Australian Dollar, Canadian Dollar and Euro & Dollar accounts under Asian Clearing Union (ACU), with reputed international banks, ensuring effective foreign currency management as well as timely payment of foreign currency commitments.

SWIFT OPERATIONS

Bank Asia has become a member of SWIFT in 2000 to ensure smooth, reliable and secured financial transactions for its retail and corporate customers. Over the years, our expert SWIFT team has introduced many innovative features in its existing SWIFT system. In the last quarter of 2016, our SWIFT operation unit has introduced SWIFT Alliance Message Management 7.1.10 which enables all branches to be linked up with SWIFT uninterruptedly with more than 10,000 Live Institutions in 251 countries around the world, we have installed nSMART as Middleware Software procured from Nazdaq to facilitate Sanction Screening, Nostro Reconciliation, interfacing with SWIFT as well as different foreign exchange modules of CBS. It is noteworthy to mention that the President and Managing Director of our bank has been elected as SWIFT Chairperson in Bangladesh.

CENTRAL TRADE SERVICE UNIT (CTSU)

CTSU is working as a service centre of the Non-AD Branches of the bank for trade services, i.e. import, export, guarantee, inward and outward remittance, LC advising and transfer and trade advisory services. Day by day it has reached to almost all the Non-AD branches (currently serving 90 branches) with its quality services and became a comfort centre for the non-AD Branches.

Activities in 2017

- Processed 3,370 nos of Import LC (including 319 nos of BTB LCs) amount Tk. 21,736.76 million.
- Processed 3,701 nos of Export Bill (local/ foreign bills) amount Tk. 6,010.02 million.
- Processed remarkable nos. of inward remittance (2,780 nos.) which accounts Tk.1,318.17 million.
- Outward remittance stands 702 numbers (including advance TT for Import nos 80) and total amount Tk. 1,200.60 million.
- Advised and transferred total 4,494 nos. of Export LCs.
- Processed & issued 75 nos. of Bank Guarantee worth Tk. 5,761.13 million.
- Visited 58 Nos of Non-AD clustering Branches and their customers/factories across the country for foreign trade business encouragement purpose as per CTSU's 'Branch Visit Program-2017'.

Plans for 2018

- Boost up all the non-AD branches for grabbing more foreign trade business.
- Visit all the active clustering branches and their customers/ factories.
- Organize region-wise workshops/ seminars for the FEX Officials of Non-AD Branches.
- Adoption of technology and make our bank paperless/green banking.
- Set up dedicated desks for inward remittance and FDI.

announced by Global
Finance, a renowned
financial magazine

ONLINE PAYMENT GATEWAY SERVICES PROVIDER (OPGSP)

Freelancers earn foreign currency by exporting nonphysical forms of services such as data entry, data process, offshore IT services, Business Process Outsourcing etc. To meet the banking needs of these freelancers in Bangladesh, Bank Asia has established strategic alliance with PAYONEER Inc. USA and Payza, Canada which are among the largest OPGSPs. Through this service, freelancers can receive their earnings very quickly and easily. In 2017, we have earned remittance of USD 30.62 million through 'Payoneer' & 'Payza' which is 124.41% higher than that of 2016 (USD 13.65 million).

OFFSHORE BANKING

With a view to catering the banking requirements of non-resident customers, Bank Asia has established Offshore Banking Unit

(OBU) in Chittagong Export Processing Zone (CEPZ). OBU acts as a unique solution for the banks around the globe to carry out international banking business which involves foreign currency denominated assets and liabilities taking the advantages of low or non-existent taxes/levies and higher return on investment. In 2017, Off-shore Banking Unit has made a cumulative profit of USD 2.47 million which is 8.50% higher than that of 2016 (US\$ 2.28 million).

Major Automation Works

- Bulk Data Process for Bangladesh Bank Online and regulatory monthly reporting
- Automation of Nostro A/c Reconciliation
- Automation of FEX Business Monitoring
- PRC Automation
- EDF Module up gradation
- Automation of Export Bill Discounting of OBU operations
- Implementation of New Bangladesh Customs Tariff HS Code etc.
- Automation for updated Trade Finance Dash Board
- Automation for Intimation and Notice to branches regarding their overdue liability position etc.
- SWIFT modernizations as per International Standard
- SWIFT Security Attestation

Foreign Remittance

Remittance has always been an important sector for the Bank considering the fact that makes up the 2nd largest volume of foreign exchange earnings for Bangladesh. Since its inception, Foreign Remittance Department (FRD) showed continuous growth with increased volume over the years.In 2017, FRD remittance inflow stood USD 654.48 million against budgeted USD 450 million, 23% higher from previous year's volume of USD 532.10 million. Despite negative growth of the country, FRD registered the positive growth. Round the year, FRD managed to keep the momentum of inward flow of remittance going while maintaining profit equation. By end of the year, net profit stood at Tk. 35 million, way above the budgeted figure of Tk. 5.3 million.

Major Accomplishments in 2017

Bangladesh Bank Remittance Award 2016

Two remitters sent highest volume of Foreign Remittance through Bank Asia in 2016. For that, they were awarded prestigious "Bangladesh Bank Remittance Award-2016" in 2017 organized by Bangladesh Bank where Bank Asia was also praised.

Tie up with Continental Exchange Solution (RIA)

Executed drawing arrangement with Continental Exchange Solution (RIA), USA, the 3rd largest Exchange Company for cross border remittance processing across the globe.

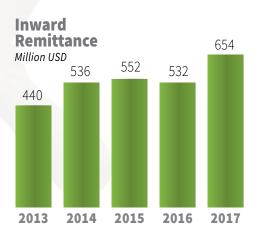

Recognition from UAE Exchange for partnership support

This year, UAE Exchange, parent concern of Xpress Money (XM), awarded Bank Asia for contributing strongly in processing volume generated by XM.

Disbursement of remittance through Agent Banking Network

This year, FRD utilized the strength of growing network of Agent Banking of Bank Asia to reach remittance to remote corners of the country.

Annual Integrated Report 2017

Retail Banking

Retail Banking Division offers Retail Loans, Credit cards and Retail deposit products for individual customers. The division focuses on developing innovative financial products and services, giving highest priority on developing technology driven products for the ease of the customer. The division has taken steps to mobilize low-cost deposits which are keys to offering lower lending rates. Retail Banking strives to achieve sustainable growth with a vision to become market leader at near future

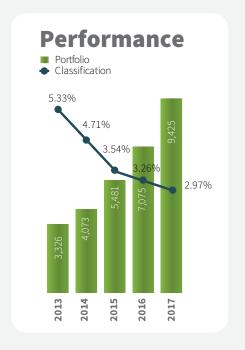

Consumer Finance

Despite stiff competition in the market, Consumer Finance under Retail Banking Division achieved a remarkable success in 2017 with positive growth of 33.21% compared to 2016. This department launched tab based solution for faster processing of loans. Like every year, Consumer Finance participated in REHAB fair 2017 for the promotion of Retail Products.

ACHIEVEMENT OF CONSUMER FINANCE IN 2017

 - Classification

Internal Control & Compliance

The business of Banking is a diversified and complex financial activity which involves high risk. The issue of effective internal control system, corporate governance, transparency, accountability has become significant to ensure smooth performance of the operations of the Bank.

A sound internal control system plays an important role in contributing to the effectiveness of the banking operations. Internal Control is the process, affected by a company's Board of Directors, Management and other personnel, designed to provide reasonable assurance regarding the achievement of objectives in the effectiveness and efficiency of operations, the reliability of financial reporting and compliance with applicable laws, regulations and internal policies. Internal Controls are the policies and procedures established and implemented alone, or in concert with other policies or procedure, to manage and control a particular risk or business activity or combination of risks and business activities

to which the company is exposed or in which it is engaged.

Bank Asia Limited has established an appropriate and effective internal control environment through the Board of Directors, Management, organizational and procedural controls and an independent audit mechanism in order to ensure that the Bank is managed and controlled in a sound and prudent manner. The Bank identifies its weakness through internal control system and takes appropriate measures to overcome the weaknesses. The Board of Directors of the Bank has established an Audit Committee to monitor the effectiveness of internal control system of the Bank. The Audit Committee meets the senior management periodically to discuss the effectiveness of the internal control system of the Bank and ensure that the management has taken appropriate actions as per the recommendations of the Bangladesh Bank's Inspection Team, External Auditors and the Internal Control and Compliance

Division (ICCD). As per approved risk-based audit plan, the ICCD completed the audit and inspection tasks of 119 Branches, 05 Islamic Banking Windows, 30 Corporate Office Divisions/Departments including subsidiaries and 81 Agent Point Outlets in 2017. Besides, ICT/IS Audits on 14 Branches & Corporate Office Divisions/Departments and Anti-money Laundering Audits/Inspections on 21 Branches were also conducted.

The Senior Management Team (SMT) of the Bank reviews the overall effectiveness of the control system of the Bank on a yearly basis and provides feedback to the Board of Directors on the effectiveness of internal control policy, practice and procedure. Internal control team conducts comprehensive internal audit of the internal control system of the Bank. The significant deficiencies indentified by Internal Control team are reported to the Audit Committee of the Board.

Information and Communication Technology

Technology and digital initiatives remain an integral part of the Bank's strategy with a core focus on enhancing customer experience and efficiency in processes. The Bank continues to invest in advanced technologies to provide a secure, superior, seamless and uniform service experience to customers across all channels. The year 2017 was a successful year in light of the following achievements:

Green Datacenter

IT Division has established a New Green Datacenter and IT infrastructure for adapting latest technologies and responding quickly in fast changing market scenario for providing uninterrupted services and business continuity, minimizing risks.

Oracle Multitenant Database

Bank Asia has implemented Oracle 12c Enterprise Database with Multitenant feature which helps us to easily consolidate multiple databases, without changing any applications. This architecture delivers us all the benefits of managing many databases like conventional, Islamic, Offshore and Agent Banking are brought into as one container, yet retains the isolation and resource prioritization of separate databases.

My Family App

ICT Team has undertaken a remarkable initiative by developing a Standalone Social Networking & Office Automation App "My Family" for sharing individual thoughts to make a better tomorrow together. Through this application the users will get all contact details of employees which includes mobile number, email ID and posting details. With this app, all office circulars can be uploaded to view all users. Moreover, instant messaging can also be done through this apps.

CBS Review and Vulnerability & Penetration Test

Ernst & Young (EY) has carried out CBS review and VA & PT to check the future compatibility and strength of the current CBS. Based on their recommendation we are gradually implementing the control function. In addition to this a separate review for mobile apps was also carried out by Risk Associate.

Cyber Security

The cyber security has recently become the

major concern of information technology driven industries especially for financial institutes. Securing a financial transaction is very important for the sustainability of a Bank. The image of a bank may be ruined due to breach of cyber security. In order to thwart the external and internal threats, we have deployed reputed security solutions with sophisticated equipment. To buildup awareness regarding cyber security, we have launched training programs and also sent emails continuously to make everyone concerned realize about the significance of cyber security.

Islamic Banking through Agent Banking

Bank Asia is the pioneer of Agent Banking in Bangladesh. Presently we have deployed Islamic Agent Banking system to provide Islamic banking through the Agent Banking channel. Through this system, clients will receive Islamic banking products and services specially a/c opening, deposit and withdrawal. The unbanked may avail Islamic banking services from the agent point.

Central Day-end

At Present, Branch End-of-Day processes are being run centrally which bring control over the branches. Earlier the branches had the opportunity to close their branches without responding to entries originated from other branches including corporate office. Moreover, there was no time bound to close the branch but restriction is imposed as a result the branch personnel are bound to complete their function within the stipulated time frame.

OTHER PROJECTS

FLDP Application Software

Banking industry has become very challenging in recent years. Due to rapid growth of banking operations through expansion of network, there remains leadership gap that constrains success and growth of many banks. Contemporary Bank Managers must be prepared to grow business, manage loan portfolio, professionally guide subordinates and tactfully implement decisions of management by complying all requirements of regulatory authorities. Considering this, we have developed a software system

to manage the leaders' databases and development information to produce point in time needs of information called "Future Leader Application Software".

Business Metrics

Business Metrics is especially a unique system among banking systems for loan tracking to streamline and automate the loan application, underwriting, approval process, and associated loan document management. Automated pipeline reports track the entire loan approval process in master credit files. The system of loan approval is fully integrated with all CBS applications, document preparation systems and other applications. This integrated loan tracking software is revolutionizing the way banks manage loan approval processes and workflows.

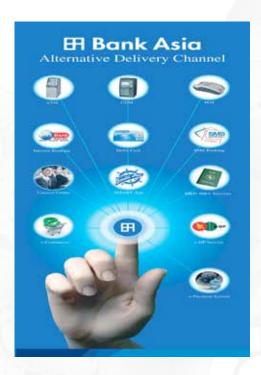

CRM Automation

We have developed Electronic sanction archive for 6 departments; namely: CRM, CMSE, Islamic Window, SAMD, CFC & Agricultural wing. The total number of sanction archived during 2017 is 14,300. Different credit analysis tools have been developed for credit departments for indepth analysis of Credit performance of the customer. Some of the tools are Account conduct analysis, Id-wise loan details & customer performance report.

Foreign Exchange Business Automation

We have developed a module in the MISDB to track foreign exchange business which is helping the management for effective, monitoring of the business. With the development of new module, the time and resource have been reduced, shortening correspondence between branches which has enabled the bank for real time monitoring and supervision.

Alternative Delivery Channel (ADC)

Alternate Delivery Channel (ADC) is a distribution channel strategy used for delivering financial services without relying on bank branches. Bank Asia has implemented many alternative delivery channels such as ATMs, POS devices, Debit Cards, Internet Banking, Mobile App, SMS Banking, E-GP Service, E-commerce/Epayment solution, Exclusive Outlet to receive Government Passport Fees and Contact Center service. ADCs ensure the smooth flow of regular transactions and provide banks with higher profits with lower operational expenses and transaction costs. Through these channels bank can get faster access to the competitive market and customers can enjoy instant access to all the bank products through the following 24/7 service channels.

Online Payment System or E-Payment Solution

Bank Asia has developed the solution which verifies and processes with a verity of secured transaction instruments to Payment of Member/Student fees of different institutions, Residential & Industrial Gas Bill & different payment of renowned insurance company using their

respective Bank accounts, Debit/Credit cards, EFT etc. on behalf of the Online Banking payment. We have implemented the system with KGDCL (Karnaphulí, Gas Distribution Company Limited) & MetLife Alico (American Life Insurance Company), ICMAB (Institute of Cost and Management Accountants of Bangladesh), ICAB (The Institute of Chartered Accountants of Bangladesh) for different types of payment collection. More than 1.2 million beneficiaries of MetLife Alico is getting facility to pay their different payments through our branches and Agent Outlets all over the country. Now Bank Asia facilitates to pay their payables through the internet based online service and offline payment at any Bank Asia Branches/Agent outlets as well by their Debit/Credit card.

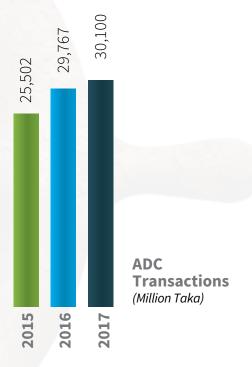

E-commerce & Utility Bill Payment:

Bank Asia has taken more initiative to expedite 'e-Commerce' facility for its valued customer where Bank plays as payment partner and Bank account holder can shop/purchase online through internet banking, Debit Card or Credit Card with low cost anytime from anywhere. Currently Bank Asia account holder is facilitating e-commerce transaction such as e-ticket purchasing of bus, train, airways, cinemas & movies, mobile flexi-load, hotel booking, bill payment such as hospital bill payment, advertisement bill payment, passport fees payment, WASA, DESA, qubee bill payment, computer accessories & service related payment, e-shopping etc. by the debit/ credit card and internet banking of Bank Asia.

Cash Transactions Branch Transactions 37% ATM Transactions 63%

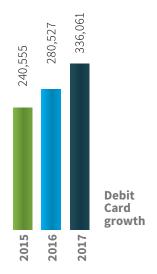

ATM Service

Through our ATM (Automated Teller Machine) customer can access withdrawal, Balance inquiry and mini statement facility as well from other bank ATM round the clock 24/7. Our total 63% of cash transactions of Bank Asia are done through its 132 own ATMs and more than 7,500+ shared ATMs all over the country. Our bank is planning to invest continuously in a bid to increase and widen its ATM network significantly.

Debit Card

More than 336,061 VISA debit cards are issued against Savings and Current account to facilitate ATM, POS transactions at all ATMs (7,500+) in Bangladesh to access their account 24X7 in 365 days. Card holders are able to purchase in VISA enabled POS machines (35,000+) in various merchant locations all over Bangladesh. Our Debit Card Operation includes new issuance, replacement, activation and PIN request are automated which reduced debit card issuance time to 2-3 days from 7-9 days as well as saved 150,000 pages and 20,000 courier service delivery cost.

Passport Fees Collection

The Government of the People's Republic of Bangladesh has introduced Online Banking Payment systems for MRP & MRV Project. For ensuring digitalization of the government's online MRP and MRV project, the Bank has opened 18 exclusive passport fees collection booths as per department of immigration & passport office instruction under the Ministry of Home Affairs, GOB. We received more than 3, 65,087 number of passport payments where BDT amount 144 crore (approx) from clients through all our branches/Agent Outlet and ADC channels.

Internet Banking

Bank Asia's Internet Banking (My Banking) is user friendly & Secured. Bank Asia's internet banking module allow clients to get a clear state of their financial position and transfer fund to any account within the bank as well as other banks anytime from anywhere in the world. Our clients are also able to enjoy Mobile Talk-Time recharge facilities for all Telco within Bangladesh using Internet banking. We have ensured international standard of security shields for the Internet banking to prevent any unauthorized access. Internet banking employs encryption and firewall to protect transactions and queries through internet. To make more secure, we have already introduced dual factor authentication (2FA) through OTP for all internet based transactions. Now the total Internet Banking user of Bank Asia is 65,000

Bank Asia SMART APP

Bank Asia has a strategy to serve the valued customers with modern and innovative banking products and services at affordable cost. Bank Asia has introduced modern technology based banking app "Bank Asia SMART APP" which is an integrated internet and mobile banking solution designed to enable to offer Customers the widest capabilities across the internet and mobile channels. Smart Banking offers vast banking services and manage customer's accounts, pay bills, change password, balance enquiry, view statement, fund transfer, EFTN, utility bills payment, standing instruction, stop cheque, view cheque status, mobile talktime recharges facilities for all Telco in Bangladesh.

Till end of 2017 total Mobile App user of Bank Asia is 17,799 which is increasing day by day. It is noted that more than 1, 13,257 number of transactions where BDT amount 425 million (approx) have done through this Mobile App.

PUSH PULL (SMS) BANKING

Short Message Service (SMS) is a popular communication protocol allowing the interchange of short text message between mobile phone devices. Based on this easy and popular technology Bank Asia launched its first generation Mobile Banking facility. Customers can access their account using M-banking from all mobile phone operator in collaboration with SSL anytime from anywhere of the country. All they need to do is send a simple SMS to "6969" and they can instantly access their account, get their account information, make fund transfer and pay bills. Bank Asia is also providing transaction alert message on debit transactions to make them aware and to prevent fraudulent transactions. Our 2nd generation mobile banking facility will enable small savings, withdrawn, utility bill payment, foreign and domestic remittance to the doorstep of maximum clients at minimum cost.

E-Procurement System

Bank Asia has been providing banking services for e-Government Procurement (e-GP) through our Branches. In the meantime, customers have received around 31,229 services from our bank with their utmost satisfaction. This online platform ensures digitalization of different Government procurement project enabling equal access to the Bidders from all over the country while ensuring efficiency, transparency, and accountability in the public procurement process of the country. Currently 56 branches have been registered in e-GP system.

NATIONAL PAYMENT SWITCH BANGLADESH (NPSB)

The Bangladesh Bank has introduced National Payment Switch Bangladesh (NPSB) IB in order to facilitate interbank electronic payments originating from different channels like Automated Teller Machines (ATM), Point of Sales (POS), Internet Banking, Branchless Banking and Agent Banking. The main objective of NPSB is to create a common electronic platform for the switches in Bangladesh. The system is meant to facilitate the expansion of the card-based payments and promote real time payment, Utility Bill payment, DPS installment, Credit Card payment, loan Payment, e-commerce/mcommerce, and Customer save cost & time. To facilitate following real time transaction from one Bank to another schedule Bank of Bangladesh.

CONTACT CENTER

Centralized Contact Center solution is also available through this number 09617016205 in addition with the existing short code 16205 used round the clock 24/7 in full fledge to address the business needs and queries. This number (09617016205) is also available from abroad and overseas customer can get our banking service queries (24/7) through this number. Contact Center systems enable to manage our resources better, serve clients with greater efficiency which is also helping us to reduce the cost as well as improve the service quality of bank.

EBEK Operation & Social Payment

Bank Asia limited is the pioneer in digital financial inclusion in Bangladesh by implementing Ektee Bari Ektee Khamar (EBEK), a government project for the poor, ultra-poor and landless people of Bangladesh focusing on Poverty eradication and reducing poverty level to 10% within 2021. Government wants to help the poor people by encouraging savings, providing grants, engaging and monitoring their economic activities as a group (Samitee) in each village of Bangladesh. Bank Asia started online banking service support for EBEK beneficiaries from June 2012. Honorable Prime Minister of Bangladesh has inaugurated the online banking (Bank Asia Designed, Developed and Implemented) services in 2013. By operating EBEK project Bank Asia opened new window to intensively work for the rural people, especially for the hardcore, Ultra-poor and distressed people and make a strong relationship with local administration, philanthropist, Social and local leaders (UP Chairman's, Upazilla Chairman's and local elites).

Bank Asia is now operating EBEK Banking services in 35 districts encompassing 252 Upazilas and 1,629,286 people are getting the services under this project as beneficiaries. Bank Asia provides online banking services through this EBEK project to unbanked people with good reputation in Bangladesh.

It is mentionable that Bank Asia model of financial inclusion, management, financial transitions for EBEK obtained 1st Prize (E-Business and Financial Inclusion category) in Manthan Award in partnership with World Summit Award, Department of Information Technology, Govt. of India, and various other stakeholders like similar organizations engaged in promoting digital content inclusiveness in the whole of South Asian & Asia Pacific nation for development.

The implementation of EBEK project gave us an on hand experience and learning which staged us with the development of Agent Banking, marking as the pioneer in Bangladesh. With the experience from EBEK operation and Agent Banking, Bank Asia has become capable enough to provide services to all government projects like Social Safety net Programs (senior citizen allowances, disable allowances, widowed or divorced women allowance, payments of freedom fighters allowance, wages of road maintenance workers,

student stipends and RMG worker wages payments, food security allowances (cash payments), teachers salary etc.

Over the time we have made partnership with Social Welfare Department under Ministry of Social Welfare and providing services to Senior Citizen, Widow and Disabled beneficiaries. We will start full district coverage of Kishoregani for Safety net payment where almost 133,500+ beneficiaries will get banking service from their own union. We have another prestigious partnership with UNDP under LGED Ministry named SWAPNO where we have covered 2 districts and 76 unions for disbursing the daily 'woman worker wages payment' from their union. 'Cash for work' is another prestigious program for Bank Asia which is run in partnership with Ministry of Disaster Management and

Moreover, we have started World's another largest Non-Government funded mega project named SHOUHARDO III with CARE Bangladesh where 168,000 beneficiaries will be receiving banking service from 8 districts.

Account opening through Digital Systems and allowance disbursement at Ishwaripur UDC, Shyamnagar, and Satkhira

Cash disbursement among Land slide affected people in different Hill tracts district under UNDP Project by EBEK Operation team

Agent Banking

Agent banking is comparatively a new concept of financial inclusion that help the formal banking sector reach out to the marginalized people of the society. Bank Asia earned the glory of being pioneer in this field to bolster financial inclusion across the country.

Bank Asia has been investing and expanding the agent network and collaborating with NGO, and development organizations. Bank Asia has set the milestone in agent banking, through registering 300,000 accounts by securing a deposit base of Taka 2.65 billion. During the last two years, Bank Asia has conducted 4.4 million transactions worth Taka 72 billion, and these figures are giving hope to other players in the scheme to pursue a future where agents, instead of branches, will be the key service delivery point. Bank Asia has recently been concentrating on different sectors for facilitating financial inclusion which includes:

Bank Asia's Agent Banking facilitates:

- Secured banking services to the unbanked population with modernized banking approach
- Inward foreign remittance as the largest Agent Banking channel in Bangladesh
- Payment facilities for utility bill payment, passport fee payment and other collection services
- Social safety net payment by latest innovation through NFC (near field communicator) technology
- Lending facilities for rural customer at the most reasonable interest rate

- in agricultural, SME & Retail category
- Cheque book/Debit card/Bank POS facilities for Agent Banking customer
- E -commerce services through Agent channels in remote Areas
- School Banking facilities for the children in view to make them acquainted with the banking services and develop the habit of minimizing financial wastages.
- Financing in renewable energy sectors as a green banking initiative
- Islami Banking for the target population through Agent Outlets
- Bank Asia security services through Agent Banking channel
- Agent Banking service through Post-E-Centers, Union Digital centers,
 Farmer centers, NGO offices and Retail chains

Bank Asia made a unique Agent banking module with technology based banking concept ensuring appropriate security with real time banking for customers. Agent outlets are distinctly branded with bank Asia Agent Banking logo to provide products and services of Bank Asia. Agent Banking transactions are on real time basis and integrated with banks core banking system. Customers get instant information of transaction through mobile SMS and system generated printed money receipts.

Annual Integrated Report 2017

Payment Service Department (PSD)

Executing all Inter-bank payments smooth and fast, yet secured and compliant, has been the focus of Payment Service Department since inception. Decentralized Outward and Centralized Inward model in all units is the key-feature of PSD operation. Customized automation. employee-friendly modules and end-toend dual authentication enabled PSD to keep pace with the evolving challenges of technical revolution in national banking arena in 2017. Inclusion of Agent Banking and Islamic Windows in all unit operational updates are result of continuous process development and intent to extend service to all Bank Asia customers.

FUNCTIONAL ORGANOGRAM

PSD executed on an average 11,200 transactions daily, which is 15% higher than 2016, daily average volume stands at Tk. 4.84 billion which is 17% higher than previous year.

BACH UNIT:

Majority workforce of PSD is involved in BACH operation, handling around 6,235 transactions daily, worth Tk. 432 crore. Accuracy of departmental work is reflected in PSD issued settlement claims being less than 30% against received claims from other banks. Besides operation, PSD is capably advancing towards the new era of BACH-II project of Bangladesh Bank, which will enable our clients to do FC cheque transactions through Automated Clearing.

ACHIEVEMENTS

- (i) Expansion of RTGS service to all branches,
- (ii) System (hardware, software & connectivity) readiness for BACH-II project upgrade,
- (iii) Module customizations executed for man-power requirement minimization.

BEFTN UNIT:

Apart from strengthening our Inward Foreign Remittance service, PSD successfully distributed bulk payments as dividend warrants and salary payments on behalf of corporate clients and enlisted companies in capital market. Individuals are also enjoying BEFTN facility through branches, net-banking and Smart App. BEFTN unit handled average 4,860 transactions daily, worth Tk. 30 crore. Upcoming Multi-session will enable us to credit beneficiary accounts with other banks within same day, while multi-currency FC transaction is also under process.

RTGS UNIT:

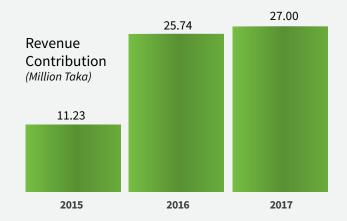

Bank Asia has the pride to execute first ever RTGS transaction in Bangladesh. Furthermore, PSD has enabled all branches, Islamic wings and Agent Banking for RTGS. This rapidly growing payment mode has seen daily average transaction over Tk. 20 crore.

PERFORMANCE OF PAYMENT SERVICE DEPARTMENT

	201	6	2017	Annual	
UNIT	Transaction	Tk. In Billion	Transaction	Tk. In Billion	Growth
BACH	1,424,339	926	1,546,324	1,071	16%
BEFTN	928,996	54	1,204,811	74	37%
RTGS	6,046	20	25,026	54	170%

MICR UNIT:

An array of diversified MICR instruments like SB & CD for conventional banking, MSA, AWC & MSND for Islamic Wing, three types of card cheques, Payment Order and FC Cheque for OBU unit is being delivered by PSD. Daily average of delivered instruments stand over 25,000 leaves. Also, we have plans to introduce FC Cheque and FC Demand Draft early in 2018.

TRAINING & DEVELOPMENT

- (i) PSD nominated 13 employees to participate 24 trainings.
- (ii) PSD arranged 3 day-long trainings for 115 employees of various branches.
- (iii) PSD provided hands-on training at PSD premises to 5 employees of 2 branches.

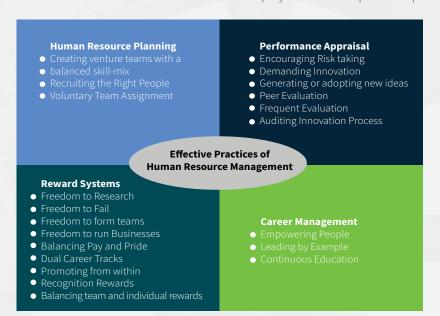

STRATEGIC PLANNING

- (i) Implementation of BACH-II will be the prime focus in 2018.
- (ii) Attract customers towards BEFTN & RTGS through visibility at all branches.
- (iii) Arrange trainings and workshops to build awareness and enhance knowledge base.

People Management Division (PMD)

PMD of Bank Asia is working relentlessly to promote innovation, cultural diversity and a congenial working environment to stimulate organizational sustainability. The goals of 2018 that Bank Asia Limited persevers to achieve are going to be facilitated by PMD committing to ensure corporate values such as togetherness, mutual respect, integrity etc. PMD focuses on building capabilities using employee management and set strategies that align with organizational goals for aiming to create Bank Asia as a "preferred employer of the choice".

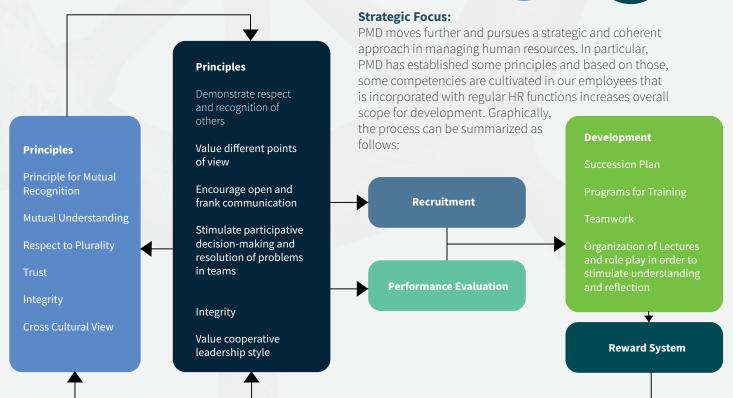

Based on the above mentioned systemic perspective, PMD provides Bank Asia Limited with complementary, diverse and innovative competencies which will be developed by stimulating sustainable individual behavior. PMD persuades employees to move forward to establish corporate values in terms of customer centricity, quality, responsible citizenship, building the leadership. PMD helps to establish the Bank Asia culture and climate in which employees have adequate competencies and commitment to serve our customers better.

Functions:

PMD follows a people friendly approach in its day to operation in achieving Bank's corporate mission and vision. The key functional areas of the division are depicted in the following diagram:

BANK ASIA INSTITUTE FOR TRAINING & DEVELOPMENT (BAITD)

BAITD is committed to impart training to increase knowledge, develop skill and bring change in attitude of manpower in individual, task and organizational level. BAITD organizes need-based training program to cope up with changes and introduction of new concept, idea and technology for achievement of business strategy of Bank Asia Limited. Over the year 2017, BAITD offered 78 trainings for 56,818 MH maneuvering 2,460 personnel denoting a growth of 34.48%, 38.69% and 8.51% correspondingly with its facilities of 3 Classrooms with the capacity of 64 participants, 1 dining, 1 library with more than thousands of collection, 1 computer lab having the capacity of 24 PCs, 2 floors for dormitories with a capacity of 28 people, 1 gymnasium and a common room.

BAITD envisages to offer 137 trainings for 75,456 MH to 3,711 personnel in the year 2018 only at its 75% rated capacity.

New Focus by BAITD For 2018

- 1. Inclusive Banking (Agent Banking)
- 2. The Winners' Manual
- 3. Enhancing Service Quality in Banks
- 4. Disaster Recovery Management
- 5. IT Security & Fraud Prevention in Banks

Employee Reinforcement

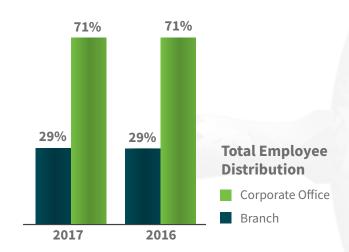

In the year 2017, a total of 239 employees vis-a-vis 212 in 2016 were recruited to strengthen the human capital of Bank Asia. New workforce supported the continuous expansion of the Bank's activities. They also supported to reduce Domain Gap.

Employment

Transparent and stringent recruitment process, recognizing and allocating sufficient time for recruitment established confidence in interviewer and interviewee as both the parties have the opportunity to express and understand views, ideas, expectations and objective of each other. Bank Asia generally conducts two types of recruitment. One is fresh hiring and another is lateral hiring. For the fresh hiring, Bank Asia generally engages highly illustrious consultancy institutes to conduct the assessment professionally. To recruit proven leaders as lateral entrants, Bank Asia sets customized committee which is responsible to identify the best among the bests.

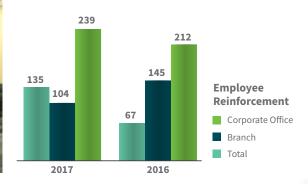

Employee Distribution in Branch & Corporate Office

Research & Strategy

To guide Bank Asia management with an unbiased, scientific and objective view of the market, Research and Strategy Division (R&SD) was formed in October 2015 by on-boarding some of the seasoned banking industry research specialists that is involved with new avenues of business and improving existing business and modus operandi. In the year 2017, R&SD undertook twenty nine (29) research projects and produced sixty one (61) reports covering market scenario, peer banks analysis, performance diagnosis of Bank Asia vis-à-vis major competition to gain competitive edge.

MAJOR RESEARCH PROJECTS IN 2017

Command Area wise Key Business Performance: Bank Asia vis-à-vis Major Competition

The objectives of this study were to identify key competitions' different business performance, gauge size of the command area in terms of different business indicators, track movement of BA branches market share in the respective command area, identify the areas of improvement and provide branch wise suggestion.

Market Potentiality of Branch, Agent Banking and Credit Card

The objective of conducting market potentiality study was to explore the maximum business opportunity of the respective channels and credit card.

Banking Industry Analysis of Q3'17

This analysis was mostly a secondary conclusive research focusing on top-5 banks performance vis-a-vis Bank Asia. This report highlighted scope of improvement for the bank (global level) at the same time helped to underline strategies for the upcoming years.

• Branch Wise Market Aligned Budget

R&SD significantly contributed to branch budget exercise for the year 2018. By combining the insights from the aforementioned three (3) studies, R&SD suggested a SMART and market aligned budget for all the branches.

Study on Micro Finance and Small Business Models of Competition Banks and new Business Model for the Retail, CMSME & Agri and Agent Banking

Ban Asia is focused on financial inclusion and serving the un-served. On that note, R&SD has pointed out scope of doing business in micro, cottage and small business segment. Therefore, two (2) separate researches were conducted on different institutions to explore their modus of operandi, resources, and business performance. Utilizing these insights, R&SD prepared a business model for Bank Asia to serve these segments utilizing its existing channels (both branch and agent banking).

Loss Making Branch Study

R&SD conducted a research combining both primary and secondary techniques to identify the key reasons for making loss and guide the respective branches in developing strategy to be financially viable in shortest possible time.

Branch/Outlet Feasibility Study

R&SD visited twenty two (22) locations to find out business opportunities and barriers and helping the top management in taking informed decision to establish branch in most feasible areas.

Call Center Service Quality Assessment of Bank Asia

To track service quality performance including areas of improvement of Bank Asia's call center, R&SD conducted a comparative research. Based on the findings several immediate, midterm and long term initiatives were taken including different types of trainings.

Division/Department-wise Key Performance Indicators (KPI)

To measure each divisions performance quantitatively and further objectively, R&SD conducted a 360 degree research. While conducting the research, different local, multinational and global companies KPI measurement was scrutinized and several one to one and mini group discussions with the divisional/departmental heads were conducted to finalize the KPI of respective department.

Logistics and Support Services

Logistics support is the vital functional area of the Bank which builds necessary infrastructure and provides essential establishment to effectively operate the Bank in order to achieve the goal. In a banking business environment, integrated logistics support services is a management function that provides plan, design and support of business operation for infrastructure development, procurement, inventory, warehousing, distribution, transportation, customer support etc.

MAJOR ACTIVITIES IN 2017

- In 2017, Bank Asia opened up 09 (nine) new branches and completed the conversion process of 02 (two) SME Service Centre to full fledge Branch, 01 (one) Collection Booth and 09 (nine) new ATM booths at different places of the country.
- Vertical extension of Dormitory (2nd floor) for Nurse's Hostel at Bangabandhu Sheikh Mujib Medical

- University (BSMMU) under CSR program.
- Construction work of 12 storied own Building Complex at Kawranbazar, Dhaka is going on full swing.
- Construction work of 10 storied own Building Complex at Sukrabad, Dhaka is going on full swing.

Anti Money Laundering

Money Laundering is being employed by launderers worldwide to conceal the proceeds earned from criminal activities. Money Laundering is an offence in most countries, including Bangladesh, treat as a top priority to combat. Although it is not an offence that causes death, serious injuries, or violation of freedom of an individual, it enables organized crimes to cause damages to countries' economy and security. It also hamper social, political, and cultural development of societies worldwide. To address these emerging challenges, the global community has taken various initiatives against Money Laundering and Terrorist Financing. All financial sectors today are investing more in technology and staff development to ensure a robust defense. In this connection, Central Compliance Committee (CCC), Bank Asia Ltd. has developed a software named AML Solution with the help of Era Info Tech, a sister concern of Bank Asia Ltd. Without checking United Nations Security Council Resolutions (UNSCR) lists any account cannot be opened and any transaction cannot be conducted. If found anything suspicious Branch inform to AMLD immediately.

To fulfill the recommendation of Financial Action Task Force (FATF) as well as instruction provided by BFIU, Bangladesh Bank, Bank Asia has identified, assessed and took effective action to mitigate their money laundering and terrorist financing risks. AMLD has assessed ML & TF risk considering the customers, products, delivery channels and geographical positions and also assessed some regulatory risks i.e. risk arises from non-compliance of AML & CFT measures.

The Chief Anti Money Laundering Compliance Officer (CAMLCO) and Deputy CAMLCO at Corporate Office and Branch Anti Money Laundering Compliance Officers (BAMLCOs), BAMLO(s) at Branches, who independently would make the bank compliant on AML& CFT matters. The regulatory requirements are being complied with and the guidelines are being followed for opening

of new accounts, monitoring transactions, reporting of Cash Transaction Report (CTR) and Suspicious Transactions Report (STR), if any.

AMLD, Corporate Office has independent audit team that conduct audit in all the Branches throughout the year to find out lapses/irregularities. They will also help the Branches to rectify the lapses on the spot, wherein exist.

Chief Anti Money Laundering Compliance Officer (CAMLCO) of our Bank has been participating in the CAMLCO Conference every year which would be organized by the Bangladesh Bank. Mr. Mohammad Borhanuddin, Deputy Managing Director & CAMLCO and Mr. Md. Murshid-Al-Amin, SVP & DCAMLCO participated in the CAMLCO Conference 2017 at Sylhet.

Bank Asia has been arranging District Level AML related training as lead bank for officials of all schedule Banks operating in the district(s) selected by Bangladesh Bank since the year 2007. In the year 2017, Bank Asia arranged 03 (three) district level training programs as lead bank at Narayangonj, Munshigonj and Chittagong.

Anti Money Laundering Department (AMLD), Corporate Office always arranges and conducts AML workshops to train all the employees of our Bank and about 98% of total employees (Branch/ Corporate Office) obtained AML & CFT related training. As a result, officials become aware and conscious regarding AML & CFT matters.

Anti Money Laundering Department conducts Audit & Inspection independently at least once in every year for all the Branches, SME Service Centers and Islamic Windows of our Bank to identify lapses/irregularities related to account opening, preparation and update of KYC and other related issues, preparation of accurate Transaction Profile (TP) which is commensurate with the account holder's source of fund and to build up the knowledge about AML & CFT issues/matters. Moreover, Anti Money Laundering Department has been meeting the gueries of foreign banks under US Patriot Acts. The Department also responds to the account queries of Bangladesh Bank, Income Tax Office, National Board of Revenue (NBR), VAT, Central Intelligence Unit, Customs & Bonds Commissionerate Office and Anti Corruption Commission(ACC) office.

91

Bank Asia organized training program as a lead Bank on "Prevention of Money Laundering and Combating Financing on Terrorism" for officials of all commercial bank's operating in Chittagong District

Capital Strengthening

Bank Asia is always committed to ensure sustainability in doing business including capital adequacy to support healthy growth of business and ensure compliance with the Basel III capital accord in line with Bangladesh Bank roadmap. In this context, Bank Asia successfully closed its third subordinated bond of Tk.5,000

million in April 23, 2017. Upon the issuance of this 7 year floating rate non-convertible subordinated bond as Tier 2 capital of the bank the CRAR (Capital to Risk weighted Asset Ratio) reached to 14.89% as on December 31, 2017 against required 10% which is the highest capital base over the last 5 years.

Branch Operation

In 2017, 2 (two) new tasks have been added under Branch Operations Division – i) Monitoring of daily activities of Branches through IP Camera and ii) Monitoring of employee attendance as well as reporting to senior Management through Bio-attendance system.

Sanchaypatra related operation has been increased significantly in 2017. More than Tk. 1,879.36 million worth of different kind of Sanchaypatra have been issued through Dhaka based Branches from January 2017 to December 2017 and also realized Tk. 656.10 million from Bangladesh Bank being the encashment proceeds and earn around Tk. 6.29 million as sales commission. Issued a total number of 359 Instruction and

Information Circulars on different regulatory issues as well as Bank's internal policy. During the year 2017, BOD has issued 61 PA numbers from Branch Operations unit.

From the wing of 'Central Customer Service & Complaint Management Cell (CCS & CMC)', BOD has handled 78 complaints during the period, and resolved those very sensibly & efficiently. In this regard BOD has guided the branches for the improvement of institutional & individual ethical standard, to ensure better customer service quality and to demonstrate customer awareness program.

Under Branch Expansion Program 2016 and 2017, 09 (nine) new Branches has been opened in 2017 and new 7 (seven) Branches will be opened Under Branch Expansion Program 2017 where BOD is assisting in choosing the best suitable location for new Branch premises. Besides, along with Research & Strategy Division and Retail Banking, BOD is regularly visiting prospective locations around the country to choose best premises for upcoming Branch opening. Moreover, Branch Operations Division is monitoring CASA Account opening trend of the Bank on daily basis and as a result a number of Branches have succeeded in keeping the Low/No cost deposit ratio within 50%. BOD also monitors the performance of loss making Branches and suggests remedial measures and report to the senior Management.

Recovery

With an aim to keep our asset portfolio well performing, it is essential to ensure recovery of loans & advances within acceptable percentage as well as set timeframe. It is only possible if a proper regimented vigorous recovery drive and constant monitoring & follow up of the borrowing customers both from On-Site and Off- Site basis are ensured. It becomes very hard to run the business when the ultimate discomfort comes in the form of write-off like no collateral, partial/defective collateral, discontinuation of business, dead/terminal disease etc. adds to non recovery if the loans & advances turns into a classified (SS/DF/BL).

The major functions of Special Asset Management Division (SAMD) among others is to ensure recovery of classified (SS/DF/BL) or written off loans and filing of suits, if situation demands. So providing all possible support for recovery of such classified (SS/DF/BL) or written off loans applying all possible means including filing of suit is the prime responsibility of the Division. Through vigorous recovery initiatives taken by SAMD with the help of branch and corporate office, Bank Asia has notably reduced CL% from 5.41% to 4.38% in 2017.

Significantly we have achieved sound compliance position in the industry. As per last Bangladesh Bank's Comprehensive Audit report, there are no remarkable irregularities with our SAMD's end.

RISK BASED CAPITAL ADEQUACY

The Bank has formed a strong capital base by way of various capital enhancement initiatives with a view to promote more integrated management of market and counter party credit risk and also operational risks. As per Pillar-3 revised RBCA (Risk Based Capital Adequacy) guidelines of Bangladesh Bank, all scheduled banks have to publish their capital adequacy disclosure framework for market participants i.e. stakeholders as a key information about the bank's Minimum Capital Requirement (MCR) under pillar I of Basel III and exposure to various risks related to capital adequacy to meet probable loss of assets. Details of required disclosures both in qualitative and quantitative form are laid out in a separate segment.

CORPORATE GOVERNANCE

Corporate governance is a concept referring to the ideal mode of ensuring firm's accountability to its various stakeholders through a strict system of internal controls and procedures, guided by the hon'ble Board of Directors and alligned to related rules and regulations of various regulatory bodies. The corporate governance of Bank Asia sets top priorities in the fairness, transparency, accountability and responsibility on its top most priority. Our disclosures on status of compliance on BSEC and Bangladesh Bank guidelines demonstrate strong compliance culture of the Bank. In recognition of that Bank Asia has garnered SAFA Best Presented Annual Report Awards 2016, First Runner Up under SAARC Anniversary Awards for Corporate Governance Disclosures. Bank Asia was awarded Third prize for Best Presented Annual Reports for its Annual Integrated Report 2016 under Corporate Governance Disclosures. The details of corporate governance practice of Bank Asia are discussed in a separate segment 'Corporate Governance'.

CORPORATE SOCIAL RESPONSIBILITIES

Bank Asia always streamlines its efforts to look beyond short-term quantitative gains and concentrates on issues that make the institution socially responsible. It gives all out efforts towards sustainable balanced growth. We are committed to social and environmental well being and strive to ensure sustainable balanced growth in economic,

social and ecological arena. Bank Asia strongly believes that sustainable growth of an entity is nothing but a counterfeit ideology without being communally responsible in business conduct and contribute to the society. That is why Bank Asia is always committed to be a proud development partner of its communities where it belongs and make the communities grow up through continuous and balanced CSR activities.

Like previous years, Bank Asia spent an amount of Tk. 183.83 million for several CSR activities this year. A significant amount was given to three regular programs - Higher Study Scholarship, infrastructural development of different institutes and support to the flood and cold affected people. Other CSR programs include environment, sports, health, art & culture, disaster management. The pace of CSR contribution is expected to accelerate in the future with long term vision. In depth CSR activities of the bank are available in Corporate Social Responsibility (CSR) segment.

GREEN BANKING

Bank Asia believes in eco-friendly and socially responsible banking system which drives the whole nation towards a healthy environment. In order to protect/balance the environment, Bank Asia is spreading its wings by introducing both in-house and external Green activities towards supporting Green Economy.

Energy efficient in-house Management through reduction of energy and resources consumption such as reduction of use of paper, maximum use of day light and environment friendly business activities by financing to renewable energy and carbon offset projects, brick fields using Hybrid Hoffman Kiln (HHK) and tunnel Kiln Technology, CNG conversion projects, effluent treatment plant etc. are of prime focus of the Bank. For a sustainable economy Bank Asia plays crucial role in financing environment friendly projects led by green banking that believes in social responsibility. Bank Asia practices responsible and careful banking system focusing on a safe and sound environment which is a must for healthy existence of human beings in the globe.

Bank Asia has effectively managed to reduce energy in its in-house management utilizing maximum natural day light, energy savings bulbs, green computing based data center and installation of solar panel in 11 branches; reduced paper use with rapid use of automated reporting systems, e-mail and e-statement, SMS Banking, e-transfer, A-card which saved Tk. 5.99 million in 2017; resource wastage reduced through careful and efficient management of internal resources. Bank Asia also contributes to CO2 omission eliminating long distance travel with the use of electronic communication technologies like e-mail, video conferencing in communicating and held meeting with the executives of 120 branches (including SME) all over the country.

External green banking activities include financing to infrastructural development of renewal energy generation and carbon omission projects like import and install of solar home systems, CNG conversion projects, bio-gas, Urban Building Safety Project, Effluent Treatment Plant (ETP) & Hybrid Hoffman Kiln (HHK) in brick fields; avoiding financing to environmentally harmful projects like tobacco related business. By principles, Bank Asia thoroughly considers the effect of its financed projects on environment. In 2017, the Bank disbursed Tk. 37.54 million to Winter Dress Ltd. which involves in treatment of liquid waste, Tk. 1,090 million funded limit and Tk. 588 non-funded limit to Triple Apparels Limited which has LEED Certificate (a certification by USGBC for environment friendly construction as well as efficient use of energy and water). Bank Asia also financed of Euro 5.17 million under the Export Credit Agency (ECA) to Engreen Sharishabari Solar Plant Ltd. for establishing a 3-MWp (megawattpeak) Grid-Tied SPV (solar photovoltaic) independent power plant on 8.23 acres of land at Sharishabari of Jamalpur. Moreover, Bank Asia draws attention and creates awareness of its stakeholders on different environmental issues each year through its Sustainability Report. There are other green banking activities played by the bank which was covered in detailed in environmental performance segment.

Bank Asia Securities Limited (BASL)

Bank Asia Securities Limited (BASL), a majority owned subsidiary company of Bank Asia Limited started it independent commercial operation from April 17, 2011 having 07 outlets across the country with a paid up capital of Tk. 2,000.00 million.

Bangladesh Capital Market witnessed a bullish trend throughout the year in 2017. The trend of the bull market revived investors' confidence and derived from strong year-end earnings, higher dividends coupled with positive economic outlook. Both institutional and individual investors were seen active in injecting fresh funds in the market because of low returns from the deposits of banks during the period. The bullish market helped investors in recovering the losses they had incurred during the market crash of 2010 and 2011 that was continued by around three years. The market surge was mainly lead by the banking stocks with an average 51% upside but the banks' poor financial health amid irregularities and growing number of default loans was well

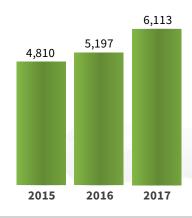

identified throughout the years. Besides, unusual price hike of 'Z' category shares, manipulative stock trading of new listed stocks and lack of enlistment of strong large capitalized and multinational companies were the major concerns of the market.

The prime index of the Dhaka Stock Exchange, DSEX started the year with 5,036.05 points on January and ended the year with 6,244.52 points with increase of 1208.4 point. Total Market capitalization of Dhaka Stock Exchange stood at Tk. 4,228.94 billion as on December 31, 2017, from Tk. 3,412.44 billion as on December 31, 2016 representing a growth of 24.1%. The daily average turnover in 2017 was Tk. 8,748.38 million against Tk. 4,944.28 million in 2016. Foreign investors' turnover on the DSE also increased by 30.48% to total at Tk. 114,476.3 million in 2017 compared with that of Tk. 87,733 million in 2016.

BASL has been continuing the position of DSE's Top-20 in terms of daily turnover

throughout the year. Total Operating profit stood at Tk. 254.73 million as on December 31, 2017. Number of total active clients reached at 6,113 in December 2017, which were 5,197 in December 2016 representing a growth of 17.6%. Margin loan outstanding stood at Tk. 5,074.11 million in December 2017, which was Tk. 5,380.14 million in December 2016.

Total Active Clients

BA Exchange Company (UK) Limited

Banks in the UK have been under heavy scrutiny by regulators. Rightly or wrongly they seem to have taken a blanket approach on this and have focused on cash based businesses and Money Service Business ("MSB") where they perceive the sector in general to be poor. They have not bothered to look at individual case by case scenario unless it is a household name such as Western Union or MoneyGram. They have therefore ceased provision of services to our sector. Due to this approach the MSBs have been severely suffering to keep the channel open. However, few other bank-owned companies have become the agent of large MSBs.

BA Exchange predicted that the future of money transfer would be cashless gradually and therefore we introduced Online Remittance Module (ORM) in March 2017 so that people can send money online from anywhere within the UK from the comfort of their home or on the go and can pay by their card. Apart from that the merchant facilities are working well and we now have approx. split of 50:50 by value, between cash and merchant takings, which should help to reduce our risk.

Despite the different setbacks in the whole sector in the last few years, we have managed to recover our business from the severe downfall in the year 2017. We had the best year so far since our operation in the UK having number of transaction increased by 27.42% & volume 23%.

The main challenge we face now is retaining business with competitive pricing. Brexit caused the Sterling to fall sharply against Dollar by almost 20% which is slightly recovered by the end of the year but inflation is increasing since then and will continue throughout the year ahead. So we need to be pro-active rather than reactive.

The ATM installed at BA Exchange premises for our customers since February 2015 is bringing in a steady revenue and we are in pro-tracked talks with a third party in relation to a potential new business stream.

The agreement with Western Union is working well in sending money globally and will bring in non-Bengalis and we are also attracting the sale of Foreign Currency, though this is very passive.

With the prudent directives of the Board and Management, hard work of our counter staff, unique marketing, improved service process making us one of the most preferred choices of remittance partner by expatriates living and studying in the UK. We are also going to introduce soon our mobile apps to make the transfer even convenient. So our continuous endeavor will be deployed to improve service excellence further and convenience of our customers

BA Express USA Inc.

BA Express USA Inc. was officially launched in 2014. Now it has two branches, one in New York and the other in Brooklyn. Through these 2 branches, BA Express USA Inc. serves its customers by remitting their hard earned money throughout the year. To provide easy, low-cost and convenient remittance opportunity for the Bangladeshi community residing in New York BA Express received remittance of USD. 36.26 million in volume through 73,671 number of invoices in 2017. Operating loss stood at USD (124,639) in 2017 which was USD (205,967) in 2016.

Invoice	Remittance (Million USD)
64,973	34.44
63,944	29.49
73,671	36.26
	63,944

INITIATIVES IN 2017

- Established agency arrangements with 34 agents across New York
- Incorporated new agents to increase remittance volume

FUTURE PLANS

- Increase selling Volume
- Reduce operating expenditure
- Generate minimum critical volume (i.e. USD 3.41 million monthly) to reach 'no loss no income' state
- Expansion of collection and distribution channels
- Introduce FinTech company based payments to accelerate transaction pace and increase overall volume

EVALUATION OF QUARTERLY REPORTS

The Board of the Directors evaluates the quarterly reports every year. The Management prepares the financials and submits to the Board for approval. The Board examines the financials with due diligence in order to ensure the financial statements are fairly stated. Thereafter the Board approves the financials with recommendation in various aspects such as reducing non-performing loan, increase of profitability and other key issues for improvement of financial performance.

ADDITIONAL STATEMENTS

Additional statements in the Directors' Report prepared under section 184 of the Companies Act, 1994 (Act No. XVIII of 1994) is described in a separate segment.

OUR GRATITUDE AND THANKS

We want to continue on doing the best and ensure prolonged development in the economy, society, lifestyle and thus every sphere of our country in line with our vision. Our sustainable banking operation is attributed to our prudent Board of Directors, effective Management, enthusiastic and skillful employees and trust bestowed upon us by our valuable clients and shareholders. We would like to convey our earnest gratitude to the Bangladesh Bank, Ministry of Finance, Bangladesh Securities and Exchange Commission (BSEC), National Board of Revenue (NBR), Government and other concerned authorities for their guidance, valuable suggestion and continuous support. Our Board of Directors, Management and staffs of the bank are devoted to achieve the priceless goals of the bank and to maximize shareholders value through combined efforts and strengths.

On behalf of the Board of Directors

Major Gen. Mohammad Matiur Rahman (retd.)

Director

Ms. Romana Rout Chowdhury Director

Annual Integrated Report 2017

Bank Asia's Integrated Reporting Framework

corporate governance, compliance and remuneration report risk
analysis and
integrated
strategy backed
business model

Our Approach to INTEGRATED REPORT

An Integrated Report (IR) is a concise communication about how an organization's strategy, governance, performance and prospects lead to the creation of value over the short, medium and long term and aims to cover a vast area of the business activities in sustainability framework. Unlike Annual Report that merely deals with past information IR reflects on how nonfinancial considerations have influenced on financial decisions as well as overall strategy of the business over a period of time.

Our IR gives a clear indication of our business model, strategic focus, resource allocation and future outlook to help the stakeholders evaluate the Bank's intrinsic value creation capability. In our fifth Integrated Report to the Bank's stakeholders we focused more on risk and opportunities through risk management disclosures, corporate governance, and sustainable banking initiatives with a view to highlight Bank's overall performances of 2017 and discuss the key factors that are material to its present and future value creation. We identify that we must effectively manage our resources and relationships to ensure attractive returns on our investment over the long term. We have also tried to keep this report concise, consistent and complete, including all material matters, both positive and negative in a fair way and without material inaccuracy.

Since inception, Bank Asia has been directed with the vision of making a poverty free Bangladesh. Our mission, goals are set based on the vision and continuously driving for the well being of the people. Keeping this in mind, we are expanding the

base of our sustainability business frame work through contributing in building the society, strengthening governance issues, value creation for our shareholders and responsible business complying environmental issues. Stakeholders have become more concerned about the company's activities whether it is earning by doing ethical business.

By the journey of preparation each year IR gives us new insight on how to improve the report for the stakeholders and tried to make it more informative and accessible. Here we welcome any feedback on its ideas, design, content and comments can be directed to

DEPOSITS STRATEGIES

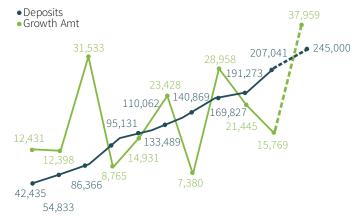

- Taping different government agencies e.g. Foreign Missions, Roads & Highway, LGED, Bangladesh Bridge Authority etc, and also other different corporate houses, e.g. Foreign Air Lines, Telecom companies etc. and maintaining regular intense social interaction with different segments of the society.
- Cross Selling of different products including retail to corporate customers.
- Exploiting the growing rural deposit basket by setting- up smaller size low cost rural branches and establishment of most important channels like EBEK (Ektee Bari Ektee Khamar), Agent Banking etc.
- Offering cash management services, i.e. collection of institutional accounts and effective use of EFTN service to ensure fast & secure cash service.
- Rigorous CASA campaign, Hajj deposits campaign and so on.
- Exploit mobile banking services to tap huge low ticket domestic remittance and mobile wallet to facilitate retail shopping.

ADVANCES STRATEGIES

- New emerging sectors like power, ship building, ship breaking, jute yarn, ceramic, pharmaceuticals industry etc. to be more focused.
- Existing thrust sectors like agro based industries, leather, frozen food, textile industry to be more focused.

- Backward linkage industries to be targeted which will provide a good source of SME business through availing the benefit of supply chain management.
- More priority to export oriented industries to help increase forex flow, earn through multi channel which will help increase no cost fund of the Bank.
- Special attention will be given to expand SME credit portfolio to achieve relatively higher yields and also to reduce adverse effects of large volume defaults.
- Risk Management techniques should apply to ensure strong internal control over business operation.
- Identifying probable problem accounts through Early Warning System ('EWS') and taking appropriate care of those and formulating exit plan, where necessary.
- Disbursement of loan to high yield generating business segments commensurate with calculative risk and maintain high quality asset portfolio.

- Country growth (Dec-17 over Dec-16)
- Bank Asia growth (Dec-17 over Dec-16)
- Bank Asia Market Share-Dec-17
- Bank Asia Market Share-Dec-16

IMPORT & EXPORT STRATEGIES

- Arranging credit lines for foreign currency from international agencies to facilitate international trade business
 particularly import clients at a competitive rate and the country as a whole will get benefit of building foreign
 exchange reserve.
- Marketing for not only established business houses but also the potential clients having strong entrepreneurship spirit to grow.
- Garments sector will be more focused where tested and potential clients will be in the portfolio basket under the regime of calculative risk return trade-off.
- Emerging ship building and ship breaking sectors will explore new opportunities which the Bank will tap for increasing international trade.
- Industries having backward linkage will yield better opportunity and reduce risk exposure.

Future Orientation

The year 2018 would be characterized by ample opportunities and challenges ahead. Bank will set strategies to overcome the hurdles and make the best use of opportunities to be in winning position.

CHALLENGES

- Overall spread in banking industry narrowed down to 4.72% in 2017 from 4.85% in the preceding year and this would continue in 2018 for which the profitability of the bank may reduce.
- 2. Bangladesh has been ranked 183rd according to 'Doing Business Report' conducted by the World Bank in 2017 compared to 177th in 2016. This indicates business environment and facilities deteriorate in Bangladesh compared to previous year that may create a negative impact on both local and foreign investors to invest in Bangladesh.
- 3. The upcoming National Election expected to be held on the early 2019 which may raise the risk of political unrest situation that eventually would impact the investment climate of the country.
- 4. Trade Deficit has been alarmingly rising in 2017 hitting USD 9.47 billion, the highest in last 5 years, putting a pressure on the foreign reserve that would cause further devaluation of local currency and thereby increase the import cost.
- With higher demand placed for credit, demand for deposits is spiraling up indicating a dearth in the availability in supply of deposits, resulting higher borrowing rate, marking higher costs for Banks.
- 6. Over dependence on fuel based electricity generation might see a rise in the cost of electricity marking a pumped up cost budget that will make business environment a bit stiffened.
- 7. Influx of roughly one million Rohingya from Arakan of Myanmar has twisted a severe problem for Bangladesh putting an upward demand for import of foodstuffs, involvement in different anti-social activities to fulfill basic needs, disturbing social peace being spread out over the country.
- 8. RMG has been contributing a lot to the economy of Bangladesh for the last four decades, approximately 80%

- of our export. European Union (EU), a major RMG importer of Bangladesh, is continuously putting pressure on RMG manufacturers on different issues like work environment, child labor, minimum wage etc. Risk on cancelation of GSP for these reasons would hamper our export growth.
- 9. Inward remittance of Bangladesh saw the six-year lowest in last FY16-17 that has a little growth in running fiscal year. This sluggish flow of remittance can be an obstacle to achieve projected GDP growth 7.4% in FY17-18.
- 10. Incessant CRAR deficiency of Stateowned Banks has made banking sector riskier, annihilates depositors' confidence, shrinks deposits and creates liquidity crisis. Government subsidiary to these banks with public revenue is a trade-off between economic development and loss compensation.
- 11. Growing trend of non-performing loan (NPL) in recent couple of years backed by political patronage, nepotism of internal people and board members is a big threat to the sustainability of the banking sector in Bangladesh.
- 12. Mammoth capital expenditure in gigantic Padma Bridge without external finance and other big projects like the Metro Rail project, Dhaka Elevated Express, Rooppur Nuclear Power Plant with partial external financing can reduce national savings and reserve fund which may lead an adverse economic situation.

OPPORTUNITIES

- Bangladesh has registered as the 5th largest Fish producer in the world by producing 2.1 million tons of fishes in 2017 marking a remarkable growth in the production of fisheries and expansion of agricultural stance marking a promising move for investment and development.
- 2. The Executive Committee of the National Economic Council (ECNEC) approved 13 projects worth Taka 12,415.79 crore marking a prospect for investment opportunities and growth in business through improved communication and commutation.
- 3. Addition of 4,676 megawatt electricity

- to national grid by 2018 will see a rise in national productivity and rise in demand for credit.
- 4. Envisioned Padma Bridge is anticipated to be completed at the end of 2018 that will hook up 21 southern districts of Bangladesh to the capital Dhaka resulting in the lofty growth of economic activities and in so doing increased demand for investment.
- 5. Completion of Dhaka-Chittagong four-lane project at the mid of 2017 has abridged transportation time of export-import goods appreciably and so transportation cost and lead time which push up export-import oriented manufacturers to the extension of their businesses that calls for increased demand for financial assistance of bank.
- 6. Bank Asia's ongoing financial inclusion program like "EBEK" & "Agent Banking" can create generous opportunities that present in the geographically dispersed segment of Bangladesh.
- 7. Agent banking has registered an outstanding growth in recent years which covers unbanked people in banking sector. Such a good sign will boost up economic activates contributed by people who remained unbanked for decades.
- 8. Recent outbound in communication and information technology like smartphone and availability of internet facility makes the banking sector more attractive. Bank Asia aligns with advanced technologies introducing SMART Banking, Diganto, My Family app, Online Credit Approval System (OCAS), Online CIB which will facilitate quick and uninterrupted automated customer servicing.
- 9. GDP of Bangladesh saw an expansion of 7.28% in FY16-17 and has been revised with a range of 7.80% to 8.0% for future years which will open up more economic opportunities in future.

Strategic Focus

Improved performance through capacity building and employee productivity revitalizing efficient service delivery, organizational effectiveness, strong public relations and customer satisfaction equipping employees with expertise, necessary skills and knowledge properly addressing employee motivation, satisfaction, health and morale to improve employee productivity altogether culminate performance of the Bank.

BUSINESS KPI'S

Bank Asia has chosen some financial and non-financial key performance indicators (KPIs) that are important for its future success. Financial KPIs: Proportion of SME portfolio, loan loss rate, Cost Management, Net-operating Income Growth, Operating Income Mix, Cost to Income, Shareholder Returns. Non-Financial KPIs: Employee engagement, Brand perception, customer satisfaction, IT performance &system reliability, number of CASA customers, proportion of non-interest income, distribution outlet outside Bank's own netw

BUSINESS KRI'S

Bank Asia has chosen some forward looking key risk indicators (KRIs) to focus on emerging risk to recover, improve or maintain its performance. Bank Asia is committed to create good risk culture that includes clear guidelines, clear responsibilities and risk awareness programs to identify. KRIs: Emerging impediments to financial performance, regulatory status, Asset growth outpacing capital growth, increase in SMA in the bank's geographic location or customer cluster, increase in approvals of credit proposal exceptions, increase in percentage of interest only loans to total loans, significant changes in funding mix period to period.

MENTORSHIP PROGRAM FOR BRANCHES

Bank Asia implemented zonal mentorship concept involving Senior Management to monitor branches seamlessly with a view to managing core risks of the Bank, optimizing the revenue streams (profitability), expediting credit approval process that will help achieve goals, make smart business decisions, overcome work place challenges and learn new skills

CUSTOMER SATISFACTION

Bank Asia is sincere to create higher customer satisfaction and loyalty by its brand enhancement programs, personalizing banking, creating brand ambassadors, Online product innovation, measure and reduce customer effort, creating differentiated customer value proposition, conducting customer satisfaction survey for identifying client expectations as well necessary actions to be taken for service improvement.

GOING GREEN IN THE FUTURE OF BANKING

Bank Asia firmly promotes green banking to reach its long term strategic objective to be a green, triple bottom line bank where every decision will be taken with both financial and environmental considerations in mind. The Bank's green banking initiatives includes Online & paperless banking, reduction of green house gas emission, mapping bank's carbon foot print, efficient energy use, environment friendly projects like ETP, Zigzag and HHK technology, plants nursery, biogas and horticulture projects etc.

PROMOTING FINANCIAL INCLUSION

One of the strategic priorities of Bank Asia is to promote financial inclusion for combating poverty which the Bank firmly believes to achieve by its deposit services, agricultural credit program, small enterprise financing for productive new off farm employment of 'missing middle', Solar home system projects with NGO-MFI partners, foreign remittance of poor migrant workers channeling through partner MFIs, domestic remittance distribution, mobile operation through mobile banking, EBEK project for the ultrapoor people and agent banking for the underserved population.

GIVING BACK

Bank Asia believes in giving back to the community and it will continue to promote education, fulfill its commitment to community health, disaster management, clean environment, sports, art and culture.

DISCLOSURE OF RISK REPORTING

Page: 120-125

From Chief Risk Officer's Desk

The year 2017, can be phased as a period of economic transformation for Bangladesh. During the year the country has broken the long continued six percent economic growth trend by achieving 7.28% growth (FY 2016-17). The result was primarily driven by various achievements and challenges. Being an integral part of the economy, the banking industry also shared identical experiences. In addition to that the financial service offering of Bangladeshi Bank(s) is becoming complex to sustain in an intense competitive environment. Altogether the competitiveness along with the complexity of the banking industry is triggering various uncertainties resulted to multidimensional material risks. As such risk management practice is mounting in the highest priority list for banking operation. The tendency of risk management is further boosting due to rigorous vigilant of regulatory authorities i.e. Bangladesh Bank, Bangladesh Security and Exchange Commission and other stakeholders. Being an active part of countries' banking industry, Bank Asia Ltd., has undertaken an active approach to risk management and remained consistent in forming a best-in-class capability. The core motto of risk management practice at Bank Asia Ltd. are, well understand the materials risks of the bank and Strategy formulation for active risk mitigation.

Risk Management Framework

The risk management framework of Bank Asia Ltd., has duly articulated the approach of implementing enterprise wide risk management. The framework has duly defined the responsibilities of each stakeholders from respective position. The process related to formulating risk strategies, setting risk appetite, key performance indicator of risk management activities and overall supervision process are all part of the bank's risk management framework.

Strategy and Risk Appetite

On yearly basis the Board of Director sets the broad business/operation strategies of the bank and in line of that the Board also articulate the Risk Appetite Statement. Subsequently the entire risk management operation of the bank is derived focusing on the risk appetite statement. The aforementioned feature ultimately helped the bank to adopt such a risk management practice which by nature is practical and sensitive to trending macro-economic position.

Policies

The bank is committed toward adopting Board approved policies for managing each risk type. These policies aim to articulate responsibility for managing each risk and requirements for measurement and reporting.

Risk outlook

While many other occurrences that will have a substantial impact on risk functions over the upcoming period are unpredictable, we believe that at least key trends are powerful and certain enough to help paint a picture of the risk outlook of the banking industry during the year 2018:

Impaired Credit Portfolio

In general the NPL against bank credit tend to have positive correlation with loan growth. Considering the aforementioned scenario and prevailing industry wide credit growth ratye, the overall NPL of the banking industry is likely to be worsen. The situation might overshoot (i.e. as compared to 2017) due to expected liquidity crunch which also likely to push the overall lending rate in the upcoming year. On top of above the upcoming national election might echo the degree of credit risk.

Growing Regulatory Compliance

Recent pattern of intense competition is triggering various illegal and unethical behavior in the overall banking operation as a result the likelihood of bank collapse is mounting. In connection with the above, the demand of regulatory compliance is increasing both domestically and internationally and bank might face challenges to meet the requirement in various regulatory aspects.

Trending Client's Expectations

In the coming days, customer expectations and technology are expected to cause massive alteration in banking and give it an entirely different profile. In the international survey outcome indicates the tech-savvy younger generation will be major revenue generator to bank by 2025 which is a clear indication of shift in targeted client group. Apart from client profiling, the banking industry will be required to adopt rapid decision making practice along with individual client wise pricing for acquisition of quality client base.

Changing Technology

The technological trend will not only affect client behavior but also expected to mold the overall risk management operation. Particularly the introduction of concepts like Big Data, Block Chain, machine learning etc. is likely to change the shape of risk/data analysis and Management Information System (MIS). The clients are thriving toward technology based banking services, the vast popularity of online account opening; mobile banking and other online based banking services are direct result of the same. This shift of technology in one end enforcing the banks of this territory to seriously think about revaluation of current banking operation in view of technology, on the other hand, inviting cybercrime.

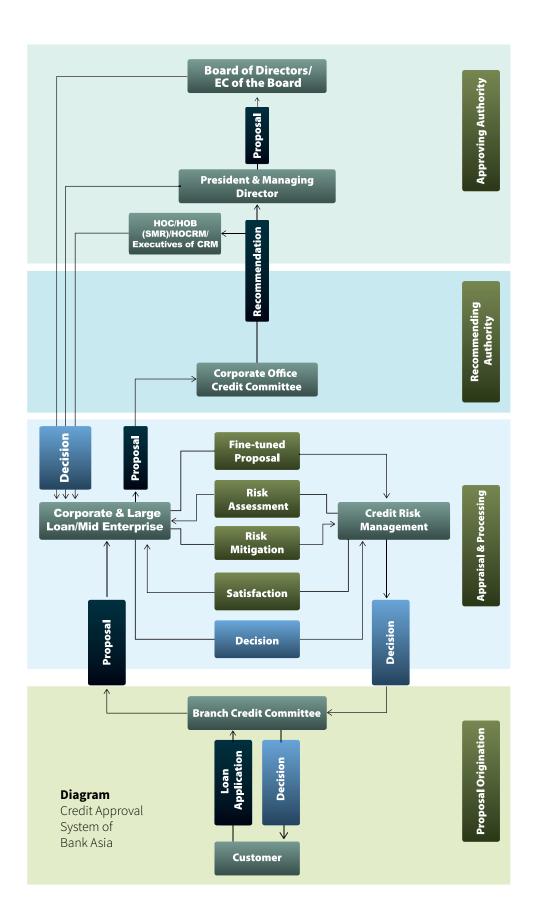

Management of Operational Risk

During the last decades the management of financial risks has advanced in the banking industry of Bangladesh but the non-financial risks resulting from various operational lapses has remained unattended. The tremendous increase in fines, damages, and legal costs related to operational and compliance risk over the past years is ultimately forcing banks to pay much more attention to these risks.

Bank's Readiness

During the upcoming year, among other areas of risk, bank will extend majority focus in addressing capital optimization, credit risk, technology risk and operational risk. In addition to that bank has already initiated the development process of Internal Credit Rating System (ICRS). Upon successful implementation the bank will be able to assess optimum level of capital requirement and take capital benefit under Basel Accord. In addition the bank will also be eligible to migrate to advance approach for credit risk assessment, which is popularly known as Internal Rating Based Approach (IRB). Apart from above, the adoption of Capital Rationing will be initiated from ensuring precise level of capital rationing.

Statement on Non-Performing Loan (NPL) Management

One of our core business priorities is to curb non-performing loans by maintaining quality assets. In this regard, Bank Asia's credit approval process has been framed to unveil and assess the unforeseen inherent risk so that assets quality will not deteriorate in the long run. Additionally, early warning system gives us alarms so that precautionary actions taken against vulnerable assets. Above all, proper monitoring and strong recovery drive from branch and corporate office help maintain quality assets of Bank Asia. From 2016 Debt Collection Unit under SAMD (Special Asset Management Division) was formed for further recovery drives of written off loans. Executives of Corporate Office got involved in recovery campaign alongside with their normal desk activities as an innovative idea that resulted in ahuge NPL recovery in 2017.

STRATEGIES FOR NPL MANAGEMENT & RECOVERY PROCESS

The recovery strategies are formulated based on analysis carried out by the following four units of the Division:

- Recovery Unit Off-site (Non-Legal)
- Recovery Unit On-site (Non-Legal)
- Debt Collection Unit (Write-off)
- Recovery Unit-Legal and
- Recovery Unit MIS & Compliance.

All the units are working on different area of recovery process towards achievement of their time bound set goals. They are also keeping good contribution in the profitability of the Bank through recovery of NPL vis a vis release of Interest Suspense kept suspended against NPL.

NPL STATUS OF BANKING INDUSTRY OF THE COUNTRY

TThe amount of classified loan in country increased to Tk. 803.10 billion in 2017 from Tk. 621.72 billion in 2016.So, having growth of 19% despite huge rescheduling and restructuring of loans.

Source: Bangladesh Bank, Quarterly (July-September, 2017) Vol XV, No 1

NPL & Recovery Status of Bank Asia

- The Bank ended the year with 4.38%Non-performing loan or classified loan which was amounted to Tk. 8,642 million compared to Tk.8,847.33 million compared to 2016. We have Tk.8,581.81 million under stay order where a significant portion of classified loans came from the vacated of stay order from Honorable High Court.
- At the end of 2017, the Bank's write off loans was Tk. 7,261.47 million against 176 accounts compared to Tk. 5,122.92 million against 127 accounts in 2016. The closing balance has increased due to addition of Tk. 2,138.41 million as write off loans as well as collection of Tk. 36.38 million from written-off accounts.
- During the year 79.21% of rescheduled loans remained standard, i.e. cash recovery and installment payments of major rescheduled / restructured borrowers were regular. It may also be noted that the remaining 20.79% of rescheduled loans that were downgraded to classified status constitutes 61.36% of total classified loans. Management has already increased recovery initiatives from those defaulted loans.
- The cash recovery against Classified Loans and Written off loan during the Year/Period was one of the highest in last couple of years which was tk. 2.79 billion in 2017 over tk. 1.89 billion in 2016 from hard core rescheduled, restructured, B & L and write off loan accounts.

In the year 2018, our strategic planning will be as follows:

- 1. Strong Supervision, follow up and monitoring for the NPL accounts as well as rescheduling & restructured loans to be ensured both by on-site and off-site basis
- 2. In every NPL prone branch, a recovery unit must be formed and a weekly feedback to be taken by SAMD
- 3. Proper monitoring, follow up & supervision in pre-classification stage should be ensured by C&LL, ME, CMSE, CRM and other concerned departments
- 4. Adequate staff in SAMD and optimum utilization of manpower in SAMD to be ensured
- 5. Appropriate Legal action to be initiated
- 6. Amicable settlement may be allowed in applicable sector
- 7. A separate Recovery Unit for Chittagong Zone to be formed
- 8. Recovery Agent may be engaged in some special cases.
- 9. Eligible accounts to be written-off as per Guidelines of Bangladesh Bank.

We are optimistic that by deploying our above mentioned strategies, we will be able to keep the classified loan of the bank within 3.50% at the end of the year 2018. Furthermore, with the concentrated efforts by our "Debt Collection Unit" we will also be able to recover Tk. 300.00 million from the written-off accounts of the bank by this year. Bank Asia is putting all out efforts to recover defaulted clients and stop fresh inclusion of CL. For success in that front, management is further streamlining its credit appraisal process.

RISK MANAGEMENT FRAMEWORK

1. INTRODUCTION:

Effective risk management is fundamental to the success of the Bank. It is the architecture that includes risk management principles, a risk management framework and a risk management process. The risk management is primarily consists of understanding material risks and handling those risks in a way best-suited to achieve organizational objectives. Effective risk management has also given us so many benefits like reduction of frequency and severity of losses, safe and sound banking practices and better returns to stakeholders due to lower losses.

The banking sector in Bangladesh plays a vital role in the financial system as it has the capacity to supply credit and liquidity to the entire economy, providing payment services and thereby facilitating financial transactions in the economy. However, in search of growth amidst emerging risks, evolving risk function, stiff competition and the government reliance on the financial sector as a main revenue source, banks were compelled to expose themselves to a much higher level of risks where systematic management of risks become the key differentiator. Risks are created and amplified by certain events that occur and such key events took place during year 2017 driving the demand for improved risk management practices. Some developments necessitated the enhancement of risk management techniques, broadening of risk reporting and building a strong risk management culture within the banking and financial sector in Bangladesh.

1.1. A Risk Management Approach

It is important not only fulfill regulatory requirements but also improve financial and operational performance of the banks. Strong and integrated risk management is essential for the long-term sustainability of the bank's business. The comprehensive risk management policies and sophisticated risk management processes are required for systematic identification, measurement, monitoring and controlling of all business risks.

Bank's overall financial soundness can be

measured only by adopting a strong risk management process by communicating concise risk management standards to all concerned officials through adequate policies, directives, operating procedures and training programs.

1.1. B Risk Management Units of the Bank

Credit Risk Management and Client
Rating Unit is primarily responsible for
finding out and recommending mitigation
for all credit risk related issues of the bank.
Major focus of the unit will be to ensure
continuous understanding of any kind
of changes in risk parameter and review
of credit related activities of the bank to
measure the performance of existing credit
risk management tools. This unit is also
responsible for developing internal client
rating model and periodic credit related
reporting of the bank management and
Board Risk Management Committee

Market Risk Management Unit is primarily responsible to identify, assess, manage, report and any risk arising from Asset-Liability mismatch, change in yield curve and/or market volatility (FX or equity investment).

Operational Risk Management Unit

is primary responsible to manage any possible operational risk resulting from people, process, system and external forces.

Process Development and Review Unit

is basically a process reengineering unit. This unit will proactively review various operational processes (regardless of any specific risk) to identify any area of development. Based on such identification the unit will take necessary steps to enrich the process i.e. through policy/process development and eventual implementation, which can not only safeguard bank's asset but also contribute strongly towards profitability.

Capital Management Unit

is primarily responsible to ensure execution of Pillar –II capital computation. More precisely the unit will develop

methodologies/models to accurately calculate additional capital requirement on top of minimum capital requirement.

2. MAJOR COMPONENT OF RISK MANAGEMENT OF BANK ASIA

The Bank's risk management framework is applied on an enterprise wide basis and consists of three key elements:

- Risk Governance,
- Risk Appetite, and
- Risk Management Procedure

2.1 Risk management framework of Bank Asia Limited

The risk management framework is combination of different global and national rules, regulation and practices and risk management standards which are applicable for overall risk management of the bank. The primary goals of risk management are to ensure that the outcomes of risk-taking activities are consistent with the Bank's strategies and risk appetite, and that there is an appropriate balance between risk and reward in order to maximize shareholder returns.

Effective risk management begins with effective risk governance. The Bank has a well-established risk governance structure, with an active and engaged Board of Directors supported by an experienced senior management team and a centralized risk management group that is independent of the business lines.

In line with global and national level risk management framework Bank Asia Ltd. has own Risk management framework for overall risk management of the Bank. Following are main elements of a risk management framework that apply Bank irrespective of its size and complexity of business:

First and foremost, effective risk management framework demands active involvement of the Board of Directors (BoD) and senior management in the formulation and oversight of risk management processes. Accordingly, they should provide strategic direction and approve the overall business strategies and significant policies of the Bank, including those related to managing and taking risks, and should also ensure that

senior management is fully capable of managing the activities that the Bank institutions undertake

Second, adequate Policies, Procedures, and Limits need to be defined by the Directors and senior management to tailor the risk management policies and procedures to the types of risks that arise from the activities of the Bank

Third, adequate Risk Monitoring and Management Information Systems is developed for effective risk monitoring and to identify and measure all material risk exposures. Consequently, risk monitoring activities must be supported by information systems that provide senior managers and directors with timely reports on the financial condition, operating performance, and risk exposure of the institution

Fourth, establishing and maintaining an effective system of controls, including the enforcement of official lines of authority and the appropriate separation of duties such as trading, custodial, and back-office is one of management's more important responsibilities. A properly structured system of internal controls promote effective operations and reliable financial and regulatory reporting, safeguards assets, and helps to ensure compliance with relevant laws, regulations, and bank policies

Fifth, the Risk Management Function institutionalized to supervise overall risk management at the bank. Ideally, overall risk management function is independent from those who take or accept risk on behalf of the bank.

Establishment of Risk Management Division of Bank Asia Limited

As per Bangladesh Bank's advised all scheduled banks including Bank Asia Limited formed a separate Risk Management Unit through letter reference no 1164/14 (Bank Asia) /2009-464, dated June 10th, 2009. In order to comply Bangladesh Bank requirement Bank Asia Limited has formed a dedicated Risk Management Unit which subsequently restructured and approve as Risk Management Division (RMD) during 246th Board meeting vide memo no. 6618/2013 dated 13th February, 2013.

In order to strengthening and updating the risk management system of the bank,

Central Bank has issued a circular DOS#13, dated September 09, 2015. The major change observations of that circular are:

- Revision of organogram of Risk Management Division
- Enhancement of the role of Risk Management Division
- Setting minimum interaction of Head of RMD with various committees of the bank

The primary role of the division is to identify the gap in current operational process of the bank and as prescribed structure in respective core risk guideline, facilitation of formation and providing secretarial services to core risk management committee, facilitate recommendation and change implementation process regarding improvement in core risk areas.

BANK ASIA'S RISK MANAGEMENT STRUCTURE Board Risk Management Committee

- Design and implement Risk strategy and policy
- Review, monitor and understand risk profile of the bank
- Review and recommend bank's risk appetite, limit and tolerance level

- Review of Management level operational risk structure
- Performance review and recommendation

Executive Risk Management Committee

- Determining general principal for measuring, managing and reporting the bank's risk
- Oversee the development, implementation and maintenance of the bank's overall risk management framework and risk appetite, strategy, principals and policies
- To ensure bank's Risk Management practices are in line with regulatory benchmark and industry best practice
- Ensuring appropriate knowledge, experience and expertise of lower-level managers and staff involved in risk management

Supervisory Review Process Committee

- Ensure that the bank has an internal process to indentify and assess all relevant risks of the bank
- Vetting/recommending general principal for development of ICAAP document
- Ensure that capital is adequately allocated against the ICAAP outcome
- Error free and timely reporting of ICAAP outcome to Strategic layer and BB

Core Risk Assessment Management Committee

- Adoption of in-house core risk assessment methodology
- Perform periodic assessment of Core Risk Guidelines' implementation status
- Review and approval of core risk rating and recommendation for improvement
- Extend supervisory support for implementation of committee's resolution

RISK MITIGATION METHODOLOGY

The success of banking operation largely depends on choosing the best equation between risk and return. This implies that by nature the banking operation is subject to various risks. However to ensure the sustainability, among all other factors creating value (i.e. return/profit) is a basic requirement for any financial organization. Keeping the uncertainty factor in mind each bank need to adopt a risk management framework that should be effectively enough to manage all material uncertainties to achieve the goal of the organization.

The process starts through defining what the organization wants to achieve and the external and internal factors that may influence success in achieving those objectives. This step is called establishing the context and is an essential precursor to risk identification.

Risk assessment comprises the three steps of risk identification, risk analysis, and risk evaluation. Risk identification requires the application of a systematic process to understand what could happen, how, when, and why.

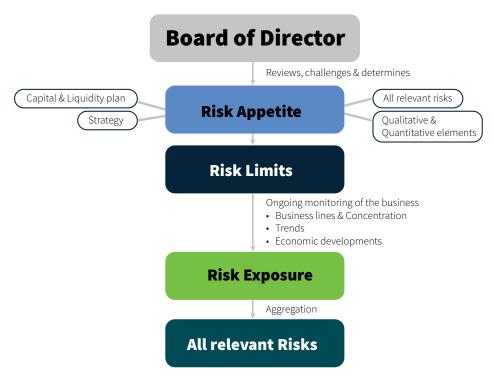

Risk analysis is concerned with developing an understanding of each risk, its consequences, and the likelihood of those consequences.

Risk evaluation involves making decision about the level of risk and the priority for attention through the application of the criteria developed when the context was established.

Risk treatment is the process by which existing controls are improved or new controls are developed and implemented.

Risk Appetite

Risk Appetite refers to the broad types and amounts of risks that a bank is willing to undertake in implementing its business strategy. Setting the risk appetite is an exercise where Bank's risk capital is allocated effectively and risk limits are set within the risk strategy of the Bank. Thus, the risk appetite is set, covering overall group position of a bank ensuring main business units are in line with the business objectives set by Board of Directors. Risk appetite statement includes qualitative and quantitative measurements, which are linked with earnings, capital, liquidity and other relevant measures, as appropriate. Bank assures a balance between risk goals set and forecasts of short to long-term strategy and capital planning. Thus, preparation of risk appetite statement is based on forward looking assumptions to support achieving the Bank's overall objectives.

Setting & Monitoring Risk Appetite

1. CREDIT RISK:

Credit risk primarily triggers either from unwillingness or inability of a credit borrower to serve its obligation, resulting economic loss to the bank. Credit risk arises from on balance sheet claims such as loan and overdrafts as well as off balance sheet commitments such as guarantee, acceptance, letter of credit etc. Similar to most other banking institutes, in the case of Bank Asia Limited, loans are the largest and most obvious sources of credit risk.

Bank's credit risk management (CRM) specifically addresses the following areas:

The CRM should be mainly responsible for:

- Implementation of the credit risk policy/ strategy approved by the board.
- Ensure compliance with limits approved by the board
- Makings recommendations to the board, for its approval, clear policies on standards for presentation of credit proposals, financial covenants, rating standards and benchmarks.

Deciding delegation of credit approving powers, prudential limits on large credit exposures, standards for loan collateral, portfolio management, loan review mechanism, risk concentrations, risk monitoring and evaluation, pricing of loans, provisioning, regulatory/legal compliance, etc.

A. Operating Under Sound Credit Granting Procedure

Bank followed strictly specified policies, standard for granting credit by way of evaluating borrower:

- Internal credit rating assessment
- External credit rating assessment by ECAI
- Analysis of specific borrower repayment capacity- review of financial statements by way of analysis five key financial indicators- Balance Sheet, Income Statement, Net worth and Fixed Assets reconciliation, Key ratios and Cash flows statements
- Risk based loan pricing
- Credit growth increase after ensuring optimum asset quality and without compromising bank's standard of excellence
- Credit facilities are allowed after consideration of absolute due diligence
- Inherent risk in credit proposal are being identified and mitigation steps are taken
- Collateral is properly valued and verified by concerned officer in periodically basis
- Risk grading is being done in line with the Bangladesh Bank guideline and bank's own policy
- Credit delegations are specified for new/ fresh limit, renewal or enhancement of

limit, consumer/ retail loan, personal loan etc.

- B. Maintaining and Appropriate Credit Administration Measurement and Monitoring Process
- Bank established an appropriate credit administration measurement and monitoring process to mitigate credit risk
- Borrower follow-up and corrective action
- Internal loan review.

Timely identification of problem assets:

Documentation Weakness

- Failing to file collateral agreements/ security agreements with appropriate public departments
- Transferring the collateral to another country/state
- Guaranties with expired dates Changes in legal status
- Unauthorized corporate/ partner signatures Collateral Deterioration
- Changes of value in the marketplace
- Rising interest rates decrease real estate and investments
- Technological advances
- Rapid depreciation of equipment or inventory
- Tax law changes (real estate)

- Natural disasters
- Spoilage or mishandling of collateral.

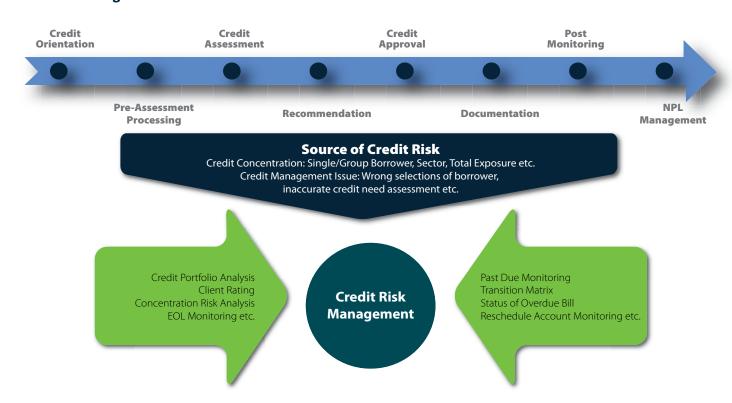

Extended Credit and High Use of Lines of Credit

- Borrower is at the top of line each month
- Failure to meet financial covenants in loan agreement
- Delays in payment of principal and interest Use of overdrafts/low balances in current account
- Credit inquiries from other lenders
- Change of accountants
- Other Indications of Problem Loans
- Delay in receipt of financial statements
- Delay in management promises or
- Adequate provision maintain

C. Ensuring Adequate Controls Over Credit Risk

Bank established a system of independent, ongoing credit review and the results of such review are communicated directly to the Board of Directors and senior management. Detail on credit risk management is disclosed in CRO's report page no. 108 and other part of Annual Integrated Report 2017

Credit Management Procedure

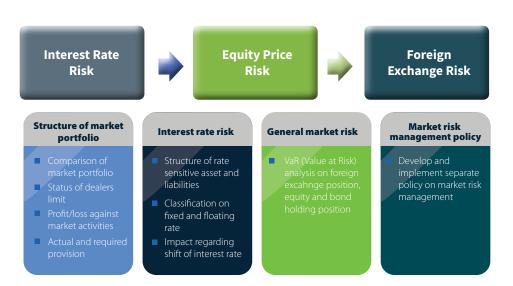

2. MARKET RISK:

Market risk is defined as the risk of losses against expected (fair) value of financial assets, liabilities and off-balance sheet items resulting from absurd market condition (e.g. macro-economic factors). The underlying risk is also considered as non-diversifiable risk, i.e. risk that cannot be avoided. In general market risk is often triggered by other forms of financial risks such as credit and market liquidity risks. For example, a downgraded of the credit standing of an issuer (e.g. share) could lead to a drop in the market value of the securities issued by the issuer. Furthermore, a major sale security by another holder could depress the price of the security.

2.1 Interest Rate Risk arising from mismatches in the interest rate profile of assets, liabilities and capital instruments including basis risk arising from different interest rate benchmarks, interest rate re-pricing risk, yield curve risk and embedded optionality.

- **2.2 Equity risk** is defined as loses due to changes in market price of equity held by the Bank. To measure and identify this risk, marks to market valuations of the equity instruments that are traded in secondary market are made. The minimum capital standard for equities is expressed in terms of two separately calculated charges for the "specific risk" of holding a long or short position in an individual equity and for the "general market risk" of holding a long or short position in the market as a whole.
- **2.3 Foreign exchange risk** arising mainly from our strategic investments which are denominated in currencies other than the BDT. Foreign exchange position is managed by treasury division. In the year ended 2017, Total Risk Weighted Assets for Foreign Exchange Risk is Tk. 1,136 million and capital requirement is Tk. 113.6 million.
- **2.4 Commodity risk** is the risk of loss due to changes in spot and forward prices and the volatility of precious and base metals, and energy products. A commodity is defined as a physical product which is or can be traded on a secondary market, e.g. agricultural products, minerals (including oil) and precious metals. The price risk in commodities is often more complex and volatile than that associated with currencies and interest rates. Commodity markets may also be less liquid than those for interest rates and currencies and, as a result, changes in supply and demand can have a more dramatic effect on price and volatility. These market characteristics can make price transparency and the effective hedging of commodities risk more difficult. For spot or physical trading, the directional risk arising from a change in the spot price is the most important risk. However, banks using portfolio strategies involving forward and derivative contracts are exposed to a variety of additional risks, which may well be larger than the risk of a change in spot prices. In the year ended 2017, Bank has no Risk Weighted Assets for Commodity Risk.

3. LIQUIDITY RISK:

Liquidity risk is the potential for loss to an institution arising from either its inability to meet its obligations as they fall due or to fund increases in assets without incurring unacceptable cost or losses. An institution short of liquidity may have to undertake transaction at heavy cost resulting in a loss of earning or in worst case scenario; the liquidity risk could result in bankruptcy.

Banking organization like Bank Asia Ltd., where off-balance sheet exposure is significant or has strong dependency on corporate deposit or experiencing step asset (i.e. primarily credit portfolio or investment book) growth is exposed to high level of Liquidity risk. Liquidity risk should not be seen in isolation, because financial risks are not mutually exclusive and liquidity risk is often triggered by consequence of other financial risks such as credit risk, interest rate risk, foreign exchange risk etc.

- a) Funding liquidity risk: risk generates when bank will be unable to meet its current and future cash flow and collateral needs without affecting its daily operations or its financial condition.
- b) Market liquidity risk: risk generate when bank cannot easily offset or sell a position without incurring a loss because of inadequate depth in the market.

Bank Asia assesses liquidity risk in ICAAP document under Pillar-2 by considering following key indicators:

Regulatory Liquidity Indicators (RLIs):

- Cash Reserve Requirement (CRR)
- Statutory Liquidity Ratio (SLR)
- Medium Term Funding Ratio (MTFR)
- Liquidity Coverage Ratio (LCR)
- Net Stable Funding Raito (NSFR)
- Maximum Cumulative Outflow (MCO)
- Advance Deposit Ratio (ADR)/ Investment Deposit Ratio (IDR)

Bank's own liquidity monitoring tools

- Wholesale Borrowing and Funding Guidelines,
- Liquidity Contingency Plan,
- Management Action Trigger (MAT)

Computation of capital charge against above key liquidity indicators, bank maintained additional capital.

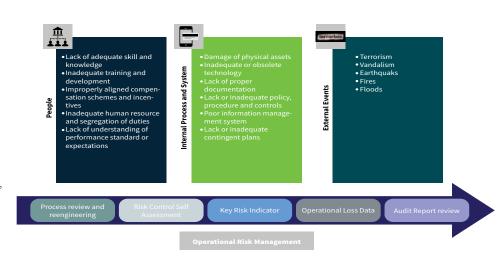

4. OPERATIONAL RISK:

Operational Risk refers to the risk of loss resulting from inadequate or failed internal process, people and system or from external events. This definition includes legal risk but excludes strategic and reputational risk. Unlike other risk as faced by the bank, the operational risk is inherent in most of the process and operations of the bank and cannot be separated from other risks. Operational risk in a bank are the functions of the bank's overall environment and culture, employee competence and integrity, management strategies and philosophies, extent and degree of process centric approach to business, etc.

5. REPUTATION RISK:

Reputation risk is the current or prospective risk to earnings and capital that arise from decline in the customer base, costly litigation due to adverse perception of the stakeholders. It originate from the lack of compliance with industry service standards or regulation, failure to meet commitments, inefficient and poor quality customer service, lack of fair market practices, unreasonably high costs and inappropriate business conduct. In a nutshell, "reputation risk arises from the failure to meet stakeholders' reasonable expectation of bank's performance and behavior". Reputation risk is a subset of operational risk which can adversely

General Macro Economic analysis Liquidity Pair analysis **Analysis** Interest rate analysis **Fund** Repayment Against Loan Portfolio Management Undrawn commitment Analysis Liquidity Profile Regulatory Liquidity Indicatior analysis short term Liquidity strength assessment Ratio Long term Liquidity strength assessment Analysis

affect the capital base if the driving forces of the risk turn worse. Banks assess reputational risk in ICAAP document under Pillar-2 by considering following key indicators:

- Credit Rating conducted by ECAIs
- Internal fraud
- External fraud
- Non-payment or delayed payment of accepted bills (foreign & domestic)
- Quality of customer service.

Assessing above key indicators for all aspects bank maintains additional capital for that/those risk/risks.

6. STRATEGIC RISK:

Strategic risk means the current or prospective risk to earnings and capital arising from imperfection in business strategy formulation, inefficiencies in implementing business strategy, non-adaptability/less adaptability with the changes in the business environment and adverse business decisions. Strategic risk induces operational loss that consequentially hampers the capital base.

In this context, strategic risk possesses a significant space in the ICAAP of the banks,

following aspects is considered:

- CAMELS rating optimum level (satisfactory)
- Operating expenses as % of operating income- optimum level up to 45%
- Classified loans as % of total outstanding loans- optimum level up to 5%
- Classified loan recovery as % of total classified loans- optimum level minimum 20%
- Written-off loans as % of total classified loans- optimum level up to 15%
- Interest waiver as % of total classified loans-optimum level up to 5%.

7. INTERNAL CONTROL & COMPLIANCE RISK:

Internal control is the process, affected by a company's board of directors, management and other personnel, designed to provide reasonable assurance regarding the achievement of objectives in the effectiveness and efficiency of operations, the reliability of financial reporting and compliance with applicable laws, regulations, and internal policies.

Bank's senior management is responsible for establishing a compliance policy that contains the basic principles to be approved by the board and explains the main processes by which compliance risks are to be identified and managed through all levels of the organization.

The board and management are accountable for the bank's compliance, the compliance function has an important role in supporting corporate values, policies and processes that help ensure that the bank acts responsibly and fulfils all applicable obligations.

8. MONEY LAUNDERING RISK:

Money Laundering Risk can be defined as the loss of reputation and expenses incurred as penalty for being negligent in prevention of money laundering. The bank has a designated chief compliance officer at Head Office and Compliance Officers at branches who independently review the transactions of the accounts to verify suspicious transactions.

The convergence of several remarkable changes in the world markets propelled Money Laundering to become a worldwide problem. Bank Asia considers Money Laundering and Terrorist Financing Risk not only a compliance requirement of the regulatory bodies but also as one of its core business values. The Board of Directors and the Management are firmly committed to combat Money Laundering activities.

9. ENVIRONMENTAL AND CLIMATE CHANGE RISK:

Environmental and climate change risk refers to the uncertainty or probability of losses that originates from any adverse environmental or climate change events (natural or manmade) and/or the non- compliance of the prevailing national environmental regulations. This is a facilitating element of credit risk arising from environmental issues. These can be due to environmental impacts caused by and / or due to the prevailing environmental conditions. Environmental and climate change risk can hamper the business stability of the borrowers in respect of both- i) profitability and ii) reputation. Consequentially, the extent of risk for the banks will be higher. Sector Environmental Due Diligence (EDD) Check List specified in Guidelines on Environmental Risk Management (ERM) issued vide BRPD Circular No. 01/2011 dated 30/01/2011 is use to determine this risk. For the loans under the sectors specified in the guidelines and which will have EnvRR of 'High (H)' was considered for the capital charge against this risk.

DISCLOSURE OF RISK REPORTING

Risk management report addresses the disclosure requirements of Basel III pillar 3, and materials risk that effect bank's earning, capital and shareholders' value and management action plan against that risks set out by Bangladesh Bank. Banks prepared its statement regarding capital adequacy statement in line with pillar I of Basel III on quarterly basis and submitted to Bangladesh Bank by following month both in solo basis and consolidated basis. Solo basis included Bank's conventional banking, Islamic banking and Off- shore banking. Consolidated basis included Bank and its three subsidiary companies i.e. Bank Asia Securities Limited, BA Exchange Company (UK) Limited and BA Express USA Inc.

1. BASEL III APPROACH ADOPTED:

Bangladesh Bank vide its BRPD Circular No. 18 dated December 21, 2014 implemented revised regulatory capital framework for banks in line with Basel III in Bangladesh with effect from January 01, 2015. Implementation process period of Basel III is Jan 2015 to Dec 2019 and full implementation will start from Jan 2020.

Basel III incorporated strengthening capital framework, enhancing risk coverage, risk based capital requirement with leverage ratio, reducing procyclicality and promoting countercyclical buffers, addressing systemic risk and introduce global liquidity standard. Under Basel III capital framework, bank has to maintain buffer capital 2.5% in addition to minimum capital requirement 10%.

Leverage ratio express % of total tier I capital (after related deduction specified by BB) to total exposure i.e. on balance sheet and off- balance sheet exposure (after related deduction specified by BB) and also submit the information to Bangladesh Bank on quarterly basis.

To ensure strong liquidity base, Bank also maintaining two liquidity standard i.e. Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NFSR) having more than ≥100%. LCR was introduced to promote short- term resilience of bank's liquidity risk profile by ensuring that it has sufficient high quality liquid resources to survive an acute stress scenario lasting for one month. NSFR was introduced to promote resilience over a longer horizon (1 year) by creating additional incentives for bank to fund its activities with more stable

sources of funding on an ongoing structural basis. Bank prepare LCR and NSFR and submit Bangladesh Bank on monthly and quarterly basis respectively.

Credit Risk Out of three approaches Standardized Approach, IRB and Advanced IRB, Bangladesh Bank adopted Standardized Approach. The capital requirement for credit risk is based on the risk assessment made by external credit assessment institutions (ECAIs) recognized by BB for capital adequacy purposes. Banks assigned a risk weight to all on-balance sheet and off-balance sheet exposures. Risk weights are based on external credit rating (solicited) as mapped with the BB rating grade or a fixed weight specified by BB.

Market risk Out of two approaches Standardized (Rule Based) Approach and Internal Models Approach, Bangladesh Bank adopted Standardized (Rule Based) Approach. In such approach, Bank maintained capital on for various market risks (interest rate risk, price, foreign exchange risk and commodity risk) which were determined separately.

Operational risk Out of three approaches i.e. Basic Indicator Approach, Standardized Approach and Advanced Measurement Approach, Bangladesh Bank adopted basic indicator approach. Under that approach, Bank calculated capital charge is a fixed percentage (15%) of average positive annual gross income of the bank over the past three years i.e. 2015, 2016 and 2017.

Sl	Diel Catagory	2017		2016		
31	Risk Category	Million Tk.	%	Million Tk.	%

ii	Equity Position Risk	2,382	1%	2,107	1%	
iii	Foreign exchange	1,136	1%	626	0%	
С	Operational Risk	16,818	8%	15,775	8%	
Tot	al Risk Weighted Assets	221,115	100%	100%	199,491	

2. PILLAR-I MINIMUM CAPITAL REQUIREMENT (MCR) CALCULATION:

The MCR is a Basel prescribed minimum capital assessment process against credit, market and operational risk of the bank. The underlying assessment is a mandatory requirement of the Central Bank and assessment are carried out on quarterly basis. Regarding MCR calculation Risk Management Division of the bank will perform necessary analysis to understand the trend of MCR of the bank, develop necessary model to predict the overall MCR of the bank, place necessary recommendation for improvement.

3. PILLAR-II SUPERVISORY REVIEW PROCESS UNDER ICAAP:

Internal Capital Adequacy Assessment Process (ICAAP) Supervisory Review Process (the Second Pillar of Basel-III) of Risk Based Capital Adequacy framework is intended to ensure that banks have adequate capital to support all the risks in the business and at the same time to encourage banks to develop and use better risk management techniques in monitoring and managing their risks. The key principle of the supervisory review process (SRP) is that "banks have a process for assessing overall capital adequacy in relation to their risk profile and a strategy for maintaining their capital at an adequate level".

As part of Basel III accords, Bank has proactively developed a comprehensive Internal Capital Adequacy Assessment Process (ICAAP) on yearly basis as stipulated by the

Bangladesh Bank and submits accordingly. Upon adoption of internal format, the bank will have the ability to perform risk assessment in line with the bank's own strategy.

ICAAP is aimed at ensuring that the Bank maintains an amount of capital for additional risk that was not covered in Pillar I of Basel III. SRP committee made dialogue with Bangladesh Bank SREP committee and fixed additional capital requirement. SRP-SREP dialogue stands for an exclusive meeting between the SREP team of BB and SRP team of a bank. The objective of the dialogue is to determine the adequate level of capital needed for a bank by reviewing the ICAAP and strategies of the bank. The intensity and frequency of the dialogue depends on the level of complexity and magnitude of the banks' activities as well as the difference between the capital requirements assessed by the bank and BB. Terms of reference of the dialogue are:

- Minimum capital requirement against credit, market and operational risks
- Risks to be covered under SRP e.g.
 residual risk, concentration risk, interest
 rate risk in the banking book, liquidity
 risk, reputation risk, strategic risk,
 settlement risk, appraisal of core risk
 management practice, environmental
 and climate change risk as well as other
 material risks.
- Adequate capital against comprehensive risks.
- Stress testing exercises and results.

4. **CONCENTRATION RISK:**

Concentration risk arises for invest most or all of the assets to single or few individuals or entities or sectors or instruments. It indicates bank's failure to diversify its loan and investment portfolios, concentration risk emerges. Downturn in concentrated activities and/ or areas may cause huge losses to a bank relative to its capital and can threaten the bank's health or ability to maintain its core operations.

Bank assesses concentration risk in ICAAP document under Pillar-2 in following two ways:

4.1. Credit Concentration Risk: When

the credit portfolio of a bank is concentrated within a few individuals or entities or sectors, credit concentration risk arises. Following individual concentration is considered for credit concentration risk:

Sector wise exposure

- Division wise exposure (geographic concentration)
- Group wise exposure
- Single borrower wise exposure
- Top borrower wise exposure.

Sector wise concentration

Sector	2017		2016		
Sector	Million Tk.	%	Million Tk.	%	
Agriculture	4,075	2%	2,340	1%

20	Thermax Group	_	_	-	1,613.60	987.43	2,601.03	
	Total	28,982.63	29,788.33	58,770.96	27,633.67	29,795.91	57,429.58	

4.2 Market Concentration Risk:

When the investment portfolio of a bank is concentrated within a few instruments or any instrument of few companies or any instrument of few sectors, market concentration risk arises. Following individual concentration is considered for market concentration risk:

- Instrument (financial securities) wise investment
- Sector wise investment in listed instruments
- Currency wise investment of foreign exchange portfolio.

Assessing concentration of above indicator for all aspects bank maintains additional capital for that/those risk/risks

5. STRESS TESTING

The underlying tool is used to assess the bank's vulnerability to unexpected but presumable change in various related factors (e.g. increase in NPL, change in

interest rate, fall of security value etc.). The impact of this model is expressed through change in overall CAR of the bank. Central Bank has advised all banks to perform stress testing on quarterly basis. The outcome of stress testing is needed submitted to Bangladesh Bank upon review of senior management and Board.

Bank Asia prepared stress testing report on quarterly basis and submitted to Bangladesh Bank within the end of following month.

Following risk factors are considered at the time of Stress testing

- a. Credit Risk
 - Increase of NPLs (Overall)
 - Increase of NPLs due to default of Top large borrowers fall in forced sale value of mortgaged collateral
 - Negative shift of NPLs Categories
 - Increase of NPLs in particular 2 (two) sectors
- b. Interest Rate Risk
 - Simple Sensitivity Analysis
 - Duration GAP Analysis
- c. Exchange Rate Risk
- d. Equity Price Risk
- e. Liquidity Risk

f. Value at Risk (VaR)

Risk of Stress testing are carried out assuming three different hypothetical scenarios

- a. Minor level shocks: These represent small shocks to the risk factors. The level for different risk factors can, however, vary.
- b. Moderate level: Shocks It envisages medium level of shocks and the level is defined in each risk factor separately.
- c. Major level shocks: It involves big shocks to all the risk factors and is also defined separately for each risk factor.

6. MARKET DISCIPLINE

In line with Pillar III of Basel III, Bank prepared market discipline statements on yearly basis and submitted to Bangladesh Bank accordingly. Bank also disclosed market discipline in separate Annual Integrated report page no. 123 and bank's websites

7. RISK MANAGEMENT PAPER

Risk Management Report for different risk related issues are prepared and presented to top management and submitted to Bangladesh Bank. On the basis of said paper, awareness was created regarding different risks.

8. RISK BASED AUDIT

In parallel to generic audit function, the necessity of adoption of Risk Based audit is increasing. The underlying audit function is an effective tool for effective risk management. Where typical audit process primarily aim to identify irregularities among transactions/events which has already occurred, the risk based audit is used to validate that the internal control environment is functioning as planned.

9. CAPITAL MANAGEMENT OF BANK

Bank's capital management framework serves to ensure that the bank (both in solo basis and consolidated basis) are able to maintain adequate capital level. The bank capital management objectives are to:

- Maintain sufficient capital resources to meet minimum regulatory capital requirements set by Bangladesh Bank in accordance with Basel III requirements
- Maintain sufficient capital resources to support the bank's risk appetite
- Cover unexpected loss of the bank and support the bank's credit rating
- Ensure the bank holds capital in excess of minimum requirements in order to achieve the target capital adequacy ratios set by management and approved by the board, to maintain minimum adequacy in stress situation.

Raising Tier II capital

Subordinated Non- Convertible Zero Coupon Bond of Tk. 599.99 million: Bank issued 6 Years subordinated bond

Bank issued 6 Years subordinated bond for Tk. 599.99 million on August 14 2012 for Tier II capital. Out of that Tier II capital outstanding stood at Tk. 92.59 million on December 31, 2017. The bond will be fully redeemed on August 14, 2018. 7 Years Floating Rate Non- Convertible Subordinated Bond of Tk. 3,000 million: The bank raised successfully Tk. 3,000 million Tier 2 capital in the form 7 year floating rate Subordinated bond on February 19, 2015 through private placement after obtaining required approvals from general shareholders, Bangladesh Securities and Exchange Commission and Bangladesh Bank.

7 Years Floating Rate Non- Convertible Subordinated Bond of Tk. 5,000 million: To support healthy business growth and ensure compliance with the Basel III capital accord in line with Bangladesh Bank roadmap Bank Asia has completed all formalities further issuance of Subordinated Bond of Tk. 5,000 million as Tier 2 capital on 23 April 2017.

10. CAPITAL PLANNING

Bank's capital planning is a dynamic, ongoing and forward-looking mechanism to incorporate changes in a banks strategic focus, risk tolerance levels, business plans, operating environment, or other factors that materially affect capital adequacy.

Capital planning assists the banks Board of Directors and senior management to:

- i. identify risks, improve banks understanding of overall risks, set risk tolerance levels, and assess strategic choices in longer-term planning,
- ii. identify vulnerabilities i.e. concentrations and assess their impact on capital,
- iii. integrate business strategy, risk management, capital and liquidity planning decisions, have a forward-looking assessment of the bank's capital needs, including capital needs that may arise from rapid changes in the economic and financial environment.

Capital planning considers both short- term and long-term capital needs and is coordinated with a bank's overall strategy and business growth, usually with a forecast horizon of five years. Bank capital planning include following components:

- Identifying and evaluating risks
- Setting and assessing capital adequacy goals that relate to risk
- Maintaining a strategy to ensure capital adequacy and contingency planning
- Ensuring integrity in the internal capital planning process and capital adequacy assessments.

	2015	2016	2017	2018	2019	2020	
		Implementation process

11. CAPITAL RELIEF BY REDUCING RISK

In the year 2017, the Board of Directors and the Senior Management of the bank emphasized rigorously on corporate borrowers credit rating to lower our risk profile as well as to reduce the capital requirement of the bank. As a result of strong persuasion & drive, the number of valid rated borrowers of the bank increased significantly in the year 2017 over 2016.

12. BORROWER'S RATING

As prescribed by Bangladesh Bank, all banks in Bangladesh assessing credit risk under standardized approach of the Risk based capital adequacy framework (Basel III) where External Credit Rating Institutes (ECAIs) duly recognized by BB performs borrowers rating. According to Credit rating of individual borrower, Risk Weighted Asset (RWA) is calculated for assessing the Minimum Capital Requirement (MCR) under Pillar-I of Basel III

Key initiatives of 2017

- Internal ICAAP: Risk Management Division of the bank has developed an assessment model for ICAAP (Internal Capital Adequacy Assessment Process). Currently all banks are following the common model which is provided from Bangladesh Bank. Central Bank has suggested that each bank should develop and practice the internal ICAAP model. Besides an internal system based platform has already been developed for the assessment of residual risk. In present calculation of residual risk is fully automated.
- Risk Appetite: Risk Management Division of Bank Asia Ltd. has developed risk appetite
 and management action trigger (MAT) for the bank. During the year 2017, Bank Asia
 Limited has considered new areas under risk appetite statement.
- Internal Client Rating Model: As part of adoption of advance approaches under credit
 risk, Risk Management Division has developed a model for SME Rating. The said system
 is under review stage. Besides RMD has already created a system based platform for the
 Corporate Rating.
- Audit Automation: Risk Management Division has already taken an initiative for audit automation. A system based database has already developed in line with the calculation of residual risk of ICAAP.
- Committee Level Meeting(s): Risk Management Division is primary responsible to address
 different types of risk issues to Management and Board Level Committee(s). Considering
 the same a number of meeting have been conducted by Risk Management Division
 during the year 2017.
- VaR (Value at Risk) for Equity: Risk Management Division has developed an automated system for calculating the VaR for Capital market exposure. It is mentionable that an

- automated VaR system for Foreign Exchange has already been developed. The said system is used by Treasury Department of the bank.
- Process Re-engineering: Risk
 Management Division has already
 developed a system based duration gap
 platform of Stress Testing as well as a full
 automated database for calculating Risk
 Weighted Asset part of Basel III.

In addition to the above Risk Management Division of the bank has designed policy document for Early Alert System (EAS), Surveyor Enlistment Process etc.

13. CONCLUSION

Bank Asia continuously followed international standard regarding managing risk as specified by Bank for International Settlement (BIS) in its core principles of effective banking supervision specially following along with others:

Principle 15 – Risk management process

Principle 16 - Capital adequacy

Principle 17 – Credit risk

Principle 18 – Problem assets, provisions and reserves

Principle 19 – Concentration risk and large exposure limits

Principle 20 – Transactions with related parties

Principle 21 – Country and transfer risks

Principle 22 – Market risks

Principle 23 – Interest rate risk in the banking book

Principle 24 – Liquidity risk

Principle 25 – Operational risk

The global economy continues to be volatile and under stress, and our continued commitment to sound risk management has proved to be effective as reflected in our strong capital and liquidity position. We recognize that maintaining and continually enhancing our risk management capabilities will be critical in the months ahead to ensure that the bank's financial and strategic objectives are achieved within approved levels of risk appetite.

Annual Disclosure for the year ended December 31, 2017

The public disclosure of prudential information is an important component of Basel Committee on Banking Supervision's framework of capital measurement and capital adequacy, known as Basel III. Bangladesh Bank has specified the standard of disclosure through Guidelines on Risk Based Capital Adequacy (December 2010) which revised in Basel III Guideline on December 2014 with effect from January 2015. The standard aims to enhance the transparency in Bangladeshi financial market by setting minimum requirement for the disclosure of information on the risk management practice and capital adequacy.

In line with the Bangladesh Bank BRPD Circular no. 35 of December 29, 2010 as to Guidelines on 'Risk Based Capital Adequacy for Banks' and subsequent BRPD Circular 18 dated December 21, 2014 on 'Guideline on Risk Based Capital Adequacy', following detailed qualitative and quantitative disclosures are provided in accordance with the central bank directions covering scope of capital adequacy framework, capital of the bank, risk exposure and assessment methodology, risk mitigation strategies and capital adequacy of the bank.

To cope up with the international best practices and to make the bank's capital shock absorbent 'Guidelines on Risk Based Capital Adequacy (RBCA) for banks' (Revised Regulatory Capital Framework in line with Basel II) was introduced from January 01, 2009 as a parallel run with BRPD Circular No. 10, dated November 25, 2002 (Basel I). At the end of parallel run, Basel II regime started from January 01, 2010 and the guidelines on RBCA came fully into force with its subsequent supplements/revisions. After that, Bangladesh Bank issued 'Guidelines on Risk Based Capital Adequacy (RBCA) for banks' (Revised Regulatory Capital Framework in line with Basel III) vide its BRPD Circular 18 dated December 21, 2014 that Basel III reporting start from January 2015 and full implementation will start from January 2020. Instructions regarding Minimum Capital Requirement (MCR), Adequate Capital and Disclosure requirement as stated in the guidelines had to be followed by all scheduled banks for the purpose of statutory compliance.

3. CAPITAL ADEQUACY

Qualitative Disclosures

Capital calculation approach

With regard to regulatory capital computation approaches (Minimum Capital Requirement) the bank is following the prescribed approach of Bangladesh Bank. Below are risk wise capital computation approaches that the bank is currently applying:

- Credit Risk Standardized Approach (SA)
- Market Risk Standardized Approach (SA)
- Operational Risk Basic Indicator Approach (BIA)

Capital of the Bank

In parallel to business growth, the bank is effectively manages its capital to meet regulatory requirement considering the risk profile. Below are few highlights:

- Currently Bangladesh Bank prescribed Minimum Capital Adequacy Ratio (MCR) is 10%, whereas as on December 2017 the CRAR of the bank was 14.89%.
- During the same period Minimum Capital Requirement (MCR) of the bank was BDT 22,111.50 million and eligible capital was BDT 32,914 million; i.e. the bank hold BDT 10,803 million surplus capital.

Reduction of Capital Requirement through increasing Rated Clients:

As per Basel-III norms capital adequacy i.e. buffer capital is a must for banks to protect the unexpected losses against the risk profile and future business growth of the bank. Under the Standardized Approach of the RBCA guidelines of Basel-III, counterparties credit rating are determined on the basis of risk profile assessed by the External Credit Assessment Institutions (ECAIs) duly recognized by Bangladesh Bank to derive risk-weights of exposures under the portfolio of claims. According to the guideline, the rated exposures of a bank will reduce the Risk Weights and the regulatory capital requirement as well as create the room to expand the business of the bank. This will also enable the bank to assess the creditworthiness of the borrowers as well, to an acceptable level.

To withstand these challenges, the Board of Directors & the Senior Management of the bank emphasized rigorously round the year 2017 on corporate borrowers credit rating to lower our risk profile as well as to reduce the capital requirement of the bank. Accordingly, the Risk Management Division (RMD), CRO along with the branches has taken all-out efforts to increase the number of corporate borrower's exposures rated. They are constantly taking the initiatives through guidance of the Senior Management; series of meetings, correspondence, awareness program with the allied concerns i.e. branches of the bank & ECAIs. As a result of strong persuasion & drive, significant number of rated clients increased in the year 2017 from the year 2016.

4. CREDIT RISK:

Qualitative Disclosures

(a) The general qualitative disclosure requirement with respect to credit risk, including:

Bank classifies loans and advances (loans and bill discount in the nature of an advance) into performing and non-performing loans (NPL) in accordance with the Bangladesh Bank guidelines in this respect. An NPA (impaired) is defined as a loan or an advance where interest and/or installment of principal remain overdue for more than 90 days in respect of a Continuous credit, Demand loan or a Term Loan etc. except term loan below Tk. 10 lac.

Classified loan is categorized under following 03 (three) categories:

- > Sub-standard
- > Doubtful
- > Bad & Loss

Any continuous loan will be classified as:

- i. 'Sub-standard' if it is past due/overdue for 03 (three) months or beyond but less than 06 (six) months.
- ii. 'Doubtful' if it is past due/overdue for 06 (six) months or beyond but less than 09 (nine) months
- iii. 'Bad/Loss' if it is past due/overdue for 09 (nine) months or beyond.

Any Demand Loan will be classified as:

- i. 'Sub-standard' if it remains past due/overdue for 03 (three) months or beyond but not over 06 (six) months from the date of expiry or claim by the bank or from the date of creation of forced loan.
- ii. 'Doubtful' if it remains past due/overdue for 06 (six) months or beyond but not over 09 (nine) months from the date of expiry or claim by the bank or from the date of creation of forced loan.
- iii. 'Bad/Loss' if it remains past due/overdue for 09 (nine) months or beyond from the date of expiry or claim by the bank or from the date of creation of forced loan.

Term loan will be classified as:

- (A) In case of any installment(s) or part of installment(s) of a Fixed Term Loan amounting upto Tk. 10.00 Lacs is not repaid within the due date, the amount of unpaid installment(s) will be termed as 'past due or overdue installment'. In case of such types of Fixed Term Loans:
 - i. If the amount of past due installment is equal to or more than the amount of installment(s) due within 06 (six) months, the entire loan will be classified as 'Sub-standard'.
 - ii. If the amount of past due installment is equal to or more than the amount of installment(s) due within 09 (nine) months, the entire loan will be classified as "Doubtful".
 - iii. If the amount of past due installment is equal to or more than the amount of installment(s) due within 12 (twelve) months, the entire loan will be classified as "Bad/Loss".
- (B) In case of any installment(s) or part of installment(s) of a Fixed Term Loan amounting more than Tk. 10.00 Lacs is not repaid within the due date, the amount of unpaid installment(s) will be termed as 'past due or overdue installment'. In case of such types of Fixed Term Loans:
 - i. If the amount of past due installment is equal to or more than the amount of installment(s) due within 03 (three) months, the entire loan will be classified as "Sub-standard".
 - ii. If the amount of past due installment is equal to or more than the amount of installment(s) due within 06 (six) months, the entire loan will be classified as 'Doubtful'.
 - iii. If the amount of past due installment is equal to or more than the amount of installment(s) due within 09 (nine) months, the entire loan will be classified as "Bad/Loss".

The Bank has a well structured delegation and sub-delegation of credit approval authority for ensuring good governance and better control in credit approval system. The Board of Directors and its Executive Committee hold the supreme authority for any credit approval in line with the credit committee consisting of the senior management of the bank. Credit proposal processing, assessment of risks and mitigates there against, placing before credit committee, seeking approval from the competent authority, assisting in completion of documentation formalities and above all maintaining relationship with the branches and customers have so long been done by Credit Risk Management (CRM). The function of CRM department has redefined by (i). Credit Assessment, (ii). Credit Monitoring, (iii). Credit Information & Policy Development for smooth execution of the credit risk management through segregating internal units. Separate segments for Corporate, Retail, SME, Credit Cards have been formed in order to diversify the credit risk. Towards mitigating the risks, Bank Asia has developed a robust credit approval system. Under the ongoing system, the approval and disbursement of all business loans are centralized at Corporate Office. The credit proposals recommended by branches are scrutinized by CRM Department. Sanctions are conveyed to the Branches after getting approval from Credit Committee of Corporate Office or Board of Directors if needed. Limits are loaded into the system by Credit Administration Department but it is not operative until the branch complies all the terms and conditions incorporated in the sanction advice. The above arrangement ensures the segregation of duties & responsibilities and thus minimizes the credit risk.

> Discussion of the Bank's credit risk management policy

In the process of restructuring credit operation mechanism as per guidelines of BB, recently, a new division has been created namely "Corporate and Large Loan (C&LL)" to maintain a healthy credit portfolio by managing risk at the portfolio level as well as at the individual transaction level. Credit proposal format is also redefined as it is one of the key tools to maintain quality portfolio since its informs us risk, credit requirement, performance, liability position, compliance, financial position, environmental issues, effective rate of return, details of business etc. of the customer to mitigate credit risk.

The standardized approach is applied for risk weighting of exposure as per directive of Bangladesh Bank. It requires banks to use risk assessment. The Bank is following Credit Risk Grading (CRG) manual for assessing a borrower and making decisions of disbursing loans and advances/ investments while nominating the External Credit Assessment Institutions (ECAIs) duly recognized by Bangladesh Bank to derive risk-weights of exposures under the portfolio of claims. Maximum counterparty/group exposure are limited to 15% (funded) of the bank's capital base as stipulated by BB where a higher limit is required for projects of national importance subject to prior approval of Bangladesh Bank. The single borrower exposure limit has been increasing day by day of the bank with the increase of the total capital of the bank. But the management of the bank is exercising the prudential limit to a single borrower in order to minimize concentration risk of the bank considering the security coverage, satisfactory performance, credit risk grading status, earning potentials, capital requirement, etc. against the limit.

5. EQUITIES: DISCLOSURES FOR BANKING BOOK POSITIONS

Qualitative Disclosures

Differentiation between holdings on which capital gains are expected and those taken under other objectives including for relationship and strategic reasons

Investment in equity mainly for capital gain purpose but Bank has some investment for relationship and strategic reasons.

The equity markets are traditionally volatile with a high-risk, high-returns profile. As such investors in the equity market have to plan and strategize to reduce their risks and increase their returns. Equity investments must therefore go hand in hand with a good risk management plan in place. In an uncertain marketplace like the present, investor cannot afford to place all hope in only one thing. Therefore, it is very important to protect the total investment value by means of diversification.

Bank Asia has been operating in the capital market of Bangladesh since 2009. The Bank invested in shares both in primary as well as secondary market. Bank Asia has been started its own portfolio operation from May 04, 2010. Since then the Bank was mainly involved in "Own Portfolio Management" activity.

Discussion of important policies covering the valuation and accounting of equity holdings in the banking book. This includes the accounting techniques and valuation methodologies used, including key assumptions and practices affecting valuation as well as significant changes in these practices.

Investments in shares of Bank Asia are made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of capital as well as the probable income to be derived. The Bank recognizes that no investment is totally free from risk and that occasional measured losses are inevitable in a diversified portfolio and will be considered within the context of the overall portfolio's return, provided that adequate diversification has been implemented and that the sale of a security is in the best interest of the Bank.

The Management of the Bank has constituted an Investment Committee / team comprising of members from the senior executives of the Bank who have sound experiences and knowledge on Capital Market activities.

Investment team of Bank Asia reviews status of the own portfolio investment on regular basis and follows top-down approach where they review and analyze economy outlook, sectoral growth and specific company analysis. Company specific risk is minimized through proper diversification. To manage market risk, we follow economic research. Moreover, it has been noted that, the major source of market risk comes from the frequent change of regulation. Thus, it is important to maintain close relationship with the regulatory body and keep aware if there is any upcoming regulation change.

Our investment in shares are being monitored and controlled by the Investment Committee are reflected in accounts through proper methodologies and accounting standards of the local & international. Investments are valued on mark to mark basis on a particular period.

6. INTEREST RATE RISK IN THE BANKING BOOK

Qualitative Disclosures

The general qualitative disclosure requirement including the nature of IRRBB and key assumptions, including assumptions regarding loan prepayments and behavior of non-maturity deposits, and frequency of IRRBB measurement

Interest rate risk is the potential that the value of the On Balance Sheet and the Off Balance Sheet position of the Bank would be negatively affected with the change in the Interest rate. The vulnerability of an institution towards the advance movement of the interest rate can be gauged by using Duration GAP under Stress Testing Analysis.

Bank has also been exercising the Stress Testing using the Duration GAP for measuring the Interest Rate Risk on its On Balance Sheet exposure for estimating the impact of the net change in the market value of equity on the Capital Adequacy Ratio (CAR) due to change in interest rates only on its On Balance Sheet position (as the Bank holds no interest bearing Off Balance Sheet positions and or Derivatives). Under the assumption of three different interests rate changes i.e. 1%, 2% and 3%.

7. MARKET RISK

	Qualitative Disclosures
Views of BOD on trading/investment actives	The Board approves all policies related to market risk, sets limits and reviews compliance on a regular basis. The objective is to provide cost effective funding last year to finance asset growth and trade related transaction.
Methods used to measure Market risk	Standardized approach has been used to measure the market risk. The total capital requirement in respect of market risk is the aggregate capital requirement calculated for each of the risk sub-categories. For each risk category minimum capital requirement is measured in terms of two separately calculated capital charges for 'specific risk' and 'general market risk'.
Market risk Management system	The Treasury Division manage market risk covering liquidity, interest rate and foreign exchange risks with oversight from Asset-Liability Management Committee (ALCO) comprising senior executives of the Bank. ALCO is chaired by the Managing Director. Alco meets at least once in a month.
Policies and process for mitigating market risk	There are approved limits for Market risk related instruments both on-balance sheet and off-balance sheet items. The limits are monitored and enforced on a regular basis to protect against market risks. The exchange rate committee of the Bank meets on a daily basis to review the prevailing market condition, exchange rate, forex position and transactions to mitigate foreign exchange risks.

8. OPERATIONAL RISK

	Qualitative Disclosures
Views of BOD on system to reduce Operational Risk	The policy for operational risks including internal control & compliance risk is approved by the board taking into account relevant guidelines of Bangladesh Bank. Audit Committee of the Board oversees the activities of Internal Control & Compliance Division to protect against all operational risk.
Performance gap of executives and staffs	Bank has a policy to provide competitive package and best working environment to attract and retain the most talented people available in the industry. BA's strong brand image plays an important role in employee motivation. As a result, there is no significant performance gap.

Potential external events No potential external event is expected to expose the Bank to significant operational risk. Operational risk, defined as any risk that is not categorized as market or credit risk, is the risk of loss arising from inadequate or failed internal processes, people and systems or from external events. It is inherent in every business organization and covers a wide spectrum of issues. In order to mitigate this, internal control and internal audit systems are used as the primary means. The Bank Asia Limited manages this risk through a control based environment in which processes are documented, authorization is independent and transactions are reconciled and monitored. This is supported by an independent program of periodic reviews undertaken by internal audit, and by monitoring external operational risk events, which ensure that the bank stays in line with industry best practice and takes account of lessons learned from publicized operational failures within the financial services industry. Bank Asia Limited has operational risk management process which explains how the bank manages its operational risk by identifying, assessing, monitoring, controlling and mitigating the risk, rectifying operational risk events, and implementing any additional procedures required for compliance with central bank requirements. Operational risk management responsibility is assigned to different level of management within the business operation. Information systems are used to record the identification and assessment incorporates a regular review of identified risks to monitor significant changes. On top of that, as part of recent development, the bank is in the process of adoption of globally recognized operational risk and adoption of Key Risk Indicator (KRI) to help the bank to set operational risk trigger parameters. Approach for calculating capital charge for operational risk as of the reporting date.		Qualitative Disclosures

9. LIQUIDITY RATIO

Qualitative Disclosures

Liquidity risk is the risk that a given security or asset cannot be traded quickly enough in the market to prevent a loss (or make the required profit) or when a bank is unable to fulfill its commitments in time when payment falls due. Thus, liquidity risk can be of two types:

a) Funding liquidity risk: The risk that a firm will be unable to meet its current and future cash flow and collateral needs without affecting its daily operations or its financial condition

Views of BOD on system to reduce liquidity Risk

b) Market liquidity risk: The risk that a firm cannot easily offset or sell a position without incurring a loss because of inadequate depth in the market

Banking organization, where off-balance sheet exposure is significant or has strong dependency on corporate deposit or experiencing step asset (i.e. primarily credit portfolio or investment book) growth is exposed to high level of Liquidity risk. Liquidity risk should not be seen in isolation, because financial risks are not mutually exclusive and liquidity risk is often triggered by consequence of other financial risks such as credit risk, interest rate risk, foreign exchange risk etc.

Qualitative Disclosures

In context of Pillar 3 (Supervisory Review Process) of RBCA, the necessity of proper assessment and management of liquidity risk carries pivotal role in ICAAP of banks. In the perspective of Bangladesh, identifying and monitoring the driving factors of liquidity risk is viewed from the following aspects:

Regulatory Liquidity Indicators (RLIs):

- Cash Reserve Requirement (CRR)
- Statutory Liquidity Ratio (SLR)
- Medium Term Funding Ratio (MTFR)
- Maximum Cumulative Outflow (MCO)
- Advance Deposit Ratio (ADR)/Investment Deposit Ratio (IDR)
- Liquidity Coverage Ratio (LCR)
- Net Stable Funding Raito (NSFR)

Bank's own liquidity monitoring tools:

- Wholesale Borrowing and Funding Guidelines
- Liquidity Contingency Plan
- Management Action Trigger (MAT)

Computation of Capital Charge against Liquidity Risk: If annual average of any RLIs of any bank falls bellow Bangladesh Bank's requirement the bank will be required to maintain additional capital for that RLI (or those RLIs).

As per Bangladesh Bank guideline management maintain sufficient CRR and SLR.

Liquidity Risk Management System

Methods used to measure

Liquidity Risk

In December 2014, the Bangladesh Bank started to two new liquidity metrics as part of the implementation of Basel III. These are a short term liquidity stress metric, the Liquidity Coverage Ratio (LCR), and a longer term funding metric, the Net Stable Funding Ratio (NSFR). Banks have to maintain LCR and NSFR are at a minimum of 100%.

Policies and processes for mitigating liquidity risk

Bank Asia Limited Asset-Liability Management Committee (ALCO) has responsibility for monitoring liquidity measures and limits. Liquidity is maintained in excess of the maximum cumulative outflows calculated within these stress tests. Board Risk Management Committee set policies and process to mitigate all risks including Liquidity risk.

Amount in BDT Million

Particular	
Liquidity Coverage Ratio (LCR)	109.32%
Net Stable Funding Ratio (NSFR)	105.92%
Stock of High quality liquid assets	41,568
Total net cash outflows over the next 30 calendar days	38,024
Available amount of stable funding	220,486
Required amount of stable funding	208,155

10. LEVERAGE RATIO

10. LEVERAGE RATIO			
	Qualitative Disclosures		
	In order to avoid building-up excessive on and off-balance sheet leverage in the banking system, a simple, transparent, non-risk based leverage ratio has been introduced by Bangladesh Bank. The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements. The leverage ratio is intended to achieve the following objectives:		
Views of BOD on system to reduce excessive leverage	a) constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy		
	b) reinforce the risk based requirements with an easy to understand and a non-risk based measure		
	The policy for Leverage Ratio including on and off balance sheet exposure and capital related policy. The Bank has a well structured delegation and sub-delegation of credit approval authority for ensuring good governance and better control in credit approval system. The Board of Directors and its Executive Committee hold the supreme authority for any credit approval in line with the credit committee consisting of the senior management of the bank.		
Policies and processes for managing excessive on and off balance sheet leverage	There are approved limits for instruments both on-balance sheet and off-balance sheet items. The limits are monitored and enforced on a regular basis to protect against such risk.		
	Calculation of Leverage Ratio		
	A minimum Tier 1 leverage ratio of 3% is being prescribed both at solo and consolidated level.		
	Leverage Ratio = Tier 1 Capital (after related deductions) Total Exposure (after related deductions)		
Approach for calculating exposure	The exposure measure for the leverage ratio will generally follow the accounting measure of exposure. In order to measure the exposure consistently with financial accounts, the following will be applied by the bank:		
	 i. On balance sheet, non-derivative exposures will be net of specific provisions and valuation adjustments (e.g. surplus/ deficit on available for sale (AFS)/ Held-for-trading (HFT) positions). 		
	ii. Physical or financial collateral, guarantee or credit risk mitigation purchased is not allowed to reduce on-balance sheet exposure.		
	iii. Netting of loans and deposits is not allowed.		

Amount in BDT Million

Particular	Solo	Consolidated
Tier-1 Capital (A)	18,853	18,730
Exposure measure :		
On balance sheet exposure	285,257	287,206
Off balance sheet exposure	65,019	65,019
Less: Regulatory adjustment made to Tier I capital	47	47
Total exposure (B)	350,229	352,178
Leverage Ratio (A/B)	5.38%	5.32%

11. REMUNERATION

Qualitative Disclosures

Name, composition and mandate of the main body overseeing remuneration:

Managing Director, Senior Management Team (SMT) & Head of People Management Division (PMD) governs the remuneration related policies and practices in alignment with the bank's short & long term objectives. They play an independent role, operating as an overseer; and if required, make recommendation to the Board of Directors of the Bank for its consideration and final approval for any remuneration related policy. The main work includes presenting recommendations to the Board regarding remuneration, compensation packages of Senior Management, incentive schemes and retirement benefits. They also assist the Board of Directors to ensure that all employees are remunerated fairly and get performance-based compensation by ensuring effective remuneration policy, procedures and practices aligned with the Bank's strategy and applied consistency for all employee levels.

A description of the scope of the bank's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches:

a. Information relating to the bodies that oversee remuneration.

Remuneration Committee of Bank Asia also oversee its two foreign subsidiary i.e. BA Exchange Company (UK) Limited and BA Express USA Inc. and one local subsidiary i.e. Bank Asia Securities Limited.

A description of the types of employees considered as material risk takers and as senior managers, including the number of employees in each group:

Risk Takers are senior employees who can take, or influence the taking of material risk for Bank Asia or for a material business unit.

Designation	No of Employee

Qualitative Disclosures

Key features of remuneration policy:

We target a fair human resources management by using a performance-based system. Our salary policy is the same in all branches and service points for the beginner level. In addition, to drive further development of individual skill sets and competencies, speaking foreign languages is compensated. There is no incidence of gender discrimination in terms of remuneration.

Bank Asia compensation program focuses on individual short-term goals vis-a-vis long-term success and overall profitability of the Bank. Both our short-term annual incentive and long-term compensation plans promote our pay-for-performance philosophy, as well as our goal of having a meaningful amount of pay at-risk, and we believe both plans provide us a competitive advantage in the acquisition and retention of talents.

Objectives of remuneration policy:

The overall objective of the Bank's remuneration policy is to establish a framework for attracting, retaining and motivating employees, and creating incentives for delivering long-term performance within established risk limits. Performance is judged, not only on what is achieved, but also on how it is achieved as well as alignment with the Bank's values.

b. Information relating to the design and structure of remuneration processes.

Whether the remuneration committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any change that was made:

The remuneration committee reviewed the firm's remuneration on 2014 and revised the remuneration by conducting a survey considering the following facts:

- Oversee Bank's remuneration position and revise the structure according to the competitive market
- Align compensation strategy with business strategy
- Determine the percentage of increment at each job grade
- Get acquainted with inflation in the economy

Based on the survey, Banks changes the remuneration on Compa-Ration based of its existing employees

A discussion of how the bank ensures that employees dealing with risk and its compliance are remunerated independently of the businesses they oversee :

Control function of internal control and compliance directly responds of Audit Committee of the Board and dotted report to the President and Managing Director. Credit Risk Officer reports to President and Managing Director directly.

Basel III Pillar 3 Market Discipline

Qualitative Disclosures

An overview of the nature and type of the key measures used to take account of these risks, including risks difficult to measure (values need not be disclosed):

A balanced scorecard approach has been adopted by the Board with real-life SMART KPI to evaluate the contribution of all individuals in a transparent manner to assess quantitative and/or qualitative performance vis-a-vis set target of a given year. We have infused 80/20 strategy in performance measurement system; as such 80% Objective and 20% Organizational & Personnel behavior factors.

a. Description of the ways in which current and future risks are taken into account in the remuneration processes.

A discussion of the ways in which these measures affect remuneration:

The way in which each individual contributes to or impacts on the key criteria differs depending on the area of the business/target activities in which they operate and nature of activities specified by the management. These differences are reflected in the expected outcomes and performance indicators developed for each individual employee/role and satisfactory performance against these indicators is required to qualify for annual increment of remuneration, performance bonus, promotion and other benefits.

A discussion of how the nature and type of these measures has changed over the past year and reasons for the change, as well as the impact of changes on remuneration:

Since the implementation of real-life SMART KPI to evaluate the contribution of all individuals, no change has been taken place.

An overview of main performance metrics for bank, top-level business lines and individuals:

Bank Asia is solely depending on the contribution of its existing talents. From the year 2013, Bank Asia introduced a real-life SMART KPI to evaluate the contribution of all individuals in a transparent manner to assess quantitative and/or qualitative performance vis-a-vis set target of a given year. We have infused 80/20 strategy in performance measurement system; as such 80% Objective and 20% Organizational & Personnel behavior factors are introduced. The benefits of using KPI are the followings:

- b. Description of the ways in which the bank seeks to link performance during a performance measurement period with levels of remuneration.
- Reduce the number of decisions and make decisions based on objectivity and facts.
- Quantify the achievement of goals
- Focus on facts and see where individual improvement is/are needed.
- As individual initiative grows, it becomes more difficult to remain as close to the operational details as it is, in such case, KPI results can bring back to reality.
- Employees are clear about his/her obligations to deliver during the year and accordingly would be able to plan to meet the expectation.
- Last but not the least, unbiased performance evaluation at the end of the year.

A discussion of how amounts of individual remuneration are linked to bank-wide and individual performance:

Yearly performance bonus, salary increment, staff house building loan are directly linked with employee's individual performance.

A discussion of the measures the bank will in general implement to adjust remuneration in the event that performance metrics are weak.

Variance performances like performance bonus, salary increment are determined by the outcome of scorecard in prescribed KPI of the individual.

c. Description of the ways in which the bank seeks to adjust remuneration to take account of longer-term performance.

Bank Asia provides its Employees incentive compensation delivered in the form of deferred cash awards, subject to performance based on Key Performance Indicators (KPI).

Basel III Pillar 3 Market Discipline

d. Description of the

different forms of variable

remuneration that the bank

utilizes and the rationale for using these different forms.

Qualitative Disclosures

A summary of Short-term and Long-term compensation plan are given below:

Total Compensation = Fixed Pay (Salary)+Variable Pay (Bonus)+Variable Pay (Long term incentive) Form of variable remuneration offered by Bank Asia:

Cash Form:

Short-Term Incentives / Rewards

- 1. Yearly fixed and incentive bonus;
- 2. Yearly Increment;
- 3. Business accomplishment financial award;
- 4. Special Increment for especial assignments/accomplishment;
- 5. Car, fuel and car maintenance allowance for executives;
- 6. Cash Risk allowance for cashier;
- 7. Charge allowance for Head of Branches

Long-Term Incentives / Rewards

- 1. Provident fund;
- 2. Gratuity;

Message from the President and Managing Director

In today's complex business world, the financial sector is expected to play a progressive role in supporting different national and international goals to facilitate the transition to a green and low carbon economy. In line with this thought, Bank Asia highlights the performance in areas that have been able to create major economic, environmental and social impact in Annual Integrated Report 2017. Additionally, the bank is on the move to publish its 6th Sustainability Report 2017 based on upgraded G4 guidelines.

By forming a unique and flexible agent banking module patronized by advanced technologies, Bank Asia reached to remote areas with 1,497 agent outlets covering 62 districts and 298 upazillas across Bangladesh. Ektee Bari Ektee Khamar (EBEK) is a government poverty eradication project for the ultra-poor people of our country where Bank Asia has been supporting through its EBEK Windows in 35 districts and 252 upazilas for 16,29,286 beneficiaries. Bank Asia also gave special attention in school banking so that school going children can build strong savings habit, through this initiative the bank collected BDT 16.89 million from 7,354 accounts.

Bank Asia in 2017 extended agri-credit facility to total 92,139 famers that helped create enormous employment opportunities, thereby emit carbon. We are the first in Bangladesh to introduce smart agriculture card (A-card) to serve marginal farmers in getting agri-loan and making payments for agri-related equipment. Total BDT 22 million was disbursed among 1,367 farmers through A-card in 2017. Moreover, Bank Asia has a scheme to finance the ten taka account holders (2,140 nos.) and a total of BDT 48.29 million was disbursed by the bank which was appreciated by Bangladesh Bank.

Through our CSR initiatives, we have reached out and impacted many lives. In

2017, Bank Asia spent an amount of Tk. 183.83 million for several CSR activities. A significant amount was given to poor meritorious students under Higher Study Scholarship Program to build up skilled future humans, infrastructural development of different institutes including BSMMU and support to disaster management.

Bank Asia always believes that a skilled workforce is the prerequisite to operate an efficient banking operation which is also vital to boost up profitability along with sustainable finance. In this connection, a robust emphasis has been placed in personnel development as well as creation of future leaders under Future Leadership Development Program (FLDP) through advanced and latest training. In 2017 we have provided 61,095 man hours training to 2,611 participants on different aspects including sustainable financing.

Bank Asia regularly focuses on green financing like renewal energy generation, carbon emission project, solar home system, CNG conversion project, bio-gas, treatment of liquid waste, urban building safety project, effluent treatment plant (ETP) in brick fields etc. No tobacco related project is financed by the bank. With regard to green banking our bank saved roughly 150,000 page papers through rapid use of automated reporting systems, e-mail, e-statements, SMS Banking, e-fund transfer, online account opening which saved Tk. 5.99 million in 2017. Bank Asia has also adopted measures to reduce energy usage in its daily operational activities such as installed solar panel in its 11 branches, utilization of maximum natural day light, energy savings bulbs, green computing based data center etc.

The transparency and fairness in dissemination of information to the stakeholders has always been a major character for Bank Asia. Here we are glad to share with utmost pleasure that Bank Asia achieved award for Best Sustainability Report in Overseas catagory in the 13th Sustainability Reporting Awards (SRA) 2017 by NCSR, Jakarta, Indonesia for our Sustainability Report 2016. This is noteworthy that we are achieving sustainability award every year under different category by NCSR.

Together with our concerted effort, dedication of our employees and the continuous support of our stakeholders we look forward to pay back more for our sustainable commitment with a sense of optimism and firm belief. At last, I express my sincere thanks and gratitude to all stakeholders and honestly acknowledge their active engagement towards Bank Asia's vision to contribute to a poverty free Bangladesh.

Md. Arfan Ali President and Managing Director

Report Parameter

REPORT PARAMETER

Bank Asia is the pioneer in the banking industry to publish Sustainability Report and awarded as the first Bangladeshi Bank with GRI certification for its Sustainability Reporting. Our prior two reports were based on GRI reporting framework G3/ G3.1 guidelines. But from the year 2014, we have prepared our sustainability report based on GRI reporting framework G4 guidelines and it is the fourth time we are reporting on GRI reporting framework G4 guidelines with an effort to measure, disclose and be accountable to internal and external stakeholders in terms of governance, economic, environmental and social aspects including both positive and negative contribution.

Reporting Scope

This report intends to touch upon all significant environmental, economic and social impacts resulting from Bank Asia's activities in the financial year 2017. This is our fifth sustainability report and there is no significant changes regarding scope, boundary or measurement methods and explanation of the effect of any restatement of information comparing to the previous report. The sustainability report will be prepared once in a year describing activities and achievements through-out the year.

Boundary of the Report

The report boundary of the year 2017 covers only banks operation run by corporate office, its branches, SME service centers and other direct networks in Bangladesh. Impacts of the activities of our subsidiaries, NGO networks or our suppliers in other countries are not within the scope of this report. Bank Asia has three subsidiary companies, one in

Bangladesh and others in UK and USA, but no joint venture. As owner, the Bank controls the activities of its subsidiaries. Bank Asia Securities Limited (BASL), a majority owned subsidiary is incorporated in Bangladesh and acts as a stock broker and stock dealer in capital market. The financial statements of the BASL are prepared on a going concern basis under historical cost convention in accordance with Bangladesh Financial Reporting Standards (BFRS).BA Exchange Company (UK) Ltd. in UK and BA Express USA Inc. at NY, USA are two wholly owned subsidiaries with a primary responsibility of remittance channeling to Bangladesh from UK and USA market. Financial statements of BA Exchange Company (UK) Ltd. and BA Express USA Inc. are prepared on a going concern basis under the historical cost convention and in accordance with the Financial Reporting Standards for smaller

Triple Bottom Line

PEOPLE

Bank Asia always plays a very dynamic role in contributing to the society through its CSR program, which are thoroughly illustrated in CSR section. In the context of value creation model for its employees, the bank has made footprints by achieving: Operating profit and Net profit per employee was Tk.3.2 million and Tk. 0.98 million respectively during 2017. 61,095 manhours training have been provided to 2,611 employees in the year 2017 both in home and abroad.

Bank Asia works with a wide range of suppliers, vendors, agents and others. To create value the Bank works with them through collaboration by applying its own policy and practice for selecting these suppliers and others.

PLANET

As one of the strategic focuses of Bank Asia, 'going green' movement includes efficient energy consumption, paperless office, financing renewable energy etc. Bank Asia's achievements in green initiatives are detailed out in other parts of the report. As greening of mind, 33,832 manhours of training provided to 181 staffs regarding green banking under foundation trainings course in 2017.

PROFIT

During 2017 Bank Asia generated Operating Profit of Tk. 6,688 million.

1.52 Bank Asia Limited

Strategic Focus for Sustainability

Bank Asia firmly promotes green banking to reach its long term strategic objective to be a green, triple bottom line bank where every decision will be taken with both financial and environmental considerations in mind. The Bank's green banking initiatives includes Online & paperless banking, reducing green house gas emission, mapping bank's carbon foot print, efficient energy use, environment friendly projects, plant nursery and horticulture projects etc.

One of the strategic priorities of Bank Asia is to promote financial inclusion for combating poverty which the Bank firmly believes to achieve by its deposit services, agricultural credit program, small enterprise financing for productive new off farm employment of 'missing middle', Solar home system projects with NGO-MFI partners, foreign remittance of poor migrant workers channeling through partner MFIs, 'Ektee Bari Ektee Khamar' Project, Agent Banking channels, domestic remittance distribution through bank branches and agent banking outlets.

GOING GREEN IN THE FUTURE OF BANKING

PROMOTING FINANCIAL INCLUSION

GIVING BACK

Bank Asia believes in giving back to the community and it will continue to promote education, fulfill its commitment to community health, disaster management, clean environment, sports, art and culture.

CUSTOMER SATISFACTION

Bank Asia is sincere to create higher customer satisfaction and loyalty by its brand enhancement programs & creating brand ambassadors, personalized banking, online product innovation, measure and reduce customer efforts for greater value proposition.

Corporate Profile

Bank Asia Limited was incorporated on September 28, 1999 as a private commercial bank with the aim of contributing for the development of the economy by bringing superior quality, technology driven banking products and services

In 2001, Bank Asia set a milestone by acquiring the Bangladesh operations of the Bank of Nova Scotia of Canada, first in the banking history of Bangladesh. At the beginning of the year 2002, the bank again acquired the Bangladesh operations of Muslim Commercial Bank Limited of Pakistan. Bank Asia has associated Islamic banking, Off-shore banking, Agent Banking, EBEK program and many more specialized services with its core banking activities.

To excel in this new era of technological triumph, Bank Asia has successfully introduced internet banking, cutting edge ICT, state of the art network solution, 24/7 ATM service and many other e-products. Bank Asia maintains an environment of strong corporate governance that helps to maintain its excellent brand image; reflected by consistent financial performance for its stakeholders. To attain sustainability, we focus more on strategic priorities measured by quantitative and qualitative determinants. Besides maintaining a steady growth, Bank Asia always prioritized in the structural and moral development of the society. From the very beginning the bank has started its Corporate Social Responsibility (CSR) activities for the development of our country's unprivileged segments in the areas of education, health, environment, sports, arts & cultures and the likes.

Nature of Ownership and Legal Form

Bank Asia Limited was formed as a public limited company under the Companies Act 1994, and governed by the Banking companies Act 1991. The Bank obtained certificate of incorporation on September 28, 1999 and banking license on October 06, 1999. It went for public offering on September 23, 2003.

Number of countries where the organization operates

Bank Asia runs its operation only in Bangladesh. However, the Bank has two fully owned subsidiaries in overseas. Among these subsidiaries, 'BA Exchange Company (UK) Limited' and 'BA Express USA Inc.' facilitate as speedy and dependable medium for remitting the hard-earned money of expatriates backhome. 'BA Exchange Company (UK) Limited' started its operation in London on May 16, 2011. The 3rd subsidiary of Bank Asia 'BA Express USA Inc.' started its operation on June 1, 2014 in New York. It has also opened its 2 new overseas branches in Jamaica and Brooklyn for remittance channeling to Bangladesh.

BRANCH NETWORK

Currently we have 120 branches and SME service centers across the country spread over different zones that includes 116 branches, 4 SME agricultural branch and 4 SME service centers. Geographically 63 are placed in capital Dhaka, 37 in Chittagong the 2nd largest commercial hub after

Dhaka, 7 in Sylhet zone one of the leading remittance flow area, 4 in Khulna zone the 2nd international port city and adjacent to world's largest mangrove forest, 4 in Rajshahi the silk city and world's finest mango production area, 2 in Rangpur famous for one of the oldest (1916) and best reputed college, Charmichael College, 2 in Barisal, the main rice producing center of Bangladesh and 1 in Mymensingh, renowned for one of the largest Agricultural University and largest residence of Garo ethnic communities of the country. All these branches and SME centers are efficiently supervised and monitored by Zonal heads who take care of their overall performance indicators on a regular basis. Every year on an average 7 new branches are added to our branch network.

Primary Brands Products & Services

Brand has become an indispensable part of marketing efforts in current world. The most successful product in the world has some special kind of brand identity. In line with this, Bank Asia has a number of communication projects such as Corporate Communications, Product Communications, Event Management, Production, OOH Branding, etc. under its Corporate Affairs and Branding Department (CAB).

Branding of Airport, Rebranding of Islamic Banking Services, Retail Deposit and Cards products, Launching of ID products and Agent Banking, etc. are some of the significant activities. CAB has done an excellent job to establish consistent and uniform communication of the Bank. On top of that, cost perception has been redefined. Principle of budget optimization has been implemented in every single activity starting from production, event management, item purchase, etc. CAB under the Public Relations Department contributed to media innovations. It produced and distributed branded gift items for clients on the occasion of 'Bangla Nabobarsha' and 'Mahe-Ramadan' that created an impulse in brightening image. Ramadan Schedule, Engraved wooden box, Branded wooden pen, pocket diary etc. created huge appeal among general people.

OCAS-Diganta

We initiated reaching the rural and semi-urban mass of the population with the objective to do inclusive banking through establishment of Agent Banking all over the country. Though the initial value of the network pinned down to financial inclusion through an account for all, but we strongly realize the gap of required financing of the entrepreneurs of those localities. As we started to process the paper base proposals, we came across the need of digitization to minimize the duration gap of an entrepreneur finance proposal from initiation to reaching the corporate office. This need driven us to prepare a digital platform under the name of "DIGANTA" whereby customers KYC, Assessment, become digital and reaches Corporate office with one click through telecommunication network.

Implementation:

Bank Asia uses its own MSE finance programme to provide Micro & Small loans to optimistic entrepreneurs in the under-developed regions of Bangladesh. Typically, Cottage, Micro & Small Enterprises (CMSEs) in various parts of the country do not have collateral or may not have a credit history to secure a traditional loan. The local Bank Asia Agent points are channeling these loan propositions under the banner of Diganta. By providing greater automation of the loan approval process, the bank is able to drastically reduce the time taken to assess and approve financing proposals. This platform was developed with the help of challange fund from BFP-B under UK Aid.

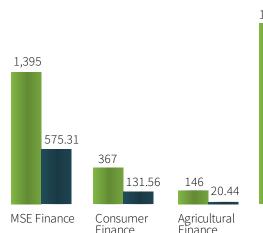

Benefits:

OCAS-Diganta is a software based financing system to facilitates the CMSEs, Agro Entrepreneurs, Retail financing through TAB & PC based digital platform. It reduces the time, papers and cost of the customers as well as bank and provides the banking service to the customer's access to finance in a better and faster manner.

Impact:

Till December 2017, about 1,900 customers got the benefit of access to finance at an affordable rate, with Tk. 72 crore worth of loans channeled through OCAS-Diganta.

Stakeholders' Engagement

Bank Asia believes in the proper stakeholders' engagement in every aspect of its banking activities. We identify our stakeholders through conducting impact analyses in respect of

- Responsibility: Bank Asia has direct legal responsibility to regulators, tax authority etc.
- Influence: Decision making of the bank is influenced to reach its intended goals by shareholders and employees etc.
- Proximity: The local community that influence heavily our daily operation.
- Dependency: Those who are dependent on their operational performance, e.g. business partners, and those whom we are dependent, e.g. customers.
- Representation: Those who represent Bank Asia to the outside world, e.g employees, board and those whom we face for various decision making purposes. e.g. business association leaders, local community leaders.

Impact analysis from the aspects of governance, economic, environment and social influences help the bank recognize and respond to emerging risks and opportunities and meet the expectations of those who shape the operating environment. Continuous engagement with stakeholders is integral to the success of our business.

Bank Asia prioritizes stakeholders' issues based on materiality mapping determining the level of relevance and significance on economic, environmental, social and financial impacts.

Environmental Performance

ENERGY Energy Savings

Since the inception of our corporate Office from 2011, Bank Asia ensuring the maximum usage of natural day light to reduce the energy consumption substantially in contrast with other mainstream constructions. Moreover, energy savings bulbs consist of a third of the total lighting system here. As a result, more than 40% electricity i.e. Tk. 6,454,045 is saved using the day light in side corporate office. E-mail has been the focus of both internal and external communications with an aim to reduce the paper consumption since 2005 thereby reduce deforestation.

Energy Consumption

	Mili	Million Taka	
	2017	2016	
Energy Type			
Electricity	93.97	88.22	
Fuel and CNG	10.40	12.17	

Solar powered branches

We have already installed solar panels in our 11 branches located at Patherhat, Madhobdi, Dohajari, Hajigonj, Faridpur, Elephant Road, Lalmatia, Sonaimuri, Bashabo SME service Centre, Bank Asia Bhaban & Nimtola Branch.

Financing renewable energy and carbon offset projects

During the year 2017 we have disbursed Tk. 3.594.52 million to 91,139 farmers where through A- card, the Smart form of Agricultural credit was propagate into 1,367 rural farmers of Tk. 22 million which helps sequestration of carbon.

Reducing Energy & Resource Consumption

Instruments of Green Banking offered by Cards Division include E-Statement, SMS Banking, SMS Alert, Net Banking, E Fund Transfer, and Digital Attendance and E Mail corresponding, which help reducing printing paper. In 2017, our Cards Department through its digital filling system have been archived more than 88,932 pages. Moreover New Issuing, Replacement, Activation and PIN request are automated which reduced Debit Card issuance time to 2-3 days from 7-9 days as well as paper saved 1,50,000 pages and 20,000 courier service deliver cost. Unlike every year, the Bank has developed e-Cards for its stakeholders this year.

Million Taka

Sl	Instruments	Quantity	Cost of Conventional Practice	Cost of Green Banking Concept

7	E-Mail Corresponding	88,942	0.89	NIL
	Total amount		6.07	0.079
	Net Savings		Taka 5.99 million	

SOLAR HOME SYSTEM

Bank Asia is committed to enlighten every rural home with green electricity. At present, only about 40% of the rural households in Bangladesh have access to grid electricity. For the rest of the areas are not connected to the national grid, life comes to almost a standstill there after sun-set. Giving priority in this sector, Bank Asia has been supporting to import and install solar home systems in the off grid area.

Bank Asia financed of Euro 5.17 million under the Export Credit Agency (ECA) to Engreen Sharishabari Solar Plant Ltd. for establishing a 3-MWp (megawatt-peak) Grid-Tied SPV (solar photovoltaic) independent power plant on 8.23 acres of land at Sharishabari of Jamalpur. This is first of its kind power project ever established in Bangladesh which has already gone to COD in 2017.

WATER USAGES

Bank Asia is very much conscious about efficient use of water. As a financial institution its use of water is already very much restricted. Major consumption of water is for drinking purpose. Our bank is also none compromising about ensuring pure and safe drinking water for its employees and visitors. But normal supply water in Bangladesh is not safe for drinking. Therefore, to overcome the situation every branches and corporate office are supplied with specially procured filtered mineral water. The management of the bank takes special care so that wastage of water as minimum as need. Total consumption is controlled by monitoring per employee drinking water cost per month.

WASTE MANAGEMENT

This process is involved in dealing with the waste generated from day to day banking activities, food consumption, physical wear & tear of computer and office equipment, obsolete furniture & fixture and newspapers. Being a financial institution Bank Asia does not deal with any hazardous waste.

- Both sides of papers are used and wasted papers are collected using bins after shredding
- Donate old equipment and furniture for charity or sold
- Food wastes are collected by community cleaners on daily basis
- Toner, cartridges and newspapers disposed off through community cleaners.

Liquid Waste Management

Bank Asia is very concern about the present situation of our environment because of wastes so the future of the people is threatened with boundless destruction. The situation is worst in both cities and villages. Environmental problems like unplanned urbanization, industrialization, disposal of hazardous wastes, rivers, lakes and roads, soil pollution, water shortage, water contamination and water logging are only a few to mention. In this situation, during 2017, Bank Asia disbursed Tk. 37.54 million for the treatment plant of liquid waste to Winter Dress Ltd

GREENHOUSE GAS EMISSION Saving CO2 emission

Since 2014, Bank Asia implemented Video Conferencing System to connect with remote branches for strengthening relationship

Environmental Performance

between Head Office and branches. By using the system, Management can save time and money as well as CO2e by avoiding long distance travel in order to attend meetings. Currently, the system has been implemented in few branches.

REDUCING CARBON FOOTPRINT

Since inception Bank Asia has turned to ecofriendly banking as a way to lower carbon footprint in its' normal banking activities. Bangladesh Bank introduced a refinance scheme (Revolving Fund) of Tk. 200 crore to offer refinance facility against the Bank/ Financial Institution's finance to promote smooth financing in Green products/ initiatives in Bangladesh. As part of our commitment for our green economy we have signed a participation agreement with Bangladesh Bank under refinance scheme in 2011 for lending in solar energy, bio-gas, and effluent treatment plant(ETP) & hybrid Hoffman kiln (HHK). In 2017, the Bank entered into arrangement with Bangladesh Bank for two step loan for Urban Building Safety Project under JICA/Bangladesh Bank Refinancing Scheme.

In 2017, Bank Asia approved the funded limit Tk. 1,090 million and non funded limit of Tk. 588 million to Triple Apparels Limited, having USGBC Certified LEED Certificate (energy and water efficient, healthy, comfortable and environmentally friendly construction). Moreover, the Bank also financed Tk. 26.80 million in 14 projects to set up Zigzag chimney for better energy efficiency and lower emissions.

Besides this, we facilitated 2,140 no. of borrowers by disbursing TK. 48.39 million for 10 Tk. Account holders and received refinance of Tk. 45.50 million from Bangladesh Bank in 2017.

BANK ASIA AND GREEN BANKING

Bank Asia always believes in growing in a responsible manner maintaining ecofriendly environment by playing a major role to mitigate Environmental risks which is essential for our survival. Since its inception, Bank Asia has been committed towards Sustainable Development that makes environmentally, economically and socially responsible. As a Bank, we play an intermediary role between economic development and conservation of the environment. Our Green Banking activities are on multidimensional areas which include both in-house Green activities towards supporting Green Economy.

The Bank's working environment encourages usage of e-mails, relying on online instructions for communication, using natural daylight and extensive usage of energy savings bulbs. These steps show the Bank's efforts towards encountering in-house environment management as part of supporting green banking. Our Green Banking Policy Guidelines and Green Office Guide have been circulated to all our employees for creating awareness on Green Banking activities & providing instructions about conserving energy, water, saving paper, etc. Bank Asia developed its own Environmental Policies which proves our commitment to the Environment for a sustainable future. We have unified our sustainable operations under the "Green Banking Unit" equipped with permanent employees. Besides this, Bank Asia has also introduced a new department in early 2017 named Sustainable Finance Department the same in alignment with Bangladesh Bank with its proficient Sustainable Finance Committee to monitor Sustainable Banking and Sustainable Finance.

For a sustainable economy Bank Asia plays a crucial role for financing the project that

enhances the positive impact over the society. In 2017, Bank Asia further financed to Valmont Fashion Ltd. of Tk. 0.73 million for importing Fire Alarm, Fire Detection system and Fire hydrant System for compliance of the project and procuring materials/equipments/accessories from local sources and installation of Fire system.

As part of sustainable finance initiative, Bank Asia ICT Division has introduced new green data center operated on green computing principles having same features and capabilities of a typical data center but uses less energy and space, and its design and operation are environmentally friendly. The Bank's ICT Division has already deployed Blade servers to reduce space occupancy as well as power consumption. To enhance cooling efficiency we have installed cold aisle containment system which has reduced significant power consumption in 2017. Moreover Bank Asia ICT Division has been providing automation system in different department for practicing paperless reporting and other documentations. We also deployed Smart Clients instead of conventional PCs which were highly secured and easy to deploy but low maintenance cost and low power consumption.

As greening of mind, several trainings were organized related to Green Banking & Environmental Risk Management, Reporting format of Green Banking activities, Financial inclusion, CSR and Green Banking this year. In 2017, BAITD has provided 5 trainings on Green Banking under Foundation training course to 181 employees. Moreover, our bank also organized a seminar in collaboration with IFC on 'Seminar on Sustainable Energy Financing'. Besides this, 3 of our officials participating in the workshop on 'Sustainability Reporting Practices in Banks of Bangladesh' organized by BIBM.

Bank Asia financed Triple Apparels Limited, having USGBC Certified LEED Certificate

Environmental Performance

In view of highlighting our Green Banking activities and creating awareness amongst our stakeholders, the Articles on Green Banking, sustainability reporting were published in different newspapers which reflect our Green initiatives to our employees, our stakeholders and all subscribers of those newspapers.

Like previous years, the Bank has published Sustainability Report and achieved 'Best Sustainability Report Category Overseas' for Sustainability Report 2016 in Sustainability Reporting Award 2017 (SRA 17) by NCSR (National Centre for Sustainability Reporting) Jakarta, Indonesia.

centers, 132 own ATMs, more than 7,500 shared ATMs and others. Clients can also have access to their accounts through Internet & Mobile Banking via Smartphone's which can be used for internet based applications for transactions. Total Mobile App user of the Bank is 17,799 and more than 1,13,257 number of transaction of tk. 425 million (approx) have done through this Mobile App. Online banking system is a great way to reduce wastage of paper.

INITIATIVE TO REDUCE THE BANK'S ADVERSE IMPACT ON ENVIRONMENT

Bank Asia by principle always averts financing in environment hazardous business. The bank has decided not to finance any tobacco related business, and all offices of the bank are declared smoking free zone. We incorporated environmental and climate change risk as part of the existing credit risk methodology prescribed to assess borrowers through environmental due diligence (EDD) checklists.

In this regard, Bank Asia signed an agreement with Bangladesh Bank to finance export oriented Textiles & Textiles Products and Leather Manufacturing Industries

Bangladesh Bank. Online Banking

Technology continues to be a strong pillar in the Bank's idea to attract the banking experience of its customers. Bank Asia has been one of the pioneers in introducing Online Banking and in 2017, it covers 112 branches, 4 Agri/SME branches, 4 SME

under Green Transformation Fund (GTF) of

Bank Asia has implemented most advanced solution in receiving utility bill payment and e-Government Procurement (e-GP), Passport fee collection systems through a full real time online web based which has enables for payment in a smooth and hassle free manner. Currently 56 branches have been registered in e-GP system where customers have received around 31,229 services from

our bank with their utmost satisfaction through e-Government Procurement (e-GP) system. We received more than 3,65,087 number of passport payments of Tk. 144 crore (approx) from clients through all our branches and ADC channels. Clients are now having banking facilities for 66 out of 67 RPOs over the country. Now the customers can transfer fund from their Account to InterBank Accounts and Debit & Credit Cards real time by integrated Internet banking system where the Bank recently integrated Internet banking system to NPBS on first phase with other 5 NPSB Banks. Now the total Internet Banking user of Bank Asia is 65,000.

In our banking system recently 'e-Commerce' has incorporated for its valued customer where Bank plays as payment partner & account holders can shop online through internet banking, Debit Card or Credit Card with less expense & in faster time from any time anywhere. Through SSL, Bank Asia's accountholder can purchase products & services from different Merchant websites.

Others

Bank Asia spent Tk. 183.83 million to Prime Minister Relief and Welfare Fund, Higher Studies Scholarship, construction of BSMMU & proposed 'Ma Amiran hospital' in Sirajdikhan, Malkhanagar, National Heart Foundation, different socio cultural and religious program in 2017.

COMPLIANCE

During 2017, Bank Asia has not faced any penalties for non-compliance with applicable laws and regulations concerning the impacts of its operations on communities.

Bank Asia organized a seminar on sustainable energy financing in collaboration with IFC

Kunderpara Gono

Unnayan Academy Sponsored by Bank Asia Family

Bank Asia employees mobilized a fund to support reconstruction of a high school named "Kundarpara Gana Unnayan Academy" at a char in Gaibandha district torched by some miscreants in the last week of January, 2017 that touched every heart. Seeing tears of innocent students, the honorable Chairman and management of Bank Asia decided to rebuild the school so that academic activities of the poor pupils go on uninterrupted. In this backdrop, all the employees of Bank Asia donated TK 1.5 million for this noble initiative.

Economic Performance

SUPPORTING THE ENTREPRENEURS THROUGH CMSE

Cottage, Micro and Small businesses are catalyst in the socio economic development of many countries of the world. They are viewed as vehicles for the achievement of national macroeconomic objective in terms of employment generation at low investment cost and enhancement of apprenticeship training. Keeping this in mind, Bank Asia SME has stepped into the territories where no Bank or FIs have reached so far. With 4 SME Service Centers & 116 branches in urban & rural areas Bank Asia provides its services for promoting and expansion of businesses which ultimately created productive new off-farm employment.

To take the financial accessibility to the unserved / underserved population across the country, Bank Asia focused on increase of market coverage and as a part of that objective to develop the MSEs from rural level the bank opened 1,497 Agent Banking outlet throughout the year 2017. We introduced 4 fully agricultural branches to widen the access to finance and assist our agro community with the most specialized and innovative banking solution available.

Focusing on cluster financing, groomingup new entrepreneurship development, promoting women entrepreneurship, creating business network for CMSE entrepreneurs and financing in untapped areas to underserved people Banks Asia's CMSE Department always engaged for opening the door of prosperity to many entrepreneurs of the country. Bank Asia also adopted a cluster-based approach for financing cottage, micro, small and medium enterprises (CMSEs) as a fullfledged commercial bank. Throughout the year, we financed 330 entrepreneurs in different CMSME clusters with the disbursement amount of Tk. 175 million.

The department participated in "Banker-SME Women Entrepreneur Gathering & Product Fair-2017" organized by Bangladesh Bank and also in the "Entrepreneur-Banker Match Making & Loan Disbursement program with Central Bank" held at Tarail Kishorgonj, Maijdee Noakhali, Comilla and Jessore.

In 2017, CMSE strongly focused on cottage & micro enterprise financing, cluster financing, new entrepreneurship development financing, promoting rural people as well as rural women

entrepreneurship, creating business network for CMSE entrepreneurs and financing in untapped areas to the unbanked new entrepreneurs.

The SE & SPL Department of the Bank has arranged launching of 3 new products titled "Nilima"-for Women Entrepreneur, "Bahon"-for Commercial Vehicle Finance and "Astha"- Special Current Deposit account for SME Entrepreneur.

Apart from the above, the Bank arranged different business meeting with the existing and potential clients throughout the year.

EMPOWERING COMMUNITIES THROUGH AGRI/RURAL CREDIT

During 2017, Bank Asia has disbursed Tk. 3,594.52 million (Tk. 873.49 through own network and Tk. 2,721.03 million through our NGO Network) as short and long-term credit in agricultural/rural sectors. This financing helped to create enormous employment opportunities in farms, especially in the fields of crops & fisheries. Total number of beneficiaries was 92,139.

FINANCIAL INCLUSION IN ECONOMICALLY DISADVANTAGED AREAS

Agent Banking

With the objective of ensuring greater financial inclusion and increasing the outreach of the services to the unbanked population, Bank Asia has introduced Agent Banking services as the pioneer in Bangladesh. Our Bank made a unique Agent banking module with technology based banking concept ensuring

Banker-SME Women Entrepreneur Gathering & Product Fair-2017

Vegetable field financed by Bank Asia

Economic Performance

appreciate security with real time banking for customers. The Bank has implemented 1,497 Agent outlets in 62 districts in most geographically dispersed poor segment of the society. During the year, the Bank provides Agent Banking services through Union Digital Centres, E-commerce solution to be established with the Agent Banking network, introducing A-Card for farmers to be benefited in their agricultural productions, Mobile Application for Agent Banking Customer (both in English and Bengali).

In 2017 Agent Banking deposit was Tk. 2,654.06 million through 311,947 accounts. We are determined to support Government's commitment in building 'Digital Bangladesh' as charted out in the vision 2021 by bringing rural people under Agent Banking platform across the country through our local and international partners for developing their lives and livelihood. We remain committed, and see it as its duty to the nation to facilitate and encourage various formal and approved channels for providing convenient and accessible services, especially by bringing underprivileged sections and rural people into the fold of basic banking services.

EBEK (Ektee Bari Ektee Khamar)

Bank Asia is the leading Bank of implementing Ektee Bari Ektee Khamar (EBEK) a government project for the ultra-poor people of Bangladesh focusing

Poverty eradication and reduce poverty level up to 10% within 2021. Government wants to help the poor people by encouraging savings, providing grants, engaging & monitoring their economic activities as a group (Samitee) in each village of Bangladesh. Bank Asia is now operating EBEK Banking services for Phase I, II & III to 35 districts having 252 Upazillas and 1,629,286 beneficiaries. This operation has spread over 21,816 villages of 2,424 unions. Bank Asia provides online banking services through this EBEK project to unbanked people with good reputation in the above districts in Bangladesh. With experience to implement of EBEK Project, Bank Asia is now capable enough to provide services to all government projects like Social Safety net Programs. We will start full district coverage of Kishoregonj for Safety net payment where more than 133,500 beneficiaries will get banking services from their own union. We have another prestigious partnership with UNDP under LGED Ministry named SWAPNO where we have covered 2 districts and 76 unions for disbursing the daily woman worker wages payment from their union. Cash for work is another prestigious program for Bank Asia which is runned by Ministry of Disaster. Moreover, we have started another World's largest Non- Government funded mega project named SHOUHARDO III with CARE Bangladesh where's 168,000 beneficiaries

will getting banking service from 8 districts. Already 32,748 beneficiaries are getting banking service in different remote areas.

FOREIGN REMITTANCE

Remittance is the second most important sources of foreign exchange earnings for Bangladesh, after readymade garments (RMG).Bangladesh's foreign exchange reserves hit a record high of USD 33.22 billion at the end of December 2017. However, country remittance inflows reached at USD 13.53 billion in 2017, lower by 0.59% from 2016 whereas FRD remittance inflow increased by 23% (2017: USD 654 million and 2016:USD 532 million).

Bank Asia's position was 8th in 2017 for remittance collection among all Bank's in Bangladesh where the Bank's total wage remittance inflow was USD 465 million in 2017 with 11.24% growth from 2016. Bank's total remittance collection agent network was 45 and 5 collection agent network are under our correspondence in 2017. Mentionable that, this year Bank Asia awarded "Bangladesh Bank Remittance Award-2016" for sending highest volume of Foreign Remittance through Bank Asia in 2016 by two remitters.

ONLINE PAYMENT GATEWAY SERVICES (OPGS)

Economic Performance

like 'Payza' and 'Payoneer' to bring hard earned money which is earned by exporting services in nonphysical form e.g. data processing, off-shore IT service, software development, business process outsourcing (BPO) etc. It is giving a strong competitive edge to Bank Asia over the other players in the market by catering the banking need of an emerging sector. In 2017, we have done 1,626 transactions and paid an amount Tk. 38.24 million equivalent to USD 0.48 million through 'Payza' and 155,063 transactions amounting Tk. 2,521.04 million equivalent to USD 31.31 million through 'Payoneer'.

COMMUNITY INVESTMENT STRATEGY

With an aspire to ensure the Bank as a socially responsible corporate entity, Bank Asia is always conscious of its Corporate Social Responsibility (CSR) contributing towards quality of life of the society at large without compromising ecological condition. In the year 2017, Bank Asia spent an amount of Tk. 183.83 million for the overall betterment of the nation. All the donations made under CSR program for social and environmental well-being and endeavor to ensure sustainable balanced growth in economic, social and ecological arena. Bank's stakeholders were immensely benefitted by way of its community based social programs; education support Tk. 45.70 million, health support Tk. 13.18 million, disaster management Tk. 82.60 million, environment Tk. 0.33 million, sports Tk. 0.20 million, art & culture Tk. 0.50 million and others Tk. 41.32 million.

INDIRECT ECONOMIC IMPACTS

As one of the leading financial services provider in Bangladesh, Bank Asia has an extensive role in the economy and society. Bank Asia makes a positive difference to society and local, regional and national economies where we operate through our community initiatives and investments. We help foster local economic development and stimulate growth and innovation through loans, credit and other financing to organizations of all sizes. In particular,

Bank Asia is a major supporter of SMEs across Bangladesh and invests in community programs, which enable youth and those are less fortunate, to create brighter economic futures for them. In 2017, total volume of disbursed MSME loan is Tk. 42.720.72 million.

FINANCIAL ASSISTANCE FROM GOVERNMENT

Bank Asia does not receive any financial assistance from the government and also does not contribute to any political organization. But we support all the public policy developed for the betterment of nation and we never lobby for making any policy in favor of us.

COMPLIANCE

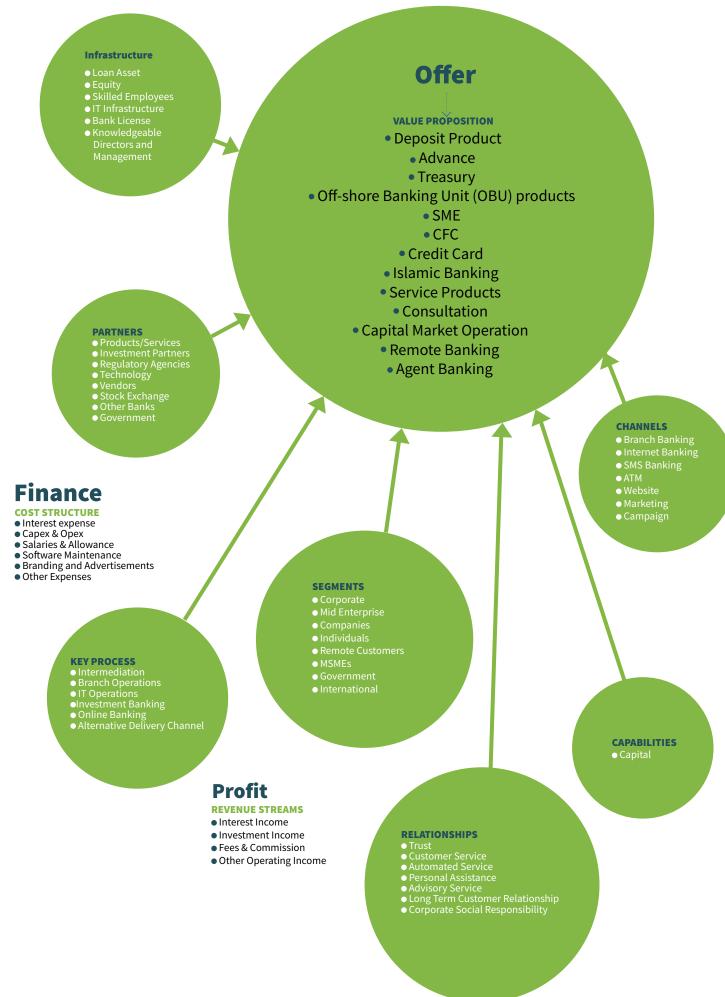

Bank Asia is very much conscious about legal and regulatory compliances. The bank reports regularly to the central bank, the Bangladesh Securities and Exchange Commission, tax & VAT authorities on required compliance issues. During 2017, the bank has not faced any significant penalties for non-compliance with applicable laws and regulations for running its economic activities in Bangladesh.

PERFORMANCE MANAGEMENT SYSTEM

To facilitate the career growth of its employees, Bank Asia emphasizes on fair evaluation of their performance and its proper appreciation. As it is known, unbiased performance evaluation culture plays a critical role in creating a sustainable workforce while also supporting the Bank's bottom line. Bank Asia established a real-life SMART KPI to evaluate the contribution of all individuals in a transparent manner to assess quantitative and/or qualitative performance vis-à-vis set target of a given year. To evaluate the performance of Bank Asia's employees KPI is used in the following manner:

Bank Asia is solely depending on the contribution of its existing talents. We have infused 80/20 strategy in performance measurement system; as such 80% Objective

and 20% Organizational & Personnel behavior factors are introduced. The benefits of using KPI are the followings:

- Reduce the number of decisions and make decisions based on objectivity and facts.
- Quantify the achievement of goals.
- Focus on facts and see where individual improvement is needed.
- As individual initiative grows, it becomes more difficult to remain as close to the operational details as it is, in such case, KPI results can bring back to reality.
- Employees are clear about his/her obligations to deliver during the year and accordingly would be able to plan to meet the expectation.
- Last but not the least, unbiased performance evaluation at the end of the year

LEARNING AND DEVELOPMENT

Knowledge and skill development is a continuous process and to keep our employees abreast of all the latest developments in the banking sector, the bank continues to organize training and workshop to the officers and executives in an effort to improve their professional efficiency. The bank always puts the highest importance on training of its employees as a continuous process of human resources development. Bank Asia Training Institute for Training & Development (BAITD) is at new venue in it's own 6 storied building at lalmatia from 2016 which is equipped with all modern study aid and course materials.

Bank has organized 5 (five) foundation training courses each 6 weeks long for entry level employees to improve knowledge base and proficiency in banking.

BANK ASIA AND GREEN BANKING

- As greening of mind, several trainings were organized related to Green Banking & Environmental Risk Management, Reporting format of Green Banking activities, Financial inclusion, CSR and Green Banking this year. In 2017, BAITD has provided 5 trainings on Green Banking under Foundation training course where 181 employees attended.
- Sustainability Report has been published since 2012 as per GRI guidelines by Bank Asia. To create awareness among the stakeholders each year the theme of Sustainability Report has been designed considering environmental issues of the world. With this consequence, the theme of Sustainability Report 2016 was 'Plastic Soup'. Moreover the articles on green banking were published in different newspapers reflectsing green initiatives by the Bank to our employees, stakeholders and all subscribers of those newspaper.

- During 2017, 14,371 proposals dealt through OCAS (Online Credit Approval System) have been developed as a part of Technological improvement of the Bank. This system will reduce lead time, ensure accuracy, strengthen security and make accessibility easier and will provide a competitive edge over other banks on online banking.
- In 2017, Electronic sanction archive system has been developed for 6 departments; namely: CRM, CMSE, Islamic Window, SAMD, CFC & Agricultural wing. Total number of sanction archived during 2017 is 14,300.

LEARNING VALUE CHAIN

LVC (learning value chain) is a value creation framework that was learning and knowledge enhancement as strategic levers. LVC framework helps focus on L&D initiatives of an organization to contribute to the value chain of the same. LVC process has the following 6 stages:

- Business Needs Assessment
- Learning Needs Assessment
- Design & Development
- Delivery
- Reinforcement & Transfer of Learning
- Results & Measurement

Bank Asia and BRAC signs MoU on financial literacy to students

Under the agreement, Bank Asia will provide different financial services to students and teachers of schools through BRAC Gonokendro which has been set up inside school compound to facilitate library and ICT support to students. The agreed financial service include opening of individual account, collection of fee for students and management of payroll for teachers

Bank Asia and The Daily Star signs deal on Knowledge Development

The Daily Star and Bank Asia, exchanged and signed documents of a deal at The Daily Centre in Dhaka. Under the deal titled "Spreading Knowledge", 1,000 copies of the Daily Star will be distributed among the students of Jahanagirnagar University.

Future Leader Development Program

The Future Leaders Development Program (FLDP) is an activity which has

been taken with a perspective of focused improvement that gives hands-on involvement to all parts of the banking and escalated learning both at home and abroad. Through this program, a pool of talents is to be made from the officers of Bank Asia who can confront any difficulties those lie ahead. By applying dynamic learning techniques, this program strives to create a pool of skillful managers prepared to effectively and rapidly make a genuine commitment to the association. Each officer of this program gets a chance to be migrated to various capacities occasionally and into some strategic capacities in the Bank to quicken the learning procedure.

A total of 386 employees from the job grades of Executive Officer to Assistant Vice President of Dhaka and Chittagong region took part in the FLDP. Representatives take an interest in the program with eagerness and assurance which is unmistakenly obvious amid different leadership development sessions.

To facilitate FLDP more vividly Bank Asia

has developed a software system named Future Leader Application Software which is useful in managing the leaders' databases and developing information that will produce as and when required. Total 208 participants from Executive Officer to Assistant Vice President are provided 1,664 man hour transformational leadership training at five phases during 2017 to boost up their leadership expertise and compatibility and to have a positive productivity impact. Continuous leadership development program rewards opportunities to grow and develop human capitals.

Each of the members began the trip of future pioneer improvement program with a pledge of "Ready to Fight".

MATERNITY LEAVE

As per bank's policy, any employee who has been in the continuous service of the bank for at least one year is entitled to get 6 months maternity leave with regular salary and allowances. An employee can avail this leave not more than two occasions during the entire period of service. The employee's annual KPIs (Key Performance Indicators) and thereby

Paternal Leave

As per bank's policy, any employee who has been in the continuous service of the bank for at least one year is entitled to get 5 working days paternal leave. An employee can avail this leave not more than two occasions during the entire period of service. In 2017, every entitled employee has availed paternal leave facility.

CHILD CARE CENTER FACILITIES

To improve our employees' work family balance, Bank Asia has established a combined day care center named "Pushpita" in collaboration with other private commercial banks by renting 5,666 square feet at Motijheel, Dhaka. To provide a greater peace of mind to working parents especially mothers and to encourage the inclusion of women in the job market, the child care centre has established. The baby sitter and teachers are very educated. Children (2-5 years) are getting pre schooling education from the teachers. Parents who will keep their babies in the center will get the opportunity to watch their babies in their device from anywhere, any time through Live CCTV footage. The target number of Children is 60. The age limit of the babies will be 6 month to 6 years. Equipped with a skilled staff and a child friendly environment, working mothers of Bank Asia no longer have to decide between quality care for their children and going to work. Currently the Day Care center consists of 28 babies, among them 2 are from Bank Asia's employee. There are 5 nannys, 3 teachers, 1 supervisor and 1 security guard for overall maintenance of the center. Moreover, one bank representative also engaged in the day care center.

OCCUPATIONAL HEALTH, SAFETY AND

ENVIRONMENT

Board and management of Bank Asia strongly believe that safe & healthy work place is a precondition for sound mentality of employees to deliver desired services to valued customers. So the bank is very careful about ensuring modern, healthy & safe workplace for its employees. All the branches, SME service centers and SME/agriculture branches and every department of corporate office are well decorated having sufficient breathing spaces and adequately equipped with firefighting equipment and fire drills.

A team of logistics supports and services department of the bank is specially entrusted to visit regularly to monitor cleanliness, safety measures and other amenities remain ensured in all outlets. If found any deviation, take prompt steps and thus ensuring modern, healthy and safe workplace for its employees.

Cleaning Day

Bank Asia has developed its status for tidiness and well maintenance of Branch premises and Corporate Office. Tidiness is a basic piece of our way of life. Safeguarding of vouchers, records and other office archives are additionally as essential as tidiness. The costly interior decoration and expensive furnishings end up looking plainly vain unless the premises are kept up all around. The administration, thus, chose to watch 'cleaning day' on the 'first saturday' of each alternative month where all employees of the branch and the Corporate Office work together to clean their respective desk, furniture and fixture.

Customer Service Day

Clients are considered as utmost priority in Bank Asia. Their need fulfillment is the main concern among all exercises. Constant change and dynamic method of giving customer service to satisfy clients' requirement is embraced. Bank Asia is dependably a stage ahead to change over its service into warm hospitality. In accordance with that, first day of every month has been chosen when all individuals from top management take vigorous initiative alongside all branch employees to give service to clients. Such program encourages branch employees to learn more innovative mediums of giving better customer service.

Bank Asia Cricket Festival

Like every year, Bank Asia organized intrabank cricket tournament where Branches and different Divisions and Departments of Corporate office participated in friendly matches. In 2017, 37 teams under 8 Groups participated in this cricket festival.

Bank Asia Cycling Club

With an aim to avoid the traffic situation in Dhaka city, for maintaining physical fitness and ensure greener economy for the future Bank Asia voluntarily formed a 'Cycling Club' in the early 2016 for employee of Bank Asia and city dwellers. In every month a cycling rally has been organized along with different sports program where CEO & Senior Management Team also participates. In future Bank Asia Cycling club will go forward to build a Banker's community where everyone will intend to use cycle for day to day transportation.

Bank Asia Debating Club

Bank Asia Debating Club has started its journey in 2017 in order to create a sociable atmosphere among the members of debating club within Bank Asia. The President of Debating Club is Md. Arfan Ali, President & Managing Director of Bank Asia. Aims and objectives of the club are to provide a forum for debate, to improve presentation skill, public speaking skills, negotiation skills. Also improving mutual understanding, cultural orientation, respecting others opinions, absorbing the negativity, learning from opponents, enriching self confidence, banking knowledge, implication of finance and

Prize giving ceremony of Bank Asia Debating Club

monetary policy in banking business and community issue.

CULTURAL EVENTS AND AMUSEMENT

Bank Asia Pitha Utshob (Rice Cake Festival)

The season of winter is always considered exceptional in our country and we celebrate it with pitha & date juice that has become our age long tradition. On the eve of New Year, Bank Asia Limited always arranges for Pitha Utshob keeping conformity with our culture and to create a common ground for all employees to come and exchange pleasantries. Bank Asia Pitha utshob is marked for a new beginning of the year with a note of positivity and festivity.

Transport Facilities

At present 14 vehicles used for pick and drop facility specially for female employees of Bank Asia in Dhaka and Chittagong region where majority of the pool vehicles have been converted into CNG driven. Bank Asia provides full-fledged transport facilities for employees during and beyond usual working hours.

HUMAN RIGHTS, CHILD LABOR AND OTHER ISSUES

Human Right issue is particularly relevant for organizations that operate in industries/ regions where the protection of human rights is of significant concern. As this is a significant concern for a business to be sustainable in long term, we integrated the human right issue in all our economic decisions. Including human right provision in all kinds of investment agreements is a part of our strategy to reduce the risks of investment. And also we do not make any investment agreements and contracts that violate human rights. Bank Asia also does not tolerate child.

forced or compulsory labor. In 2017, no incident of discrimination and violation involving rights of indigenous people and forced and child labor has been recorded.

GRIEVANCE REDRESSAL POLICY

For building awareness regarding human rights among the employees in the bank, Bank Asia formulates

- Female anti-harassment policy
- Grievance handling policy

Female Anti-harassment Policy

Bank Asia follows a zero tolerance approach to harassment of any kind to any female employees as the Bank feels harassment seriously weakens the working atmosphere. The policy guides about personal measures of affected female employees in addressing a complaint, role of management, investigation procedures and disciplinary measures. The policy also guides management about its role in case of false complaint.

Grievance Handling Policy

With a view to resolve undesirable issues at the workplace in the most effective manner Bank Asia has formally promulgated Grievance Handling Policy in 2014. The policy equally applies to all permanent and contractual employees for grievances related to promotions, transfer and posting, compensation package, incentive bonus, working environment etc. Under thispolicy, complaints are resolved informally where possible, and through a formal grievance procedure where necessary.

ANTI-MONEY LAUNDERING TRAINING

Bank Asia is committed to prevent money laundering and terrorist financing. We recognize our obligations to prevent the financial channels and products from being used by money launderers and terrorist organizations for illicit purposes. Bank Asia is also against any actions of soliciting, collecting or provisioning funds that come with the intention to support terrorist acts or organizations.

Anti-Money Laundering Department (AMLD), Corporate Office always arranges

Bank Asia Women's Day Celebration

and conducts AML workshops to train all the employees of our Bank and about 98% of total employees (Branch/Corporate Office) obtained AML & CFT related training.

AML/CFT Training 2017

As a result, officials become aware and conscious regarding AML & CFT matters.

POLICY, PRACTICES, AND PROPORTION OF SPENDING ON SUPPLIERS

For running day to day operations Bank Asia works with a wide range of suppliers and maintains good relationship with them. We work to create value through collaboration with them and strive for fairness in all interactions with suppliers. Our chain of suppliers consists of the following parties:

- Construction contractor
- Graphics and interior designers
- Advertisement agency
- Newspaper
- Printing maintenance
- Stationary suppliers
- Mineral water suppliers
- Transport facilitator
- ATM, hardware, software service providers
- Nursery
- Security agency

Selection of supplier is managed centrally by the corporate office. The bank applies its own policy and practice for selecting these suppliers. It mainly takes into account the following criteria before selection:

- Status of compliance with government rules and regulation by the suppliers.
- Our bank doesn't make any collaboration with suppliers that employs child labor, creates environmental hazards, violates human rights etc.

We fully maintain these criteria in case of selecting suppliers. Bank Asia has a number of security service providers which specialize in all aspects of building security. All security providers practice the highest standards of training and operation. Their training incorporates all aspects of the law including human rights and non-discrimination

PRACTICES RELATED TO CUSTOMER SATISFACTION

Delivering high quality customer service is one of the top priorities of Bank Asia. To maintain customer service standard of the bank, acquiring of new clients, doing more business with existing clients, maintaining high client retention rate and lower client attrition rate all are correlated. Properly constructed customer satisfaction surveys may provide the insights that are very much essential for feeling the real. In this regard, Bank Asia approved a new customer service policy in 2014.

We took initiatives to conduct customer survey on the basis of their satisfaction over the product & services that we offered to them. In 2017, we conducted surveys on Call Center Performance in August and December respectively. 75 Calls were made and the data were recorded using the MSS method. We intended to find out to the extent we can improve our service quality to retain the customer satisfaction and enhance it further. The Survey ensued in momentous finding that aided Bank Asia in elevating its performance from 77.2 to 80.5 on a scale of 100 leveling the peer bank average and opening up bright scope to improve the customer experience and relationship management.

Staff Performance (SP), Communication Channel Status (CCS) and Turn Around Time (TAT) with the weightage of 60, 15 and 25 respectively. From 48.5, Bank Asia marked an improvement to 50.7 in Staff Performance which contributed to the overall development of Bank Asia's customer oriented Call Center performance. With proper training and attention, Bank Asia marked notable improvement in Professional Conduct, Product Knowledge, and Call Closing Skill in Staff Performance. While significant enhancement was observed in eliminating noise behind the agent in CCS and Attempt to Connect with

The Scoring Index was distributed amongst

Therefore, it is mentionable that our customers can always inform us on their expectations via different channels (i.e. via e-mail, letter, personal visit etc.) The bank has an in-house policy and practice

Queue Waiting Time in TAT.

of measuring customer satisfaction. In 2017 we have arranged 3 trainings of 106 employees on different aspects of customer service consisting of 848 man-hours of training to improve our human capital for serving better customer service.

STATEMENT ON COMPLIANCE

In the year 2017, Bank Asia has been able to comply with all the regulations of Bangladesh government regarding use of product and services, information about product and services, marketing, communications, advertising, promotion. No incidents of fines/penalties have been recorded this year concerning the above mentioned issues.

Our bank always maintained the fundamental principle of business regarding protecting customer privacy. Customer's information/ data is not available to anyone other than the client himself and the Banks concerned personnel who is responsible for maintaining the data. We haven't received any complaints relating to breach of customer privacy and loss of data.

Bank Asia Foundation

With a view to implementing the guidelines of Bangladesh Bank for conducting larger Corporate Social (CSR) Activity through Foundation, Bank Asia Foundation has started its journey after its registration with Registrar of Joint Stock Companies & Firms in the year 2014. Initially it took a while for planning for the implementation of the project. The foundation got momentum after appointment of its Executive Director in the year 2017. The Foundation started operations from February 2017 in limited scale. In fact, the Foundation will henceforth carry out activities which the Bank had so long been performing in systematic, structured and sustainable manner.

The Foundation has embarked upon a plan to construct a 250 bed hospital cum medical college at Malkhanagar, Munshigonj. Mr. A Rouf Chowdhury, Chairman of Bank Asia and Bank Asia Foundation and his family members have donated 700 decimal and a 3 storied building for the proposed Hospital. It is intended to extend the building by two more floors and for this, necessary engineering study was carried out and as built architectural and structural design is under process.

The Foundation has completed the detailed exercise and finalized the list of 205 students for Bank Asia Higher Studies Scholarship for the year 2017. The distribution of scholarship money has already started.

The Foundation organized a medical camp at Malkhanagar in April 2017 in collaboration with Ad-din Hospital and provided free consultation, prescription and medicine to 2,154 poor villagers of the locality. The Foundation organized a voluntary Blood Donation program at the roof-top of Bank Asia's Corporate Office in December 01, 2017.

The activities of the Foundation, amongst others, will be the following:

- 1. Providing treatment facilities through of hospitals, clinics, medical & eye camps;
- 2. Providing scholarships to poor and meritorious students;
- 3. Distributions of blankets and winter cloths among the poor & distressed people;
- 4. Providing/rendering monetary and/or other help/assistance for the relief of people affected by natural and other calamities such as food, fire, famine, cyclone, earth-quack, storm, accident, pestilence, drought, epidemic etc.;
- 5. Promoting educational, scientific, religious and social activities/organizations and
- 6. Other similar charitable activities.

Mr. A Rouf Chowdhury, Chairman of Bank Asia handed over a cheque to Mr. Aminul Islam, CEO of BA Foundation from Bank's Islamic Banking unit for social welfare and charity works through the Foundation

Blood Donation Program for observing 18th anniversary of Bank Asia

Corporate Social Responsibility (CSR)

Corporate Social Responsibility (CSR) refers to self-regulatory mechanism whereby a bank ensures its active compliance with the spirit of the law, ethical standards and national or international norms.

Bank Asia's social responsibility in Bangladesh runs with the aforementioned philosophies which are framed by the Board of Directors of our Bank.

Bangladesh Bank CSR Guideline is the guiding principle in designing our CSR roadmap. Bank Asia prioritizes on long-term programs rather than the short-term ones that have sustainable and lasting impact on the people and society of the country.

At Bank Asia, employees work with a greater mission. They are motivated to contribute to the bank's social initiatives like donation to build school building, warm clothes distribution and blood donation. Employees' passionate involvement in CSR adds new dimensions to the bank's CSR portfolio. During 2017, Bank Asia spent an amount of Tk.183.83 million for the overall betterment of the nation.

Providing The Daily Star among meritorious students all over Bangladesh	7,311,190
Total	45,666,610

Bank Asia supports construction of a Nurse Hostel in the BSMMU

Bank Asia is extending entire financial support for construction of an eight-storied `Nursing Student Hostel' at Bangabandhu Sheikh Mujib Medical University (BSMMU) to take the edge off acute accommodation problem of graduate nursing students. In this project Bank Asia spent Tk.57.40 million in 2017 for construction purpose.

Corporate Social Responsibility (CSR)

Sharing Knowledge as a CSR initiative

The Daily Star, the highest circulated and prestigious English daily in the country, has been organizing various activities on knowledge development aiming to make a tangible change in the society. As part of such initiatives, the national daily plans to provide newspaper copies to meritorious students in different reputed public institutions. As a part of their knowledge development activities, Bank Asia providing 1,000 copies of newspaper everyday under a joint venture initiative titled "Sharing Knowledge as a CSR initiative" and in 2017 Bank Asia provided Tk.7.32 million for the purpose.

Health

Blood Donation program

The members of Bank Asia formed Bank Asia Donor Group. The objectives of the group are to donate blood when and where necessary, donate eye posthumously, promote and encourage all levels of people to come forward to this priceless donation. Already about 100 members formally joined the donor group platform and started donating blood. Every year this group arranges a blood donation program and collected blood donates to Bangladesh Red Crescent Society.

Other health related donations National Heart Foundation

National Heart Foundation, Sylhet, a non-government, service- oriented and a nonprofit organization and also a member of the World Heart Federation where Hon'ble Prime Minister of the Government of Bangladesh is the chief Patron of the Foundation. Considering the goodwill of National Heart Foundation and there effort to serve the people, Bank Asia stands beside them by contributing Tk. 10 million for a post CCU at the hospital.

Financial support to Ms. Rashida Kabir Reba, widow of one of the bereaved families of martyred Army officials killed in BDR munity	480,000
Sir William Beveridge Foundation	90,000
Total	40,915,000

Customer Satisfaction Survey

Bank Asia puts the highest emphasis on its customers and in order to learn about the Service Quality of its call centers, the bank ran two surveys using phone calls on August and December of 2017 to have a keen follow-up on the overall improvement of Service Quality rendered by the call center.

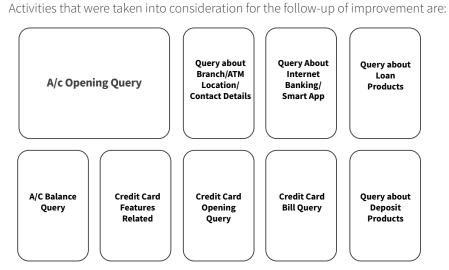

Objectives of the survey

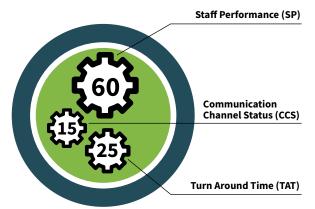

The underlying objectives for conducting the survey were:

Survey Methodologies

To conduct the survey, 75 calls were made during the research tenure using the MSS data collection method. One month was taken as the duration for the research which was followed by rigorous training to curb the scope for grills.

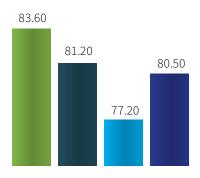

The Scoring Index was distributed amongst 3 factors with respective weights.

Overall SQ Score (Wgt. 100)

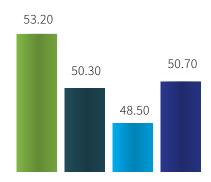

- Benchmark Bank's Score (BBS)
- Peer Bank Aver. (PBA)
- BA (Aug'17)
- BA (Dec'17)

Out of 100 Bank Asia scored 80.5 which was marginally below than the Peer bank Average (PBA). The Overall SQ score improved in December due to recuperation in Staff Score which is higher than PBA but a little below than the Benchmark bank's Score (BBS).

Staff Score (Wgt.60)

- BBS
- PBA
- BA (Aug'17)
- BA (Dec'17)

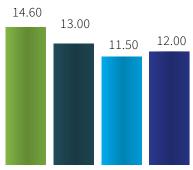

Bank Asia scored 50.7 out of 60 in Staff Index which was almost close to PBA and slightly below BBS. Staff Score improved in December'17 compared to August'17 due to different product and soft training facilities which significantly contributed towards the enhancement of product knowledge, conversion closing skill and professional conduct.

- PBA
- BA (Aug'17)
- BA (Dec'17)

Bank Asia registered below the par performance in August only to improve the condition to be next to PBA and marginally below than BBS in December 2017. CCS score improved by curbing the Noise behind the agent that contributed to lower performance in August survey. The bank still has a lot of scope to upgrade the performance by enacting more improved noise control and intensifying Voice Clarity Score.

Turn Around Time (Wgt. 25)

- BBS
- PBA
- BA (Aug'17)
- BA (Dec'17)

Bank Asia Scored 17.7 in Turn Around Time (TAT) yardstick in December 2017 which was close to PBA and below BBS. Training improves Queue Waiting Time, Attempt to Connect and Call Holding Time. There is an improvement scope in Call Connection Time and Query Management Time to revamp TAT.

Inference

Overall Score of SQ improved by 3.3 in Dec'17 compared to Aug'17 driven by mainly Staff Score in Professional Conduct, Conversion Closing Skill and Product Knowledge.

PD

- Dispute management (professional conduct)
- Right answer to queries (Product knowledge)
- Asking any help is required (Conversation closing skill)

AOL

- Proper addressing (Greeting Skill)
- Showing attentiveness (Listening skill)
- Uttering banking jargon (Speaking skill)
- Explaining reasons for making customer hold (Politeness & Courtesy)
- Requesting to call for any other banking needs (Conversation closing skill)

The Performance Drivers (PD) and Areas of Improvement (AoI) as found by the survey.

Considering the Benchmark Bank's Score and Peer Bank Average Score, Management of Bank Asia has managed a marked improvement in its call center service quality rendering planned training facilities to be a more customer friendly bank in the banking industry.

Bangladesh Capital Market witnessed a bullish trend throughout the year in 2017. The reason for the bull market was revived investors' confidence derived from strong year-end earnings and higher dividends coupled with positive economic outlook. Moreover, institutional and individual investors were seen active for injecting fresh funds in the market because of low returns from the deposits of financial institutions during the period. The bullish market helped investors in recovering the losses they had incurred during the market crash of 2010 and 2011 which was continued over last three years. The prime index of the Dhaka Stock Exchange (DSE), DSEX started the year with 5,036.05 points from January and ended the year with 6,244.52 points with increase of 1,208.4 point or 23.99%. Total Market capitalization of Dhaka Stock Exchange stood at TK. 4,234.24 billion as on December 31, 2017 from TK. 3,412.44 billion as on December 31, 2016 representing a growth of 24.1%. The daily average turnover in 2017 was TK. 8,748.38 million against TK. 4,944.28 million in 2016. Foreign investors' turnover on the DSE also increased by 30.48% to total at TK. 114,476.3 million in 2017 compared with that of TK. 87,733.30 million in 2016.

Report on the Activities of the Audit Committee

The Audit Committee of the Board of Directors of Bank Asia Limited was constituted in the 44th meeting of the Board held on January 18, 2003 in compliance with the Bangladesh Bank directives. The Audit Committee was formed with the objectives to establish a platform for a compliant and secured banking structure in the Bank. The present Audit Committee consists of the following members:

Names	Status with the Board	Status with the Audit Committee
Mr. Mashiur Rahman	Independent Director	Chairman
Mr. Mohd. Safwan Choudhury	Vice Chairman	Member
Mr. Dilwar H Choudhury	Independent Director	Member

The Company Secretary acts as Secretary of the Committee

In the year 2017, 09 (nine) meetings of the Audit Committee were held in which, the following issues, amongst others, were reviewed and discussed:

- i. External Audit Report of the Bank and the recommendations made there under.
- ii. Bangladesh Bank comprehensive inspection report and the recommendations made there under.
- iii. Audit and Inspection reports on the branches, divisions and departments of the Corporate Office prepared by the Internal Control and Compliance Division (ICCD) of the Bank.
- iv. Actions taken by the management in regard to deficiencies raised in the Bangladesh Bank Inspection report and by the Internal Audit and Inspection Team of the Bank.
- v. The corrective measures taken by the management in regard to the lapses pointed out on the internal control and other issues as are raised by internal and external auditors and inspectors of the regulatory authority.
- vi. The compliance status of the audit objections and the recommendations made by the Bangladesh Bank

Inspectors, External Auditors and the Internal Auditors in the reports.

- vii. Management Report on Accounts of the Bank for the year ended on 31.12.2016.
- viii. Implementation of Core Risk Management Guidelines including Internal Control and Compliance Risk along with compliance thereof.
- ix. The review of status of recovery of classified loans and providing with the necessary guidelines to the management to reduce the NPLs.

The Audit Committee has further satisfied that:

- The rules and regulations of the Bangladesh Bank and all other regulatory authorities and Bank's own policy guidelines approved by the Board of Directors are duly complied with.
- Internal control and security measures have been adequately undertaken by the Bank towards facilitating Information Technology (IT) based banking including generation of proper Management Information System (MIS).
- The system of internal control and the business processes have been

strengthened including development of human resources towards creation of a compliance culture in the Bank.

- The efforts have been made to keep assets of the Bank safe along with liabilities and commitments are made transparent.
- The Financial Statements of the Bank have been prepared in accordance with Bangladesh Financial Reporting Standards (BFRS) and contained full disclosure.

Reporting

The committee in the meetings has taken particular notes of lapses detected by the Internal Audit Team and the actions taken by the management towards correction, which has helped improving the recovery of classified loans and initiating measures for lowering the quantum of NPLs through on-site and off-site monitoring. The committee as well assisted instituting recovery mechanisms, constituting a robust credit administration and, carefully reviewed the internal control system and procedures including IT operation to secure the Bank from foreseeable shocks. The process of continuous monitoring was established for avoidance of errors and omissions and, repetition of lapses as are detected by the internal and external auditors.

The minutes of the Audit Committee Meetings observations and the recommendations were circulated among the members of the committee and to the Board of Directors of the Bank for information.

Mashiur Rahman

Chairman Audit Committee of the Board

Statements of Directors' responsibility to establish appropriate System of Internal Control

Strengthening and streamlining internal control system has significant importance and governance to attain short-term business objectives and long-term sustainability. During the year, market liquidity was tighter, interest rate was lower, private credit demand was high, and the challenge of ensuring effective internal audit and control system were even greater.

The board is cautious on the internal control system of the bank in order to attain and maintain satisfactory qualitative standard of its loan/investment portfolio. The board review quarterly the reports submitted by its audit committee regarding compliance of recommendations made in internal and external audit reports and the Bangladesh Bank inspection reports.

The Directors acknowledge their overall responsibility for the Bank's systems of internal control for establishing efficiency, effectiveness, reliability, timeliness, completeness and compliance with applicable laws and regulations. They annually review the qualification, expertise and resources, and independence of the external auditors and the effectiveness of audit process and recommendation on re-appointment.

Directors confirm that the Board, through its committees, has reviewed the effectiveness of the bank's systems of internal control for the year ended 31 December, 2017. This process involved a confirmation that a system of internal control in accordance with best financial reporting practice was in place throughout the financial year and up to the date of signing of these financial statements. It also involved an assessment of the ongoing process for the identification, evaluation and management of individual risks and of the role of the various committees and bank's risk management functions and the extent to which various significant challenges are understood and are being addressed.

On Behalf of the Board of Directors.

A Rouf Chowdhury

Statement of Directors' on Adequacy of the System of Internal Control

The Board of Directors follows some definite rules and regulations as stated in the 'Banking Companies Act 1991 (amended up to 2018)'. Therefore, the directors tried their level best to maintain sound corporate governance and performed their responsibilities. Broad business strategy, significant policies for internal control system and risk management have been taken properly and risk based internal audit has been accomplished as per 'section 15 Kha & 15 Ga of the Banking Companies Act 1991 (amended up to 2018)' for ensuring that the bank is appropriately and effectively managed and controlled.

The Board has supervised the policies and various parts of businesses to construct an effective internal control system which is essential for sustainable growth maintaining efficient conduct of business. They have also reviewed the adequacy and completeness of accounting records, well preparation of financial information, and efficient management of risk, strengthening bank's assets and overall internal control process.

By forming the audit committee, the Board of Directors monitors the functional and effectiveness of internal control system. All the conditions depicted in the Banking Companies Act 1991 (amended up to 2018), guideline issued by Bangladesh Bank and corporate governance guidelines issued by Bangladesh Securities and Exchange Commission have been properly maintained at the time of preparing the Audit Committee. The principal activity of the Audit committee was to review the internal control system as well as managing the core risk of the bank. The process for monitoring compliances with laws and regulations and codes of business ethics have been properly reviewed by the committee.

The Audit Committee has observed the arrangements for increasing the internal control features to the prevalent management information system (MIS). They have also reviewed the corrective initiatives undertaken by management corresponding to fraud-forgery and deficiencies in internal control identified. All the compliance reports have been properly presented before the board of directors and regulators in a timely manner and all other regulatory functions about internal control system of the bank have been executed explicitly.

On Behalf of the Board of Directors,

Chairman

Chief Executive Officer and Chief Financial Officer's Statement of Responsibilities for the year 2017

(In line with the Bangladesh Securities and Exchange Commission (SEC) notification no.SEC/CMRRCD/2006-158/134/Admin/44 dated August 07, 2012)

The preparation and presentation of financial statements accurately and appropriately is the responsibility of the management and accordingly we state that:

- 1. We have reviewed the balance sheet and profit and loss account (stand alone and consolidated), and all the schedules & notes to the accounts, and the Cash Flow statements for the year ended December 31, 2017 that are prepared under the historical cost convention. However, the director's report and other reports include updated information that were available till the publication of the Annual Integrated Report 2017. The financial statements were prepared in accordance with the Bangladesh Financial Reporting Standards (BFRS) and comply with Banking Companies Act 1991 (amended up to 2018), Income Tax Ordinance 1984, the rules and regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.
- 2. We have also reviewed director's report and other reports for accuracy and appropriateness. Best of our knowledge and information, these reports do not contain any untrue statement of a material fact.
- 3. Based on our knowledge and information, the financial statements, and other financial information included in this report, present in all material respects a true and fair view of Bank's affairs, and the financial conditions, results of operations and cash flows of the Bank as of, and for, the year under report, and are in compliance with the existing accounting standards and/or applicable laws and regulations.
- 4. To the best of our knowledge and belief, no transactions enter into by the Bank during the year are fraudulent, illegal or violating business ethics and codes of conduct that ensure by external auditors and the audit committee, which estimates a high degree of judgments.
- 5. We along with those charge with governance, are responsible for establishing and maintaining disclosure controls and procedures and internal controls over financial reporting for the Bank, and we have:
 - a) Designed such disclosure controls and procedures to ensure that material information relating to the Bank, including its consolidated subsidiaries, is known to us by others within those entities, particularly during the period in which this report is being prepared.
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting.
 - c) Evaluated the effectiveness of Company's disclosure, controls and procedures.
 - d) Disclosed in this report any change in the company's internal control over financial reporting that occurred during the year under report that has materially affected, or is reasonably likely to materially affect, the Bank's internal control over financial reporting.
- 6. We have disclosed based on our recent evaluation, wherever applicable, to the Bank's internal and external auditors, inspection team of Bangladesh Bank and other regulatory bodies and also to the audit committee of the board that:
 - a) There have no deficiencies in the design and operation of internal controls, that could adversely affect the Bank's ability to record, process, summarize and report financial data, and there have been to material weakness in internal control over financial reporting including any corrective action with regard to deficiencies.
 - b) There were no significant changes in internal controls during the year covered by the report.
 - c) All significant changes in accounting policies during the year, if any, and that the same have been disclosed in notes to the financial statements.
 - d) There were no instances of fraud of which we were aware, that involves management or the employees to have a significant role in Bank's internal control system.
- 7. We affirm that we have not denied any person from access to the audit committee of the bank (in respect of matters involving alleged misconduct) and we have provided protection to whistle blowers from unfair termination and other unfair or prejudicial employment practices.
- 8. We further declare that all Board Members and senior managerial personnel have affirmed compliance with the code of conduct for the current year.

Mohammad Ibrahim Khalil, FCA Chief Financial Officer

Md. Arfan Ali President and Managing Director

PREFACE

Bank Asia is fully committed to integrity and fair dealing in all its activities, and upholds the highest standards of corporate governance. Bank Asia's main objective of corporate governance practice is to safeguard the stakeholders' interest in conformity with applicable rules and regulations on a sustainable basis.

Sound Corporate Governance

The framework described below provides an overview of the corporate governance structures, principles, policies and practices of the Board of Directors of Bank Asia Limited. The framework enables Bank Asia to meet governance expectations of the Bangladesh Bank, Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange (DSE) and Chittagong Stock Exchange (CSE). To serve the interests of shareholders and other stakeholders, Bank Asia's corporate governance system is subject to ongoing review, assessment and improvement. The Board of Directors proactively adopts governance policies and practices designed to align the interests of the Board and management with those of shareholders and other stakeholders and to promote the highest standards of ethical behavior and risk management at every level of the organization. Bank Asia's Shares are listed on the Dhaka Stock Exchange (DSE) and Chittagong Stock Exchange (CSE).

The Board exercises its authority in accordance with the Bank Asia's Code of Conduct, its By-laws and the Bank policies, as well as other applicable laws and regulations, including those imposed by the regulators.

Practices we admire

- Chairman leads the Board of Bank Asia Limited.
- Representation of women on the Board is encouraging.
- The Bank is being run in line with Corporate Governance Policy of the regulators.
- Shareholders vote for individual directors.
- All Board's Committees meet independent guidelines in respect of composition.

- The Board conducts an annual review of its performance and that of its Committees.
- An orientation program is in place for all new directors.
- All directors, executives/officers and employees of Bank Asia are required to acknowledge their adherence annually to Bank's guidelines for business conduct.

Mr. Mohammad Ibrahim Khalil FCA, CFO of Bank Asia Limited received SAFA Best Presented Annual Report Awards 2016 (2nd position) in Corporate Governance Disclosures category from Mr. Shankar Prasad Adhikari, Finance Secretary of Nepal.

The following section describes the Board's primary corporate governance policies and practices with specific reference to Principles of Code. These policies and practices are constantly reviewed as corporate governance environment structure continuously evolves.

1. BOARD OF DIRECTORS, CHAIRMAN AND CEO

Principle: Board's overall responsibilities

"The board has overall responsibility for the bank, including approving and overseeing management's implementation of the bank's strategic objectives, governance framework and corporate culture."

Policy on Appointment of Directors

Bank Asia complied with relevant guidelines of Bangladesh Bank circulars, rules and regulations of the Companies Act 1994, Bank Companies Act 1991 (amended up to 2018),

Bangladesh Securities and Exchange Commission (BSEC) Notifications and Memorandum & Articles of Association of the Bank.

While appointing new Directors Bank Asia emphasizes the mix of knowledge, skills, experience and perception. The Directors are elected by the shareholders in AGM and all appointment of the Board is made subject to approval of Bangladesh Bank. In case of nomination, removal, causal vacancy and alternate Directors, Bank Asia follows all relevant rules and regulations. The Bank's non-executive Directors are independent of management and free from day to day business of the bank. Directors are accountable to the shareholders for the Bank's performance and governance. The Bank Companies Act provides that there will be maximum 20 (twenty) Directors on the Board including Managing Director and 3 (three) Independent Directors. The corporate governance notification of BSEC provides that the Board will consist minimum 5 (five) and maximum 20 (twenty) directors including minimum 1/5th of Independent Directors. For appointment of an Independent Director, the approval of BSEC is obtained to comply the requirement.

Roles and Responsibilities of Board of Directors

The Board is elected by the shareholders to supervise the management of the business and affairs of the Bank. The prime stewardship responsibility of the Board is to ensure the viability of the Bank and to ensure that it is managed in the best interests of the shareholders as a whole while taking into account the interests of other stakeholders. The responsibilities of the Board include the following:

- reviewing and approving overall business strategy as well as organization structure, as developed and recommended by management;
- ensuring that decisions and investments are consistent with longterm strategic goals;
- ensuring that the Bank operates in such a way as to preserve its financial integrity and in accordance with

policies approved by the Board;

- overseeing, through the Audit
 Committee, the quality and integrity
 of the accounting and financial
 reporting systems, disclosure controls
 and procedures and internal controls
 and, through the Risk Management
 Committee, the quality of the risk
 management processes and systems;
- reviewing management performance and ensuring that management formulates policies and processes to promote fair practice and high standards of business conduct by staff:
- providing a balanced and understandable assessment of the Bank's performance, position and prospects including interim and other price sensitive public reports as well as reports to regulators;
- considering sustainability issue i.e. environmental and social factors, as part of strategy formulation.

Selection and Nomination process for Directors

Bank Asia has put in place a formal and transparent process for the appointment and re-appointment of Directors of the Board. Bank Asia recognizes the importance of having an appropriate balance of industry knowledge, skills, background, experience, professional qualifications, gender in building an effective and cohesive Board. The directors are selected by the shareholders in the Annual General meeting. The Board fills casual vacancy, if any in accordance with condition mentioned in related laws and regulations.

Appointment of Chief Executive Officer (CEO)

In order to strengthen the financial base of the bank and obtain confidence of the depositors, Board of directors is responsible to appoint an honest, efficient, experienced and suitable CEO or Managing Director.

Other responsibilities:

- Approve and monitor the bank's ethical values and their effective compliance.
- Oversee the establishment of appropriate risk management systems including defining the bank's risk appetite and establishing appropriate financial policies such as target capital and liquidity ratios.
- The board ensures that transactions with related parties (including internal group transactions) are reviewed to assess risk and are subject to appropriate restrictions (e.g. by requiring that such transactions be conducted on arm's length terms) and that corporate or business resources of the bank are not misappropriated or misapplied.

In discharging these responsibilities, the Board takes into account the legitimate interests of depositors, shareholders and other relevant stakeholders. It also ensures that the bank maintains an effective relationship with its regulators.

Delegation by the Board

The Board delegates authority and powers to Board Committees to oversee specific responsibilities without abdicating its responsibilities. These Committees report on a periodical basis to the Board and enable the Board to carry out its stewardship and fiduciary responsibilities in an efficient manner.

Meeting of the Board and Board Committee

The Board met 21 (twenty one) times during the financial year. The Chairman briefed the Board on the issues to be discussed during the Board meetings. The documents pertaining to decisions are circulated for the Board's review before the member's meeting.

Continuous Development Program

Bank Asia believes that regular training and development are essential to equip all directors with the appropriate skills and knowledge to perform their roles on the Board and Board Committees effectively. On an annual basis, the Board assesses the skills that the Board collectively needs

in order to discharge its responsibilities effectively and identifies steps to improve effectiveness.

Appraisal of the Boards Performance

Bank Asia Limited has not set any option for annual appraisal of the board's performance. However, evaluation of the Board is performed at the AGM by the shareholders.

Non-Executive Directors

The Managing Director is the only Executive Director in the Board of Directors of the Bank. All other Directors including the Chairman are Non –Executive Directors.

Principle: Board Qualification and Composition

"The board members should be and remain qualified, individually and collectively, for their positions. They should understand their oversight and corporate governance role and be able to exercise sound, objective judgment about the affairs of the bank."

Board Size

The Board of Bank Asia currently comprises of 12 (twelve) Directors including the ex-officio Managing Director. The Chairman and 10 (ten) other Directors are Non-Executive Directors from which 4 (four) are independent directors and the CEO (Managing Director) is an Executive Director. All the Directors except independent directors and the CEO were elected by the shareholders of the company and the CEO is appointed by the Board of Directors with the approval of the Bangladesh Bank. Independent directors are appointed by the Board and approved by the shareholders in the AGM. All the Directors are highly-qualified, experienced professionals or successful businessmen in their own right with long experience with the banking industry and they also hold very responsible positions in public life. The details qualifications of Board of Directors are incorporated in Directors' profile.

Knowledge and expertise in Finance and Accounting

Bank Asia's Board of Directors comprises of members who have wide knowledge and experience in the field of finance, accounting, economics, management, marketing and business administration. By that, it is ensured that they have the ability to interpret the decisions of bank's management in a prudent manner.

Code of Conduct for the Board of Directors

The Board of Directors follows a code of conduct which was adopted to provide guidance to directors to perform their duty in an honest, responsible and business-like manner and within the scope of their authority, has said for in the laws of country as well as memorandum and articles of association of the Bank.

The code of conduct states that:

- I. The members act honestly in good faith and in the best interest of the stakeholders.
- II. The members do not make improper use of information required as director.
- III. The members do not take improper advantage of the position as a director.
- IV. Confidential information acquired by the members in the course of exercise of directorial duties remain the property of the Bank.
- V. Members make every effort to attend all board and committee meeting during their tenure.
- VI. All other codes of conduct set by the Bangladesh Bank, Bangladesh Securities and Exchange Commission and other regulatory bodies are followed strictly.

The Board of Directors of the Bank established high level of ethics and compliance within the organization and they are committed to maintain it in Board level and management level.

Update market information to Directors

Each and every Directors are expected to make important contributions based on industry knowledge, understanding of the Business model of the Bank and the key challenges faced by the Bank as a whole. The Board is always kept updated on any development and changes in the business environment, risk and industry outlook.

Principle: Board own structure and practice

"The board should define appropriate governance structures and practices for its own work, and put in place the means for such practices to be followed and periodically reviewed for ongoing effectiveness."

Board Committee

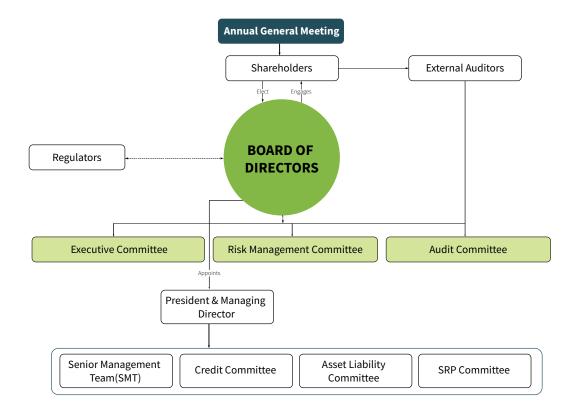

To increase efficiency and allow deeper focus in specific areas, Board established three specialized Board committees i.e. Audit committee, Executive committee and Risk Management committee. The committees are created and mandated by the Board. Each committee has specified roles and responsibilities that set out in line with Bangladesh Bank, Bangladesh Securities and Exchange Commission (BSEC) and other regulatory guidelines.

Executive Committee

The Executive Committee (EC) of the board of Bank Asia was first constituted in January 2010 to ensure efficient, competent, compliant and secured structure for approval of credit proposals and business decisions. The number of members in executive committee is 5 (five) nominated by the Board of Directors. The EC time to time reviews policies and guidelines issued by Bangladesh Bank regarding credit and other operations that are customized and adopted by the management after approval of the Board of Directors. EC approves credit proposals as per approved policy of the Board.

Audit Committee

The Audit Committee of the Board of Bank Asia was first constituted in January 2003 with the objectives of generating a platform for a compliant and secured banking. As per the BSEC notification no SEC/CMRRC/2006-128/134/admin/44 dated 7 august 2012 audit committee must consists of at least 3 (three) members with 1(one) Independent director. All the members of Audit Committee should be selected from directors and the chairman must be an independent director. Currently, 3 (three) members are in the Audit Committee.

Risk Management Committee

To minimize risk while implementing the policies and business plan of the Bank, the Board has formed a Risk Management Committee as per the guidelines of Bangladesh Bank. The Committee supervises whether the risks arise from credit, foreign exchange, internal control and compliance, money laundering, information technology, operation, interest rate, liquidity and other sources are identified, measured and adequate systems are in place to minimize such risks. Currently 4 (four) members are in the Risk Management Committee. They set risk appetite; formulate risk identification & control policy, recommend changes to the risk management framework. They also monitor the internal capital adequacy assessment process along with the effectiveness of the risk management framework, policies and standards. The Risk Management Committee assists the Board in relation to the oversight of risk including the risk appetite and risk management strategy.

Independent Director

Participation of independent opinion in the Board is considered as an important element of good governance. Independent directors exert an independent view on the policies and decisions of the Board and emphasize that the policies and decisions are for the best interest of the whole bank. Bank Asia has 4 (four) independent directors in the Board. They are: Three renowned retired bankers Mr. Mashiur Rahman, Mr. M Shahjahan Bhuiyan, Mr. Dilwar H Choudhury and Mr. Md. Nazrul Huda, a retired central banker. This is a matter of great sorrow that, Mr. A M Nurul Islam, a renowned bureaucrat, one of the independent directors and vice chairman of the Bank was passed away on 18.10.2017. The Independent Directors are also member of the sub-committees of the Board. Two of them are the members of the Executive Committee, two are the members of the Audit Committee, and one is the member of the Risk Management Committee.

Composition of the Board of Directors – Non Executive Directors and Independent Directors

All the directors of the Board are non-executive directors and more than one- fifth are Independent. Currently, there are four independent directors appointed by the Board and approved by the BSEC and the shareholders in the AGM.

Independence of Independent Director

Independent Directors do not have any material or pecuniary relationship with the Bank apart from receiving director's remuneration. Bank Asia also follows existing rules and regulation while appointing Independent Director which ensure the independence of Independent Director.

Retirement and Re - election of Directors

According to clause 128, and 129 of the Articles of Association of the Bank, 4 (four) directors retired before the 18th Annual General Meeting (AGM) held on July 03, 2017 and one of the retiring directors was eligible for re-election as director and 2 (two) new directors were elected as directors at the AGM.

Delegation of Authority

The Board has delegated to the President and Managing Director and, through him, to other senior executives, the responsibility for the day-to-day management of the bank's business and implementation of the bank's strategies and policies. The President and Managing Director along with other senior executives operate in accordance with a comprehensive set Chairman are: of management delegations under the Bank's Delegation of Authorities framework

Directors Report to Shareholders

The Directors' Report of the Bank includes all statement regarding section 1.5 of Bangladesh administrative or operational affairs of the Securities and Exchange Commission notification no. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August 2012 in directors' report prepared under section 184 of the Companies Act, 1994 (Act No. XVIII of 1994).

Independence of Non-Executive Directors

All the members of the Board of Directors, except the Managing Director, are non -executive directors and they are independent in expressing their views and opinions. The directors are also independent from management and other relationships of the Bank that could materially affect the activities of the Bank. They also adhere to the corporate governance practices and guidelines.

Organization and Assessment of the Board:

Board's Performance

The Board of Directors always makes assessment to determine whether the Board and Board committees are performing effectively and identifies steps for improvement. The attendance of the Directors are registered for every Board Meeting. In Every Board meeting each Director participated actively, giving honest feedback on issues such as Board composition, succession planning and the quality of information provided to the Board.

Chairman of the Board

The Chairman of the Board of Director is responsible for leading the Board and overseeing the entire functioning of the Bank. The success of a Board meeting is dependent almost entirely on the art of conduct of the same by its chairman. Mr. A Rouf Chowdhury is the current Chairman of the Board. Through his dynamic leadership, he is leading the Board towards the success of the Bank.

Position of Chairman and the Chief Executive Officer

The functional responsibilities of the Chairman of the Board and of the President and Managing Director are kept separate and independent of each other. The Chairman of the Bank is elected by the directors of the Bank and the CEO is being appointed by the Board of Directors subject to receiving permission from Bangladesh Bank.

Roles and Responsibilities of the Chairman:

The Chairman of the Board is elected by the Bord of Directors. The responsibilities of the Chairman are defined in the BRPD Circular No. 11 dated 27 October, 2013. The Chairman's primary responsibility is to lead the Board, to ensure a common purpose and effectiveness as a group to uphold and promote high standards of integrity, probity and corporate governance. The Chairman has the link between the Board and the Bank. The major role and responsibilities of the

- The Chairman of the Board does not participate in or interfere into the bank since he does not personally possess the jurisdiction to apply policymaking or executive authority.
- Sometimes the Chairman conducts on-site inspection of bank-branch or financing activities under the purview of the oversight responsibilities of the Board. He has the right to call for any information relating to bank's operation for investigation into any such affairs and thereby submit such information or investigation report to the meeting of the Board or to the executive committee and, if considered necessary, with the approval of the Board, he may adopt pragmatic initiatives with reference to the set rules through the CEO. Besides, any complaint raised against the CEO is required to be apprised to Bangladesh Bank through the Board along with the statement of the CEO.
- For the business interest of the bank, the Chairman may be offered an office room, a personal secretary/assistant, an office telephone, a mobile phone and a car for using within the country.

Principle: Senior Management

"Under the direction and oversight of the board, senior management should carry out and manage the bank's activities in a manner consistent with the business strategy, risk appetite, remuneration and other policies approved by the board."

Senior management consists of a core group of individuals responsible and accountable to the Board for the sound and prudent day-to-day management of the bank. The organization and procedures and decision making of senior management are clear and transparent and designed to promote effective management of the bank. This includes clarity on the role, authority and responsibility of the various positions within senior management, including that of the CEO and Managing Director.

Consistent with the direction given by the Board, senior management implement business strategies, risk management systems, risk culture, processes and controls for managing the risks – both financial and non-financial – to which the bank is exposed and concerning which it is responsible for complying with laws regulations and internal policies.

The main responsibilities and authorities of the Managing Director are as follows:

The CEO undertakes his own responsibilities when the board vests the financial, business and administrative authorities on him. He remains accountable for achievement of financial and other business targets by means of business plan, efficient implementation and prudent administrative and financial management.

- The CEO ensures compliance of the Bank Company Act, 1991(amended up to 2018) and other relevant laws and regulations in performing routine functions of the bank.
- At the time of presenting any memorandum by the management in the Board Meeting or Board Committee Meeting, the CEO points out if there is any deviation from the Bank Company Act, 1991 (amended up to 2018) and other relevant laws and regulations.
- The CEO remains accountable to report to Bangladesh Bank if any violation of the Bank Company Act, 1991(amended up to 2018) or of other laws/regulations is occurred.
- The recruitment and promotion of all staff of the bank except those in the two tiers below him rest on the CEO. He acts in such cases in accordance with the approved service rules of the Bank.
- The authority relating to transfer of and disciplinary measures against the staff, except those at two tiers below the CEO, rests on him that he applies in accordance with the approved service rules. Besides, under the purview of the human resources policy as approved by the Board, he nominates officers for training etc.

Annual Appraisal and evaluation of CEO's performance by the Board

While reappointing CEO, an evaluation report approved by the Board of Directors submitted to Bangladesh Bank by the chairman of the Board. Besides, The Board of Bank Asia Limited annually evaluate key performance indicators (KPIs) of CEO i.e. profitability, yearly budget achievement, dividend ratio, return on equity, return on assets, earnings per share, CAMELS ratings, credit rating, classified loan ratio, risk management etc. The performance of the CEO is also evaluated by the Board based on Bank's operational results mainly in the achievement of operational budgets.

Mechanism to provide advice to the Board

Bank Asia maintains transparent and close communication with its shareholders. With this view Bank publish annual & semiannual reports, publish quarterly financials and price sensitive information (PSI) in newspapers for shareholders, investors, capital market experts, and other equity participants in a complete, fair, accurate timely and understandable manner within the framework of generally accepted accounting principles and legislation provisions. Bank's shareholders can also use their query rights or can provide any recommendations or direction to the Board of directors at the annual general meeting and the Board answers all questions of shareholders. Prior to AGM, the meeting date, venue and agenda are announced and also the annual report is submitted to the shareholders through our bank's website or through different channels. After getting feedback from shareholders at AGM, the Board then directs the management to implement the recommendations of the shareholders. If the Management requires making any change in policy or practice, the Board approves those changes; otherwise if this authority of approval is beyond the power of the Board, this can be approved by the shareholders of Bank Asia Ltd at AGM through voting.

Chief Risk Officer

The name of Chief Risk Officer of the Bank is Mr. Md. Sazzad Hossain. He is also Deputy Managing Director of the Bank. The CRO is key responsible for overall risk management of the Bank. The details roles and responsibilities and overall risk management from CRO is separately disclosed in CRO's report in page no 108

Chief Financial Officer

4. INTERNAL CONTROL AND RISK MANAGEMENT

Internal Controls

To ensure good governance in the bank management it is essential to have specific internal control. A strong internal control system can ensure the achievement of banks' goals and objectives with long term profitability. It also helps to comply with rules and regulation as well as policies and to minimize the financial and reputational losses.

Boards responsibility to establish appropriate system of internal control

The Directors acknowledge their overall responsibility for the Bank's systems of internal control for establishing efficiency, effectiveness, reliability, timeliness, completeness and compliance with applicable laws and regulations. Along with Board of Directors internal control is affected by the senior management, audit committee and all level of personnel. Bank Asia follows the Bank Company Act, 1991 (amended up to 2018) Section 15 (kha) & (ga) that gives the responsibility to the Board of Directors for establishing policies for the bank company, for risk management, internal controls and compliance for ensuring their implementation.

Key features of Internal Control

- 1. Work-planning and strategic management
- 2. Risk identification and management
- 3. Information and communication
- 4. Management Integrity
- 5. Competent personnel
- 6. Segregation duties
- 7. Records maintenance
- 8. Safeguards

Review of the adequacy of the system of internal controls by Director

The above controls, which are embedded within the operations of the Board, are reviewed by Bank Audit committee.

In these reviews, emphasis is focused on areas of greater risk as identified by risk analysis. The Directors confirm that the Board, through its Committees, has reviewed the effectiveness of the Bank's systems of internal control for the year ended 31 December 2017. This process involved a confirmation that a system of internal control in accordance with best financial reporting practice was in place throughout the financial year and up to the date of the signing of these financial statements. It also involved an assessment of the ongoing process for the identification, evaluation and management of individual risks and of the role of the various Committees and Bank's risk management functions and the extent to which various significant challenges are understood and are being addressed.

Internal Control function on Money Laundering, fraud & corruption

Money Laundering, fraud & corruption have become very important issues in recent years. These have a major impact on our country's economy as a whole, impeding the economic development. Bank Asia always been very effective in controlling these by establishing proper systems.

It is also true that, the system of internal controls provides reasonable but not absolute assurance that the Bank will not be adversely affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of internal controls can provide absolute assurance in this regard, or absolute assurance against the occurrence any fraud or other irregularities.

Risk Management

"Banks should have an effective independent risk management function, under the direction of a chief risk officer (CRO), with sufficient stature, independence, resources and access to the board."

Bank Asia has an effective independent risk management function, under the direction of a Chief Risk Officer (CRO), with sufficient stature, independence, resources and access to the Board and Board risk management committee.

Identification of Risk faced by Bank Asia both internally and externally

The ability to manage risk well is a core competency at Bank Asia, and is supported by our strong risk conduct and culture, and an effective risk management approach. We define risk as the potential for loss or an undesirable outcome with respect to volatility of actual earnings in relation to expected earnings, capital adequacy or liquidity. Bank Asia manages both internal and external risk by ensuring that business activities and transactions provide an appropriate balance of return for the risks assumed and remain within our risk appetite.

Strategies adopted by Bank Asia to manage and mitigate the risks

As a Financial institution, Bank Asia's major risk categories include credit, market, liquidity, insurance, operational, regulatory compliance, strategic, reputation, legal and regulatory environment, competitive, and systemic risks. In order to avoid excessive concentration of risks, Bank Asia strives to diversify business lines, products and sector exposures.

5. ETHICS AND COMPLIANCE

Compliance Policy Establishment

"The bank's Board of Directors is responsible for overseeing the management of the bank's compliance risk. The board should establish a compliance function and approve the bank's policies and processes."

The establishment and maintenance of ethical culture is very important for any organization. It is more important for organization like banks where maintaining and look after of public trust is of critical importance. To uphold the public confidence Bank always have to practice ethical culture throughout the organization.

Statement of Ethics and Communication of statement of ethics and business practices to all directors and employees

Bank Asia's senior management is responsible for establishing a compliance policy that contains the basic principles to be approved by the board and explains the main processes by which compliance risks are to be identified and managed

through all levels of the organization. The Board always encouraged management to ensure that everyone maintains a high ethical standard within the Bank.

Board statement on commitment to establishing high level of ethics and compliance within the organization

The Board of Directors of the Bank has always been committed to establishing a high level of ethics and compliance among all employees of the organization. Board of Directors always encouraged management so that every employee maintains a high ethical standard.

Whistle- blowing policy

The Bank has in place a whistle-blowing policy which encourages all staff and members to raise genuine concerns or suspicions about possible improprieties in accounting, auditing, financial reporting or any other fraudulent activities. Procedures for handling of feedback/complaints received from customers and conduction of independent investigations have been established.

Establishment of effective anti-fraud program and controls

The anti-fraud program helps bank to support its commitment to protect revenue, reputation and other assets. Bank Asia established anti-fraud and anti-corruption program for the employee by conducting different trainings.

Accountability

The Board provides shareholders with quarterly and annual financial results. In presenting these statements, the Board aims to provide shareholders with a balanced and understandable assessment of the Bank's performance and position with a commentary at the date of announcement of the competitive conditions within the industry in which it operates. The Management provides all directors periodically with accounts and detailed reports on the Bank's financial performance and related matters prior to each Board meeting. The directors may at any time seek further information from and discuss with the Management on the Bank's operations and performance. Compliance Department with direct reporting line to the Risk Management Committee is set up to ensure compliance with legislative

and regulatory requirements. The Board believes in conducting itself in ways that will deliver maximum sustainable value to all shareholders.

Avoiding conflict of interest

In Financial Institution like Bank, there exists high possibility of arising conflicts of interest between Board of Directors and the management of the company. To avoid such unwanted situation Bank Asia has separated the responsibility/authority of these two interest groups of the bank. To avoid conflict of interest and also to make accountable the bank has already taken the following measures:

- Loan to the directors is restricted subject to fullfiling certain terms and conditions of regulatory guidelines.
- If there is any related party transaction, the management discloses the matter in the Annual Report and it is also approved by the general shareholders in AGM.
- Executive committee of the Board can approve loan to anyone up to a limited portion.
- Audit committee regularly reviews the financial and other related statements and gives recommendation to the management regarding any changes in policy and also presents to the Board for further evaluation.
- Board of directors' approval is needed for loan re-scheduling.

Related Party Transaction

The Company has in place policies and procedures governing related party transactions. The Board approves all related party transactions and ensures that these transactions with the Company are undertaken on an arm's length basis. The Audit Committee reviews all material related party transactions and keeps the Board informed of such transactions. During the year, the Company had collected deposits from its Directors and their related parties. No preferential treatment had been extended to the Directors and their related parties for these deposits. Statement of related party transaction are described in the page no.323

6. REMUNERATION COMMITTEE

Procedures for Developing Remuneration policies

As per Bangladesh Bank BRPD Circular no. 11 dated October 27, 2013, every bank have to form three committee in addition to the Board of Directors i.e. 1 (one) executive committee, 1(one) audit committee and 1(one) risk management committee. The mentioned circular also restricted to form any other permanent, temporary or sub-committee except the above mentioned three committees. As such Bank did not form any remuneration committee or other board committee on permanent basis.

Management of Bank Asia forms adhoc committee on need basis. That committee mainly recommends to Board about mode of annual performance bonus disbursement, annual increment, etc.

Key policies with regard to remuneration

At Management level Managing Director, Head of Human Resources Division and Chief Financial Officer are charged with governance of compensation and remuneration. Usually they place proposition to the Board which is then reviewed and validated by the Board. After incorporating their recommendations the compensation / remuneration decisions are approved by the Board. The main work includes presenting recommendations to the Board regarding remuneration, compensation packages of Management, incentive schemes and retirement benefits. They also assist the Board of Directors to ensure that all employees are remunerated fairly and get performancebased compensation by ensuring effective remuneration policy; procedures and practices aligned with the Banks' strategy and applied consistency for all employee levels. Meeting regarding overseeing the remuneration related policy by the President and Managing Director, Senior Management, Head of Human Resources Division and Chief Financial Officer was held on need basis.

Disclosures of Remuneration

For attending the Board Meeting, Audit Committee Meeting, Executive Committee Meeting and Risk Management Committee Meeting, the Directors receive an honorarium of Tk. 8,000.00 each. But in management level no remuneration was given to any for any meeting regarding setting remuneration.

During 2017, the expenditures incurred related to directors were Tk. 2,992,000.00 for Directors' honorarium and Tk. 1,221,413.00 for Directors Travelling purpose.

Expenditure related to AGM

In 2017, the Bank arranged one Annual General Meeting. For this purpose, total expenses were Tk. 2,348,470.00. This cost included rent of AGM venue, Entertainment for the Shareholders and Printing of notices, minutes and Annual Report.

Remuneration of Chief Executive Officer

Total remuneration to President and Managing Director for the year 2017 is Tk. 13,900,000 and in the year 2016 it was Tk. 15,689,899.

Remuneration of top five executives

Name	Designation	Gross Earnings
Mr. Md. Zahirul Alam	DMD	5,258,448.00
Mr. Mohammad Borhanuddin	DMD	4,493,388.00
Mr. Md. Sazzad Hossain	DMD	3,801,660.00
Mr. S.M. Iqbal Hossain	SEVP	4,119,804.00
Mr. Mohammad Ziaul Hasan Molla	SEVP	3,822,408.00

7. HUMAN CAPITAL

Human Resource Management:

Human resources are used to describe both the people who work for the Bank and for managing resources related to employees. Each and every organization is composed of people. Acquiring their services, developing their skills, motivating them to high level of performances and ensuring that they continue to maintain their commitment to the organization are essential to achieve organizational objectives. Getting and keeping the desirable people is the most important thing for any organization.

Human resource management involves both strategic and comprehensive approaches to managing people, as well as workplace culture and environment.

HRM Practices in Banking Industry is the potential industry where the growth of a country depends a lot. In Bangladesh banking industry is also very influential. This industry is very big in Bangladesh and holds a lot of skilled employees. So Human Resource Management (HRM) is very much applicable as well as practiced in the banks of Bangladesh.

Bank Asia always believes any expenditure in training, development, health and support is an investment, not just an expense. Being a value driven organization, Bank Asia considers its employees as the most precious capital that play the vital role in materializing the mission, vision, goals and objectives of the bank.

HR Accounting

Human resource accounting is the process of recognizing the value of a company's investments to its employees and reporting the investments in the balance sheet which is currently accounted as a simple operational expense in the traditional accounting practices that deals with only physical asset creation. Unlike this traditional concept, in HR accounting the investments made in human resources are viewed as a capital expenditure because of the benefits that can be enjoyed for a long period of time and measured in

monetary terms. HR accounting provides valuable information to the investors who are interested to make long term investment in the company.

Bank Asia reported the total value of Human Capital to be Tk 16,896 million in the year 2017 compared to Tk. 16,772 million in 2016 using Present Value of Future Earning Model (Lev &Schwartz) which discounts total benefits payable to employees with the assumption of minimum expected earnings from the year mentioned up to respective retirement.

Balance Sheet including human capital

Abridged for banking operation

Million Taka

		I TIME TO TAKA
	31-Dec-17	31-Dec-16
Assets		
Total Asset (Conventional)	288,997	253,196
Human Asset (Individuals' value)	16,896	16,772
Value of investments	15	12
Total Asset including Human Asset	305,908	269,980
Capital & liabilities		
Total Liabilities (Conventional)	288,997	253,195
Human Capital	16,911	16,784
Total Capital & Liabilities including Human capital	305,908	269,980

According to the model, the total value of employees was regarded as Human Capital which saw a 1% growth in the value of human capital in 2017 over 2016 due to net addition of 151 head counts of veteran and fresh recruitments meeting the necessity for expanding the business as well as improvement of service quality and customer satisfaction experience. Bank Asia, therefore, proliferates training expenditures on annual basis to aid in excelling employee performances.

Human Resources Development

Human Resource Development (HRD) is the framework for helping employees to develop their personal and organizational skills, knowledge, and abilities. This approach is an outline for helping the employees to develop their personal as well as organizational knowledge, skills and abilities by means of extensive improvement process covering employee training, performance management and development, succession planning, coaching and counselling.

Succession planning

Succession planning is a process for identifying and developing new leaders, who can replace old leaders when they leave, retire or expire. Bank Asia's policy is to assess the leadership needs of the Bank in a way that ensures the selection of qualified leaders which matches its mission and goals.

Future Leader Development Program (FLDP)

Bank Asia, being one of the most innovative banks in the country's banking sector, believes that employees of Bank Asia has a lot of potentials which needs to be aligned with entrepreneurial spirit and quality service in the financial sector.

To groom the employees as potential leader, the bank continued Future Leadership Development Program and completed 01(one) year of the program in November 2017. Some 340 employees under 21 mentors have been immensely benefitted from this program.

Merit Based Hiring

Bank Asia always give high priorities on hiring young, energetic, proactive, enthusiastic, result oriented individuals who will be able to uphold the values of the organization. Bank Asia not only give importance on developing a talent pool but also making plan for next key successor position in the bank. Bank Asia provides equal employment opportunities to all applicants without any bias to race, religion, gender, age, disability or any other criteria permissible by the statutory laws of the country. Recruitment and selection is based solely on job-related criteria. The recruitment and selection process is consistently applied and promotes fairness, diversity and transparency.

Performance Appraisal System

Bank Asia follows a well –structured performance appraisal system (commonly known as KPI's – Key Performance Indicator) for evaluating the performance of the employees. Bank Asia has already started online KPI's system so that management evaluate employee's performance in a transparent way and ensure fair performance evaluation.

Promotion

In every year, Bank Asia awards promotion to the eligible employees keeping in view the quality of their respective job delivery and performance.

Training and Development

The goal of training is for employees to master the knowledge, skill and behaviors emphasized in training programs and to apply them to their day-to-day activities. Recently it has been acknowledged that to gain competitive advantage, training has to involve more than just basic skill development.

Bank Asia always focuses great emphasis on training and development of its employees that's why Bank Asia has its own training institute with a dedicate HR people who are arranging trainings for the employees of Bank Asia. In 2017, Bank Asia Institute of Training and Development (BAITD) remained very active throughout the year and arranged good number of training and workshop.

Bank Asia always ensures shareholders participation and providing opportunity for the shareholders participation in AGM which

is given in separate part of this Annual Integrated Report.

Access to Information

Prior to each Board meeting, the Bank Management provides the Board with information relevant to matters on the agenda for the Board meeting. The Management also provides adequate information in their regular reports pertaining to operational issues, financial performance and any affairs that require the attention of the Board. Such reports enable the directors to be aware of key issues pertaining to financial statements, internal controls, compliance and risk management of the Company. A risk management dashboard that summarizes the main risks and key risk indicators is presented during the board meeting to facilitate the oversight function by the Board. In respect of budgets, material variances between the projections and actual results are explained in the salient reports circulated to the Board members. Monthly and quarterly reports are provided to directors. The Board has separate and independent access to the Senior Management and the Company Secretary at all times. Procedures are also in place for Directors and Board Committees, where necessary, to seek independent professional advice at the Company's expense.

Policy on ensuring participation of Shareholders at AGM

The Bank strongly encourages and supports shareholder participation at its AGM. The Bank sends out the Notice of

the Meeting on a timely basis to provide ample time for shareholders to receive and review the Notice and reply with their attendance. The Bank holds the AGM at a central location with convenient access to public transportation. Any registered shareholder who is unable to attend may choose one proxy to attend and vote on his behalf. As the authentication of shareholder identity information and the integrity of the information transmitted still remain a concern, the Bank has decided, for the time being, not to implement voting in absentia by mail, email or fax. Shareholders are allowed to speak in the AGM freely to give their valuable suggestions.

Shareholder Right

The Company advocates fair and equitable treatment to all shareholders. All pricesensitive information is timely disclosed publicly. Shareholders are given the opportunity to participate effectively in and vote at general meetings of shareholders and they are informed of the rules, including voting rights and procedure that governs such general meetings of shareholders. Shareholders are entitled to attend and vote at the AGM by person or proxy.

Redressal of Shareholders Complaints

Any complaint, received at AGM or throughout the year, related to transfer and transmission of shares, non-receipt of Annual Reports, and dividend timely and other share related matter is resolved lawfully in time.

9. ENVIRONMENTAL AND SOCIAL OBLIGATION

Policies and practices relating to social and environmental responsibility of Bank Asia Limited

Bank Asia is committed to giving back to the society and advocating good environmental practices. Bank Asia carefully planned CSR activities to address the various needs of the community as well as to encourage employees to play an active role. In response to the worldwide call for global warming reduction, Bank Asia is committed to reduce energy usage and office consumables. Reduction in paper usage is achieved by making reports available in soft copies and encouraging staff to print on both sides of the paper and print documents only when necessary. To reduce power consumption, electrical devices and equipment are switched off when not in use and lights in the buildings appropriately dimmed after office hours. Bank Asia will continue to raise the level of awareness amongst staffs and step up on recycling efforts in all aspects of our operations. General description of Bank's policies and practices relating to social and environmental responsibility of Bank Asia Limited are described in page no.166-168, 185-187

Status of Compliance of Bangladesh Bank's guidelines for Corporate Governance (BRPD)

circular no. 11 dated 27.10.2013)

Sl No.	Particulars	Compliance Status
1	FORMATION OF BOARD OF DIRECTORS The newly amended Section 15 of the Bank Company Act, 1991 (Amended upto 2013) includes provisions for prior approval of Bangladesh Bank before the appointment of new bank directors, as well as dismissal, termination or removal of any director from the post; director's fit & proper criteria; maximum number of directors; appointment of independent directors; appointment of maximum 2(two) members from a family as director; etc.	Complied
1.1	Appointment of New directors: Under section 15(4) of the Bank Company Act, 1991 (amended upto 2013), every banking company, other than specialized banks, at the time of taking prior approval from Bangladesh Bank for appointing/reappointing directors should furnish the following documents along with the application: a) Personal information of the nominated person (Appendix-ka); b) Nominated person's declaration(Appendix-kha); c) 'Declaration for confidentiality' by the nominated person(Appendix-ga); d) In case of Independent director, the approval letter from Security and Exchange commission; e) In case of Independent director, a declaration of the directors concern as Appendix-gha (he will also submit declaration under Appendix-ka, kha & ga); f) CIB report of the nominated person; g) Updated list of the directors.	Complied
1.2	 Vacation of office of Director: a) The office of director shall be vacated according to the instructions specified in section 108(1) of the Companies Act, 1994. Besides, when a bank director becomes defaulter and does not repay the loan within two months after getting a notice under the section 17 of the Bank Company Act, 1991; provides false statement at the time of appointment; or fails to fulfil the minimum eligibility criteria, the office of the director will be vacated. b) If the office of a director is vacated by a notice under the section 17 of BCA, the person will not be eligible to become a director of the bank or any other bank or any financial institution for one year from the date of repayment of the total amount due to the bank. It is mentionable here that the dues can be adjusted with the shares held by the director in that bank. When a director receives a notice under section 17 of BCA, 1991, he/she can't transfer his/her shares of that bank until he/she repays all the liabilities of the noticed bank or financial institution. c) Besides, Bangladesh Bank can remove a director or chairman of a bank, except state owned banks, for conducting any kind of activities that is detrimental to the interest of the banks depositors or against the public interest under Section 46 and can supersede the board of a banking company under Section 47 of BCA, 1991. 	Complied
1.3	Removal of Directors from office: According to section 108(2) of the Companies Act, 1994, with the prior approval of Bangladesh Bank, a bank director other than specialized banks can be removed from his office for the reason specified in its Articles of Association. For this purpose, the reason and grounds of the dismissal/removal and copy of the decision of the board and list of directors should be submitted to Bangladesh Bank. In this case, the removal will be effective from the date of Bangladesh Bank's approval.	N/A

Sl No.	Particulars	Compliance Status
1.4	Appointment of Alternate Director Subject to compliance of section 101 of the Companies Act, 1994, an alternate director can be appointed to act for a director during his absence for a continuous period of not less than three months from Bangladesh. In this context, the following instructions should be followed:	
	 a) Bank has to collect and properly maintain the documentary evidences relating to departure and arrival of the original director. If there is any exception, the chief executive officer should immediately inform it to Bangladesh Bank. b) The copy of the decision of the board regarding appointment of alternate director, with original director's probable returning date from abroad should be sent to Bangladesh Bank within 7 days of taking the decision and the director's arrival date must be intimated to Bangladesh Bank immediately after his return. c) Any loan defaulter or any person who is not eligible to become a director as per any rules & regulation will not be appointed as an alternate director. 	N/A
	 d) As appointment of alternate director is a temporary measure; therefore, he/she will not be included in any kind of committee constituted by the board. e) While in the office, an alternate director or his/her affiliated organization will not get any kind of loan facilities from his bank. In case of previous loan, enhancement of limit or extension of time period or any kind of exemption or interest waiver will not be allowed. Moreover, all restrictions applicable to directors according to rules & regulations will also be applicable to the alternate director. 	
2.	DEPOSITOR DIRECTOR As the previous provisions regarding appointment of Depositor Directors of the Bank Company Act, 1991 has been amended; appointment of director from depositors is no longer required. But, after complying regulation under sec 15(9) of the Bank Company Act, 1991 (amended upto 2013) bank can consider the tenure of existing depositor director or may appoint them as independent director.	N/A
3.	INFORMATION REGARDING DIRECTORS Banks are advised to take the following steps regarding director information: Every bank should keep an updated list of bank directors,	Complied
	a) Banks should send a directors' list to other banks or financial institutions immediately after the appointment or release of director.b) Banks should display a list of directors in the website and update it on a regular basis.	p.(10
4.	RESPONSIBILITIES OF THE BOARD OF DIRECTORS	
4.1	Responsibilities and authorities of the board of directors:	
	 (a) Work-planning and strategic Management: i) shall determine the objectives and goals and to this end shall chalk out strategies and work-plans on annual basis. It shall specially engage itself in the affairs of making strategies consistent with the determined objectives and goals and in the issues relating to structural change and reorganization for enhancement of institutional efficiency and other relevant policy matters. It shall analyze/monitor at quarterly rests the development of implementation of the work-plans. 	Complied
	ii) The board shall have its analytical review incorporated in the Annual Report as regard the success/failure in achieving the business and other targets as set out in its annual work-plan and shall apprise the shareholders of its opinions/recommendations on future plans and strategies. It shall set the Key Performance Indicators (KPIs) for the CEO and other senior executives and have it evaluated at times.	

Sl No.	Particulars	Compliance Status
	 (b) Credit and risk management i) The policies, strategies, procedures etc. in respect of appraisal of loan/investment proposal, sanction, disbursement, recovery, reschedule and write-off thereof shall be made with the board's approval under the purview of the existing laws, rules and regulations. The board shall specifically distribute the power of sanction of loan/investment and such distribution should desirably be made among the CEO and his subordinate executives as much as possible. No director, however, shall interfere, direct or indirect, into the process of loan approval. ii) The board shall frame policies for risk management and get them complied with and shall monitor the compliance at quarterly rests and review the concerned report of the risk management team and shall compile in the minutes of the board meeting. The board shall monitor the compliance of the guidelines of Bangladesh Bank regarding key risk management. 	Complied
	(c) Internal control management The board shall be vigilant on the internal control system of the bank in order to attain and maintain satisfactory qualitative standard of its loan/investment portfolio. The board will establish such an internal control system so that the internal audit process can be conducted independently from the management. It shall review the reports submitted by its audit committee at quarterly rests regarding compliance of recommendations made in internal and external audit reports and the Bangladesh Bank inspection reports.	Complied
	 (d) Human resources management and development i) Policies relating to recruitment, promotion, transfer, disciplinary and punitive measures, human resources development etc. and service rules shall be framed and approved by the board. The chairman or the directors shall in no way involve themselves or interfere into or influence over any administrative affairs including recruitment, promotion, transfer and disciplinary measures as executed under the set service rules. No member of the board of directors shall be included in the selection committees for recruitment and promotion to different levels. Recruitment, promotion, transfer & punishment of the officers immediate two tiers below the CEO shall, however, rest upon the board. Such recruitment and promotion shall have to be carried out complying with the service rules i.e., policies for recruitment and promotion. ii) The board shall focus its special attention to the development of skills of bank's staff in different fields of its business activities including prudent appraisal of loan/investment proposals, and to the adoption of modern electronic and information technologies and the introduction of effective Management Information System (MIS). Mohammad Mofazzal Hussain Khan	Member
Dr. Md. Gazi Zahirul Islam	Member
Shah Mohammad Wali Ullah	Member
Dr. Muhammad Ismail Hussain	Member
Rumee A Hossain	Member
Md. Arfan Ali	Member [Ex-Officio] (President & Managing Director)
A.K.M. Mizanur Rahman	Member [Ex-Officio] (Head of Islamic Banking CC)

Bank Asia Shariah Supervisory Committee meeting

Report of Bank Asia Shariah Supervisory Committee (BASSC)

For the year 2017

Throughout the year, Bank Asia Shariah Supervisory Committee (BASSC) reviewed and evaluated different issues of Islamic Banking operations of the Bank. The Committee also extended its direction, opinion & verdict on Shariah compliance issues. It is worth mentioning here that to ensure compliance to Shariah rules the role of the BASSC is to provide with necessary guidance & opinion independently on an ongoing basis. On the other hand, the responsibility of the Bank's Board and Management, is to ensure that their business operations under Islamic Banking have adhered to and run in accordance with guidance of the BASSC. To reach and deliver maximum possible level of Shariah compliance, the BASSC approved the following steps taken in the year 2017:

- 1. Conducting Shariah audit & inspection in all Islamic Banking Windows on quarterly basis.
- 2. Continuing the practice of obtaining 'Shariah Clearance' from Shariah Unit of Corporate Office before disbursing every deal of Bai Murabaha Muajjal investment, with a view to confirming real buying & selling. This practice was appreciated by the Committee as such pre-disbursement culture is the 1st of its kind in the Islamic Banking history of Bangladesh. The Committee also termed this practice as exemplary for other Islamic Banking operators.
- 3. Organizing four (4) training and workshops to enrich knowledge base & skill level of the Islamic Banking officials on Shariah compliance.
- Visiting 53 conventional branches of the Bank to motivate respective officials and build awareness of Islamic Banking principle, products & services.
- Some Investment products as well as Deposit prodict approved including policies in view of Islamic Shariah.

After reviewing and evaluating the Shariah Inspection Reports, Balance Sheet and Profit & Loss statement (Unaudited) of Islamic Banking of the Bank for the year

2017, the Committee, has expressed the following opinion:

- Profit has been distributed to Mudaraba Depositors on the basis of pre-declared Income Sharing Ratio (ISR) in accordance with Shariah.
- Compensation amount has been kept separate and not included in Bank's income.
- Transactions with conventional part of the Bank have been made compliant with Shariah principle and recorded separately.
- According to Shariah inspection reports, in investment operations, no violation of basic principles of Shariah has been identified. No doubtful transaction detected in the light of Islamic Shariah.
- 5. As per direction of Chapter 8 of 'Guidelines on Internal Control & Compliance in Banks' issued by Bangladesh Bank titled 'Shariah Audit', operations of all of 5 Islamic Banking Windows of Bank Asia rated as 'low' in Shariah risk; i.e. highly Shariah complied, the committee expressed full satisfaction in this regard.

Alhamdulillah! The committee opined that the commitment & endeavours of the officials of Islamic Banking team of Bank Asia, to maintain Shariah compliance is appreciable. To attain higher level of professional excellence and increase awareness of the clients on Shariah compliance in banking, the committee advised the Management to arrange knowledge sharing programs on regular basis.

May Allah give us tawfeeq in attaining His satisfaction through implementation of Shariah in every sphere of our life. Ameen.

Mus

M. Azizul Huq Chairman Bank Asia Shariah Supervisory Committee (BASSC)

Chief Financial Officer's Report

Political stability coupled with moderate inflation has relatively gained investors' confidence in the recent economic progression, on the other hand sudden liquidity crunch followed by rising NPL and lower remittance flow put challenging environment for banks to operate; fortunately technology driven financial inclusion programs like agent banking, EBEK, social safety net, mobile banking offers some degree of relief.

Sustained political stability, relatively consistent inflation rate, amplified research and innovation in different sectors of the economy in recent years have seen private sector businesses grow considerably with opening up of scopes for investors to have confidence for an exalted economy. Oppositely, rising non-performing loans followed by stagnancy in loan recovery, pressure on bank liquidity to expand business and comply regulations, maintaining spread from the core business, upward trend of US\$ rate ensuing higher import costs as well as widening trade deficit marking diminution of foreign reserve, flow of lower remittance due to foreign governmental embargo on jobs and political strife pose significant challenges to the robustness of the banking industry. Fortunately, the adoption of technology driven financial inclusion program such as agent banking, mobile banking, government undertaking new projects including development of LPG terminal and addition of electricity to national grid unveil a greater window for expanding financial inclusion than ever and pave the way for sustainable economic and social development.

Bank Asia marked its yearend with classified loan gliding down to 4.38%, ROE of 10.21% and a total contribution of Tk 4,408 million to National exchequer denoting 1.35% growth than 2016.

The scenario mentioned above influenced Bank Asia's business strategies in the following ways:

OPTIMIZING REVENUE

One of the major ways to optimize revenue from the core business is to have efficient mixing of liability products and making the best use of funds by diversifying loan products with competitive benefits, pricing to escalate the market share pie. Accordingly, Bank Asia ALCO continuously adjusts the deposit and loan products pricing with market dynamics movement in the banking industry to maximize income. It is noteworthy that Bank Asia has marked significant improvement in its deposit mix by driving high cost deposit to 50% in 2017 from 53% in 2016 that resulted cost of deposit to improve to 5.08% in 2017 from that of 5.66% in 2016.

BUDGETING

A budget is one of the guiding tools where the Board expectations and Management aptitudes are blended to produce some goals to strive for. In the process of preparing

Chief Financial Officer's Report

a budget, a balanced assortment is taken that consists of top down and bottom up approach taking into account industry scenario, commanding area potentials, intrinsic and extrinsic factors, capacity of the branches and human resources etc. All these factors play a pivotal role in shaping up a pragmatic budget which gets reviewed on monthly basis and strategies are being realigned to get close to the target.

The budget and achievement summary is shown below

Million Taka

Particular	2017	2016	Growth (%)	2017 Target	2017 Target Achieve- ment (%)
Loans and advances	197,504	163,610	20.72%	200,310	98.60%
Deposits	207,041	191,273	8.24%	224,811	92.10%
Import	181,468	148,724	22.02%	173,600	104.53%
Export	118,172	103,139	14.58%	120,419	98.13%
Remittances (inward)	51,778	41,665	24.27%	44,533	116.27%
Operating profit	6,688	5,921	12.95%	7,026	95.19%
Operating expenses	5,280	4,719	11.89%	5,200	101.54%
Shareholder's equity	21,054	19,038	10.59%	-	-
Capital fund	32,914	24,775	32.85%	-	-

FORECASTING BUSINESS AND REALIGNING STRATEGIES

We prepare budget and five year strategic business plans annually to set our midterm and long term vision. Since banking business is highly sensitive due to default risk, interest rate risk, market risk etc. monthly rolling forecast on expected business as well as outcome paves the way for necessary adjustment with the required action plan formulation and implementation.

OPERATING COST AND BURDEN COVERAGE

We put our best effort to optimize the fixed and variable expenses in such a fashion that the business grows smoothly ensuing in shareholder's wealth enhancement. During 2017, the operating expense grew only by 11.88% as a result of opening up 9 new branches, installing 13 new ATM booths and adding 117 employees to the portfolio etc. The burden ratio of 0.44% indicates the Bank's strength to bear its expense from non-interest income thus exhibiting lesser dependence on loans' interest income.

TAX/VAT MANAGEMENT

Tax and Vat Planning is posited at the pinnacle of our concern as a little drift may consume a major portion of the net profit. Bank Asia maintains a strong team to efficiently finalize the tax assessment on annual basis and manage the VAT authority, NBR, CIC and Auditor General (AG) commendably.

CAPITAL MANAGEMENT AND PLANNING

In order to make the banking sector more resilient the Basel Committee on Banking Supervision (BCBS) released a global regulatory framework on Basel-III capital accord in December 2010 by refurbishing the global capital and liquidity rules.

A balance need to exist between business expansions and associated risk mitigation for efficient capital management. It is to be mentioned that the Basel III capital accord implementation has already begun since January 2015 and will see completion by January 2020 as per the Bangladesh bank roadmap. The accord will be fully implemented by January 2020, where the Minimum Total Capital plus Capital Conservation Buffer will be 12.50% against existing 10% depicted as follows:

2016	2017	2018	2019		
10.625%	11.25%	11.875%	12.50%		

A strong capital base is the mainstay for healthy growth but equity capital is the most expensive source of fund which needs to be check mated with cheaper alternative sources and with this in retrospect, Bank Asia injected TK. 1,050 million to the core capital in 2011 by issuing Rights share accompanied by raising of Tier-2 capital in the form of 6 Year - 13% Yield to Maturity, Nonconvertible Subordinated Zero Coupon Bond for Tk. 600 million. Continuing the stride, Bank Asia further injected Tk. 3,000 million 7 Year Non-convertible Subordinated Bond on 2015 followed by issuance of another subordinated Bond of 7 Year Floating Rate Non-convertible Subordinated Bond of Tk. 5,000 million through private placement in 2017. The vision of raising CET1 capital by 2018 as a long term capital solution is plausible due to the dedicated endeavor put by both the Board and the Management.

Apart from raising core capital and supplementary capital, Bank Asia relegates equivalent emphasis on capital saving or reduction of capital requirement in the form of credit rating of appropriate Corporate and SME clients (detailed out in risk management report section), optimizing worthy collaterals and diversifying the business portfolio to ensure minimal risk with the maximum gain in return. Keeping this in mind, Bank Asia always formulates its capital and business strategies based upon a 5 year encompassing capital planning.

DIVIDEND

We know that dividend is paid out either in cash or in stock. Issuing stock dividend helps bank to raise core capital and after getting desired capital it becomes obvious to issue cash dividend to keep up shareholders confidence in the company as well as maintain consistency in pay-out ratio. Accordingly, the bank issued stock dividend in the earlier years of its operation and in 2014 and 2015 it issued a combination of both cash and stock dividend. Again in 2016 stock dividend was given. For 2017 the Board of Directors has proposed 12.50% stock dividend amounting to Tk. 1,234 million. The following table shows dividend pay-out from 2008 to 2017:

Year	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017

Clarity and Integrity in reporting have always been the essence of Group Finance of Bank Asia through which we try to assist in shaping the Business Strategy of the Management and the Board. We motivate ourselves with the devotion to ensure Safe, Secure and Stable Banking with Bank Asia and it is expected that the year 2018 will be astounding in terms of value creation and financial risk management.

Mohammad Ibrahim Khalil, FCA Chief Financial Officer

Financials

Independent Auditor's Report to the Shareholders of Bank Asia Limited

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Bank Asia Limited and its subsidiaries (together referred to as "GROUP") as well as separate financial statements of Bank Asia limited ("The Bank") which comprise the consolidated and separate balance sheet as at 31 December 2017, consolidated and separate Profit and loss accounts, consolidated and separate statement of changes in equity and consolidated and separate statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management of Bank Asia Limited is responsible for the preparation and fair presentation of these consolidated financial statements of the group and also separate financial statements of the Bank that give a true and fair view in accordance with Bangladesh Financial Reporting Standards (BFRS), as explained in Note 2 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements of the Group and also separate financial statements of the Bank that are free from material misstatement, whether due to fraud and error. The Bank Companies Act 1991 (as amended on 2018), and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements of the group and also separate financial statements of the Bank based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable, but not absolute assurance whether the consolidated financial statements of the group and also separate financial statements of the Bank are free from material misstatement due to fraud and error.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements of the group and also separate financial statements of the Bank. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the consolidated financial statements of the group and also separate financial statements of the Bank, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements of the group and also separate financial statements of the Bank not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements of the group and also separate financial statements of the Bank.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the group and also separate financial statements of the Bank give a true and fair view of the consolidated financial position of the group and the separate financial position of the Bank as at 31 December 2017, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended prepared in accordance with Bangladesh Financial Reporting Standards (BFRS) as explained in Note # 2.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, the Bangladesh Securities and Exchange Rules 1987, the Bank Company Act 1991 as amended in 2018 and the rules & Regulations issues by Bangladesh Bank, we also report the following:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) To the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the Financial Statements and Internal Control:
 - Internal audit, internal control and risk management arrangements of the Group and the Bank as disclosed in Note # 2 to the financial statements appeared to be materially adequate;
 - Nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Bank and its related entities.

- c) The financial statements of the Bank's subsidiaries named Bank Asia Securities Limited audited by us, but other two overseas subsidiaries BA Exchange Company (UK) Limited and BA Express USA Inc. was not audited by us. The financial statements of BA Exchange Company (UK) Limited for the year ended 31 December 2017 have been audited by AGP Consulting Chartered Accountants and Statutory Auditors, UK and expressed an unmodified opinion. The financial statements of BA Express USA Inc. for the year ended 31 December 2017 have been audited by United Financial CPA PC, USA and expressed an unmodified opinion. These accounts have been properly reflected in the consolidated in the consolidated financial statements.
- d) In our opinion, proper books of accounts as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books and proper returns adequate for the purpose of our audit have been received from branches not visited by us:
- e) The expenditure incurred was for the purposes of the Bank's business.
- f) The consolidated balance sheet and consolidated profit & loss account of the Group and the separate profit and loss account of the Bank together with the annexed notes dealt with by the report are in agreement with the books of account;
- g) The consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as explained in Note # 2.1 as well as with related meeting amongst Inspection Team of Bangladesh Bank, External Auditor and the Management of Bank Asia Limited held on 18 March 2018 and subsequent letter # DBI-1/120/2018/74 dated 03 April 2018 issued by Bangladesh Bank;
- h) Provisions have been made as of 31 December 2017 for loan and advances, other assets and off balance sheet items which are, in our opinion, doubtful of recovery;
- i) The records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- j) The information and explanations required by us have been received and focused satisfactory;
- k) We have reviewed over 80% of the risk weighted assets of the Bank and we have spent around 5,250 persons working hours during the audit; and
- l) Capital to Risk Weighted Assets Ratio (CRAR) is required by the Bangladesh Bank has been maintained adequately during the year.

Other Matter

The Consolidated financial statements including the separate financial statements of Bank Asia Limited for the year ended 31 December 2016 were audited by Hoda Vasi Chowdhury & Co., Chartered Accountants, who expressed an unmodified opinion on those financial statements on 16 April 2017.

Bank Asia Limited Notes to the financial statements

as at and for the year ended 31 December 2017

1. THE BANK AND ITS ACTIVITIES

1.1 Bank Asia Limited

Bank Asia Limited ("the Bank") is one of the third generation private commercial banks (PCBs) incorporated in Bangladesh on 28 September 1999 as a public limited company under the Companies Act 1994, governed by the Bank Company Act 1991. The Bank went for public issue of its shares on 23 September 2003 and its shares are listed with Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited. At present the Bank has 116 branches, 4 SME service centres, 5 Islamic Windows and 132 own ATM booths. The Bank has three subsidiary companies namely, Bank Asia Securities Limited incorporated in Bangladesh, BA Exchange Company (UK) Limited incorporated in United Kingdom and BA Express USA Inc. incorporated in United States of America (USA). The Bank has also an Offshore Banking Unit (OBU) at Chittagong Export Processing Zone, Chittagong.

Bank Asia Limited acquired the business of Bank of Nova Scotia, Dhaka (incorporated in Canada) in the year 2001. At the beginning of the year 2002, the Bank also acquired the Bangladesh operations of Muslim Commercial Bank Limited (MCBL), a bank incorporated in Pakistan, having two branches at Dhaka and Chittagong. In taking over Bangladesh operations, all assets and certain specific liabilities of MCBL were taken over by Bank Asia Limited at their book values.

The registered office of the Bank is situated at Rangs Tower, 68 Purana Paltan, Dhaka 1000, Bangladesh.

1.2 Principal activities

The principal activities of the Bank are to provide all kinds of conventional and Islamic commercial banking services to its customers through its branches, islamic windows, SME centres, and vibrant alternative delivery channels (ATM booths, Mobile banking, internet banking) in Bangladesh.

1.3 Islamic banking unit

The Bank obtained permission from Bangladesh Bank (country's central bank) to operate Islamic Banking Unit vide Bangladesh Bank's letter no. BRPD(P-3)745(53)/2008-4804 dated 17 December 2008. The Bank commenced operation of this Unit from 24 December 2008. The Islamic Banking Unit is governed under the rules and regulations of Bangladesh Bank.

1.4 Off-shore banking unit

The Bank obtained off-shore banking unit permission from Bangladesh Bank vide its letter no. BRPD (P-3)744(94)/2007-1853 dated 21 June 2007. Operation of this unit commenced from 28 January 2008 and its office is located at Zone Service Complex, Chittagong Export Processing Zone, Chittagong. Off-shore banking unit is governed under the rules and regulations of Bangladesh Bank.

1.5 Bank Asia Securities Limited

Bank Asia Securities Limited, a majority owned (99.99%) subsidiary company of Bank Asia Limited was incorporated as a private limited company in Bangladesh on 04 August 2010 bearing certificate of incorporation no. C-86230/10 dated 04 August 2010 under the Companies Act 1994 having its registered office at Hadi Mansion (7th Floor), 2 Dilkusha Commercial Area, Dhaka 1000 which has commenced its business on the 17 April 2011.

The main objective of this company is to act as a full fledged stock broker and stock dealer to execute buy and sale order and to maintain own portfolio as well as customers' portfolio under the discretion of customers. It also performs the other activities relating to capital market as and when regulators permit.

1.6 BA Exchange Company (UK) Limited

BA Exchange Company (UK) Limited was incorporated as a private limited company under United Kingdom Companies Act and registered with Companies House of England and Wales vide registration no. 07314397 as a fully owned subsidiary company of Bank Asia Limited, BA Exchange Company (UK) Limited launched its operation in London on 16 May 2011. BA Exchange Company (UK) Limited attaches a fresh width to the Bank's remittance operation and expands its global presence for remittance services. Bank Asia stretched its business in United Kingdom through its fully owned (100%) subsidiary to facilitate speedy and dependable medium for remitting the hard-earned money of expatriates to home.

1.7 BA Express USA inc

BA Express USA inc is fully owned subsidiary company of Bank Asia Limited incorporated in New York State Department of Financial Services (NYSDFS) in USA. The company obtained license to receive money for transmission within USA and abroad and to transmit same, pursuant to the provision of Article 13-B of the USA Banking Law, subject to all rules and regulations made by the Superintendent of Financial Services of New York relating to such business, effective 22 November 2013. The company has started its commercial operation from 01 June 2014.

2. BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements of the Bank have been prepared in accordance with the "First Schedule (Section 38) of the Bank Company Act 1991 (amended upto 2018), BRPD circular no. 14 dated 25 June 2003, other Bangladesh Bank Circulars, Bangladesh Financial Reporting Standards (BFRSs), Bangladesh Accounting Standards (BAS), etc. The Financial Reporting Act 2015 (FRA) has been enacted in 2015. Under the FRA the Financial Reporting Council (FRC) yet to be formed and they will issue financial reporting standards for public interest entities such as banks. Section 38 of the Bank Company Act 1991 (amended upto 2018) has been replaced through BRPD Circular no. 10 dated October 04, 2015. The FRC is yet to be formed and as such no financial reporting standards have issued as per the provisions of the FRA. The Bank complied with the requirement of the following regulatory and legal authorities:

- i. Bank Company Act 1991 (amended upto 2018)
- ii. Companies Act 1994
- iii Rules, regulations and circulars issued by the Bangladesh Bank from time to time
- iv. The Securities and Exchange Ordinance 1969
- v. The Securities and Exchange Rules 1987
- vi Bangladesh Securities and Exchange Commission Act 1993
- vii. Bangladesh Securities and Exchange Commission (Public Issues) Rules 2015
- viii. Income Tax Ordinance and Rules 1984
- ix. Value Added Tax Act 1991
- x. Dhaka Stock Exchange Ltd. (DSE), Chittagong Stock Exchange Ltd. (CSE) and Central Depository Bangladesh Ltd. (CDBL) rules and regulations.

In case the requirement of provisions and circulars issued by Bangladesh Bank differs with those of other regulatory authorities and accounting standards, the provisions and circulars issued by Bangladesh Bank shall prevail.

Bank have departed from certain contradictory requirements of BFRSs in order to comply with the rules and regulations of Bangladesh Bank which are disclosed below:

i) Presentation of financial statements

BFRS: As per BAS 1, a complete set of financial statements comprises a statement of financial position, a statement of profit or loss and other comprehensive income, a statement of changes in equity, a statement of cash flows, notes comprising a summary of significant accounting policies and other explanatory information and comparative information. BAS 1 has also stated the entity to disclose assets and liabilities under current and non-current classification separately in its statement of financial position.

Bangladesh Bank: A format of financial statements (i.e. balance sheet, profit and loss account, cash flows statement, changes in equity, liquidity statement) is prescribed in the "First Schedule" of section 38 of the Bank Company Act 1991 (amended up to 2018) and BRPD circular no. 14 dated 25 June 2003 of Bangladesh Bank. Assets and liabilities are not classified under current and non-current heading in the prescribed format of financial statements.

ii) Investment in shares and Securities

BFRS: As per requirements of BAS 39 investment in shares and securities generally falls either under "at fair value through profit and loss account" or under "available for sale" where any change in the fair value at the year-end is taken to profit and loss account or other comprehensive income/revaluation reserve respectively.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. As per DOS circular letter no. 03 dated March 12, 2015, investment in Mutual Fund (close-end) is revalued at lower of cost and (higher of market value and 85% of NAV). Being provision is made for any loss arising from diminution in value of investment; otherwise investments are recognized at costs.

iii) Revaluation gain/loss on Government securities

BFRS: As per requirement of BAS 39 where T-bills and T-bonds will fall under the category of "held for trading", any change in the fair value of held for trading assets is recognized through profit and loss account. T-bills/bonds designated as held to maturity are measured at amortized cost method and interest income is recognized through the profit & loss account.

Bangladesh Bank: According to DOS circular no. 05 dated 26 May 2008 and subsequent clarification in DOS circular no. 05 dated 28 January 2009 loss on revaluation of Government securities (T-bill/T-bond) which are categorized as held for trading will

be charged through profit and loss account, but any gain on such revaluation should be recorded under Revaluation Reserve Account. However at the year-end if there is any revaluation gain for any particular held for trading T-bills/T-bonds, such gain can be used to the extent of any revaluation loss for that particular held for trading T-bills/T-bonds. T-bills designated as held to maturity are measured at amortized cost method but interest income/gain is recognized through reserve.

iv) Provision on loans and advances

BFRS: As per BAS 39 an entity should start the impairment assessment by considering whether objective evidence of impairment exists for financial assets that are individually significant. For financial assets which are not individually significant, the assessment can be performed on an individual or collective (portfolio) basis.

Bangladesh Bank: As per BRPD circular no. 16 dated 18 November 2014, BRPD Circular 14 dated 23 September 2012, BRPD Circular no. 19 dated 27 December 2012 and BRPD Circular no. 05 dated 29 May 2013, provision for sub-standard loans, doubtful loans and bad losses has to be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Provision for unclassified loan was made at the specified rate i.e. 0.25% to 5% based on different categories of loans and advances. Such provision policies are not specifically in line with those prescribed by BAS 39. Also, a general provision @ 1% should be provided for off-balance sheet exposures.

v) Other comprehensive income

BFRS: As per BAS 1 Other Comprehensive income is a component of financial statements or the elements of Other Comprehensive income are to be included in a Single Comprehensive income (OCI) Statement.

Bangladesh Bank: Bangladesh Bank has issued financial templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income or the elements of Other Comprehensive Income allowed to include in a Other Comprehensive Income (OCI) Statement. As such the company does not prepare the other comprehensive income statement. However elements of OCI, if any, are shown in the statements of changes in equity. Furthermore, the above templates require disclosure of appropriation of profit on the face of Profit and Loss Statement.

vi) Financial instruments - presentation and disclosure

In several cases Bangladesh Bank guidelines categorize, recognize, measure and present financial instruments differently from those prescribed in BAS 39. As such some disclosure and presentation requirements of BFRS 7 and BAS 32 cannot be made in the accounts.

vii) Repo transactions

BFRS: When an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a deposit, and the underlying asset continues to be recognized in the entity's financial statements. This transaction will be treated as loan and the difference between selling price and repurchase price will be treated as interest expense.

Bangladesh Bank: As per DOS Circular letter no. 06 dated 15 July 2010 and subsequent clarification in DOS Circular No. 02 dated 23 June 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transactions and the financial assets are derecognized in the seller's book and recognized in the buyer's book.

viii) Financial guarantees

BFRS: As per BAS 39, financial guarantees are contracts that require an entity to make specified payments to reimburse to the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee liabilities are recognized initially at their fair value, and the initial fair value is amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortized amount and the present value of any expected payment when a payment under the guarantee has become probable. Financial guarantees are included within other liabilities.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 financial guarantees such as L/C, L/G will be treated as Off-Balance Sheet items. No liability is recognized for the guarantee except the cash margin and 1% general provision for all contingent liabilities.

ix) Cash and cash equivalent

BFRS: Cash and cash equivalent items should be reported as cash item as per BAS 7.

Bangladesh Bank: As per BRPD Circular 14 dated 25 June 2003, Cash and cash-equivalents consist of cash with Bangladesh Bank,

with its agent bank(s), government securities (prize bond) and deposits with other banks.

x) Non-banking asset

BFRS: No indication of Non-banking asset is found in any BFRS.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003, there must exist a face item named Non-banking asset.

xi) Cash flow statement

BFRS: Cash flow statement can be prepared either in direct method or in indirect method as per BAS 7 of Statement of Cash Flows. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003, cash flow is the mixture of direct and indirect method.

xii) Balance with Bangladesh Bank: (CRR)

BFRS: Balance with Bangladesh Bank should be treated as other asset as it is not available for use in day to day operations as per BAS 7.

Bangladesh Bank: Balance with Bangladesh Bank is treated as cash and cash equivalents.

xiii) Presentation of intangible asset

BFRS: Intangible asset must be identified and recognized, and the disclosure must be given as per BAS 38.

Bangladesh Bank: There is no requirement for regulation of intangible assets in BRPD circular no. 14 dated 25 June 2003.

xiv) Off-balance sheet items

BFRS: There is no concept of off-balance sheet items in any BFRS; hence there is no requirement of disclosure of off-balance sheet items.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 off balance sheet items must be disclosed separately in face of balance sheet. Accordingly the Bank has recognized the following off balance sheet items:

- Acceptances and endorsements
- Letters of guarantee
- Irrevocable letters of credit
- Bills for collection
- Foreign exchange contracts
- Forward assets purchased and forward deposits placed

xv) Disclosure of appropriation of profit

BFRS: There is no requirement to show appropriation of profit in the face of statement of comprehensive income.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003, an appropriation of profit should be disclosed in the face of profit and loss account.

xvi) Loans and advance net of provision

BFRS: Loans and advances should be presented net of provisions.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 provision on loans and advances are presented separately as liability and cannot be netted off against loans and advances.

xvii) Recognition of Interest in Suspense

BFRSs: Loans and advances to customers are generally classified as "loans and receivables" as per BAS 39 and interest income is recognised through effective interest rate method over the term of the loan. Once a loan is impaired, interest income is recognised in profit and loss account on the same basis based on revised carrying amount.

Bangladesh Bank: As per BRPD Circular No. 14 dated 23 September 2012, once a loan is classified, interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in balance sheet.

xviii) Uniform Accounting Policy

In several cases Bangladesh Bank and Bangladesh Securities and Exchange Commission guidelines categorize, recognize, measure and present financial instruments differently from those prescribed in BFRS 10. As such some disclosure, presentation and measurement requirements of BFRS 10 cannot be made in financial statements.

(Also refer to note 3.19 Compliance of BFRSs)

2.2 Basis of measurement

The financial statements of the Bank have been prepared on historical cost basis except for the following:

- Government Treasury Bills and Bonds designated as 'Held for Trading (HFT)' at present value using marked to market with gains, if any, credited to revaluation reserve.
- Government Treasury Bills and Bonds designated as 'Held to Maturity (HTM)' at present value using amortisation concept.
- Zero Coupon Bonds at present value using amortisation concept.

2.3 Use of estimates and judgments

The preparation of the financial statements in conformity with BAS/ BFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Key estimates include the following:

- Provision on loans and advances
- Deferred tax assets/liabilities
- Gratuity fund

2.4 Foreign currency transactions

Functional and presentation currency

These financial statements are presented in Bangladesh Taka (BDT), which is the Bank's functional currency. Functional currencies for Off-shore banking unit and BA Express USA Inc. are US Dollar, BA Exchange Company (UK) Limited is UK Pound. Except as indicated, financial information have been rounded off to the nearest Taka.

Foreign currency translation

Foreign currency transactions have been converted into equivalent Taka currency at the ruling exchange rates on the respective date of such transactions as per BAS 21 "The Effects of Changes in Foreign Exchange Rates".

In preparing solo financial statements, assets and liabilities in foreign currencies as at December 31, 2017 have been converted into Taka currency at the revaluation rate determined by the Bank. For BA Exchange Company (UK) Limited and BA Express USA Inc. assets and liabilities in foreign currencies as at December 31, 2017 have been converted into Taka currency at the closing rate as on December 31, 2017 and profit and loss accounts have been converted into monthly average rate.

Differences arising through buying and selling transactions of foreign currencies on different dates of the year have been adjusted by debiting /crediting exchange gain or loss account. Foreign currency translation gain and loss for foreign subsidiary operation is reported as separate component of Equity.

Commitment

Commitments for outstanding forward foreign exchange contracts disclosed in the consolidated financial statements and financial statements of Bank have been translated at contracted rates. Contingent liabilities/commitments for letter of credit, letter of guarantee and acceptance denominated in foreign currencies have been expressed in Taka currency at the rate of revaluation rate.

Translation gain and losses

Gains or losses arising out of translation of foreign exchange have been included in the Profit and Loss Statement, except those arising on the translation of net investment in foreign subsidiaries.

Foreign operations

The results of financial statements of the Bank whose functional currency is not Bangladesh Taka are translated into Bangladesh Taka as follows:

- a. assets and liabilities for each statement of Balance Sheet have been translated at the closing rate on the date of Balance sheet.
- b. income and expenses for Profit and Loss Statement have been translated at monthly average rate; and
- c. all resulting exchange differences have been recognized as a separate components of equity.

2.5 Basis of consolidation

The financial statements of the Bank's include the financial statements of main operation of Bank Asia Limited and its two business units namely, Islamic Banking Unit and Off-shore Banking Unit operating in Bangladesh.

The consolidated financial statements include the financial statements of the Bank and three subsidiary companies namely, Bank Asia Securities Limited operating in Bangladesh, BA Exchange Company (UK) Limited operating in United Kingdom and BA Express USA Inc. operating in United States of America.

The consolidated financial statements have been prepared in accordance with Bangladesh Accounting Standard 27: Separate Financial Statements and Bangladesh Financial Reporting Standard 10: Consolidated Financial Statements. The consolidated as well as separate financial statements are prepared for a common financial year ended on December 31, 2017.

Consolidated financial statements and separate financial statements of the Bank comprise of Balance Sheet, Profit and Loss Statement, Cash Flow Statement, Statement of Changes in Equity, Liquidity Statement and relevant notes and disclosures.

2.5.1 Subsidiaries of the Bank

A subsidiary company is one in which the parent company, Bank Asia Limited owns majority of its shares. As an owner of the subsidiary, the Bank controls the activities of the subsidiary. Bank Asia Limited has three subsidiary companies as detailed below:

Name of Subsidiary	Ownership	Date of Commercial Operation	Country of Operation	Status	Regulator	Year Closing
Bank Asia Securities Limited	99.99%	17.04.2011	Bangladesh	Majority Owned	BSEC, Bangla- desh	31 December
BA Exchange Company (UK) Limited	100%	16.05.2011	United Kingdom	Fully Owned	FSA, UK	31 December
BA Express USA inc	100%	01.06.2014	United States of America	Fully Owned	NYSDFS, New York	31 December

2.6 Cash flow statement

Cash Flow Statement is prepared principally in accordance with BAS 7 "Statement of Cash Flows" under the guidelines of BRPD circular no.14 dated 25 June 2003. The Cash Flow Statement shows the structure of and changes in cash and cash equivalents during the year. Cash Flows during the year have been classified as operating activities, investing activities and financing activities.

2.7 Statement of changes in equity

Statement of Changes in Equity has been prepared in accordance with BAS 1 "Presentation of Financial Statements" and following the guidelines of Bangladesh Bank BRPD circular no.14 dated 25 June 2003.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have applied consistently to all the periods presented in these financial statements and have been applied consistently by the Bank.

3.1 Assets and basis of their valuation

3.1.1 Cash and cash equivalents

Cash and cash equivalents include cash in hand and balances with Bangladesh Bank and its agent bank, balances with other banks and financial institutions, money at call and on short notice and prize bonds.

3.1.2 Investments

Investment in securities

All investments in securities (bills and bonds) are initially recognized at purchase price excluding commission and accrued coupon interest. Investments are segregated in two broad categories. These are held to maturity (HTM) and held for trading (HFT).

Held to maturity

Debt securities that a firm has intention to hold until maturity. These are reported at amortized cost therefore, they are not affected by swings in the financial markets.

Held for trading

Held for trading securities are those which are held with intention of selling in order to generate profits. Held for trading securities are revalued at market price.

Revaluation

As per Bangladesh Bank DOS circular letter no. 5 dated 28 January 2009, HFT securities are revalued each week using Marked to Market concept and HTM securities are amortized once a year according to Bangladesh Bank guidelines. The HTM securities are

also revalued if these are reclassified to HFT category with the Board approval. Value of investment has been shown as under:

Government treasury bills and bonds (HFT)	At present value (using marked to market concept)
Government treasury bills and bonds (HTM)	At present value (using amortisation concept)
Zero coupon bonds	At present value (using amortisation concept)
Prize bonds and other bonds	At cost
Debentures	At cost
Unquoted shares (ordinary)	At cost (as per BRPD circular 14 dated June 25, 2003)
Quoted shares (ordinary)	At cost (provision made for any shortfall arising due to reduce market price from cost price)

3.1.3 Investment in listed securities

These securities are bought and held primarily for the purpose of selling them in future or held for dividend income which are reported at cost. Unrealised gains are not recognised in the profit and loss statement. But provision was made for diminution in value of investment.

3.1.4 Investment in unquoted securities

Investment in unlisted securities is reported at cost under cost method. Adjustment is given for any shortage of book value over cost for determining the carrying amount of investment in unlisted securities.

As per Bangladesh Bank DOS Circular # 04 dated 24 November 2011, provision for diminution in value of investment was made by netting off unrealilsed gain/loss of shares from market price/ book value less cost price.

Besides, bank complied with Bangladesh Bank BRPD Circular 14 dated June 25, 2003 as follows, "All investments in shares and securities (both dealing and investment) should be revalued at the year- end. The quoted shares should be valued as per market price in the stock exchange(s) and unquoted shares as per book value of last audited balance sheet. Provision should be made for any loss arising from diminution in value of investments."

3.1.5 Investment in subsidiary

Investment in subsidiary is accounted for under the cost method of accounting in the Bank's financial statements in accordance with the BAS 27 "Consolidated and Separate Financial Statements", BFRS 3 "Business Combination", BFRS 36 "Impairment of Assets" and BFRS 10 "Consolidated Financial Statements".

3.1.6 Loans and advances/investments

- a) Loans and advances/investments are stated in the balance sheet on gross basis.
- b) Interest/profit is calculated on daily product basis, but charged and accounted for quarterly on accrual basis. Interest/profit on classified loans and advances/investments is kept in interest suspense account as per BRPD circulars no. 14 dated September 23, 2012 on Master Circular: Loan Classification and Provisioning. Interest/profit is not charged on bad and loss loans and advances/investments as per guidelines of Bangladesh Bank. Records of such interest amounts are kept in separate memorandum accounts.
- c) Commission and discounts on bills purchased and discounted are recognised at the time of realisation.
- d) Provision for loans and advances/investments is made based on the arrear in equivalent month and reviewed by the management following instructions contained in Bangladesh Bank BRPD circulars/letters no. 16 dated 06 December 1998, 9 dated 14 May 2001, 9 and 10 dated 20 August 2005, 8 dated 07 August 2007, 10 dated 18 September 2007, 14 dated 23 September 2012, 19 dated 27 December 2012, 5 dated 29 May 2013, 16 dated 18 November 2014, 8 dated 02 August 2015, 12 dated 20 August 2017, 15 dated 27 September 2017, 01 dated 03 January 2018, 01 dated 20 February 2018.

Rates of provision on loans and advances/investments are given below:

Types of loans and advances		Provision				
Types of toan	s and advances	STD	SMA	SS	DF	BL
	House finance	1%	2%	20%	50%	100%
Consumer	Loans for professionals	2%	2%	20%	50%	100%
	Other than housing finance & professionals to setup business	5%	5%	20%	50%	100%
Provision for lo	oan to broker house, merchant banks, stock dealers, etc	2%	2%	20%	50%	100%
Short-term agr	i-credit and micro credit	1%	1%	5%	5%	100%
Small and med	dium enterprise finance	0.25%	0.25%	20%	50%	100%
Others		1%	1%	20%	50%	100%

In line with Bangladesh Bank BRPD Circular no. 04 dated January 29, 2015, All restructured loans treated as Special Mention Account (SMA) for the purpose of classification. Provision was made at existing applicable rate of SMA with additional 1%.

- e) Loans and advances/investments are written off as per guidelines of Bangladesh Bank. These write off however will not undermine/affect the claim amount against the borrower. Detailed memorandum records for all such write off accounts are meticulously maintained and followed up.
- f) The Bangladesh Bank under its inspection based on 31 December 2017 suggested to keep extra provision against stay order and other loans amounting Tk. 19,205.17 Lac, out of which Tk. 3,205.00 Lac has been kept in the year 2017, rest of the amount along with carrying from 2016 will be kept Tk. 15,501.17 lac in 2018, Tk. 7000.00 lac in 2019 and Tk. 7000.00 lac in 2020.
- g) The Bank has restructured (Large loan restructure) certain loan facilities of M/s. Samannaz Super Oil Limited, S. A. Oil Refinery Limited, Abdul Monem Sugar Refinery Limited and Shinepukur Ceramics Limited under BRPD Circular No. 04 dated 29 January 2015 for an aggregate amount of Tk. 4,243.02 million as per the terms and conditions of the said circular.
- h) In stay order cases the unclassified loans and advances include certain customer accounts with an aggregate outstanding amount of Tk. 8,581.80 million which have not been reported under classification as at 31 December 2017 on the basis of stay order from the Honorable High Court Division of the Supreme Court of Bangladesh. An aggregate amount of Tk. 2,349.00 million has been kept as general provision against those customers.

3.1.7 Impairment of financial assets

An asset is impaired when its carrying value exceeds its recoverable amount as per BAS 36 "Impairment of Assets". At each balance sheet date, Bank Asia Limited assesses whether there is objective evidence that a financial asset or a group of financial assets i.e, loans and advances, off balance sheet items and investments is impaired. A financial asset or group of financial assets is impaired and impairment losses are incurred if -

there is objective evidence of impairment as a result of a loss event that occurred after the initial recognition of the asset up to the balance sheet date;

the loss event had an impact on the estimated future cash flows of the financial asset or the group of financial assets; and a reliable estimate of the loss amount can be made.

In the event of impairment loss, the Bank reviews whether a further allowance for impairment should be provided in the profit and loss statement in addition to the provision made based on Bangladesh Bank guidelines or other regulatory requirements.

3.1.8 Property, plant and equipment Recognition and measurement

All fixed assets are stated at cost less accumulated depreciation as per BAS 16 "Property, Plant and Equipment". Land is measured at cost

The cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of the BFRS.

The cost of an item of property, plant and equipment is recognised as an asset if-

it is probable that future economic benefits associated with the item will flow to the entity; and the cost of the item can be measured reliably.

The cost of an items of property, plant and equipement comprises:

- (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates
- (b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management
- (c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purpose other than to produce inventories during that period.

Subsequent costs

The cost of replacing part of an item of fixed assets is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of fixed assets are recognised in profit or loss as incurred.

Depreciation

No depreciation is charged on land. Depreciation is charged on straight-line method. Charging depreciation against fixed assets commences from the month of acquisition (for full month) and ceases at the month when the assets are disposed. Asset category-wise depreciation rates are as follows:

Category of assets	Rate of depreciation
Building	5%
Furniture and fixtures	20%
Equipment	20%
Computers and accessories	20%
Motor vehicles	20%

Gain or loss on sale of fixed assets is recognised in profit and loss statement as per provision of BAS 16 "Property, Plant and Equipment".

Construction work in progress/Building under Construction

Building under construction is recognized and reported under Fixed Assets as per BAS 16 "Property, Plant and Equipment" as Construction work in progress until the construction work is completed and the assets is ready for intended use. This asset is stated at cost and depreciation of the asset will be charged from the date of its intended use.

Intangible Asset

a. Goodwill

Goodwill that arises upon the acquisition of subsidiaries is included in intangible assets. Acquisitions of Minority interest (non-controlling interest) are accounted as transactions with equity holders in their capacity as equity holders and therefore no goodwill is recognised as a result of such transactions. Subsequently goodwill is measured at cost less accumulated Impairment Losses.

b. Software

Software acquired by the Bank is stated at cost less accumulated amortisation and accumulated impairment losses.

c. License

Value of license is recognised at cost and since it has an indefinite useful life it is not amortized. The value of the license is not measured at fair value.

3.1.9 Leased assets

Where property, plant and equipment have been financed by lease arrangement under which substantially all the risks and rewards of ownership are transferred to the lessees are treated as finance leases as per BAS 17 "Leases". All other leases are classified as operating leases as per BAS 17 "Leases".

Assets held under finance lease are recognised as assets of the Bank at their fair value at the date of acquisition or if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Assets held under finance lease are depreciated over their expected useful lives on the same basis as owned assets.

3.1.10 Impairment of fixed assets

At each balance sheet date, the Bank assesses whether there is any indication that the carrying amount of an asset exceeds its recoverable amount. An asset is carried at more than its recoverable amount if its carrying amount exceeds the amount to be recovered through use or sale of the asset. If this is the case, the asset is described as impaired and an impairment loss is recognised as an expense in the profit and loss statement unless the asset is carried at revalued amount in accordance with Bangladesh Accounting Standard (BAS) 16, Property, Plant and Equipment in which case any impairment loss of a revalued asset should be treated as a revaluation decrease under that Accounting Standard. No impairment loss was recognized up to the reporting period as there were no such indication existed as on Balance Sheet date.

3.1.11 Investment properties

- a) Investment property is held to earn rentals or for capital appreciation or both and the future economic benefits that are associated with the investment property but not held for sale in the ordinary course of business.
- b) Investment property is accounted for under cost model in the financial statements. Accordingly, after recognition as an asset, the property is carried at its cost, less accumulated depreciation and accumulated impairment loss.

3.1.12 Other assets

Other assets include all other financial assets and include fees and other unrealised income receivable, advance for operating and capital expenditure and stocks of stationery and stamps.

3.1.13 Inventories

Inventories are measured at the lower of cost and net realisable value.

3.2 Liabilities and provisions

3.2.1 Borrowings from other banks, financial institutions and agents

Borrowings from other banks, financial institutions and agents include interest-bearing borrowings redeemable at call and Bangladesh Bank refinance. These items are brought to financial statements at the gross value of the outstanding balance.

3.2.2 Deposits and other accounts

Deposits and other accounts include non interest-bearing current deposit redeemable at call, bills payable, interest bearing on demand and special notice deposits, savings deposit, fixed deposit and scheme deposit. These items are brought to financial statements at the gross value of the outstanding balance.

3.2.3 Other liabilities

As per BAS 37 "Provisions, Contingent Liabilities and Contingent Assets" the Bank recognises provisions only when it has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Other liabilities comprise items such as provision for loans and advances/investments, provision for taxes, interest payable, interest suspense, accrued expenses, obligation under finance lease etc. Other liabilities are recognised in the balance sheet according to the guidelines of Bangladesh Bank, income tax laws and internal policy of the Bank.

3.3 Capital/shareholders' equity

Authorised capital

Authorised capital is the maximum amount of share capital that the Bank is authorised by its Memorandum and Articles of Association.

Paid-up capital

Paid up capital represents total amount of share capital that has been paid in full by the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of winding-up of the company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to receive any residual proceeds of liquidation.

Statutory reserve

Statutory reserve has been maintained @ 20% of profit before tax in accordance with provisions of section 24 of the Bank Company Act 1991 (amended up to 2018) until such reserve equal to its paid-up capital together with the share premium. Statutory reserve transferred in yearly basis.

Revaluation reserve

Revaluation reserve arises from the revaluation of Treasury bills and bonds (HFT and HTM) in accordance with the Bangladesh Bank DOS circular no. 5 dated 26 May 2008. The tax effects on revaluation gain are measured and recognised in the financial statements as per BAS 12: Income Taxes.

When an fixed asset's carrying amount is increased as a result of revaluation, the increased amount has been credited directly to equity under the head of revaluation reserve as per BAS 16 "Property, Plant and Equipment". The revaluation surplus included in equity transferred directly to retained earnings with the amount of the surplus from the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost as per the para 41 of BAS 16.

Non-controling (minority) interest

Minority interest (non-controling interest) in business is an accounting concept that refers to the portion of a subsidiary company's stock that is not owned by the parent company. The magnitude of the minority interest in Bank Asia Securities Limited, a majority owned subsidiary (99.99%) of Bank Asia Limited is very insignificant. Minority interest belongs to a sponsor Director of the Bank and is reported on the consolidated balance sheet to reflect the claim on assets belonging to the other non-controlling shareholder. Also, minority interest is reported on the consolidated income statement as a share of profit belonging to the minority shareholder.

3.4 Contingent liabilities

Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank; or any present obligation that arises from past events but is not recognised because:

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognised but disclosed in the financial statements unless the possibility of an outflow of resources embodying economic benefits is reliably estimated.

Contingent assets are not recognised in the financial statements as this may result in the recognition of income which may never be realised.

3.5 Memorandum items

Memorandum items are maintained for those items for which the Bank has only a business responsibility and no legal commitment.

3.6 Revenue recognition

Interest income

Interest on loans and advances is calculated on daily product basis, but charged and accounted for on quarterly basis. Interest on loans and advances ceases to be taken into income when such advances fall under classification. It is then kept in interest suspense account. Interest on classified loans and advances is accounted for on a cash receipt basis.

Profit on investment (Islamic Banking)

Mark-up on investment is taken into income account proportionately from Unearned Income account. Income/compensation on classified investments is transferred to profit/rent/compensation/suspense account instead of income account.

Investment income

income on investments is recognised on accrual basis. Investment income includes discount on treasury bills and zero coupon bonds, interest on treasury bonds, debentures and fixed deposits with other banks. Capital gain on investments in shares and dividend on investment in shares are also included in investment income.

Interest and fees receivable on credit cards

Interest and fees receivable on credit cards are recognised on accrual basis. Interest and fees ceases to be taken into income when the recovery of interest and fees is in arrear for over three months. Thereafter, interest and fees are accounted for on cash basis.

Fees and commission income

The Bank earns fees and commissions from diverse range of services provided to its customers. This includes fees and commission income arising on financial and other services provided by the Bank including trade finance, credit cards, debit cards, passport endorsement, loan processing, loan syndication and locker facilities, etc. Fees and commission income is recognised on the basis of realisation.

Dividend income on shares

As per BAS 18 "Revenue", dividend income from investment in shares is recognised when the Bank's right to receive dividend is established. It recognised when:

a. It is probable that the economic benefits associated with the transaction will flow to the entity; and

b. the amount of the revenue can be measured reliably.

Interest paid on borrowing and other deposits (conventional banking)

Interest paid and other expenses are recognised on accrual basis.

Profit paid on deposits (Islamic Banking)

Profit paid to mudaraba deposits is recognised on accrual basis according to Income Sharing Ratio (ISR).

Other operating expenses

All other operating expenses are provided for in the books of the account on accrual basis according to the BAS 1 "Presentation of Financial Statements".

3.7 Employee benefits

3.7.1 Provident Fund

Provident fund benefits are given to the staff of the Bank in accordance with the approved provident fund rules. The fund is operated by a Board of Trustees. All confirmed employees of the Bank are contributing 10% of their basic salary as subscription of the fund. The Bank also contributes equal amount of the employees' contribution to the fund.

3.7.2 Gratuity Fund

Gratuity fund benefits are given to the eligible staff of the Bank in accordance with the approved gratuity fund rules. Gratuity payable is determined on the basis of existing rules and regulations of the Bank and actuarial valuation.

3.7.3 Superannuation and Benevolent Fund

The Bank operates a superannuation and a benevolent fund. Superannuation fund for its employees to pay a lumpsum amount on retirement or death. The bank also operates a benevolent fund to provide one time financial assistance to its employees in the event of disability caused by any accident or disease. In case of superannuation fund the bank pays Tk. 610,000 per month as per actuarial valuation and in case of benevolent fund Tk. 200 is deducted from salary per month per employee. The funds are operated by separate Board of Trustees.

3.7.4 Hospitalisation insurance

The Bank operates a health insurance scheme to its confirmed employees and their respective spouses and children at rates provided in health insurance coverage policy.

3.7.5 Worker's Profit Participation Fund

Consistent with the industry practice and in accordance with the Banking Companies Act, 1991, no provision has been made to WPPF

3.8 Provision for off-balance sheet exposures

In compliance with Bangladesh Bank guidelines off-balance sheet items have been disclosed under contingent liabilities. As per BRPD circular no. 10 dated 18 September 2007, the Bank is required to maintain provision @ 1% against off-balance sheet exposures.

3.9 Provision for nostro accounts

According to guidelines of Foreign Exchange Policy Department of Bangladesh Bank, circular no. FEOD (FEMO)/01/2005-677 dated 13 September 2005, Bank is required to make provision regarding the un-reconciled debit balance as at balance sheet date.

3.10 Taxation

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity.

Current tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the temporary differences relating to the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries to the extent that it is probable that they will not reverse in the foreseeable future. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to

offset current tax liabilities against current tax assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax relating to unrealised surplus on revaluation of held to maturity (HTM) securities is recognised directly in revaluation reserve as a part of equity and is subsequently recognised in profit and loss statement on maturity of the security.

3.11 Earnings Per Share

Earnings per share (EPS) has been computed by dividing the basic earnings by the weighted average number of ordinary shares outstanding at 31 December 2017 as per Bangladesh Accounting Standard (BAS) - 33 "Earnings Per Share". EPS for comparative period also restated by the bonus share issued for the year 2016. Details are in note 37.

Basic earnings

This represents earnings for the year attributable to ordinary shareholders. Net profit after tax has been considered as fully attributable to the ordinary shareholders.

Weighted average number of ordinary shares

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued during the year.

The basis of computation of number of shares is in line with the provisions of BAS 33 "Earnings per share". The logic behind this basis is, that the bonus shares are issued to the existing shareholders without any consideration, and therefore, the number of shares outstanding is increased without an increase in resources generating new earnings.

Diluted earnings per share

No diluted earnings per share is required to be calculated for the year as there was no scope for dilution during the year under review. It is pertinent to mention that, potential ordinary shares is in convertible subordinate bond that may entitle their holders to ordinary shares.

3.12 Reconciliation of inter-bank/inter-branch account

Books of account with regard to inter-bank (in Bangladesh and outside Bangladesh) are reconciled on monthly basis and there are no material differences which may affect the financial statements significantly.

Un-reconciled entries in case of inter-branch transactions as at the reporting date are not material.

3.13 Risk Management at Bank Asia Ltd.

Being a financial institution, in the ordinary course of business, the bank is sensitive to verities of risks. The generic severity of such risk(s) is much intense in our locality due to presence of large number of banks and complex financial transactions. In such highly competitive environment to ensure a bank's consistent system and performance, the presence of strong Risk Management culture is obligatory.

The Board of Director and Senior Management of the bank need to remain positive toward adaptation of active risk management culture throughout the bank. Such awareness (risk) has helped the bank to do more than just regulatory compliance as far as risk management practice is concerned, the consequence of such initiatives has helped the bank to safeguard valuable capital and ensure consistent profitability, through avoiding excessive credit, market and operation loss and inadequate capital allocation under Basel III. Being compliant, the bank is now looking forward to take risk management practice to a different level, i.e. preventing risk before occurrence rather than a reactive manner; on a proactive basis.

As a part of regulatory and global benchmarking the bank has based upon 06 (six) core risks guidelines of Bangladesh Bank and Basel framework. Listed below are the identified risks the bank is currently managing or intents to manage in the future:

Sl	Core Risk Guideline of BB	Basel Accord	Pillar
1	Credit Risk	Credit Risk	Pillar - I & II
2	Foreign Exchange Risk	Market Risk	Pillar - I & II
3	Asset Liability Risk	Operational Risk	Pillar - I & II
4	Money Laundering Risk	Residual Credit Risk	Pillar - II
5	Internal Control & Compliance Risk	Residual Risk (CRM)	Pillar –II
6	Information and Communication Technology Risk	Residual Market Risk – Equity	Pillar –II
7		Residual Market Risk - Currency	Pillar –II
8		Credit Concentration Risk	Pillar –II
9		Liquidity Risk	Pillar –II
10		Interest Rate Risk in Banking Book	Pillar –II
11		Settlement Risk	Pillar –II
12		Reputation Risk	Pillar –II
13		Environmental and climate change	Pillar –II
13		risk	FILLAT -II
14		Strategic Risk	Pillar –II
15		Pension Obligation Risk	Pillar –II
16		Compliance Risk	Pillar –II

In view of core risk guideline the bank has established various departments to address specific risks, e.g. credit risk management, credit admin, internal control and compliance department, anti-money laundering department etc. Further to manage the overall risks of the bank in line of Basel the bank has formed a dedicated Risk Management Division.

Accordingly the bank has various high powered committees to monitor and ensure smooth risk management activities.

The current risk management framework of the bank is as follow:

Credit Risk Management: Credit risk can be defined as risk of failure of customer/counterparty of the bank to meet financial obligations. Another major source of credit risk could be concentration risk, which arises when a bank's credit portfolio tend to be non diversified i.e. large single borrower exposure or lending exposure to clients having similar economic factors (single subsector, industry, geographic region etc) that would adversely impact the repayment ability of mass obligor during any possible economic downturn.

To ensure the portfolio health, the bank has distributed the overall credit concentration among different segments/industry/ trading. For example, branches are primarily responsible for sourcing of potential clients and initiate limit (credit) approval process for review of Credit Risk Management Division (CRMD), this division (CRMD) ensure the quality of credit proposal before limit approval, a separate division known as Credit Administration (CAD) monitors the documentation aspects of approved credits and finally the Legal Recovery Department manages the deteriorating accounts. It is mentionable that the bank has own credit risk management guideline.

All other remaining risk in regards to credit portfolio are addressed by the Risk Management Division (RMD), the primary responsibility of this Division is to identify and assess the severity of risks and highlight the same to the management for strategic decision making. Below are risk wise list of few global model that RMD is currently using or intends to use in the future:

Residual Risk (e.g. wrong valuation of collateral, docu-	Capital computation under Pillar –II using the foundation Internal
mentation error etc)	Rating Based (FIRB) approach
Concentration Risk	Herfindahl-Hirschman Index (HHI) index

Foreign Exchange Risk Management: The Foreign Exchange Risk arises from transaction involvement in any other national currency. Providing major foreign exchange related transactions are carried out on behalf of client thus bank has minimal exposure to the captioned risk. It is mentionable that the bank do not involve in any speculative transactions. The treasury division independently conducts the transactions and back office is responsible for verifying the deal and passes necessary accounting entries. As advised by Bangladesh Bank on month end all foreign exchange related transactions are revalued at mark-to-market rate. All Nostro accounts are reconciled on daily basis and outstanding entries beyond 30 days are reviewed by management for settlement. It is mentionable that bank management is looking forward to establish treasury mid office to effectively perform the reconciliation activities.

At present Bank assess daily Value-at-Risk (VaR) based on exponential weighted average method using web based platform for foreign exchange risk more effectively.

Asset Liability Management: The Asset Liability Risk is comprises of Balance Sheet Risk and liquidity risk. The Balance Sheet risk refers to risk of change in earning and/or devaluation of asset due to interest rate movement. The liquidity risk can be defined as the risk or chance of failure to meet up any withdrawal/disbursement request by a counterparty/client. ALCO reviews liquidity requirements of the Bank, maturity of assets and liabilities, deposit and lending pricing strategy and the liquidity contingency

plan. The Asset Liability Committee also monitors balance sheet risk.

Risk assessment tools in regards to ALM risk management are as follow:

Equity investment risk	Value-at-risk (VaR) on equity position
	Liquidity Coverage Ratio (LCR)
Liquidity Risk	Net Stable Funding Ratio (NSFR)
	Stress Testing (Duration)
Interest Rate Risk	Assessment of Interest Rate Risk in Banking Book

Prevention of Money Laundering: Money laundering risk is defined as the loss of reputation and expenses incurred as penalty for being negligent in prevention of money laundering. For mitigating the risks, the Bank has nominated a Chief Compliance Officer at Corporate Office and Branch Compliance Officers at branches, who independently review the accounting transactions to locate and verify suspicious transactions. Know Your Customer (KYC) policy and Transaction Profile (TP) format have been introduced. The regulatory requirements are being complied with and the guidelines in respect of KYC are being followed for opening of new accounts. Training is being provided continuously to all the categories of executives and officers for developing awareness and skill for identifying suspicious activities.

Ensuring internal control and compliance: Operational loss arising from error and fraud due to lack of proper internal control and compliance. Internal Control and Compliance Department undertakes periodical and special audit and inspection of the branches and departments at corporate office for identifying and reviewing the operational lapses and compliance of statutory requirements as well as Bank's own guidelines. The Audit Committee of the Board reviews the audit and inspection reports periodically and provides necessary instructions and recommendations for rectifications of lapses and observations identified by the audit team.

Further to above the bank is in the process of developing various globally recognized operational risk identification processes through the Risk Management Division. For example adaptation of

Risk Control Self Assessment (RCSA) for assessing all possible operational risks based on operational process review and previous experiences before occurrence of any such event.

Using the Key Risk Indicator (KRI) approach to identify operational risk trigger points.

Managing Information and communication Technology Risk: Bank Asia Limited follows the guideline stated in DFIM circular no. 6 dated 21 June 2010 regarding "Guideline on ICT Security for Banks and Financial Institutions, April 2010". IT management deals with IT policy documentation, internal IT audit, training etc. The core objective of IT management is to achieve the highest levels of technology service quality and minimize possible operational risk. Physical security involves providing environmental safeguards as well as controlling physical access to equipment and data. IT department has controls over Password, User ID maintenance, input control, network security, virus protection, internet and e-mail. Data centre has been set up and disaster recovery plan has been formulated as part of Business Continuity Planning (BCP).

All other risk management: These are risks that are not directly covered by core risk guidelines of Bangladesh Bank, more precisely additional risk under Basel III. The Risk Management Division is primarily responsible for assessing and developing controls for managing these risks. In order to do so the RMD of the bank is performing various exercises, for example, Minimum Capital Requirement (MCR) is assessed on quarterly basis, Stress Testing to assess the sensitivity of the bank against adverse scenarios is performed, additional capital (on top of MCR under Pillar –II) will be assessed using a model namely (currently in the process of development) Internal Capital Adequacy Assessment Process (ICAAP), Supervisory Review Process (SRP) is performed by the bank as per Bangladesh Bank requirement.

On top of assessment the RMD of the bank is reporting these risks to senior management (through BRMC); which are ultimately aiding the bank to allocate adequate capital in line with Basel III requirement and at the same time implant active strategies to precisely manage all potential risks of the bank.

3.14 Events after reporting period

As per BAS -10 "Events after Reporting Period" are those events, favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorised for issue. Two types of events can be identified:

(a) those that provide evidence of conditions that existed at the end of the reporting period (adjusting events after the reporting

period); and

(b) those that are indicative of conditions that arose after the reporting period (no adjusting events after the reporting period).

3.15 Related party disclosures

A party is related to the company if:

- (i) directly or indirectly through one or more intermediaries, the party controls, is controlled by, or is under common control with, the company; has an interest in the company that gives it significant influence over the company; or has joint control over the company;
- (ii) the party is an associate;
- (iii) the party is a joint venture;
- (iv) the party is a member of the key management personnel of the Company or its parent;
- (v) the party is a close member of the family of any individual referred to in (i) or (iv);
- (vi) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or
- (vii) the party is a post-employment benefit plan for the benefit of employees of the company, or of any entity that is a related party of the company.

3.16 Directors' responsibilities on statement

The Board of Directors takes the responsibilities for the preparation and presentation of these Financial Statements.

3.17 Segment Reporting

As per BFRS 8 "Operating Segments", is a component of an equity:

- (a) that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity)
- (b) whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performances, and
- (c) for which discrete financial information is available.

Bank reported its segments in respect of business segment and geographical segment. Business segments are comprised of Conventional Banking, Islamic Banking, Off-shore Banking, Bank Asia Securities Limited, BA Exchange Company (UK) Limited and BA Express USA Inc. Geographical segments report consist of location wise performance of above segments.

3.18 Changes in Accounting Policies

As per BAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" Accounting Policies are applied consistently for comparability between financial statements of different accounting periods. Changes in Accounting Policies are applied retrospectively in the financial statements. Comparative amounts presented in the financial statements affected by the change in accounting policy for each prior period presented.

3.20 Approval of financial statements

The financial statements were approved by the board of directors on April 08, 2018

3.21 General

- (i) Figures relating to the previous year included in this report have been rearranged, wherever considered necessary, to make them comparable with those of the current year without, however, creating any impact on the operating result and value of assets and liabilities as reported in the financial statements for the current year.
- (ii) Figures in these notes and in the annexed financial statements have been rounded off to the nearest Taka.
- (iii) These notes form an integral part of the annexed financial statements and accordingly are to be read in conjunction therewith.
- (iv) These financial statements cover one calender year from 01 January 2017 to 31 December 2017.

18.6 Workers' profit participation fund (WPPF)

As per Bangladesh Labour Act 2006 and SRO no. 336/Law/2010, all companies falling within the scope of WPPF are required to provide 5% of its profit before charging such expense to their eligible employees within the stipulated time. Bank obtained opinion from its legal advisor regarding this issue which stated that the Bank is not required to make provision for WPPF as it is not within the scope of WPPF. As such the Bank did not make any provision during the year for WPPF.

Bank Asia Limited Islamic Banking Operations

as at and for the year ended 31 December 2017

The operation of our Islamic Banking Windows is totally different from the Bank's conventional operation as the former operate their business on the basis of Islamic Shariah. Accounting system is vital for ensuring Shariah compliance in such banking operation. Our Islamic Banking operation is committed to follow the accounting principles that refrain from interest. In a nutshell, we follow under noted principles for accounting under its Islamic Banking umbrella, run through a separate Islamic Banking software styled HIKMAH.

1. Deposit Collection and income Sharing Ratio (ISR) based Profit Distribution

For procuring funds from depositors, our Islamic Banking follows Al-Wadiah and Mudaraba principles. In case of Al-Wadiah Account, no profit is allowed at present. But for Mudaraba depositors, Bank Asia as the first Bank in Bangladesh, follows income Sharing technique with variable management fees for the Bank. It is different from traditional Weightage System so far practiced by almost all Islamic Banking operators in the country.

Income sharing module of Bank Asia has been appreciated by different quarters, particularly by the Central Shariah Board for Islamic Banks of Bangladesh and Islamic Banks Consultative Forum. Our module offers pre-defined Investment income Sharing Ratio (ISR) for each type of depositor and the Bank. The ISR determines the portion of income for each type of depositor and the Bank. For example, the ISR of 75: 25 would mean that 75% of distributable income is to be shared by the concerned depositors and the rest 25% to be shared by the Bank. The ISR between each type of Mudaraba depositors and the Bank (Mudarib) are duly disclosed at the time of Account opening and/or beginning of the concerned period. Profit rate is emerged at actual, as derived from the income fetched from deployment of the concerned fund. As such our rate of profit on deposit under Islamic Banking is nothing but a post facto expression of the respective agreed sharing ratios. Our profit rate is an output based on the Bank's earning on investment.

The ISR declared on Mudaraba deposits for the year 2017

Тур	es of Mudaraba Deposit	Distributable Inv Sharing Ratio (ISR	
		Client	Bank
1.	Mudaraba Term Deposit Account (MTDA) 1 month	50%	50%
2.	Mudaraba Term Deposit Account (MTDA) 2 months	50%	50%
3.	Mudaraba Term Deposit Account (MTDA) 3 months	75%	25%
4.	Mudaraba Term Deposit Account (MTDA) 6 months	75%	25%
5.	Mudaraba Term Deposit Account (MTDA) 12 months	77%	23%
6.	Mudaraba Term Deposit Account (MTDA) 24 months	78%	22%
7.	Mudaraba Term Deposit Account (MTDA) 36 months	80%	20%
8.	Mudaraba Term Deposit Account (MTDA) 60 months	80%	20%
9.	Mudaraba Special Notice Deposit Account (MSND)	35%	65%
10.	Mudaraba Savings Account (MSA)	45%	55%
11.	Smart Junior Saver (School Banking) Account	70%	30%
12.	Mudaraba Deposit Pension Scheme (MDPS) 3-12 Years	87%	13%
13.	Mudaraba Monthly Profit Paying Deposit (MMPPD)- 1 year	80%	20%
14.	Mudaraba Monthly Profit Paying Deposit (MMPPD)- 2-5 years	85%	15%
15.	Mudaraba Hajj Savings Scheme (MHSA)	90%	10%
16	Cash Waqf	90%	10%

2. Investment Operation and Return Thereon

Investments of our Islamic Banking are broadly categorised in the following two types in respect of charging (rate of) return:

- a. Fixed return based investment
- b. Variable return based investment

Fixed return base investment system is applicable for our Bai-Murabaha Muajjal Investment mode. Under this mode, Bank sells the goods to a client at a fixed profit /mark-up on deferred payment including post import basis. Hire Purchase Shirkatul Melk (HPSM) is also a fixed return based investment mode. In this case rate of rent is fixed but amount of rent becomes variable on the basis of diminishing balance method.

Variable return based income is applied for our Musaharaka mode of investment. In these cases, only ratio of Income Sharing is stated in the agreement. Bank bags income on the basis of the concerned venture according to the agreed ratio (comparable to our Mudaraba deposit products). Genuine loss, if any, is borne according to capital ratio of the client & the Bank.

3. Income/ Revenue Recognition Principle

The bank earns income from various sources such as charges, fees, commission and investment. To recognize all sorts of income, Bank follows Shariah principle strictly. Usually charges, fees & commission etc. are recognized on actual basis. Recognition of income from investment follows principles as under:

For Bai-Murabaha Muajjal Investment

While creating each deal, in case of Bai-Murabaha Muajjal mode of investment, markup/profit is added to the bank's purchase cost with a credit to unearned income A/c. Thereafter time apportionment of profit is recognised out of the unearned income amount at the end of each month on accrual basis. Allowance (rebate) for early repayment, if any, may however be applied at Bank's discretion.

For Hire Purchase Shirkatul Melk (HPSM) Investment

In case of HPSM mode of investment Rent is charged and taken into income account at the end of each month on accrual basis.

If the account has a provision of gestation period, no income is earned during the period. In this case income starts just after the end of gestation period. However rent is chargeable in spite of gestation, if the delivery of asset is completed in usable condition such as a machine or a set of machinery or building etc.

All accrual income is subject to prevailing classification and provisioning rules of Bangladesh Bank.

For Musharaka Investment

In recognizing the revenue from Musharaka Investment, we follow the actual (cash/ realization) basis instead of accrual i.e. no income is recognised until the result of the venture is arrived at.

4. Cost Recognition Principle

Cost in respect of profit paid on deposit is recognized on accrual basis. Monthly accruals in this respect are calculated on the basis of income Sharing Ratio. Other costs are also recognized on the accrual basis following the matching concept of Accounting.

To ensure/ supervise Shariah compliance in banking operation, Bank Asia has a knowledgeable Shariah Supervisory Committee comprising renowned Fuqaha, Islamic bankers and academicians conversant in Islamic Economics & Finance.

Off-shore Banking Unit (OBU) Notes to the Financial Statements

as at and for the year ended 31 December 2017

1 Status of the unit

Off-shore banking Unit ("the Unit") is a separate business unit of Bank Asia Limited, governed under the Rules and Guidelines of Bangladesh Bank. The Bank obtained the Off-shore banking unit permission vide letter no.BRPD(P-3)744(94)/2007-1853 dated 21 June 2007. The Bank commenced the operation of its Off-shore Banking Unit from 28 January 2008 and its office is located at Zone Service Complex, Chittagong Export Processing Zone, Chittagong.

2 Significant accounting policies and basis of preparations

2.1 Basis of preparation

The financial statements are prepared on the basis of a going concern and represent the financial performance and financial position of the Off-shore Banking Unit (OBU). The financial statements of the OBU are prepared in accordance with the Bank Companies Act 1991, in particular, Banking Regulation and Policy Department (BRPD) Circular No. 14 dated 25 June 2003, Bangladesh Bank BCD Circular No. (P) 744(27), dated 17 December, 1985, other Bangladesh Bank Circulars, Bangladesh Financial Reporting Standards (BFRSs) and other rules and regulations where necessary.

2.2 Foreign currency

Items included in the financial statements of the Unit are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements of the Unit are presented in US Dollar (USD) and Taka where USD is the functional currency and Taka are the Unit's presentation currency.

2.3 Loans and advances

- a) Loans and advances are stated in the balance sheet on gross basis.
- b) Interest is calculated on daily product basis, but charged and accounted for quarterly on accrual basis. Interest on classified loans and advances/investments is kept in interest suspense account as per BRPD circulars no. 16 of 1998, 9 of 2001 and 10 of 2005 and recognised as income on realisation. Interest is not charged on bad and loss loans and advances/investments as per guidelines of Bangladesh Bank. Records of such interest amounts are kept in separate memorandum accounts.
- c) As per BRPD circular no. 16 dated 18 November 2014, BRPD Circular 14 dated 23 September 2012, BRPD Circular no. 19 dated 27 December 2012 and BRPD Circular no. 05 dated 29 May 2013, provision for sub-standard loans, doubtful loans and bad loss loans has to be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Provision for unclassified loan was made at the specified rate i.e. 0.25% to 5%

2.4 General

Assets and liabilities have been translated into Taka currency @USD 1 = BDT 82.00 (2016: BDT 78.65). Income and expenses are translated at an average rate @ USD 1 = BDT 80.41 (2016: BDT 78.18). Assets and liabilities and Income and expenses of Conventional Banking have been translated into Taka currency @ USD 1 = BDT 82.70.

Independent Auditor's Report to the Shareholders of Bank Asia Securities Limited

We have audited the accompanying financial statements of Bank Asia Securities Limited (the "Company") which comprise the Statement of Financial position as at 31 December 2017 and the Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management of the company is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Company's Act 1994 & other applicable laws & regulations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Financial Statements present fairly, in all material respects, the Financial Position of Bank Asia Securities Limited as at 31 December 2017 and of its financial performance and its cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS) the Company's Act 1994 & other applicable laws & regulations.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law have been kept by Bank Asia Securities Limited so far as it appeared from our examination of those books; and
- c) the company's statement of Financial Position and the Statement of profit and loss account and other comprehensive income dealt with by the report are in agreement with the books of account; and returns.

Bank Asia Securities Limited Notes to the Financial Statements

as at and for the year ended 31 December 2017

1. Reporting entity

Bank Asia Securities Limited ("the Company"), a majority owned subsidiary company of Bank Asia Limited was incorporated as a private limited company in Bangladesh on 04 August 2010 bearing certificate of incorporation no. C-86230/10 dated 04 August 2010 under the Companies Act 1994 having its registered office at Hadi Mansion (7th Floor), 2 Dilkusha Commercial Area, Dhaka 1000.

The Company obtained permission from Bangladesh Securities and Exchange Commission on 16 March 2011 to operate as a full fledged stock broker and stock dealer bearing registration nos. Reg/3.1/DSE-237/2011/463 and Reg/3.1/DSE-237/2011/464 respectively.

The main objective of the Company is to act as a full fledged stock broker and stock dealer to execute buy and sale orders and to maintain own portfolio as well as customers portfolio under the discretion of customers. The Company also performs the other activities relates to capital market as and when regulators permits the company to carry out activities as per their guidelines.

2. Basis of preparation

2.1 Statement of compliance

The financial statements of the Company are prepared on a going concern basis under historical cost conversion in accordance with generally accepted accounting principles following Bangladesh Financial Reporting Standards (BFRS)/Bangladesh Accounting Standards (BAS). Wherever appropriate, such principles are explained in succeeding notes.

2.2 Functional and presentational currency

The financial statements are presented in Bangladesh Taka, which is the Company's functional currency.

2.3 Use of estimates and judgments

The preparation of financial statements in conformity with BFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the periods in which the estimate is revised and in any future periods affected.

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements. Certain comparative amounts have been reclassified to conform with the current year's presentation.

3.1 Interest income

Income from margin loan is recognised on accrual basis. Such income is calculated considering daily margin loan balance of the respective parties.

3.2 income from brokerage commission

Income from brokerage is recognised on daily basis in the Statement of Comprehensive Income after receiving the trading note of securities transacted from Dhaka Stock Exchange Limited, at which point performance is assured to be completed.

3.3 Statement of cash flows

Statement of Cash Flows has been prepared as per Bangladesh Accounting Standard BAS 7 under direct method.

3.4 Property, plant and equipment

Items of property, plant and equipment, are measured at cost less accumulated depreciation and impairment losses, as per BAS 16: Property, Plant and Equipment. Cost includes expenditures that are directly attributable to the acquisition of the asset.

Securities Limited Notes to the Financial Statements

Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The cost of day-to-day servicing items of property, plant and equipment are expensed when incurred.

Depreciation

Depreciation is charged on straight-line method. Charging depreciation against fixed assets commences from the month of acquisition (for full month) and ceases at the month when the assets are disposed. Asset category-wise depriciation rates are as follows:

Asset category	Rate of depreciation (%)
Computer and accessories	20
Furniture and fixtures	20
Office equipment	20
Office renovation	20

Details are given in Annexure-I.

3.5 Intangible assets

Computer software

Computer software acquired by the Company which have finite useful lives are measured at cost less accumulated amortisation.

Subsequent costs

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss.

Amortisation of intangible assets

Computer software are amortised @ 20% per annum in a straight-line method.

STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2017

INTRODUCTION

The company is part of a group of inter-linked financial services companies based in Bangladesh, with office in UK which also provides bureau de change services.

BUSINESS REVIEW

Performance and strategy Turnover for the period has increased on the prior year mainly due to improved performance of the existing business. Operating costs have increased as a result of same.

The company continues to review all of its activities and service offerings and to actively pursue new opportunities. This ongoing strategy should enhance the profitability of the Company in the future.

PRINCIPAL RISK AND UNCERTAINITIES

Business continuity risk The continuous availability of the Company's IT systems, infrastructural services and people are critical to its success. Significant time and resources have and are being committed to this area to underpin the Company's ability to continue to operate should any disruptions take place.

Economic and political risk

The turmoil of the global financial markets has had, and is having, a significant negative impact on economic activity across the globe. Peoples mobility, on which the Company's business depends, can be impacted by economic factors, political instability, the threat of terrorism and global diseases. Such risks are outside of the Company's control.

Information technology risk

Information technology risk is recognised by the Company as one of the most significant corporate risk given the technological aspect of the business. The electronic transfer of money is dependent on IT including telecommunications and consequently the emerging markets telecommunications are a critical factor also. The company has appropriate policies and procedures in place to address technology challenges that may arise for the year ended 31 December 2017.

Interest and foreign exchange risks

The Company is exposed to fluctuations in interest rates and foreign exchange rates. This foreign exchange risk is managed by the Company using Parent's treasury function.

Regulatory and legal risk

Globally business in this industry have seen increased regulation and legislation over the past decade with legislation been driven by financial governing authorities. The Company ensures it complies with applicable regulations and legislation and reviews these regularly.

FINANCIAL KEY PERFORMANCE INDICATORS

The results for the Company show a pre-tax profit of £4,228 (2016-£939) for the year and turnover of £204K (2016-£175K)

OTHER KEY PERFORMANCE INDICATORS

Gross profit 88.8% (2016: 90.5%) Net profit 2.0% (2016: 0.5%)

 Net Assets
 £215,618
 (2016: £219,846)

 Gross Assets
 £614,696
 (2016: £187,259)

This report was approved by the board on 26 March 2018 and signed on its behalf.

Director

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2017

The directors present their report and the financial statements for the year ended 31 December 2017.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Strategic report, The Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Company's finaltial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statement on the going concern basis unless it is inappropriate to presume that the company will continue in the business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

PRINCIPAL ACTIVITY

The principal activity of the Company is provision of bureau de change services.

RESULTS AND DIVIDENDS

The profit for the year, after taxation, amounted to £4,228 (2016 - £939).

The directors have not declared a dividend for the year.

The directors who served during the year were:

A Rouf Chowdhury Md. Arfan Ali Abm Kamrul Huda Azad

FUTURE DEVELOPMENTS

The Company is constantly looking at opportunities to develop and refine its business models and is constantly speaking with third parties for potentials of expanding the business and network further and parent entity is willing to support this.

DISCLOSURE OF INFORMATION TO AUDITORS

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware
 of any relevant audit information and to establish that the company's auditors are aware of that information.

POST BALANCE SHEET EVENTS

There have been no significant events affecting the company since the year end.

AUDITORS

The auditors, AGP consulting, will be proposed for reappointment in accordance with section 485 of the Companies Act. 2006

This report was approved by the board on 26 March 2018 and signed on its behalf.

Director

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF BA EXCHANGE COMPANY (UK) LIMITED

OPINION

We have audited the financial statements of BA Exchange Company (UK) Limited for the year ended 31 December 2017. The relevant financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

BASIS FOR OPINION

We conducted our audit accordance with International Standards on Auditing (UK) (ISAs (UK) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relavent to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

CONCLUSIONS RELATING TO GOING CONCERN

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditors' report thereon. Our opinion on the financial statements does not cover the information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibilities is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- the Strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

In the light of the knowledge and understand of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report and the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF BA EXCHANGE COMPANY (UK) LIMITED

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

RESPONSIBILITIES OF DIRECTORS

As explained more fully in the Directors' responsibilities statement, the directors are resposible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. The description forms part of our Auditors' report.

A Rouf Chowdhury

Director

FOR THE YEAR ENDED 31 DECEMBER 2017

1.GENERAL INFORMATION

BA Exchange Company (UK) Limited is a limited liability company incorporated in England and Wales. The registered office and trading premises is 125 Whitechapel Road, London, E1 1DT.The Company's principal activity is that of providing money remittance and related services.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting polices (see note 3).

The following principal accounting policies have been applied:

2.2 GOING CONCERN

The company reported a profit during the year despite being in a very competitive market, however the company is carrying accumulated losses. The results are in line with expectations.

The directors consider that the Company will be able to rely upon sufficient additional support from the parent undertaking for at least the next 12 month or by arranging funds through and alternative means possibly by way of a loan from one of the directors and the Board of the Bank has approved this, to allow the Company to be able to meet all the commitments as they fall due.

Therefore the directors consider that the going concern basis is appropriate in respect of the financial statements for the year ended 31 December 2017.

2.3 REVENUE

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Commission income

Income from remittance services is recognised when a consumer gives instructions to the Company to make a remittance on their behalf.

2.4 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depriciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the basis below.

Depreciation is provided on the following basis

S/Term Leasehold Property - 10 % Straight line basis
Fixtures and fittings - 25 % Reducing Balance Basis

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of comprehensive income.

2.5 Operating leases: Lessee

Rentals paid under operating leases are charged to the Statement of comprehensive income on a straight line basis over the lease term.

2.6 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.7 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.8 Financial instrument

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets that are measured at any cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of comprehensive income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and the best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.9 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.10 Foreign currency translation

Functional and presentation currency: The company's functional and presentational currency is GBP.

Transactions and balances: Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Income statement except when deferred in other comprehensive income as qualifying cash flow hedges.

2.11 Taxation

Tax is recognised in the Income statement, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charges is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

3. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

Preparation of financial statements requires management to make significant judgments and estimates. Tangible fixed assets are depreciated over their useful lives taking into account residual values where appropriate. The actual lives of the assets are assessed annually and may vary depending on a number of factors. In re-assessing useful lives, factors such as technological advances. Residual value consider such things as projected disposal values.

4. TURNOVER

100% Turnover of the company for the year ended 31 December 2017 (2016-100%) have arisen from within the United Kingdom.

	2017 (£)	2016 (£)
5. OPERATING PROFIT / (LOSS)		
The operating profit/ (loss) is stated after charging:		
Depreciation of tangible fixed assets	12,359	12,285
Fees payable to the Company's auditor and its associates for the audit of		
the company's annual financial statements	3,000	3,000
Other operating lease rentals	42,000	42,000
5. AUDITORS' REMUNERATION		
Fees payable to the Company's auditor and its associates for the audit of the Company's annual financial statements	3,000	3,000
All other services	3,000	2,836
7. EMPLOYEES Staff costs, including directors' remuneration, were as follows:		
Wages and salaries	69,718	60,002
Γhe average monthly number of employees, including the directors, during the year was as fo	ollows :	
Management	1	1
counter staff	5	3
	6	4
B. DIRECTORS' REMUNERATION		
Directors' emoluments	26,575	22,000

FINANCIAL STATEMENTS

December *31, 2017*

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and BA Express USA Inc.

We have audited the accompanying balance sheet of BA Express USA Inc. (a New York Corporation) as of December 31, 2017, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used a significant estimate made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BA Express USA Inc. as of December 31, 2017. and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

For the Year Ended December 31, 2017

Note A. Nature of the Organization and reports

These financial statements are prepared to the best of the management's knowledge, belief and actual transactions as of December 31, 2017.

BA Express USA Inc. is 100% owned by Bank Asia Ltd, commercial Bank in Bangladesh.

Company was incorporated on September 20, 2011 under the laws of the State of New York. On June 28, 2013 the company received license as an international money transmitter from the state of New York Department of Financial Services.

BA Express USA INC "BA Express" maintains its offices in New York. BA Express signed paying agent agreement with Bank Asia Ltd. Bank Asia distributes all funds to Beneficiaries in Bangladesh.

Related Party Transactions and Shareholders

The company has been operating from 168-29 HILLSIDE AVE, Suite 2B, JAMAICA, NEW YORK, 11432.

The Company's principal Shareholder is:

	Owner	Related Party	Correspon- dent
Bank Asia Ltd	100%	Yes	Yes

Note B. Surety Bond / Collateral

The Company has signed agreement with NYS Department of Financial Services and provided \$500,000 as collateral, as pledge to Superintendent. This \$500,000 is held at HAB Bank in NY.

Note C. Summary of significant Accounting Policies

REVENUE RECOGNITION: The majority of the company's revenues are comprised of the transaction-based fees, which typically constitute a percentage of dollar volume processed, per transaction processed, or some combination thereof.

Revenue is primarily derived from two sources

- 1. Transaction fees charged to money transfer consumer.
- 2. The company generates revenue by acquiring currency at higher rate (wholesale) and sell the currency to the customer at retail exchange rates (lower).

Fees from typical money transfers are generally based on the principal amount of the transaction and the location where the funds are to be transferred. This transaction is sent by the Company and is recorded as revenue at the time of sale.

Agent Commissions: There are generally two agent locations involved in a money transfer transaction, the agent initiating the transaction (receiving agent) and the correspondent disbursing funds. The receiving agent earns a commission generally based on a percentage of the fee charged to the customer. Receiving Agent commissions are recorded as Expenses.

USE OF ESTIMATES: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

FAIR VALUE OF FINANCIAL INSTRUMENTS & CONCENTRATION OF CREDIT RISK

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, due to correspondents, customers transfer payable and debt. The carrying value of such items approximates their fair value at December 31, 2014.

Concentration of credit risk consist of credit and fraud risks of agents, renewal of material agents contracts, loss of business from significant agents, changes in laws and political stability in countries in which the Company has material agent relationship and demand for consumer money transfer transactions. Concentration of credit risk is limited due to the high volume of individuals comprising the Company's customer base.

Accounting Method: The financial statements of the company are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

NOTE D. CASH BALANCE

For the purpose of the statement of cash flows, the company considers all highly liquid investments with maturities 6 months or less when purchased to be cash equivalents. Cash includes cash at bank, cash in check amounts, the money market account and Cash held at Company Branch Locations and Restricted Funds.

	2017
Cash at Bank	531,218
Branch Funds	162,814
Restricted CD	520,928
Total	1,214,960

NOTE E. Accounts Receivable

The Company has receivables due from agents for money transfer transactions. These receivables are outstanding from the day of the transfer of the payment instrument until the agent remits the funds to the Company.

	2017
Account Receivable	1,060,507
Total	1,060,507

NOTE F. Property, Furniture and Equipment

Property and Equipment are stated at cost and depreciated using straight line method over their estimated useful lives ranging 5 to 7 years and Amortization for 15 Years basis.

	2017

Swisscontact hopes agent points will make for an easy fit with their surrounding communities, while their low operating costs draw broader bank support.

While savings accounts and the ability to transfer funds (usually to family members) are at the core of the agent banking model, some agent points can also extend credit on the bank's behalf or help people pay their utility bills. Bank Asia Limited, another Swisscontact partner, estimates that its most active agent points conduct transactions valued at a total of up to 2 million taka (around US\$25,000) daily. This in a country where the minimum wage in some sectors is the equivalent of US\$0.86 a day.

"Within the next four, five years, we believe we will reach every village in the country—87,000 villages," says Md. Arfan Ali, president and managing director of Bank Asia. "Our model is a good one, because of the level of control you have, the connections you have with agents and the entrepreneurship we have developed."

A publication of Wall Street Journal covered financial inclusion in Bangladesh where Bank Asia's Agent Banking program has been portrayed
